

OFFICE OF MEDICAL ASSISTANCE PROGRAMS
HEALTH CARE BENEFIT PACKAGES
 REFERENCE CHART

This chart is a reference tool to be used when accessing EVS and determining which Health Care Benefit Package (HCBP) is assigned to the beneficiary. After locating your provider type, specialty code and the beneficiary's HCBP on this chart, refer to the Legend, which describes and defines key limitations associated with the services you can provide. **(Please be advised, this is only a quick reference tool. Remember to refer to specific Medical Assistance (MA) regulations, bulletins, provider handbooks and the MA Program fee schedule for more detailed information on the limitations and exclusions for your provider type.)**

HCBP 09 is for Medicare cost sharing only. There are no MA covered services associated with HCBP 09. For additional information about Medicare cost sharing, please see MA Bulletin 99-17-05, "Revised Health Care Benefit Packages Provider Reference Chart (MA 446)".

* The Family Planning Services program (HCBP 15) provides family planning and certain family planning-related services. For information and a list of services available under the Family Planning Services program, providers may view the on-line version of the MA Program Fee Schedule by accessing the following website link: <http://www.dhs.pa.gov/publications/forproviders/schedules/mafeeschedules/index.htm#.VI3MJXarTcs>.
