March 2022 Summary Report

Month Overview

In March 2022, DHS finalized distribution of \$34,008,628.65 in excess ERAP1 funds across 19 counties that projected a shortfall in their ERAP1 funding. DHS met internally with our contracted partner, Guidehouse, to evaluate the process and timeline by which the next round of reallocation will be completed. DHS completed county-specific projections regarding ERAP1 spending which will be utilized as part of a survey sent to all counties at the beginning of April 2022. Each county will be asked to respond to the DHS projection for their county. Those counties who are not expected to spend all of their ERAP1 funds will be asked to indicate whether they are willing to return funds for the purpose of reallocation to counties who have a demonstrated need or provide a reasonable plan to spend their remaining funds before the federal deadline. A second reallocation process is necessary to ensure ERAP1 funds will be spent by the federal deadline of September 30, 2022.

ERAP2 funds continue to be spent with 45 counties approving 5,953 ERAP2 applications. The ERAP2 total allocation amounts in this report reflect the total amounts of ERAP2 and ERAP2 high needs distributed as of March 2022.

- Guidehouse continues to provide direct consultation to DHS as well as the county ERAP administrators. Counties engaged with Guidehouse for technical assistance which supports best practices, training, and program administration to ensure funding is distributed to eligible Pennsylvania citizens.
- Guidehouse is also working with DHS on a monitoring plan which will outline an approach for DHS regarding the monitoring of county programs as part of an overall program accuracy review.

Counties have spent a total of \$452,218,326 in DHS-allocated ERAP funds to provide 117,689 households with rental assistance and/or housing stability services who have been impacted due to or during the COVID-19 pandemic (ERAP1 and ERAP2 combined).

NOTE: 1) The number of pending applications continues to grow. Counties have processed more than 10,000 applications a month consistently since June 2021. Larger counties, which receive the highest number of applications, are working to fiscally balance the program through multiple funding streams. These counties maintain ERAP1 and ERAP2 funds from both PA DHS and direct federal allocations.

Technical Assistance Overview

DHS offered technical assistance to counties in March 2022. This assistance included COMPASS related updates, outreach best practices quarterly reporting, guidance on appeals, administrative cost reporting, preparing for ERAP1 Program end. Guidehouse provided additional county technical assistance training on fraud prevention and bulk utility payments option. Guidehouse met with five individual counties to address potential supports and needs.

Stakeholder Outreach

On March 17, 2022, Special Assistant to the Secretary, Stephanie Meyer, presented and shared information for ERAP in the HUD Region III Rural Homelessness Resources session attended by Continuum of Care and community service providers across the state. Information was shared with 200 plus stakeholders and attendees. On March 23, 2022, Acting Secretary Meg Snead provided a comprehensive update on ERAP at the Pennsylvania Association of Community Human Services Administrators annual conference.

External Communications

The DHS ERAP website saw 68,345 page views with an average time on page of 3:02. The DHS ERAP website is updated to inform applicants if the county is no longer accepting applications due to overwhelming demand and lack of remaining funds. The DHS ERAP website continues to be a valuable tool for Pennsylvanians who have questions regarding ERAP.

Reporting Update

DHS is dedicated to reporting the best possible data for ERAP. As new data is reported to DHS, this report will evolve to ensure new data is incorporated to create the best overall picture of where the program stands. This month, you will see fiscal adjustments to allocation amounts and remaining balances as ERAP1 funds were recouped from counties and reallocated to other counties. Additionally, ERAP2 high needs funds distributed through February are also captured in this report. The result of this change is the ability to see the actual funding adjustments that have been incorporated to provide additional assistance to areas where the need is overwhelming. Additionally, corrections to data previously reported from the counties have been made to reflect a more accurate view of actual spending.

Background

The Department of Human Services (DHS) is pleased to submit this report, as required by Act 2021-1, Article I-D of the Fiscal Code, 72 P.S. §103-D (a)(7.1) and (8):

Powers and duties.--The department shall have the power and duty to: prepare a monthly consolidated report with information from all counties submitted under section 104-D(4) and shall submit the report on a monthly basis to the chairperson and minority chairperson of the Appropriations Committee of the Senate and the chairperson and minority chairperson of the Appropriations Committee of the House of Representatives. The report shall also be posted and maintained on the department's publicly accessible Internet website.

The report shall include the following information:

- (i) The total amount of funds received by a county.
- (ii) The total amount of funds spent by a county for services under section 102-D(a).
- (iii) The total amount of excess funding or shortfall identified by a county as of September 20, 2022.
- (iv) The total number of households that applied for assistance.
- (v) The total number of households that received assistance.
- (vi) The total amount of funding sought by services under section 102-D(a).
- (vii) The total amount of assistance provided by services under section 102-D(a).
- (viii) An itemization of all expenditures for administrative costs.

Act 1 of 2021 authorized DHS to implement the Emergency Rental Assistance Program (ERAP1). The federal Consolidated Appropriations Act of 2021, (Pub. L. 116-260) allocated \$569,807,659.70 directly to Pennsylvania to assist those affected by COVID-19 by providing funding for certain past, current and future rental and utility expenses. Of that allocation, the Pennsylvania General Assembly appropriated \$5,698,076.60 to be used by DHS for administrative costs. Funding was allocated to all counties based on percentage of population minus any direct federal allocation per Section 102-D(c) of the Act. (See Table 2 for allocations and expended/remaining funds as of September 30, 2021). A maximum of 9.09 percent of each county's allocated ERAP1 funds may be used for the combined costs of administration and housing stability services. Eighteen counties and one city received a separate allocation directly from the United States Treasury in addition to the funding allocated to them in accordance with Act 1 of 2021.

DHS officially launched ERAP1 on March 15, 2021, though not all counties were operational on that date. All counties, however, were operational and accepting applications as of March 29, 2021. (See Table 1 for application data).

PA Act 24 of 2021 amended some ERAP1 program rules, and further gives DHS authority to administer funds allocated under the federal American Rescue Plan Act of 2021 (Pub.L.117.2) Section 3201 (b) which allocated \$500,166,870.00 to Pennsylvania. These funds are referred to as ERAP2.

The total allocation amounts used in Table 4 total ERAP2 Funds column are inclusive of the high-needs funds. Initial ERAP2 allocations were released in September 2021 with subsequent disbursements made in January and February 2022. Table 3 reflects the total number of applications under ERAP2.

Definitions

DHS uses the following definitions in this report:

- Rental Assistance - includes assistance for rent arrears, current rent, future rent, and utilities included as a part of the rent payment per the rental agreement
- Utility Assistance - includes payment for utilities, utility arrearages and future utility payments not included as a part of the rent
- Other Expenses Related to Housing – includes, but is not limited to, assistance with relocation expenses, rental fees, reasonable late fees, internet for work or home schooling (at county option).
- Housing Stability Services - services provided to coordinate the activities necessary for the client to obtain or retain housing including, but not limited to, case management and other services intended to keep households stably housed

NOTE: This report reflects emergency rental assistance as implemented with funds allocated per Act 1 of 2021 and Act 24 of 2021 and does not include expenditures of funds received by local municipalities directly from the United States Treasury.

All figures below reflect self-reported data by the county as of March 31, 2022 and may reflect the county made corrections for previous months.
