## BAGS

PCI makes bags for all sorts of applications. Check out our assortment for both durability and price. We offer utility bags, giant gathering bags, and laundry bags. Our workshops make all kinds, out of different materials, for different purposes.

Safety and security issues are considered in the design for each of PCI's bags, especially those used in secure environments.

If you don't see what you're looking for, please call to discuss your requirements. Different sizes, shapes and materials are available, as well as silk-screening services to imprint your logo or message.

Custom embroidery is available on the Attaché bags for an additional charge. Please submit clear image (photo or electronic file) of the logo for quotation. For personalization, please submit a typewritten or clear hand-printed name.

All Pennsylvania Correctional Industries customers can get assistance from a PCI Sales Representative or Customer Service Representative. These individuals provide detailed information on more than 2500 PCI products and services and can help in selecting the best solution for your business or organization, and can assist in placing orders. If you do not know your Sales Representative information, please use our Sales contact information to the right.
