1:1 Virtual Data Consultations

Identify, Understand, and Apply Your Data

Your personalized consultation with the PVAAS Statewide Team for PDE can cover a broad range of needs and goals.

I want to...

Let's work on:

Build a Data Culture

- Developing data team schedules & protocols
- Informing data teams with PVAAS reports
- Triangulating PVAAS data with other data points

Plan for Continuous Improvement

- Setting annual goals and priorities
- Planning for communication
- Engaging in root cause analysis
- Disaggregating by cohort & student groups
- Evaluating efficacy of programs and courses

Plan Student Programs & Supports

- Determining need for enrichment & remediation services and identify students in need of services
- Analyzing risk factors to design/revise schedule
- Determining course offerings
- Informing college/career planning

Enhance Professional Growth

- Preparing for individual teacher conferences
- Using PVAAS teacher reports for reflection
- Planning for differentiated walk-throughs
- Planning for differentiated observations, teacher feedback
- Enhance teacher professional growth and reflection

Plan Professional Learning

- Identifying professional learning needs
- Guiding teachers to connect trends to current students
- Developing action steps to build staff capacity in using PVAAS data

Work with Students & Families

- Informing course selection
- Preparing for conferences with students & families
- Working with School Counselors in use of key reports
- Planning for graduation pathways and transition planning

INCLUDED IN ALL CONSULTATIONS:
