Composition

The appointment or election of the Charter School's Board of Trustees (Board), and composition of the Board shall be in accordance with the incorporated Charter School's written Charter and established bylaws.[\[1\]](#)[\[2\]](#)[\[3\]](#)

The Chief Executive Officer shall have a seat on the Board and the right to speak on all matters, but not the right to vote.

Qualifications

Each member of the Board of Trustees shall be designated as a public official, and shall meet the following qualifications:
[\[4\]](#)

1. Shall be a natural person age eighteen (18) or over and unless otherwise restricted in the Charter School's established bylaws, need not be a resident of Pennsylvania.[\[5\]](#)
2. Shall not be a member of the Board of School Directors of the chartering school district(s).[\[6\]](#)
3. Shall not, as a private person, engage in any business transaction with the Charter School, be employed in any capacity by the Charter School, or receive any pay from the Charter School for services rendered to the Charter School.[\[7\]](#)[\[8\]](#)
4. Shall take and subscribe to the oath or affirmation prescribed by law before entering the duties of the office of Trustee.[\[7\]](#)
5. Shall, as a public official, abide by the provisions of the Public Officials and Employee Ethics Act, and file a statement of financial interests with the Board Secretary or designee at the following times:[\[8\]](#)[\[9\]](#)[\[10\]](#)
 1. Before taking the oath of office or entering upon the duties.
 2. Annually by May 1 while serving on the Board.
 3. By May 1 of the year after leaving the Board.
6. Shall not have been convicted of offering or accepting bribes in violation of the School Code.[\[11\]](#)[\[12\]](#)
7. Background/Philosophy Officers and members of the Board of Trustees ("Board") shall have an interest in the operation of a highly innovative charter school designed to meet the instructional and educational needs of school age children in Pennsylvania. A significant portion of the Board shall be comprised of experienced public educators.

Membership and Board Terms

The Board of Trustees shall consist of no less than seven trustees.

The Trustees shall include employees of a Pennsylvania Intermediate Unit, active Pennsylvania public school administrators, retired Pennsylvania public school educators, employees of a Pennsylvania institute of higher education, one or more parents of a child currently enrolled in or who has been enrolled in 21CCCS within three (3) years of the time of becoming a Board of Trustees member, and at least one business or government leader from Pennsylvania.

The Trustees shall be elected for terms of three years. Trustees may be re-elected. Trustees shall be installed during the annual meeting of the Board. Unless otherwise arranged, the annual meeting shall be held in January. The CEO shall be a non-voting member of the board except in the case of tie votes.

Removal from the Board

The Board of Trustees shall have the power to remove any Trustee for cause upon a two-thirds vote of the members of the Board. Provided that any Trustee whose removal is to be made under this Section shall be entitled to at least fifteen days written notice prior to such removal and shall be entitled to at least fifteen days written notice prior to such removal and shall be entitled to appear before and be heard at the next meeting of the Board following such notice.

Vacancies

By a majority vote of the members, any vacancy may be filled that shall occur on the Board. The person or persons so elected shall serve for the balance of the term for such position.

Quorum

A majority of the current members of the Board shall constitute a quorum. A quorum shall be present for the Board to conduct business. A majority vote by members present shall determine action except as otherwise provided by the bylaws.

Any Trustee convicted of a felony or any crime involving moral turpitude shall immediately be disqualified from serving on the Board.[\[13\]](#)

No religious or political test or qualification shall be required for any Trustee.[\[14\]](#)

Term

Trustees may be reappointed for additional terms, in accordance with the Charter School's established bylaws.

Vacancies

Vacancies on the Board may occur by reason of disqualification, resignation, removal, death or otherwise, or as a result of the increase in number of Trustees on the Board.[\[2\]](#)

Vacancies shall be filled by the remaining members of the Board in accordance with the Charter School's established bylaws.

1. Vacancies may be filled by a majority vote of the remaining members of the Board, and each person selected to fill the vacancy shall serve the remainder of the unexpired term.
2. If one or more Trustees resigns by giving notice specifying that such resignation shall be effective at a future date, the Board of Trustees shall have the power to elect a successor to fill the vacancy and take office when the resignation becomes effective.

Removal

A Trustee may be removed by the Board in accordance with the Charter School's established bylaws, or by the court for proper cause, in accordance with law.[\[16\]](#)

Orientation

The Board believes that the preparation of each Trustee for the performance of duties is essential to the effectiveness of the Board's functioning. The Board shall encourage each new Trustee to understand the mission and vision upon which the Charter School was founded and the functions of the Board, acquire knowledge of matters related to the operation of the Charter School, and review Board policies.

Accordingly, the Board shall provide access for each new Trustee, no later than their first regular meeting, for use during their term on the Board, to the following items:

1. School's established bylaws and written Charter, including a copy of the charter school application filed for the Charter School.
2. Policy Manual.
3. School's administrative procedures and/or handbooks.
4. Budget, audit report and related fiscal materials.
5. Comprehensive planning, curriculum, assessments, facilities planning and Charter School programs.

Each new Trustee shall be invited to meet with the Board Chairperson and Chief Executive Officer to discuss Board functions and policy, and gain an understanding of the operations of the Charter School.

Required Training

Each newly appointed Trustee shall complete, within their first year of service, a training program consisting of at least five (5) hours of instruction, including, at a minimum, information regarding:[\[17\]](#)

1. Instruction and academic programs, to include, but not be limited to, a minimum of one (1) hour of instruction on best practices related to trauma-informed approaches.[\[18\]](#)
2. Personnel.
3. Fiscal management.
4. Operations.
5. Governance.
6. Ethics and open meetings, to include accountability requirements.
7. The Pennsylvania Charter School Law.[\[19\]](#)

During the fifth year of a Trustee's service on the Board of Trustees, and every four (4) years thereafter, each Trustee shall complete an advanced training program consisting of at least three (3) hours of instruction, including:[\[17\]](#)

1. Information on relevant changes to federal and state public school law and regulations, including the Pennsylvania Charter School Law.[\[19\]](#)
2. Fiscal management.
3. Trauma-informed approaches.[\[18\]](#)
4. Other information deemed appropriate by the PA Department of Education to enable Trustees to serve effectively.

Expenses

Reimbursement shall be limited to actual expenses incurred, and shall not include or be construed to include compensation to individual Trustees.[\[7\]](#)

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

The Board of Trustees shall consist of no less than seven trustees.

The Trustees shall include employees of a Pennsylvania Intermediate Unit, active Pennsylvania public school administrators, retired Pennsylvania public school educators, employees of a Pennsylvania institute of higher education, one or more parents of a child currently enrolled in or who has been enrolled in 21CCCS within three (3) years of the time of becoming a Board of Trustees member, and at least one business or government leader from Pennsylvania.

The Trustees shall be elected for terms of three years. Trustees may be re-elected. Trustees shall be installed during the annual meeting of the Board. Unless otherwise arranged, the annual meeting shall be held in January. The CEO shall be a non-voting member of the board except in the case of tie votes.

Section 3. Removal from Board

The Board of Trustees shall have the power to remove any Trustee for cause upon a two-thirds vote of the members of the Board. Provided that any Trustee whose removal is to be made under this Section shall be entitled to at least fifteen (15) days written notice prior to such removal and shall be entitled to appear before and be heard at the next meeting of the Board following such notice.

Section 4. Vacancies

By a majority vote of the members, any vacancy may be filled that shall occur on the Board. The person or persons so elected shall serve for the balance of the term for such position.

Section 5. Quorum

The quorum needed for the 21st Century Cyber Charter School Board to legally conduct business shall be set at one more than fifty percent (50%) of board members currently serving. A quorum shall be present for the Board to conduct business. A majority vote by members present shall determine action except as otherwise provided by these Bylaws.

Section 6. Meetings

The Board of Trustees shall meet every month, beginning with August and ending in May. There will be no board meetings in June or July. Special meetings shall be held upon the call of the Chairperson, the CEO or upon written request of five members of the Board of Trustees. The purpose of any special meeting shall be set forth in the request for the meeting. The minutes of all Board meetings, including notice of the date of the next meeting, shall be provided to all members of the Board. Meetings of the Board of Trustees shall comply with the Pennsylvania Open Meetings Law (Sunshine Act). Meetings shall be announced in advance and notices shall be published consistent with Pennsylvania law.

Section 7. Failure to Organize

If the Board of Trustees fails to organize or to perform the duties required by the charter granted to 21CCCS for the purpose of operating a charter school, the charter shall be returned to the Pennsylvania Department of Education. 21CCCS shall not operate a charter school under Pennsylvania Act 22 -1997 unless the Board organizes and performs all the duties required by the charter. If the Board fails to organize and to operate a school consistent with the charter 21CCCS shall return funds, if any, received from school districts on account of students who enrolled in the school.

Article VII Officers

Section 1.

The officers of 21CCCS shall be: Chairperson, Vice Chairperson, Secretary, and Treasurer. The officers shall perform the duties prescribed by these bylaws and by the parliamentary authority adopted by the Board of Trustees:

Chairperson:

The Chairperson, or in their absence, the Vice Chairperson, shall preside over meetings of the 21CCCS Board of Trustees; the Chairperson shall be a member ex-officio of all committees and shall perform all other duties usually pertaining to the office. The Chairperson shall appoint members of the Board of Trustees to committees as needed.

Vice Chairperson:

The Vice Chairperson shall act as the Chairperson in the latter's absence or incapacity and shall perform other duties as required.

Secretary:

The Secretary shall act as clerk during meetings of the Board and keep minutes and record all votes in books belonging to 21CCCS. They shall give notice of meetings of the Board of Trustees as required. The Secretary shall perform like duties for meetings of the Executive Committee and other standing committees. They shall have custody of the corporate seal and shall affix the same to any document or instrument requiring it.

Treasurer:

The Treasurer shall have custody of the corporate funds and shall keep accurate records of receipts and disbursements in books belonging to 21CCCS. They shall deposit all moneys of 21CCCS in one or more separate accounts owned by the corporation and authorized by 24 P.S. 4-440.1. The Treasurer shall receive and disburse funds of the corporation as directed by the Board and shall, in addition to the Chairperson, sign all checks. They shall report on the financial condition of 21CCCS at meetings of the Board of Trustees and the Executive Committee in such form and manner as required by the Board. The Treasurer shall be bonded in an amount determined by the Board and commensurate with the amount of funds handled.

Section 2. Nomination of Officers

A group of candidates for election as officers shall be presented annually by the Nominations Committee to the Board of Trustees who shall elect the officers. Other candidates may be nominated by the members of the Board of Trustees.

Section 3. Election and Installation of Officers

Officers shall be elected annually for terms of one year by the Board of Trustees of 21CCCS. When more than one candidate is nominated for an office, the election for that office shall be by secret ballot. The officers shall be installed immediately after their election at the initial meeting of the Board of Trustees and during annual meetings thereafter.

Section 4. Vacancies

By a majority vote of the members, any vacancy may be filled that shall occur in any office. The person so elected shall serve for the balance of the term for that office.

Section 5. Removal from Office

The Board of Trustees shall have the power to remove any officer for cause. The procedure shall be the same as provided in Article VI Section 3 of these Bylaws.

Article VIII Executive Committee

Section 1. Executive Committee

The Officers of the Board of Trustees of 21CCCS and the Chief Executive Officer shall comprise the Executive Committee. This committee shall govern the corporation between meetings of the Board of Trustees. The CEO may include cabinet level administrators from 21CCCS in Executive Committee meetings and discussions as deemed necessary and/or appropriate for the proper functioning of 21CCCS.

Section 2. Recommendations for Employment

The Executive Committee shall recommend a CEO and other personnel for employment by the Board of Trustees.

Section 3. Quorum and Meetings

The quorum needed for the 21st Century Cyber Charter School Executive Committee to legally conduct business is one more than fifty percent (50%) of officers currently serving. A quorum must participate in meetings of the Executive Committee to conduct business. Meetings shall be held when needed and shall be conducted consistent with Article VI Section 6. of these Bylaws.

Article IX Other Committees

The Board has the authority to establish standing or ad hoc Board committees. Board committees authorized to take official action or render advice on Charter School business shall operate in accordance with the provisions of the Sunshine Act.

Article X Staff/Employees

Section 1. Staff/Employees in General

The Board of Trustees may employ or contract with a CEO, and with other persons or entities as might be needed to carry out the objectives of 21st Century Cyber Charter School.

Section 2. CEO

The CEO shall be responsible to carry out the policies of the Board of Trustees and for the day to day management and operation of 21CCCS.

Section 3. Other Staff/Employees

The CEO shall recommend to the Executive Committee for employment or contract teachers, teacher assistants other instructional and non-instructional personnel or entities as may be necessary to carry out the objectives of 21CCCS.

The CEO may recommend the suspension, or termination of any employee or contractor for unsatisfactory performance, decline in student enrollment, termination of the charter or for any of the reasons set forth in 24 P.S. 1122. A recommendation for termination shall be made in writing to the Board of Trustees setting forth the reason for termination. The employee or contractor shall be notified in writing of the intent to terminate and the reason for termination. The employee or contractor is entitled to appeal in writing to the Board of Trustees to overturn the recommendation to terminate. The appeal request must be received within five working days of receipt of notice of intent to terminate. The Board of Trustees shall grant a hearing to the appellant within ten working days of the receipt of the appeal. The Board shall sustain, modify or reverse the decision of the CEO. The employee or contractor will be notified of the Board's decision within five (5) days of the hearing.

Article XI Indemnification

Section 1. Indemnification by 21CCCS

21CCCS shall indemnify any person who was or is threatened to be made a party to any threatened, pending, or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative by reason of the fact that they are or was a CEO, officer, employee or agent of 21CCCS against expenses (including attorney fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by them in connection with such, action, suit, or proceeding, to the extent and under the circumstances permitted by the Nonprofit Corporation Law of the Commonwealth of Pennsylvania. Such indemnification (unless ordered by a court) shall be made as authorized in a specific case upon determination that indemnification of the CEO, officer, employee or agent is proper in the circumstances because they have met the standards of conduct set forth in the Nonprofit Corporation Law of the Commonwealth of Pennsylvania. Such determination shall be made:

- (1) By the Board of Trustees by a majority vote of a quorum of trustees who were not party to such action, suit or proceeding; or
- (2) if such quorum is not obtainable, or even if obtainable a quorum of disinterested trustees so directs, by independent legal counsel in a written opinion.

The foregoing right of indemnification shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any bylaw, agreement or vote of disinterested trustees and shall continue to a person who has ceased to be a trustee, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such person.

Article XII Miscellaneous

Section 1. Amendments

These Bylaws may be amended or repealed or new bylaws may be adopted by a majority vote of the Board of Trustees at a regular meeting or special meeting of the Board. The proposed amendment, repeal, or new bylaws shall be set forth in, or shall accompany as an attachment, the notice of the regular or special meeting in which the action will be considered.

Section 2. Corporate Seal

The Corporation shall have a corporate seal in the form of a circle with the name of the corporation, the year of incorporation and other information approved by the Board.

Section 3. Charges on Account of Students Enrolled

21CCCS shall charge the school district of residence for each resident student enrolled in 21CCCS an amount as authorized by Sections 1725-A(A)(2 & 1725 A(A)(3 of the Charter School Law (24 P.S.17-1701-A et.seq.) Payments shall be made by the school district of residence consistent with the requirements of Section 1725-A (A) 5 of the Charter School Law.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Graduation

A virtual graduation ceremony and a curbside diploma pickup was held this year. Our virtual graduation was held on Thursday, June 10th at 7pm. Graduates and families were able to login and comment throughout the ceremony. A Curbside Diploma Pick was held at our Murrysville location on June 16, 2020 and at our West Chester locations on June 17, 2020 . Students had an opportunity to have their name called, walk across the sidewalk, and receive their diploma. Our 2020 graduates include 37 January graduates, 191 June graduates and 32 completed graduation requirements during the 2020 summer school session.

Back to School Night

21CCCS held their Virtual Back to School Night on Wednesday, August 19, 2020. Students and parents had an opportunity to meet their academic advisors and teachers. During the hour, they became familiar with the Virtual Office, met classmates, and were given an overview of what to expect at Orientation and the beginning of the year. We were pleased that 741 students and parents attended.

Summer School

21CCCS provided summer school courses to students and school districts throughout the Commonwealth of Pennsylvania. This year we offered 30 original credit courses and 21 credit recovery courses. Along with the high school offerings, 21CCCS offered 12 credit recovery courses for middle school students. Total enrollment was 483 seats for 304 students. 59% or 285 seats earned a passing grade this year. There was a continued focus on students who were credit deficient. Following summer school, 32 seniors earned enough credits to meet graduation requirements.

Honor Roll Data

The honor roll for each quarter of the 2019-2020 school year is below.

	Q1	Q2	Q3	Q4
Distinguished	321	304	515	356
High Honors	130	102	108	89
Honors	203	187	148	94

AP School Summary

27 students took a total of 40 AP exams. A 3 or higher was earned on 55% of the tests.

New Course - Watercolors

During the 2019-2020 school year, we ran a Watercolors Course for the first time. We thought the Board would like to view some results in the video attached below:

Subject **3.5 Updated Language in Policies 0001, 0004, 1003 and 1015**

Meeting Sep 1, 2020 - Work Session

Category 3. Consent Agenda

Access Public

Type Discussion

Recommend the Board review the Updated Language in the Bylaws (Policy 0001), Qualifications and Service (Policy 0004), Nondiscrimination/Discriminatory Harassment - School and Classroom Practices (Policy 1003), and Truancy (Policy 1015) which are attached.

The Bylaws (Policy 0001) were reviewed by Kim McCully, Dr. George Fiore, Dr. Samuel Lee, Mr. Pete Mango and our solicitor and were First Reading at our May Board Meeting.

Qualifications and Service (Policy 0004) mirrors the changes in the Bylaws discussed by Kim McCully, Dr. Fiore, Dr. Lee, Mr. Mango and our solicitor.

Policy 1003 incorrectly designated the HR Manager as the Compliance Officer. The language has been changed to reflect that the Director of Curriculum, Instruction and Assessment as the Compliance Officer for this policy.

Policy 1015 changes the age from 17 to 18 years old on page 2 and it is indicated in red.

Policy Number	Policy Name
0001	Bylaws <i>(Changes Made Under Location, Purpose, Membership and Board Terms, and Nominations Committee)</i>
0004	Qualifications and Service <i>(Changes Made Under Membership and Board Terms)</i>
1003	Nondiscrimination/Discriminatory Harassment - School and Classroom Practices <i>(Changes Made Under Delegation of Responsibility)</i>
1015	Truancy <i>(Changes the age from 17 to 18 years old)</i>

Graduation

A virtual graduation ceremony and a curbside diploma pickup was held this year. Our virtual graduation was held on Thursday, June 10th at 7pm. Graduates and families were able to login and comment throughout the ceremony. A Curbside Diploma Pick was held at our Murrysville location on June 16, 2020 and at our West Chester locations on June 17, 2020 . Students had an opportunity to have their name called, walk across the sidewalk, and receive their diploma. Our 2020 graduates include 37 January graduates, 191 June graduates and 32 completed graduation requirements during the 2020 summer school session.

Back to School Night

21CCCS held their Virtual Back to School Night on Wednesday, August 19, 2020. Students and parents had an opportunity to meet their academic advisors and teachers. During the hour, they became familiar with the Virtual Office, met classmates, and were given an overview of what to expect at Orientation and the beginning of the year. We were pleased that 741 students and parents attended.

Summer School

21CCCS provided summer school courses to students and school districts throughout the Commonwealth of Pennsylvania. This year we offered 30 original credit courses and 21 credit recovery courses. Along with the high school offerings, 21CCCS offered 12 credit recovery courses for middle school students. Total enrollment was 483 seats for 304 students. 59% or 285 seats earned a passing grade this year. There was a continued focus on students who were credit deficient. Following summer school, 32 seniors earned enough credits to meet graduation requirements.

Honor Roll Data

The honor roll for each quarter of the 2019-2020 school year is below.

	Q1	Q2	Q3	Q4
Distinguished	321	304	515	356
High Honors	130	102	108	89
Honors	203	187	148	94

AP School Summary

27 students took a total of 40 AP exams. A 3 or higher was earned on 55% of the tests.

New Course - Watercolors

During the 2019-2020 school year, we ran a Watercolors Course for the first time. We thought the Board would like to view some results in the video attached below:

Meeting Sep 8, 2020 - Board Meeting

Category 3. Consent Agenda

Access Public

Type Action (Consent)

Recommended Action Recommend the Board approve the Updated Language in the Bylaws (Policy 0001), Qualifications and Service (Policy 0004), Nondiscrimination/Discriminatory Harassment - School and Classroom Practices (Policy 1003), and Truancy (Policy 1015) which are attached.

