## **PURPOSE:**

The purpose of this bulletin is to inform Medical Assistance (MA) providers that the Department of Human Services (Department) added Current Procedural Terminology (CPT) code 0074A (Pfizer, Inc.) for the administration of a pediatric booster dose of the novel coronavirus (SARS-CoV-2) vaccine as well as CPT codes 0081A, 0082A, and 0083A (Pfizer, Inc.), 0091A, 0092A, 0093A (Moderna, Inc.), and 0111A, 0112A, and 0013A (Moderna, Inc.) for the administration of pediatric doses of the SARS-CoV-2 vaccine to the MA Program Fee Schedule.

## **SCOPE:**

This bulletin applies to all physicians, certified registered nurse practitioners, certified nurse midwives, physician assistants, outpatient hospital-based clinics, independent medical/surgical clinics, federally qualified health centers (FQHC), rural health clinics (RHC), home health agencies, ambulance providers, renal dialysis centers, psychiatric outpatient clinics, drug and alcohol outpatient clinics, and licensed pharmacies enrolled in the MA Program who may administer SARS-CoV-2 vaccines to MA beneficiaries in the Fee-for-Service (FFS) or managed care delivery systems. Providers rendering services to MA beneficiaries in the managed care delivery system should contact the appropriate managed care organization with any billing questions.

**BACKGROUND/DISCUSSION:**

On May 17, 2022, the U.S. Food and Drug Administration (FDA) amended the emergency use authorization (EUA) for the Pfizer, Inc. SARS-CoV-2 vaccine to allow for a pediatric booster dose of the vaccine. Additionally, the American Medical Association (AMA) announced new CPT code, 0074A, for the administration of a pediatric booster dose of the SARS-CoV-2 vaccine manufactured by Pfizer, Inc. The code is distinct to the pediatric booster dose of the Pfizer, Inc. SARS-CoV-2 vaccine. In response, the Department added CPT code 0074A to the MA Program Fee Schedule, which may be used for dates of service on and after May 17, 2022.

On June 17, 2022, the FDA amended the EUA for the Pfizer, Inc. SARS-CoV-2 vaccine to allow for a series of three pediatric doses of the vaccine. Additionally, the AMA announced new CPT codes, 0081A, 0082A, and 0083A, for the administration of a series of three pediatric doses of the SARS-CoV-2 vaccine manufactured by Pfizer, Inc. The codes are distinct to the series of three pediatric doses of the Pfizer, Inc. SARS-CoV-2 vaccine. In response, the Department added CPT codes 0081A, 0082A, and 0083A to the MA Program Fee Schedule, which may be used for dates of service on and after June 17, 2022.

On June 17, 2022, the FDA amended the EUA for the Moderna, Inc. SARS-CoV-2 vaccine to allow for two series of three pediatric doses each of the vaccine. Additionally, the AMA announced new CPT codes 0091A, 0092A, 0093A, 0111A, 0112A, and 0113A for the administration of two series of three pediatric doses each of the SARS-CoV-2 vaccine manufactured by Moderna, Inc. The codes are distinct to the two series of three pediatric doses of the Moderna, Inc. SARS-CoV-2 vaccine. In response, the Department added CPT codes 0091A, 0092A, 0093A, 0111A, 0112A, and 0113A to the MA Program Fee Schedule, which may be used for dates of service on and after June 17, 2022.

CPT codes 0074A, 0081A, 0082A, 0083A, 0091A, 0092A, 0093A, 0111A, 0112A, and 0113A are to be used by providers in both the FFS and managed care delivery systems to enable the Department to identify the specific SARS-CoV-2 vaccines that have been administered. This level of specificity offers the ability to track each vaccine, even when the vaccine product is not reported, such as when the vaccine is available at no cost.

**PROCEDURE:**

MA providers in both the FFS and managed care delivery systems are to bill for the administration of the following pediatric doses of the SARS-CoV-2 vaccines to MA beneficiaries using the CPT codes and effective dates below.

Attached is the "Addition to the Medical Assistance Program Fee Schedule: Procedure Code Updates for the Administration of Pediatric Doses of SARS-CoV-2 Vaccines Manufactured by Pfizer, Inc. and Moderna, Inc." The attachment identifies the procedure code, national code description, provider type, provider specialty, place of service, effective date, pricing and/or informational modifiers if applicable, and MA fee for the procedure code for providers submitting MA FFS claims.

Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC) are to bill with the applicable CPT codes, as set forth above when a SARS-CoV-2 vaccine is administered to a MA beneficiary, and no other services that constitute an encounter are rendered on that date. When the SARS-CoV-2 vaccine is administered during a visit that is a billable encounter, FQHCs and RHCs are to bill procedure code T1015 to be paid their provider-specific Prospective Payment System rate, and include the appropriate SARS-CoV-2 vaccine CPT code on a separate claim line for tracking purposes, with no additional payment made for the administration of the vaccine. FQHCs and RHCs may not bill the Department for, or include on their cost report, SARS-CoV-2 vaccines they receive at no cost. FQHCs and RHCs may also not bill for the administration of the vaccine for which they will be paid by another entity to administer.

MA providers who administer a SARS-CoV-2 vaccine to an MA beneficiary who is homebound should bill procedure code M0201 along with the applicable SARS-CoV-2 dose administration code. For additional information related to billing for the administration of SARS-CoV-2 vaccines to an MA beneficiary who is homebound, providers should refer to MA Bulletin 01-21-04, "SARS-CoV-2 Vaccine Administration for Beneficiaries who are Homebound" for billing instructions. The bulletin may be accessed at the link below: <https://www.dhs.pa.gov/docs/Publications/Documents/FORMS%20AND%20PUBS%20OMAP/MAB2021072901.pdf>. For additional information related to FQHCs and RHCs billing for the administration of SARS-CoV-2 vaccines to an MA beneficiary who is homebound, providers should refer to MA Bulletin 08-20-68, "Federally Qualified Health Center and Rural Health Clinic Payment for SARS-CoV-2 Vaccine Administration" for billing instructions. The bulletin may be accessed at the link below:

<https://www.dhs.pa.gov/docs/Publications/Documents/FORMS%20AND%20PUBS%20OMAP/MAB2022061001.pdf>.

Providers may access the online version of the MA Program Fee Schedule on the Department's website at:

<https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Care%20for%20Providers/MA-Fee-Schedule.aspx>.

MA providers may also bill the MA Program for the vaccine for MA eligible beneficiaries by indicating, on the claim submission, the appropriate National Drug Code (NDC) and the units dispensed for the vaccine. Providers may access the DHS Pharmacy Services Covered Drugs Search Tool on the Department's website at:

<https://www.humanservices.state.pa.us/CoveredDrugs/CoveredDrugs/Index>.

Providers may not bill the MA Program for a SARS-CoV-2 vaccine they receive at no cost or for the administration of a SARS-CoV-2 vaccine for which they will be paid by another entity to administer.

For information on how licensed pharmacies enrolled in the MA Program who provide services to MA beneficiaries should bill for the administration of SARS-CoV-2 vaccines by a pharmacist, please refer to MA Bulletin 01-20-60, "SARS-CoV-2 Vaccine Administration by Pharmacists", issued December 30, 2020, at the link below:
