

Survey of Parents of Students with Disabilities

Pennsylvania's State Performance Plan requirements under the Individuals with Disabilities Education Act of 2004 include collecting and reporting data on the involvement of families in special education programs. Specifically, states must report annually to the U.S. Department of Education's Office of Special Education Programs (OSEP) and the public on State Performance Plan Indicator 8, which is the "percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities."

Like many other states, Pennsylvania is collecting this data through a large-scale survey. Pennsylvania reports results of the survey to OSEP in its State Performance Plan/Annual Performance Report. This report is posted on the Pennsylvania Department of Education (PDE) and the Pennsylvania Training and Technical Assistance Network (PaTTAN) websites. Reporting on local educational agency (LEA) performance is done through the Special Education Data Reports on the PennData website.

To ensure that parents from every LEA in the Commonwealth are included in the survey, PDE developed a sampling plan that was approved by OSEP. Under this sampling, each year PDE collects data from a representative sample of parents in approximately one-fifth of the LEAs in the Commonwealth. In addition, not all parents will receive the survey as it is a sample within each LEA. The LEAs in this year's sample are listed below. Parents receiving the survey were selected from PA Special Education Data using a stratified random sample of school age students in each LEA. Surveys will be mailed directly to the parents from Leader Services in the next few weeks.

The survey being used was developed by the National Center for Special Education Accountability Monitoring under a grant awarded to that center by OSEP. Additional information about the survey can be found on the PaTTAN website at [PA Indicator 8 Survey](#).

A representative sample of parents from the LEAs listed will receive a postcard with instructions for completing the anonymous and confidential survey. Parents may direct questions about the survey to the Special Education Consult Line at 800-879-2301.

LEAs are encouraged to alert families to watch out for the postcards, this may serve to facilitate and encourage participation. Please keep in mind that questions regarding this