The Bylaws (Policy 0001) were reviewed by Kim McCully, Dr. George Fiore, Dr. Samuel Lee, Mr. Pete Mango and our solicitor and were First Reading at our May Board Meeting.

Qualifications and Service (Policy 0004) mirrors the changes in the Bylaws discussed by Kim McCully, Dr. Fiore, Dr. Lee, Mr. Mango and our solicitor.

Policy 1003 incorrectly designated the HR Manager as the Compliance Officer. The language has been changed to reflect that the Director of Curriculum, Instruction and Assessment as the Compliance Officer for this policy.

Policy 1015 changes the age from 17 to 18 years old on page 2 and it is indicated in red.

**Removal of Work Sessions for 2020-2021 School Year and
Beginning Monthly Board Meetings for 2021-2022 School Year**

After discussion with Heather Saboori, our Chairperson, we would like to propose holding only Board Meetings as we have done in the past. All discussion regarding the items on the Board Agenda will be held during the Board Meetings. We have found that most discussions take place during the Board Meeting and that this would not change the format, ability to discuss

items or transparency of the school and of our Board of Trustees to the public. If the Board is agreeable to returning to this format, we will remove the work sessions from the January, March and May calendar for the 2020-2021 school year.

Additionally, it is proposed that we begin holding a regular board meeting each month on the second Tuesday starting in August 2021. There would be no Board meetings held during the months of June and July. If the Board is agreeable to this format, the following meeting dates would be as follows:

- August 10, 2021
- September 14, 2021
- October 12, 2021
- November 9, 2021
- December 14, 2021
- January 11, 2022

Student Recognition

Logan W. is a 6th grader at 21CCCS with an extreme entrepreneurial spirit. He has established his own business and has been selling flavored salts and sugars. Logan's ultimate goal is to make his customers happy and satisfied. He says he finds the 21CCCS schedule very flexible for his needs, and that helps him work with his mom every day and learn the new skills needed to grow his business!

Ethan is a 9th grader and is star-rank in boy scout troop 83 Lionville. He spent a lot of his summer participating in a Summer of Service event that lasted eight weeks. Each week, the troop focused on an area of need and did community service, all while following Covid-19 protocols. Ethan participated in all eight weeks and racked up the highest number of community service hours in his troop. The troop totaled one hundred ten service hours. Ethan did a total of twenty hours of community service.

Student Activities/Field Trips/Adventure Club

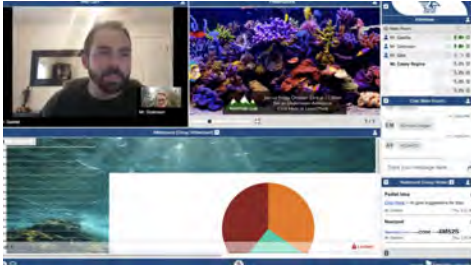

Virtual Fall Fest: Approximately 125 students joined a virtual fall fest, participating in activities such as sharing pictures of costumes, online trivia, guessing the object of close-up pictures, and many more.

Camp 21: 26 middle school students joined the virtual version of Camp 21 for this quarter, participating in activities based on the core subjects and arts.

Underwater at Sea: Approximately 65 students attended this virtual underwater Adventure Club trip. The students explored aquatic themed questions, played a challenge game, and explored the mysteries of the Loch Ness Monster.

Removal of Work Sessions for 2020-2021 School Year and Beginning Monthly Board Meetings for 2021-2022 School Year

After discussion with Heather Saboori, our Chairperson, we would like to propose holding only Board Meetings as we have done in the past. All discussion regarding the items on the Board Agenda will be held during the Board Meetings. We have found that most discussions take place during the Board Meeting and that this would not change the format, ability to discuss items or transparency of the school and of our Board of Trustees to the public. If the Board is agreeable to returning to this format, we will remove the work sessions from the January, March and May calendar for the 2020-2021 school year.

Additionally, it is proposed that we begin holding a regular board meeting each month on the second Tuesday starting in August 2021. There would be no Board meetings held during the months of June and July. If the Board is agreeable to this format, the following meeting dates would be as follows:

- August 10, 2021
- September 14, 2021
- October 12, 2021
- November 9, 2021
- December 14, 2021
- January 11, 2022
- February 8, 2022
- March 8, 2022
- April 12, 2022
- May 10, 2022

Student Recognition

Logan W. is a 6th grader at 21CCCS with an extreme entrepreneurial spirit. He has established his own business and has been selling flavored salts and sugars. Logan's ultimate goal is to make his customers happy and satisfied. He says he finds the 21CCCS schedule very flexible for his needs, and that helps him work with his mom every day and learn the new skills needed to grow his business!

Ethan is a 9th grader and is star-rank in boy scout troop 83 Lionville. He spent a lot of his summer participating in a Summer of Service event that lasted eight weeks. Each week, the troop focused on an area of need and did community service, all while following Covid-19 protocols. Ethan participated in all eight weeks and racked up the highest number of community service hours in his troop. The troop totaled one hundred ten service hours. Ethan did a total of twenty hours of community service.

Student Activities/Field Trips/Adventure Club

Virtual Fall Fest: Approximately 125 students joined a virtual fall fest, participating in activities such as sharing pictures of costumes, online trivia, guessing the object of close-up pictures, and many more.

Camp 21: 26 middle school students joined the virtual version of Camp 21 for this quarter, participating in activities based on the core subjects and arts.

Underwater at Sea: Approximately 65 students attended this virtual underwater Adventure Club trip. The students explored aquatic themed questions, played a challenge game, and explored the mysteries of the Loch Ness Monster.

Student Recognition

Hanna B. (10th Grader) has been playing golf for the last 8 years and recently placed 2nd in the District 3AAA tournament. She finished her current season by being tied for 14th at states! Golfing has given Hannah the opportunity to make many new friends at tournaments, and she says 21CCCS "allows my schedule to be flexible and be able to play and practice golf during the week. It also allowed me to social distance and ensure I would play the full season."

Field Trips/ Adventure Club/ Community Outreach

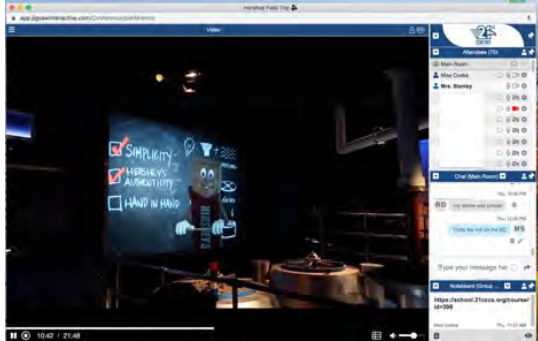

Community Service Team Challenge

Approximately 50 students completed a Community Service Team Challenge during the month of November. The students took a team approach to complete five community service challenges, socially distanced, and shared their teams service accomplishments with one another in December. A video is attached.

[Community Service Video](#)

Field Trip: Hershey’s Chocolate World Virtual Tour

Approximately 108 students joined the Field Trip team on a virtual tour of Hershey’s Chocolate world in October. The tour was supplemented with a social studies-based lesson.

Adventure Club: Search for Superstitions

On Friday the 13th in November, approximately 65 students joined the Adventure Club on a virtual exploration of some of the most common superstitions.

Field Trip: Johnson Space Center Virtual Tour

Approximately 95 students joined our field trip coordinators on a virtual tour of the Johnson Space Center. They explored what Boeing employees face in a behind the scenes tour of launching the newest spacecrafts at the Johnson Space Center!

Student Clubs: Club Fair

In November, approximately 240 students stopped in a Virtual Clubs Fair to explore the many student-led club offerings. Student club leaders and teacher sponsors shared club descriptions and information on how to join during the fair, and students visited each on a walk-in setting.

Camp 21

Twenty-three middle school students attended the second Camp 21 session in early December. The students engaged in a number of hands-on core subject-related activities found in their camp kits.

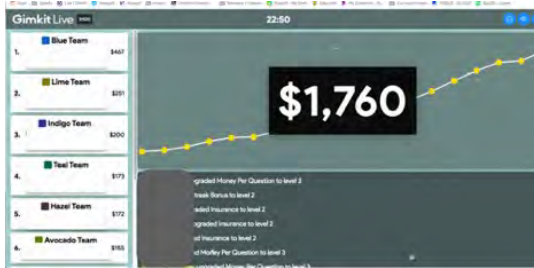

Community Outreach: Hour of Code

Approximately 85 students and 20 staff participated in an Hour of Code event in mid-December. Students had the option of joining any of five coding groups, ranging from coding an arcade game to coding a happy place meditation app.

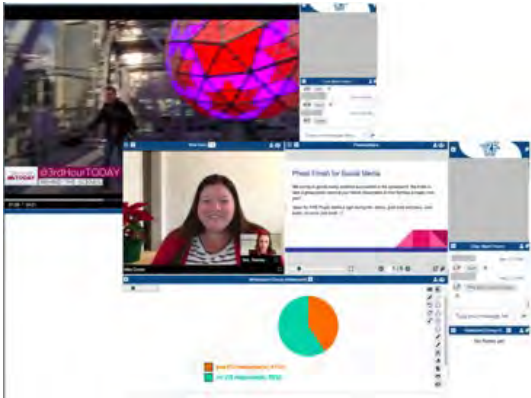

Adventure Club: 2020 Trivia

Approximately 60 students participated in a 2020 Trivia game. Students worked together in teams for this challenge and utilized an online quiz game.

Field Trip: New Year's Eve- Behind the Scenes

Approximately 30 students joined this virtual field trip to learn about what goes on behind the scenes at the New Year's Eve Celebration in New York City. Students shared their experiences and traditions during New Year's Eve, and joined together for a New Year's celebration picture to conclude the event.

Angel Tree

Each year, 21CCCS participates in gift giving to many of our families who are experiencing a financially difficult holiday season. Gifts cards for Old Navy, Target, Ross, Redners, ShopRite, Aldi, Fresh Grocer, Giant, Giant Eagle, Acme, Wegmans and Weis, according to each family's need, were delivered just prior to our winter break.

