

Criminal History Record Check (CHRC)

For RN, PN and LDN Applicants:

- An official state criminal history record check (CHRC) is required from your current state of residence. For applicants living, working, or completing education in Pennsylvania, your CHRC will be generated automatically as part of your application, and the required fee will be included at checkout.
- In addition to the background check from your current state of residence, you will need to submit official state CHRCs from every state where you have lived, worked, or were educated within the last 10 years. An FBI background check can be submitted in place of state checks where you previously lived, worked or were educated. Record checks cannot be dated more than 90 days prior to the date you submit your application.
