THE PENNSYLVANIA STATE UNIVERSITY
Report of Enrollments, Student Credit Hours,
Course Credits and Faculty Activity

Summer Session, 2018 through Spring Semester, 2019

The following is in response to an Act of March 10, 1949 (P.L. 30, No. 14), section 2002-D, which contains requirements for reporting to the Governor and Legislature information on the academic programs of the University. Specifically, the Act requires that information on the number of faculty and students, faculty activity and salaries, student credit hours, and course credits be provided for the Summer Session, 2018, and collectively for the Fall Semester, 2018 and Spring Semester, 2019. The data are aggregated and displayed within Classification of Instructional Programs (CIP) categories, as currently defined by the federal government.

THE PENNSYLVANIA STATE UNIVERSITY
Section 7(1)(i)

Definitions

A. Faculty Members Employed Full-Time

Persons holding appointments in the professorial, research, and librarian academic ranks with full-time employment in a semester. They are paid at least in part from resident instruction budgets, and/or for credit courses from continuing education budgets.

B. Faculty Members Employed Part-Time

Persons holding appointments in the professorial, research, and librarian academic ranks with less than full-time employment in a semester. They are paid at least in part from resident instruction budgets and/or for credit courses from continuing education budgets.

C. Graduate Assistants

Graduate students retained on a part-time basis to assist in the instructional programs of the University.

D. Volunteers: Academic

Academic Administrators or faculty members holding appointments in the professorial, research, and librarian academic ranks and graduate assistants who are not paid from resident instructional funds or for credit courses from continuing education budgets but contribute effort to the instructional mission on an overload or voluntary basis.

E. Volunteers: Non-Academic

Persons receiving no University compensation for their services to the instruction mission at the University, and certain other employees holding positions at the University in which teaching instructional programs is not an expected product but who do contribute effort to the instructional mission.

F. Instructional Full-Time Equivalent (FTE)

The proportion of an individual's salary (including supplemental salary) paid from resident instruction budgets, and/or salary paid for credit courses in continuing education calculated on a nine-month equivalent basis. The instructional FTE is prorated downward for those persons not employed full-time throughout the reporting period.

Definitions (Continued)

G. Other Full-Time-Equivalent (FTE)

The proportion of an individual's salary (including supplemental salary) paid from budgets other than resident instruction and/or other than salary paid for credit courses in continuing education, calculated on a nine-month basis. Budgets might include organized research, non-credit continuing education and public service, libraries, auxiliary enterprises and others. The FTE is prorated downward for those persons not employed full-time during the period being reported.

H. Full-Time Graduate Students

Students at the master's or doctoral level carrying 9 or more credit-hours per semester.

I. Full-Time Undergraduate Students

Students at the associate or baccalaureate level carrying 12 or more credit-hours per semester.

J. Part-Time Graduate Students

Students at the master's or doctoral level carrying fewer than 9 credit-hours per semester.

K. Part-Time Undergraduate Students

Students at the associate or baccalaureate level carrying fewer than 12 credit-hours per semester.

L. Classification of Instructional Programs (CIP) Program Classification Structure and the Program Category Codes

University credit courses and budgets have been assigned to program categories within the CIP program classification structure for this report. The program classification structure was developed to provide a consistent means of identifying and organizing the activities of higher education in a program-oriented manner.¹

Non-teaching faculty members whose primary budgets cannot be linked to a program category have been assigned to "Other Instruction."

¹Malitz, Gerald S. A Classification of Instructional Programs. National Center for Education Statistics, February 1981.

Definitions (Continued)

M. Course Level

Data on each resident instruction course and continuing education credit course taught within the University are attributed to a course level which is derived from characteristics of the students enrolled in the course. There are five possible levels, i.e., undergraduate lower division, undergraduate upper division, graduate master's, graduate doctoral, and first professional. The level assigned to the course is the level of that group of students representing the plurality of registrations in the course during the entire year.

N. Classroom Courses

Courses in which the great majority of all instruction is delivered to students in groups, whether in laboratories, studios, seminars, or in traditional lectures.

O. Individual Instruction

Individual instruction is typified by one-on-one communication between the student and the faculty member. Individual instruction activity for the student can include (1) independent study readings and non-thesis research, (2) on-campus and off-campus practicum, internship or field experience, or (3) undergraduate or graduate thesis or dissertation research.