2020 Advance Placement (AP) Computer Science Female Diversity Award

As an ongoing effort to advance students and challenge them academically, we continue to use Pennsylvania Valued Added Assessment Systems (PVAAS) projection data to inform conversations with students so they may challenge themselves academically. As a result, our school has been recognized by the College Board and offered the following congratulations:

Congratulations! Your school has earned the College Board AP® Computer Science Female Diversity Award for expanding young women’s access to AP Computer Science A (CSA). This award acknowledges 1,119 schools for their work toward equal gender representation during the 2019-20 school year—nearly 37% more than the 818 schools recognized last year. Your school is one of only 232 schools to be recognized for achieving this important result in CSA. This honor recognizes the outstanding work your school is doing to engage more female students in computer science.

Student Recognition

Emma (9th Grade) completed the US equestrian Interscholastic Athlete Program in December 2020, and her ultimate goal is to start showing at high levels and eventually going professional.

Emma has ridden since she was six, and she works tirelessly to include her passion in her education. She also wants to be a coach because she loves sharing her passion for riding with others.

Emma finds her academic schedule vigorous yet flexible. She says "I like the way the academics seem hard but still manageable. I chose 21CCCS because I could pick my schedule and be away from home but still attending school."

Adventure Club

Calming Quarter 2 Cool Down

At this virtual event, students joined the Adventure Club in exploring and completing general de-stressing activities to help wind down after the end of the second marking period.

Gabbing About Groundhog Day

On Tuesday, Feb. 2nd, over 100 students got together with the Adventure Club for Groundhog’s Day. The group discussed this tradition and the history of the event while live-streaming Phil.

Community Outreach

Literature Lover’s Escape Room

This Literature Lover’s Virtual Escape Room challenged students to visit literary destinations across the globe and solve puzzles along the way.

Field Trip

Behind the Scenes of Toyota

Through science, technology, and innovation, approximately 59 students learned the future of safety with Toyota Motor. The field trip showed students new design features made by engineers, scientists, and technicians that help improve driver's safety.

NHS / NJHS

156 students have been admitted to NHS and NJHS for the 2020-2021 school year. 69 students were accepted to NHS and 87 to NJHS. Our coordinators are working on a virtual induction ceremony to hold in March.

Quarter 2 Honor Roll

Distinguished Honors: 149
 High Honors: 93
 Honors: 176

Mid-Year Graduation

The January Graduate Celebration was held virtually on February 3, 2021. We had 43 students who graduated in January and approximately 18 attended the celebration. We offered this opportunity for students and their families to come together and celebrate their academic success.

Camp 21

Camp 21 quarterly virtual events will be held on Saturday, March 6 and Saturday, May 1. There will also be an end of year session that will be held on Sunday, June 6.

Camp 21 is a virtual camp held quarterly that promotes socialization through English, Social Studies, Math, and Science, as well as, physical and art activities.

Summer School 2021

Summer school registration opens on April 5, 2021 for all courses, and closes on April 23, 2021 for original credit courses and June 17, 2021 for course recovery and credit recovery. Original credit courses begin on April 26, 2021 and credit recovery and course recovery courses begin on June 21, 2021. All courses will close on July 29, 2021.

2020 Advance Placement (AP) Computer Science Female Diversity Award

As an ongoing effort to advance students and challenge them academically, we continue to use Pennsylvania Valued Added Assessment Systems (PVAAS) projection data to inform conversations with students so they may challenge themselves academically. As a result, our school has been recognized by the College Board and offered the following congratulations:

Congratulations! Your school has earned the College Board AP® Computer Science Female Diversity Award for expanding young women’s access to AP Computer Science A (CSA). This award acknowledges 1,119 schools for their work toward equal gender representation during the 2019-20 school year—nearly 37% more than the 818 schools recognized last year. Your school is one of only 232 schools to be recognized for achieving this important result in CSA. This honor recognizes the outstanding work your school is doing to engage more female students in computer science.

Student Recognition

Emma (9th Grade) completed the US equestrian Interscholastic Athlete Program in December 2020, and her ultimate goal is to start showing at high levels and eventually going professional.

Emma has ridden since she was six, and she works tirelessly to include her passion in her education. She also wants to be a coach because she loves sharing her passion for riding with others.

Emma finds her academic schedule vigorous yet flexible. She says "I like the way the academics seem hard but still manageable. I chose 21CCCS because I could pick my schedule and be away from home but still attending school."

Adventure Club

Calming Quarter 2 Cool Down

At this virtual event, students joined the Adventure Club in exploring and completing general de-stressing activities to help wind down after the end of the second marking period.

Gabbing About Groundhog Day

On Tuesday, Feb. 2nd, over 100 students got together with the Adventure Club for Groundhog’s Day. The group discussed this tradition and the history of the event while live-streaming Phil.

Community Outreach

Literature Lover’s Escape Room

This Literature Lover’s Virtual Escape Room challenged students to visit literary destinations across the globe and solve puzzles along the way.

Field Trip

Behind the Scenes of Toyota

Through science, technology, and innovation, approximately 59 students learned the future of safety with Toyota Motor. The field trip showed students new design features made by engineers, scientists, and technicians that help improve driver’s safety.

NHS / NJHS

156 students have been admitted to NHS and NJHS for the 2020-2021 school year. 69 students were accepted to NHS and 87 to NJHS. Our coordinators are working on a virtual induction ceremony to hold in March.

Quarter 2 Honor Roll

Distinguished Honors: 149
 High Honors: 93

Joe Cyber Program

In continuation of last year's suggestion, we'd like to invite our Board Members to participate in our Joe Cyber Program. This was postponed due to the CDC Guidelines with regard to social distancing and safety protocols as a result of COVID-19. Lisa Iozzi, our Board Secretary, will reach out to find a convenient date and time for all board members to schedule your participation in the Joe Cyber Program at the start of the 2021-2022 school year.

2020-2021 Board Goals

No specific goals were set for the 2020-2021 school year due to the pandemic and transition in leadership for the school. However, changes and accomplishments were made within the school that Brian Cote will highlight below:

- 2020 Advance Placement (AP) Computer Science Female Diversity Award
- Continuation of Student Social Events (Virtual)
- 69 National Honor Society Inductees
- 87 National Junior Honor Society Inductees
- CTE Pilot Program
- Expansion of Murrysville Location
- Renewal of Murrysville Lease
- Awarded the PCCD Health and Safety Grant
- Movement of Warehouse from Dowingtown to West Chester Location
- Implementation of Temporary Staff to Support Increased Enrollment

2021-2022 Board Goals

The 2021-2022 Board Goals will be presented to the Board of Trustees at the August 2021 Board Meeting.

Annual Budget for 2021-2022 SY

Our interim Business Administrator, Tamara Darden, prepared and presented a draft Annual Budget for the 2021-2022 SY to the Board at the January Board Meeting. This is the budget we are placing on the Consent Agenda for approval. This may need to be reviewed and revised once a Business Administrator has been employed and, if needed, revisions will be placed for approval at the September 2021 Board Meeting.

Fund Balance Designations for 2021-2022 SY

Absent a Business Administrator since February of the 2020-2021 school year, the 2021-2022 Fund Balance Designations will be placed for First Reading at the September 2021 Board Meeting.

Student Recognition

Donna - 12th Grade

Donna conducted Albright Creative Research Experience (ACRE) projects over the winter, received the Norman H. and Mary T. Lutz Scholarship and she will start Penn State College of Medicine in the Fall.

Gillian- 9th Grade

Gillian completed the US Equestrian Interscholastic Athlete Program in February, and she desires a career that allows her to work with horses. Gillian chose 21CCCS because her family decided that it would be the safest option for her during the pandemic, but after seeing how well it suits her, she wants to stay until graduation. Gillian says, "21CCCS's flexible schedule has helped me and my horseback riding. I can take early lessons before the barn gets crowded without worrying about being late for class. I can do things at my own pace, so if something comes up, my flexible schedule allows me to work around it."

Grace - 7th Grade

Grace earned a 1st place all-around in her recent gymnastics competition and made it to states and nationals. Grace enjoys her flexible schedule at 21CCCS and says that being a competitive gymnast can be time consuming. 21CCCS allows her to work around her busy gymnastic schedule and get all her school work completed in time. It's a nice balance.

Tiana - 12th Grade

Tiana has an exciting opportunity to travel to Greece and serve refugees in crisis for two months at Camp Moria. Her service will include childcare and working in the camp with children and their mothers. She says, "I am looking forward to this cross-cultural experience both to expand my knowledge and to bring hope to people in a hopeless situation." She finds the school schedule very flexible, and the 21CCS program has helped her donate her time to helping others and working. Tiana's ultimate goal is to bring joy to those in need and to put a smile on their faces during hard times. After she graduates, Tiana plans to pursue her dream of working at a daycare for kids who have disabilities.

Jessica - 9th Grade

Jessica was recently featured in her local newspaper for her recent service project to her community. She and her family donated plants to local shut-ins and nursing homes in memory of her uncle.

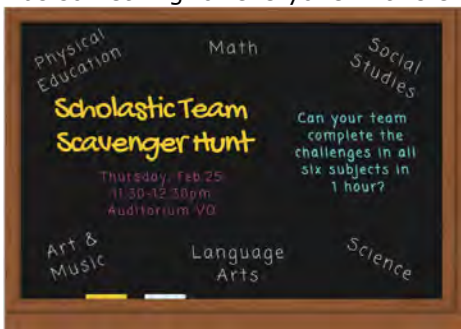

Robby - 7th Grade

After becoming a junior firefighter last year, Robby kept educating and training himself in what he aspires to do in the future. When the fire department in his neighborhood purchased new air packs last month, Robby got involved in the training and received his fire gear. Robby says, "I want to be a firefighter because I want to help people in our community." He regularly attends the fire department's meetings, checks trucks and equipment.

Community Outreach: Scholastic Scavenger Hunt

In February, approximately 30 students joined a Scholastic Scavenger Hunt. Students were be put into teams of six to complete short, but fun, challenges in six subject areas within a 1-hour limit. From singing karaoke to solving equations there was something for everyone in this event to show off their skills and have a laugh.

Community Outreach: Brain Games

In March, over 40 students participated in this virtual outreach which challenged them with questions regarding all academic subjects and pop culture.

Camp 21: Quarter 3

Sixteen middle school students attended the second Camp 21 session in March. The students engaged in a number of hands-on core subject-related activities found in their camp kits.

Adventure Club: Pulse-Pounding Podium Pursuit

In March, many students participated in Adventure Club’s virtual competition to see who can wear the crown. Students compete in a handful of heart-pumping competitions to race the clock!

