Additional Notes

Item	Note
Submitting AUN (Field 1) Org Type = SJCI	State Juvenile Corrections Institution (SJCI) students should be marked as Student Status (Field 67="B" Court Placed or "R" Agency Placed). Same attribution as court or agency placed (follow rules above). See 2024 Attribution Map page 7.
Students enrolled in an AEDY program	Student submitted in the district or charter school location and AUN where the student was attending prior to AEDY program placement. Follow regular attribution rules based on org type. See 2024 Attribution Map page 3 for Special Education circumstances, or page 6.
Homeschool students: Field 67 Student Status=A	Follow regular attribution rules based on the submitting organization type. See 2024 Attribution Map page 9. Homeschool students are removed from the graduation cohort.
Homebound students	Homebound students follow automatic rules above. See 2024 Attribution Map page 8.
Special program jointure (SPJ)	SPJ students follow automatic rules above. Students are reported to PIMS by their District of Residence/Charter School.
Compulsary age student convicted as an adult that does not have an IEP	See 2024 Attribution Map starting on page 6. Does not apply to graduation attribution.
Special education students with a valid IEP	See 2024 Attribution Map page 3. Does not apply to graduation attribution.
AUN Responsible for Administering Test, Pre-Code labels, Ordering Test materials	Physical location where the student is receiving their primary academic education and taking the assessment. See 2024 Attribution Map.
AUN Responsible for ensuring student participation in test	Attribution Performance District. Exceptions: PRRI=AUN that placed student in the PRRI; Court/Agency placed: AUN of where they would be attending if not court/agency placed. See 2024 Attribution Map.
9999 or 999999999 Attributions	9999-Not included in individual school level, but included in the state totals. 999999999-Not included in district level, but included in the state totals. See 2024 Attribution Map.
NIMS/NOCTI Attribution	NIMS/NOCTI attribution is based on the student snapshot template, school enrollment template, and NIMS/NOCTI testing data. If submitting LEA is a Comprehensive CTC, the data attributes to the Comprehensive CTC. All other LEA types will be attributed to the Location of Residence of the student. If there are multiple non-Comprehensive CTC records for a student on the snapshot date, the most recently updated student record's Location of Residence value will be utilized.
