

## **Prison Rape Elimination Act (PREA) Annual Report**

### **Pennsylvania Bureau of Juvenile Justice Services**

**2023**

#### **Introduction**

The Prison Rape Elimination Act (PREA) aims at eliminating sexual abuse in confinement. All confinement facilities covered under the Prison Rape Elimination Act (PREA) standards must be audited. The PREA Standards were enacted on August 20, 2012.

The Bureau of Juvenile Justice Services (BJJS) is committed to fostering a therapeutic learning environment in which its residents can flourish. BJJS began preparing for future PREA audits before the final standards were enacted because of its overriding concern for its residents' safety and security, which includes their sexual safety.

To ensure that the facilities were in alignment with the act, BJJS:

- Reworded and strengthened the existing policies to reflect practices, specific language and documentation prescribed in the act and
- Created and conducted staff training for all BJJS's Youth Development Centers and Youth Forestry Camps' (YDC/YFC) staff.

To demonstrate compliance with PREA, agencies such as BJJS, which operate more than one facility, must have at least one-third of its facilities audited during each year of a three-year audit cycle. When the PREA was enacted, BJJS operated six facilities. The first year of the audit cycle began on August 20, 2013. During the 1<sup>st</sup> three-year audit cycle, which ended on August 19, 2016, all the facilities operated by BJJS were audited for compliance. Cresson Secure Treatment Unit (CSTU), and Youth Forestry Camp #2 (YFC #2), were audited in 2014, and Loysville Youth Development Center (LYDC) and Youth Forestry Camp #3 (YFC #3) were audited in 2015. North Central Secure Treatment Unit (NCSTU) and South Mountain Secure Treatment Unit (SMSTU) were audited in 2016. Since that 1<sup>st</sup> three-year audit cycle, BJJS has had 5 facilities in operation. BJJS had LYDC and YFC #2 audited during the 1<sup>st</sup> year, SMSTU and YFC #3 during the 2<sup>nd</sup> year and NCSTU during the final year of each subsequent three-year audit cycle. All audits conducted at BJJS facilities have confirmed that BJJS is in full compliance with the PREA Standards.

BJJS collects data on every allegation of sexual abuse and sexual harassment at its facilities. Each allegation is reported to either ChildLine or the Pennsylvania State Police, or both. Following the outcome of the investigation, BJJS and facility leadership conduct a Sexual Abuse Incident Review (SAIR). The SAIR's purpose is to determine if any change is needed in policy or practice to better prevent, detect and/or respond to sexual abuse and sexual harassment.

Each year, BJJS aggregates all the data collected and reports it to the United States Bureau of Justice Statistics (BJS). The reports made to BJS are available at: [PREA \(pa.gov\)](https://www.bjs.gov/Pages/PREA.aspx)

## **Conclusion**

BJJS continually strives to ensure the sexual safety of all residents. In order to provide safer facilities, BJJS reports and thoroughly investigates any allegation of sexual victimization. All BJJS facilities have cameras installed. Camera systems are regularly assessed for placement, operation, and effectiveness. Cameras are used as an investigatory tool at BJJS facilities. Another change has been the installation of motion detectors. Motion detectors have been installed in the sleeping areas of the large dorm-style rooms at some facilities. The motion detectors alert staff members if a resident leaves his or her bed area, which will help detect and deter sexual incidents between residents.

Anyone who suspects a resident at a BJJS facility is being sexually abused or sexually harassed is urged to contact ChildLine at 1-800-932-0313. At ChildLine, a confidential report can be made to authorities who will ensure an investigation occurs.

Any questions or concerns regarding the PREA at BJJS facilities should be directed to the Bureau of Juvenile Justice Services PREA Coordinator: 717-787-9532.