Field Trip: Virtual Talent Show

In April, over 70 students, guests, and staff joined us for our third annual Virtual Talent Show. Students recorded their many talents, which were showcased at this event.

Community Outreach: Spring Fling

In April, 48 students participated in a series of interactive, challenging games related to spring using Padlet.

Adventure Club: Earth Day Celebration

In April, students joined the Adventure Club to celebrate Earth Day. Students shared how they are proactively working to improve the environment and have a positive impact on their communities. Students created videos to share their Earth Day activities with one another.

School Event: NHS/NJHS Virtual Induction Ceremony

On March 31, 114 students and guests, along with 14 staff joined us for an NHS/NJHS Virtual Induction Ceremony.

Quarter 3 Honor Roll

Distinguished Honors: 561

High Honors: 189

Honors: 225

Student Achievement Ceremony

With COVID19, we have not been able to hold our annual luncheon and award presentation for students and their families who were highlighted in the Board Meetings throughout the 2020-2021 school year. However, Award Certificates have been sent to each student in recognition of their dedication and efforts in addition to their academic success with 21CCCS.

Prom

Both of our in- person proms have been canceled due to COVID-19 and social distancing restrictions. A virtual event for juniors and seniors is being planned for June 7, 2021.

Graduation

We are planning to hold in-person graduation ceremonies this year:

Action: 3.2 Enrollment

Recommend the Board approve the administrative recommendation for the possible addition of staff in 21st Century Cyber Charter School for the 2020-2021 school year based on increased enrollment. These positions would be temporary full time class positions. Brian Cote, our Director of Curriculum, Instruction & Assessment will provide background information regarding enrollment numbers and any possible next steps.

There was some discussion on this agenda item. Brian Cote indicated he would like to hire 15-22 new staff members as temporary full time employees with full disclosure that these positions were directly related to increased enrollment. Kevin McKenna, our solicitor, commented that the plan to hire temporary staff based on enrollment was a sound plan. He felt the Board needed to be flexible in order to support the school. He also reminded everyone that we will not know our ADM until the end of the school year. Brian indicated that our case load is currently 160 to 1 and that he will keep the Board updated on a weekly basis as to enrollment numbers, teacher loads and staffing needs. Dr. Fiore inquired as to whether we would need to access our fund balance for the new positions. Sharee McGibboney indicated that the funding from each student would allow for the new staff without accessing the fund balance. The Board was in support of the plan in order to benefit the students.

Motion by Peter Mango, second by John Sanville.

Final Resolution: Motion Carries

Yea: John Sanville, John Toleno, David Goodin, Peter Mango, Christopher Marchese, George Fiore, John George

Not Present at Vote: Sherry DelGrosso

Not Present at Vote: Sherry DelGrosso

4. Resignation/Ratification of Board Members

Action: 4.1 Resignation of Board Member, Dr. John George

Recommend the Board approve the resignation of Board Member, Dr. John George, Executive Director of the Montgomery County Intermediate Unit, effective at the end of the special board meeting on August 4, 2020.

There was some discussion on this agenda item. Brian Cote and the Board thanked Dr. George for his years of service as a member of the Board of Trustees for the 21st Century Cyber Charter School and that it was with regret to accept his resignation. Dr. George was grateful for his years of service and enjoyed the opportunities it presented. He indicated Dr. Regina Speaker was looking forward to serving on the Board of Trustees in his place and was sorry that she was unable to attend today's meeting due to weather conditions causing technical difficulties.

Motion by George Fiore, second by Christopher Marchese.

Final Resolution: Motion Carries

Yea: John Sanville, John Toleno, David Goodin, Peter Mango, Christopher Marchese, George Fiore, John George

Not Present at Vote: Sherry DelGrosso

5. Board Member Comment

Procedural: 5.1 Board Member Comment

Dr. Fiore reminded the executive directors of Montgomery County and Bucks County that the new board members for each of those counties as well as a replacement for Dr. David Baugh would need to be recommended prior to the September Board Meeting. Procedural: 1.2 Notification of Recording

Discussion: 1.3 CEO's Reports

It was agreed that there would be a subcommittee consisting of the Intermediate Unit Directors, Dr. Mark Hoffman, Dr. Regina Speaker and Dr. George Fiore, to discuss the options for career and technical education programs offered by 21st Century Cyber Charter School.

There was discussion about the increasing enrollment and how it affects technology needs, monthly enrollment, potential of capping enrollment, the budget and the school's charter. There are concerns in how each of these issues comply with the school's charter. The Board asked our solicitor to review how monthly enrollment, capping enrollment, and geographical limitations are discussed in the school's charter and whether or not it can be revised and/or updated. Kevin McKenna indicated our charter did not provide the ability to cap enrollment. He further indicated schools need to provide education within ten (10) days of registration. Brian Cote indicated the plan was to have enrollment on the 1st of each month, with the student being fully registered and ready to begin on the 10th of each month. Kevin McKenna indicated he would review the legality and report back to the Board. The Board requested Sharee McGibboney to provide a cost analysis of revenue less expense per student in relation to our budget for the 2020-2021 school year.

6. Board Member Comment

Procedural: 6.1 Board Member Comment

Dr. George Fiore thanked and expressed appreciation to Brian Cote for his leadership over the past year. Dr. Fiore also thanked the administrative team for their support of Brian Cote and the Board of Trustees during this time. Dr. Fiore welcomed Dr. Flannery to the 21CCCS team. He looks forward to Dr. Flannery's leadership beginning on July 1, 2021.

Dr. Marchese also thanked Brian for stepping in and assuming multiple roles in the challenging environment of education over the past year.

Brian expressed gratitude to both Dr. Fiore and Dr. Marchese.

Dr. John Sanville stated that he will be resigning from his position on the Board of Trustees as of July 1, 2021 as he will also be assuming a leadership role with the PA Association of School Administrators in addition to being Superintendent of Unionville-Chaddsford School District. He felt privileged and expressed gratitude for the opportunity to serve as a board member for a school that involves a group of people that work tirelessly for the success of their students.

Dr. George Fiore thanked Dr. Sanville for his years of service on the 21CCCS Board and indicated Chester County Board Members would have a new board member nominated to replace Dr. Sanville at the August 2021 meeting.

Dr. Matthew Flannery thanked Brian Cote for what he had done for the school and was looking forward to working with him, as well as taking him up on his offer of support as he transitioned into the role of our CEO. Dr. Flannery expressed excitement to work with the administration and staff of 21CCCS and was looking forward to the opportunity to serve the needs of the school.

Graduation

We held three graduation ceremonies this year. The commencement ceremonies for the 21CCCS Class of 2021 were conducted at the Alloy, King of Prussia, at 1:00 p.m. and 4:00 p.m. on June 3, 2021 and at Westmoreland County Community College at 7:00 p.m. on June 1, 2021. A total of 156 of the 302 graduates participated in the ceremonies, 116 at the Alloy and 40 at Westmoreland County Community College. Of the 2021 graduates, 43 completed all academic requirements in January. Additional students are anticipated to graduate following the summer school session.

Back to School Night

21CCCS will hold a Virtual Back to School Night on Monday, August 23, 2021. Students and parents will have an opportunity to meet their academic advisors and teachers. Students and families will have an opportunity to become familiar with the Virtual Office, meet classmates, and see an overview of what to expect at Orientation and the beginning of the year.

Our Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:

Guidelines

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

AP School Summary

66 students took a total of 118 AP exams. A 3 or higher was earned on 72% of the tests.

Back to School Night

21CCCS held their Virtual Back to School Night on Monday, August 23, 2021. Students and parents had an opportunity to meet their academic advisors and teachers. During the hour, they became familiar with the Virtual Office, met classmates, and were given an overview of what to expect at Orientation and the beginning of the year. We were pleased that 401 students and parents attended.

Summer School

21CCCS provided summer school courses to students and school districts throughout the Commonwealth of Pennsylvania. This year we offered 30 original credit courses and 21 credit recovery courses. Along with the high school offerings, 21CCCS offered 12 credit recovery courses for middle school students. Total enrollment was 483 seats for 299 students. 56% or 266 seats earned a passing grade this year. There was a continued focus on students who were credit deficient. Following summer school, 21 seniors earned enough credits to meet graduation requirements.

2021-2022 Enrollment Data

For 2021-2022, 1,584 students started on the 1st day of school, 340 less (-18%) students than 2020-2021.

Student Recognition

Rayne S. (9th Grade) organized a first-ever 5K run all by herself to support her favorite charity. She feels well accomplished this year, so she anticipates hosting a 5K annually. Rayne says, "The purpose of Miles For Mental Health is to bring awareness to mental health and hopefully lower the stigma against it. I want the proceeds to be used to help lower the stigma, get more counseling opportunities, or even help the national suicide hotline." As a competitive dancer, she travels often. The flexible schedule at 21CCCS allows her to work around her busy lifestyle. With cyber school, she gets ahead and does not miss school work. After graduation, she wants to become a lawyer.

Field Trip: Back to School Picnics

We held our annual back to school picnics near our Murrysville and West Chester offices on October 14, 2021. We had over 75 students join us for this event.

Outreach Event: Virtual Fall Festival

Over 45 students attended a virtual Fall Festival, led by our outreach coordinator, on October 21, 2021. Students were challenged with working as a team through various academic challenges and activities.

Social Awareness and School Engagement

During the month of September, a school wide theme of attendance awareness was promoted. During the month of October, the theme was respecting ourselves and others for middle school and meditation for high school. For these themes, students were engaged through taking an attendance pledge, sharing their strategies through short videos, motivating Monday activities, and a poetry cafe along with others.

Subject **4.5 New Position - HR Assistant**

Meeting Nov 9, 2021 - Board Meeting

Category 4. Consent Agenda

Access Public

Type Action (Consent)

Recommended Action Recommend the Board approve the addition of a new position, as presented.

The Business Services Confidential Secretary, reporting to the Business Administrator, currently supports multiple departments (these include the Business Office, Human Resources, Special Education, Marketing, Facilities) and the confidential secretary is also back up to the Board Secretary.

It is proposed to recruit an HR Assistant to perform routine clerical duties in support of the Human Resources department of the School. Time permitting in the schedule, the HR Assistant would also support the Accounts Receivable function with needed collection calls to recover outstanding school technology assets.

This position would be a part-time, 260-day position, not exceeding 29 hours per week, and is not benefit-eligible. The salary grade for this position would be Grade 3, with a starting hourly rate of \$20.67/hour.

