

PERFECT-POUR CLEANERS

PCI introduces a new line of portion measured cleaners. Each pouch is diluted with 5 gallons of water into a dispenser creating a cleaning solution that can be siphoned into a 16 or 32 ounce spray bottle for direct application.

Economical

Allows you to forecast and document the use of cleaning detergents for accurate and controlled application, helps you monitor inventories and budgets and provides the data necessary for compliance. As a result, fewer products are used, simplifying training and standardizing operations.

Easy to Use & Control

Distribute the correct number of pouches needed for the job, improving safety and security. Color-matched products, accessories and MSDS simplify training and help ensure that the right products are used correctly. Education and support materials are easy to understand and use international symbols to help personnel learn efficiently.

CLEANER	APPLICATION	CASE QUANTITY	PRICE	MM #
Heavy Duty Cleaner HDC-211	Daily shower and spot cleaning	120 ea	\$156.42	356015