These action items are routine and should not require discussion by the Board. However, if any board member wishes to discuss an item, they may request to remove it from the consent agenda.

CEO REPORTS

Bucks County and Montgomery County Board Members

Dr. Matthew Flannery would like to express gratitude to the Bucks County and Montgomery County Board Members for their years of service to 21st Century Cyber Charter School.

COVID-19 Transmission Level Matrix

Dr. Matthew Flannery will discuss 21CCCS' guidelines in following the COVID-19 Transmission Level Matrix, a link to which is below.

Annual Food Drive

21CCCS staff participated in the annual food drive which was a huge success. Our West Chester collection was donated to the Chester County Food Bank and our Murrysville collection was donated to the Westmoreland County Food Bank for a total of 1,895 pounds of food. We would like to thank Ashley Cooke, School Counselor, who organized the collection at both of our locations and provided motivation to our generous staff for this annual tradition. Pictures are below:

ADMINISTRATOR REPORTS

Student Spotlight

Trey (10th Grade) is a passionate and growth-minded business person. He established his business when he was twelve and created his designer apparel brand called SPERGO. He says that 21CCCS helps him manage his time because he travels a lot for his business. Trey appeared on Shark Tank on November 5th and got a \$300,000 investment deal from Daymond John. Photos are below as well as a link to Trey's appearance on Shark Tank.

Student Activities / Field Trips / Adventure Club

Adventure Club: Ohiopyle State Park

On October 28, 2021, over 24 students joined the Adventure Club on a hike at Ohiopyle State Park. While there, the group explored the surroundings and creek, as well as the local wildlife. They also conducted a stream examination. A video is attached below.

[Ohiopyle State Park Video](#)

Adventure Club: Cherry Crest Farms

On November 4, 2021, over 71 participants joined the Adventure Club on an adventure at Cherry Crest Farms. While there, the group navigated through a 5-acre corn maze, and had an educational tour of the farm's facilities where they learned about agriculture and slingshot trajectories.

Outreach Event: Community Service Team Challenge Kick-Off

29 students attended a virtual Community Service Kick-Off, lead by our Outreach Coordinator, on November 9, 2021. Students and staff are challenged with working in teams to accomplish various service projects within their communities.

Social Awareness and School Engagement

In the month of November, our SASE Coordinators arranged a yoga session to de-stress and relieve anxiety for our high school students. Students and staff are also posting short videos to share all the ways they give back this time of year. At the middle school level, students focused on kindness. Activities included writing letters to veterans, sharing ways of showing kindness to others, being a good digital citizen, and learning about different customs and facets of Thanksgiving traditions.

ADMINISTRATOR REPORTS

Student Spotlight

David (9th Grade) running cross country with the Wyomissing Area School District, ran at the Berks County meet, where he placed 26th. His team earned the ability to race at the district meet in Carlisle, where he also placed 26th in the AA Division. He was 1.1 seconds from being able to compete at the State meet. David was the second fastest freshman in the District Race and was the second runner for his Wyomissing team. David is grateful for the opportunity to attend extracurricular activities with his home district while learning in a way that is right for him. He is very fortunate to have such excellent coaching and the camaraderie and strength of his teammates.

Student Activities / Field Trips / Adventure Club

Outreach Event: Hour of Code

In December, in-person and virtual Hour of Code events were offered to students. At the event, student spent about one hour coding with teachers to make websites, apps, and video games.

Outreach Event: Learning Session

On December 17, 2021, many students participated in an in-person learning session at our West Chester office. During the event, students participated in challenges, such as building a marshmallow and spaghetti tower, as well as spending one on one time with various teachers to complete coursework.

National Honors Society: Family Informational Session

Approximately 50 students and parents joined our National Honors Society and National Junior Honors Society sponsors to learn more about the program requirements at 21CCCS. Eligible students and parents also participated in a question and answer session.

Social Awareness and School Engagement

In December, middle school students learned about holiday traditions in a weekly series called, "Holidays Around the World." The first week, they learned about music from many different countries from Mr. Tobin and Mr. Gibb. Next, we had a guest speaker, Mr. Chu, teach Chinese holiday traditions. Finally, the series wrapped up with learning about the role food plays in different holidays from all around the world run by Mrs. Farrell. Each session had around 100 students.

High school students celebrated giving back from Thanksgiving through the holidays. Students and staff contributed to a flipgrid that asked how they gave back to their communities during the year or during this time of the year. This was posted on the front page of moodle for students to view and add to as they were inspired by others posts.

Angel Tree

Each year, during the holiday season, 21CCCS participates in supporting 21cccs families in need who are experiencing a financially difficult holiday season. Gifts cards for Old Navy, Target, ShopRite, Aldi, Giant, Giant Eagle, Acme, Wegmans and Weis, according to each family's need, were delivered just prior to our winter break. This year, 26 families were involved. As a school, we were able to support and bring light to over 80 individuals. With admin, teachers and staff The Angel Tree donations summed up to slightly over \$2,000 dollars this year.

Subject 4.2 Graduation Requirements - Tabled

Meeting Jan 11, 2022 - Board Meeting

Category 4. Amend The Agenda

Access Public

Type Action

Recommended Action Recommend the Board table revising the graduation requirement for 21CCCS students from 22 credits to 21 credits beginning with the 2022-2023 school year.

This change would require students to have 3 credits of math instead of the current 4 credit requirement. Students will still be encouraged to take 4 credits of math especially if they are college bound. Below are the recommended changes.

Category	Current Credit Requirements (22 total)	Credit Requirements (21 total)
English	4.0	4.0
Social Studies	3.0	3.0
Mathematics	4.0	3.0
Science	3.0	3.0
Physical Education	0.5	0.5
Health	1.0	1.0
College & Career Readiness	0.5	0.5
Electives	6.0	6.0

Grade levels based upon credits earned are designated as follows:

Grade Level	Current Credits	Proposed Credits
9th Grade	0-5.0	0-5.0
10th Grade	5.25-10.50	5.25-10.50

11th Grade	10.75-16.00	10.75-15.00
12th Grade	16.75-22.00	15.25-21.00

Below are the state graduation requirements

Category	Credit Requirements (21 total)
English	4.0
Social Studies	3.0
Mathematics	3.0
Science	3.0
Physical Education/Health	1.0
Arts/Humanities	2.0
Electives	5.0

During the data collection phase of this decision, we looked at the math requirements of other schools.

School Districts	Math Credit Requirement
Avon Grove SD	4
Coatesville SD	4
Downingtown SD	3
Great Valley SD	3
Kennett Consolidated SD	4
Octorara SD	3 or 4 credits (total 7 math/science)
Owen J. Roberts SD	3
Phoenixville SD	3 or 4 credits (students must take a fourth year course in two of the following disciplines: math, science, social studies)
Spring-Ford SD	3
Tredyffrin/Easttown SD	3
Twin Valley SD	4
Unionville-Chadds Ford SD	3
West Chester SD	3

Commonwealth Charter Academy	3
PA Leadership Cyber Charter	3
Agora Cyber Charter	3
Reach Cyber Charter	3

Motion & Voting

Recommend the Board table revising the graduation requirement for 21CCCS students from 22 credits to 21 credits beginning with the 2022-2023 school year.

Motion by Alan Fegley, second by George Fiore.

Final Resolution: Motion Carries

Yea: Peter Mango, George Fiore, Alan Fegley, Michele Orner, Dusty Blakey, Mollie Burnett, Andrea Fox

ADMINISTRATOR REPORTS

Student Spotlight

Alexandra performed Valse Etude by William Gillock on the piano for the 2021 International Piano Competition as part of the Charleston International Music Competition.

Natalie earned Distinguished Honors in the 1st quarter, continues to maintain eligibility to NHS while participating in winter competition cheer, basketball cheer, diving and gymnastics. She also volunteered at a youth organization preparing for Christmas on the Mountain.

Maya was awarded the National African American Recognition Program for her performance on the PSAT. Maya says "21CCCS allowed me to attend a more intense ballet program and has allowed me to focus more on my ballet training." She plans to attend a 4-year college majoring in ballet and minoring in psychology.

Student Activities / Field Trips / Adventure Club

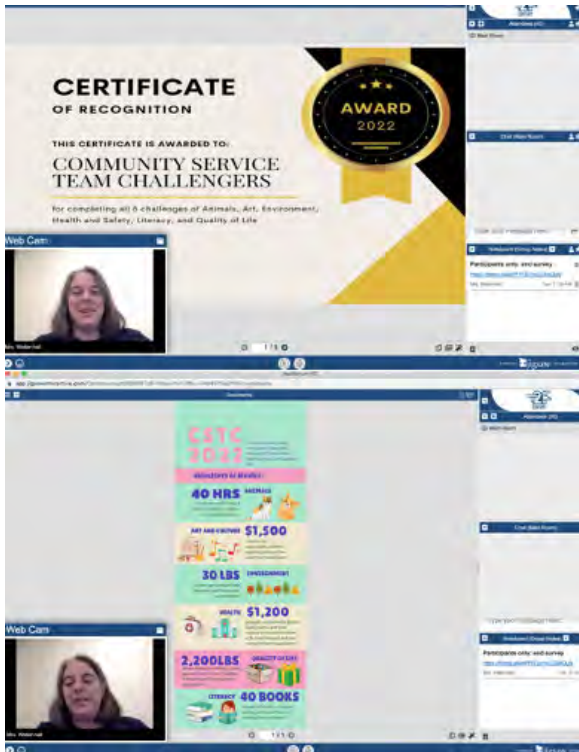

Department Field Trip: PA Farm Show

On Jan. 10, many students joined our electives department on a virtual trip to the PA Farm Show. During the virtual trip, students shared insights on various events at the farm show, such as equestrian, farming, and beekeeping, among others. Students also watched videos of exhibitors and participated in various activities with one another to learn more about agriculture in our state.

Community Outreach: Community Service Awards Ceremony

Students and staff are challenged with working in teams to accomplish various service projects within their communities starting in November 2021. In January, the many groups of participants in the service projects had an opportunity to share their achievements with one another and guests. We are very proud of the accomplishments and commitment of service shown by many 21CCCS students.

Social Awareness and School Engagement

In January, many middle school students joined a session that focused on goal setting for 2022 and having a growth mindset. 30 students attended this session.

High school students focused on developing a growth mindset in January. Using Carol Dweck's theory of Growth Mindset, students found areas in which they can grow and/or obstacles they can overcome. They shared what these are and how they can move forward and learn new skills. SASE provided them a list of strategies for growth mindset to unpack during a discussion session.

Subject 4.4 Pilot - Academic Advisor Position

Meeting Feb 8, 2022 - Board Meeting

Category 4. New Business

Access Public

Type Action

Recommended Action Recommend the Board approve an Academic Advisor Pilot, details of which are presented below.

Following analysis of the outcomes of a teacher survey conducted during the first semester of the school year, the School proposes to implement a pilot for a new role - Academic Advisor. This position will be a part time role, working 5.5 hours per day/5 days per week, with a starting rate of \$20.30/hour. The position will work remotely or from the school campus, as required.

Currently the Academic Advisor role falls within the existing Teacher's duties and responsibilities. These responsibilities do not require the incumbent in this role to hold a teaching certification. To support student success, the School is proposing to increase the amount of instructional support time a teacher has available for students by reallocating the academic advisor responsibilities to a non-certified candidate.

The pilot will be executed in the High School and Special Education teams with three (3) Academic Advisors in each team. The student caseload for each Advisor is anticipated to be 80 for the HS Academic Advisor, 30-35 for the Special Education Academic Advisor, based on the different needs in each population. Data will be collected throughout the pilot, to measure the effectiveness of the initiative.

The start date for the pilot is anticipated to be February 28, 2022 through June 3, 2022, up to a max of 68 days. Anticipated max expense for the six (6) positions in the pilot, including FICA/PSERS is \$64,954.31, which would be allocated from the fund balance.

CEO AND ADMINISTRATOR REPORTS

Outreach Event: Literature Lover's Virtual Escape Room

On February 11, over 40 students worked collaboratively in small groups to escape virtual breakout rooms. It challenged students to visit literary destinations across the globe and solve puzzles along the way.

Adventure Club: Punxsutawney Phil Pop-Up Prep Rally

In February, the Adventure Club held a virtual prep rally in preparation for Groundhog Day. The students in attendance learned about the history of Groundhog Day, how to speak Groundhogese, and discuss whether or not he's been accurate in the past.

In March, students are invited to celebrate National Backyard day with the Adventure Club. Those in attendance will join collaborative groups and be faced with search challenges for a few weeks in March.

Social Awareness and School Engagement

In February, Middle School SASE celebrated the 100th day of school with various activities and about 90 students attended the celebration. SASE hosted its second Poetry Cafe where 20 students wrote poems they created on their own; several teachers and students attended to support these poets! On Valentine's Day, middle school students contributed positive love or friendship messages on the "inspirational quotes" board in Moodle. Finally, in celebration of Black History Month, students are learning about influential people of color from our history and quotes these people live by in a Friday morning segment called, "People of the Day." Around 100 students have attended each week.

In High school a brief documentary on Black History month that highlighted some people the students may not have heard of was created. Students named someone they may know of or have heard of that they would like to add to the list of black individuals who have contributed to the progress of our society. It included anyone they know presently or someone they may have read about or heard of in their community.

January Graduate Diploma Pickup

January graduates were invited to celebrate their achievement by visiting the West Chester or Murrysville office locations to pick up their diploma. Fourteen graduates participated in this event, many with family and friends in attendance. January graduates are invited to attend the formal graduation ceremonies in June.

[January Graduation](#)

NHS / NJHS

73 students have been admitted to NHS and NJHS for the 2021-2022 school year. 43 students were accepted to NHS and 30 to NJHS. Induction ceremonies at the West Chester office and near the Murrysville office will be held respectively on March 16 and March 9.

Summer School 2022

Summer school registration opens on April 22, 2022 for all courses and closes on May 5, 2022 for original credit courses and June 16, 2022 for course recovery and credit recovery courses. Original credit courses begin on May 9, 2022 and credit recovery and course recovery courses begin on June 20, 2022. All courses will close on August 1, 2022.

Student Spotlight

Gillian (Sophomore) was recognized by the US Equestrian Program for her accomplishments as a young equestrian. With the freedom and flexibility at 21CCCS, she can commit the time to travel and work with two excellent trainers. Not only does she have the opportunity to ride upper-level horses to train her, but she can also spend more time with her horse. She wants to join a college show team and compete in rated shows alongside professional horses and people, and hopes to have a career that will include horses.

Maya (Senior) is a dedicated ballet student. She says that being a ballet dancer has helped her mature. It has also made her very independent in motivating and pushing herself to finish all of her school assignments and stay on track. Maya adds "I like that 21CCCS gives me the independence to get all of my work done, and the schedule is very flexible. 21CCCS allowed me to attend a more intense ballet program and has allowed me to focus more on my ballet training." Her ultimate goal is to work for a ballet company and become a professional ballet dancer.

Type Action (Consent)

Recommended Action Recommend the Board approve the estimate for the camera upgrades provided by Logic. for our Murrysville and West Chester offices for a total cost of \$49,236.05, copies of which are attached. The project will be funded as part of Committed Fund Balance - Technology - Infrastructure.

The camera upgrades to the West Chester and Murrysville buildings will greatly improve the overall security posture of those sites. Murrysville currently does not have cameras at the entrances. The addition of the four cameras will provide coverage for both entrances and enable the receptionist to see activity at the entrances from the reception desk. The West Chester site currently has cameras located only at the building entrances. The upgrade will provide 360° coverage around the building. Both sites will be managed by the same cloud interface which has additional capabilities as well. The cloud dashboard allows for real time alerts, smart searches and time and date syncing for viewing incidents across multiple cameras.

Recommended Action	Recommend the Board approve the updated contract between 21CCCS and West Chester Rustin High School for graduation to be held on June 3, 2022 at a cost of \$225.00, a copy of which is attached.

This contract has been reviewed by our solicitor and was approved at the February 8, 2022 Board Meeting. However, the WC Rustin High School did not accept the solicitor's suggestions which detailed their staff all having clearances and cancellation of the venue within 24 hours of the event. Dr. Matthew Flannery has reviewed the contract without the proposed added language has suggested that we could proceed with the venue of West Chester Rustin High School for our graduation ceremony without the added language in the contract.

Subject 4.4 New Positions SY 2022-2023 - Teaching Assistant

Meeting	Mar 8, 2022 - Board Meeting
Category	4. New Business
Access	Public
Type	Action
Recommended Action	Recommend the Board approve the addition of two new full time Teaching Assistant positions, as presented below.

Two temporary, full time teaching assistant (TA) positions were created to support the Special Education students and teachers in the 2020-2021 school year. These temporary positions were extended through the 2021-2022 school year. These positions are 10-month/195 day assignments following the academic school calendar.

Salary grade - 2 (\$29,690.90-\$42,376.27)

Class - Support

The special education department relies heavily on TA support. The TA's serve as advisors, in-class support for students, virtual office support for students, and one-on-one support for students. All of the TA's have a full workload based on current enrollment.

It is recommended to make these positions permanent with the start of the 2022-2023 school year.

Executive Content

A student, Nicholas Welte (9th Grade), is unable to attend school for the remainder of the 2021-2022 SY. This will require us to keep him in our enrollment count, but he will not be a participating student. As such, 21st Century Cyber Charter School will not be receiving funds from the home school district, Central Bucks School District. A note from B. Kenneth Nelson, M.D. regarding Nicholas Welte is attached.

Below is a portion of Act 16 with relevant language pertinent to this matter:

Effective with the 2020-2021 school year, Act 16 states, a child must comply with compulsory attendance requirements from age 6 to age 18. The term "compulsory attendance" refers to the mandate that all children of compulsory school age having a legal residence in Pennsylvania must attend a day school in which the subjects and activities prescribed by the standards of the State Board of Education are taught in the English language, **except in the following situation(s)** found in sections 1327, 1327.1, and 1330 of Pennsylvania's Public School Code (School Code):

- Children who have been examined by an approved psychological professional and identified to be unable to profit from further public school attendance and excused by the school board.

2022-2023 Proposed General Fund Budget

Loree Marchese, our Business Administrator, will present the proposed 2022-2023 General Fund Budget for review. A copy of the presentation and 2022-2023 General Fund Budget is attached.

Social Awareness and School Engagement (SASE)

After a survey was sent out to middle school students regarding SASE, there was interest in students leading events. In March, two students put about 8 hours in to lead an event on tips to being a successful cyber student. This event reached about 70 students.

In high school, we highlighted some women who made a difference in the world. We included Bessie Coleman, the first African American woman to hold a pilot's license, and Frida Kahlo, a Hispanic artist whose art spoke to hispanics, gender fluidity, and social issues.

Adventure Club: National Backyard Day

In March, students were invited to celebrate National Backyard day with the Adventure Club. Those in attendance joined collaborative groups and were faced with search challenges for a few weeks in March.

In April, the Adventure Club will host a trip to a Philadelphia Phillies game.

School Event: NHS/ NJHS Induction Ceremonies

In March, induction ceremonies were held for our newest members of the National Junior Honor Society and National Honor Society. Twenty nine members joined the in-person ceremonies, while others joined through a live-stream.

Math Department Event: Pi Day

In March, our math department celebrated Pi day with students in-person at our West Chester and Murrysville offices. Students learned about the history of Pi Day, played math related games, and even made pies.

Community Outreach: Trivia Challenge

In March, students were invited to face teachers in a trivia challenge, both virtually and in-person. For those attending in-person, a work session was held for students to complete coursework with their teachers.

In-Person Work Session

On March 18, many students joined an in-person work session at our West Chester office. Students played some games to interact with their classmates, then worked with teachers on coursework.

Department Event: Virtual Social Studies Trip

On March 29, all students were invited on a virtual trip to the Ronald Reagan Presidential Library, hosted by Mr. Driscoll and Ms. Roth. During this virtual tour, students received an inside look at the library while also learning about the democratic process.

In April, the Social Studies department is hosting an in-person trip to the Museum of the American Revolution.

Prom

A junior/ senior prom will be held at two locations on June 2, 2022.

- Coatesville Country Club
- Westmoreland County Community College

Graduation

We are planning to hold in-person graduation ceremonies this year:

Student Spotlight

Robby (Sophomore) volunteers as a firefighter in his community and got a chance to fight his first fire a few weeks ago. He was on scene for two hours fighting the fire and helping to roll hose after hose until the fire was out. His father says that it doesn't matter where in our area or abroad, kids need to help, and he encourages other students to help in their community in a positive manner.

Melody (Sophomore) competed in National History Day and her focus was on the impact of television on the 1960 Presidential Election. She came in First Place for Regionals and will now compete in the State competition in May at the University of Scranton.

Meeting Apr 12, 2022 - Board Meeting

Category 3. Consent Agenda

Access Public

Type Action (Consent)

Recommended Action Recommend the Board approve the replacement of the School's current recruitment and candidate management portal with Frontline Education for a total cost of \$7,200, a copy of which is attached.

The School is recommending replacing the existing candidate management portal from Powerschool (TalentEd) with Frontline Education's Applicant Tracking portal. The Frontline Education platform provides additional system functionality and enhanced workflow efficiencies over the existing platform used by the School.

The annual cost of subscription for the Frontline platform also includes access to Proactive Recruiting, a web-based service that permits employers to advertise and engage with additional candidate pools (eg. Teachers-Teachers.com, K12jobspot.com).

One time implementation fee - \$3,000, to be expensed in SY 2021-2022, from existing HR budget.
One-year subscription to Applicant Tracking - \$4,200. (07/01/2022-06/30/2023)

Implementation timeline - eight to ten weeks from Board approval.

Meeting	May 10, 2022 - Board Meeting
Category	1. Meeting Opening
Access	Public
Type	Report

Dr. Monica Frank

We would like to congratulate our High School Principal, Dr. Monica Frank, for completing her doctorate and defending her dissertation.

2022-2023 Proposed General Fund Final Budget

Loree Marchese, our Business Administrator, will present the 2022-2023 General Fund Final Budget, which was originally presented at the April Board Meeting. The 2022-2023 General Fund Budget is included in the Consent Agenda for review and approval. A copy of the presentation is attached.

ATSI Plan

Although we are currently in year 3 of our ATSI Plan, PDE has made no new classifications or re-designations for schools, and required schools to extend their current plans for one more year. This year's plan has been developed within our School's leadership team, and shared out with 15 members of the School's ATSI Plan Steering committee which is made up of School administration, Board members, teachers, Counselors, Parents, Business Representative and Students. The plan addresses the following four priority challenges:

- Graduation Rate
- Engagement
- Mathematics/Algebra Achievement
- Multi-Tier System of Supports (MTSS)

The plan is required to be submitted to PDE for approval no later than June 30, 2022 and is on our Consent Agenda for Board review and approval.

Policies and Administrative Regulations

An audit of all 21CCCS Policies and Administrative Regulations has been completed to ensure the title of Human Resources Manager has been changed to Director of Human Resources.

Educational Journey Survey

The Educational Journey Survey was sent out seeking students' and parents' participation to understand their educational perspectives and learn about their decision to join the 21st Century community. As an incentive, anyone who participated in the survey was entered into a drawing, and one parent and one student had a chance to win Alexa Echo Dot. Sharon was our parent winner (senior student) and Anna (freshman) was our student winner.

Student Recognition

Christopher, a senior, completed his Eagle Scout project at McConnell Mill State Park by building multiple stone-filled steps along the Alpha Point Trail. The steps made a significant improvement over what was there as the hill's steepness led to potential falls and injury to hikers.

Arielle, a senior, received The Platt Evans Scholarship which is a full tuition and housing college scholarship for golf caddies attending Penn State University. Arielle has demonstrated a strong caddie record, excellent academics and outstanding character.

Madison, a senior, will be attending the University of Pittsburgh Honors College and was awarded the Chancellor's Scholarship, which is one of the University's most prestigious awards, a full ride merit scholarship.

Nolan, a senior, will be attending Bloomsburg University where he received the Board of Governor's Science and Technology Scholarship. This prestigious award will cover the cost of undergraduate tuition for all four years where Nolan will earn his Bachelor of Science in Nursing. His future plan is to further his education to become a Nurse Anesthetist.

Student Achievement Ceremony

Award Certificates will be sent to each student that was featured in this school year's board agendas in recognition of their dedication and efforts in addition to their academic success with 21CCCS.

Social Awareness and School Engagement (SASE)

In April, MS and HS SASE coordinators conducted a Cultural Celebrations of Spring Celebration where students learned about different holidays celebrated amongst different cultures during the Spring months. In middle school, students began hosting daily announcements 3x/week, and there was an Earth Day event on 4/22.

Adventure Club: Phillies Game

In April, the Adventure Club hosted a trip to a Philadelphia Phillies game.

Community Outreach: Library Outreach

In April, students were invited to attend a school outreach event at 8 different libraries. Teachers and staff challenged students with activities such as scavenger hunts and Reading Without Walls while also working with students on their coursework.

Department Trip: Social Studies

The social studies department held a field trip to the Museum of the American Revolution in April.

Department Event: ELA Reading Without Walls Challenge

Over the course of five in-person and virtual events in April, the English department held a Reading Without Walls Challenge. These challenges focused on promoting diversity and inclusivity through reading.

A promotional poster for the 'Reading Without Walls' challenge. On the left, there is a graphic of a stack of books with the title 'DIVERSIFYING READING' on the spine. The main text on the right reads: 'READING WITHOUT WALLS. Join the English Dept. in promoting diversity & inclusivity through reading!'. Below this, it lists 'How to participate:' with two main steps: 1. Read a book about: (a) a character who doesn't look like you or live like you, (b) a topic you don't know much about, (c) a format you don't normally read (graphic novel, audiobook, poetry, etc.); 2. Complete and submit the template about your book and experience. At the bottom, a blue box contains the text: 'Kickoff Event: Monday, April 4th at 11:30 am in the Auditorium VO'.

Department Trip: Science

On April 5, many students joined science teachers in both offices to celebrate Science Day. Students explored the science of energy through several hands-on activities including paper roller coasters, paper circuits, and solar ovens. Along with science activities, many students attended an in-person work session at the offices immediately after.

School Event: Earth Day

On April 21, students attended in-person work sessions in both offices. Students learned about and completed activities to celebrate Earth Day as well as had an opportunity to focus on school work with some of their teachers.

Recommended Action Recommend the Board approve the hire of Summer/Seasonal part time help for Summer 2022.

Each summer, additional help is needed in the Warehouse to support the receiving, cleaning and re-inventory of the increased volume of returned school assets, as well as process them for shipping out to students who are enrolled for the 2022-2023 school year. For the summer of 2022, the anticipated need for support is up to 636 hours which will be spread through the weeks between June 6-August 18.

The work to be performed includes, but may not be limited to, unpacking shipments of returned assets, sorting, cleaning and prepping school assets for re-deployment. Student supplies/kits will be prepared as needed to support coursework in certain classes. In late July and August, student assets will be shipped out to students who have confirmed their enrollment/re-enrollment for the 2022-2023 school year.

Since 2014, the hourly rate has remained at \$10/hour. It is proposed that the rate be increased to \$15/hour to be competitive with other organizations in the area that also offering that same rate. The anticipated maximum wage expense at this new rate would be \$9,540.

It is proposed to recruit from 21CCCS students who can commute to the West Chester campus as well as external candidates (if needed.)

These action items are routine and should not require discussion by the Board. However, if any board member wishes to discuss an item, they may request to remove it from the consent agenda.

Procedural: 1.2 Notification of Recording

Procedural: 1.3 Pledge of Allegiance

Information: 1.4 Executive Session Announcements

Report: 1.5 CEO and Administrator Reports

After the presentation by Monica Frank and Ashley Cooke regarding the proposed graduation requirements beginning with the 2022-2023 SY, Mollie Burnett questioned as to whether the 4th credit of Math could be opened to High School Electives. Monica Frank indicated they had researched other schools and there were some schools that opened the 4th credit to Electives and other schools who only opened the 4th credit to Math, Science or Social Studies. Our proposed change was to keep the 22 credit requirement, while opening the 4th Math credit to Math, Science or Social Studies at this time. Mollie Burnett indicated she was in full support of this decision. Dr. George Fiore echoed her sentiment and with his past experience as a High School Principal, he loved the idea of student choice and thanked the team for the student centered approach, while keeping the academic vigor.

Type Report

Student Events

In May and June, a total of seven student events were held to end the 2021-2022 school year. These events included the junior/senior prom, Knoebels Amusement Park, Pittsburgh Zoo, a summertime sendoff field day, an escape room, the Churchville Nature Center, and a school assembly featuring a local graphic artist.

SASE

In May, MS SASE hosted a teacher appreciation event for students and teachers. Also, students and teachers voted on the MS theme for the 2022-2023 school year. Finally, 8th graders got to experience what it will be like to be in high school for a day in the "Road Trip to 9th Grade" event.

Graduation

We held two graduation ceremonies this year. The commencement ceremonies for the 21CCCS Class of 2022 were conducted at Bayard Rustin High School at 7:00 p.m. on June 3, 2022 and at Westmoreland County Community College at 7:00 p.m. on June 6, 2022. A total of 137 of the 252 graduates participated in the ceremonies, 89 at Rustin High School and 38 at Westmoreland County Community College. Of the 2021 graduates, 52 completed all academic requirements in January. Additional students are anticipated to graduate following the summer school session.

Back to School Night

21CCCS will hold a Virtual Back to School Night on Monday, August 22, 2022. Students and parents will have an opportunity to meet their academic advisors and teachers. Students and families will have an opportunity to become familiar with the Virtual Office, meet classmates, and see an overview of what to expect at Orientation and the beginning of the year.

Quarter 4 Honor Roll

Distinguished Honors: 364

High Honors: 103

Honors: 153

Student Recognition

Michael (12th Grade) has obtained his 1st Degree Black Belt in karate. The flexibility of his schedule at 21CCCS offered him the opportunity to work longer hours in improving his skills as he approached the black belt test. He says the teachers and counselors at 21CCCS were extraordinarily supportive of him in both the challenges that he faced as well as his success in earning the black belt.

Special Education Count

Accurate data for the 2022-2023 SY cannot be calculated until after the rollover of students moving to the next grade level, which does not occur until after summer school grades are complete. Accurate data for the beginning of the 2022-2023 SY will be presented at the September 2022 Board Meeting.

Our Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:

Guidelines

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

AP School Summary

42 students took a total of 61 AP exams. A 3 or higher was earned on 84% of the tests.

Back to School Night

21CCCS held their Virtual Back to School Night on Monday, August 22, 2022. Students and parents had an opportunity to meet their academic advisors and teachers. During the hour, they became familiar with the Virtual Office, met classmates, and were given an overview of what to expect at Orientation and the beginning of the year. We were pleased that 341 students and parents attended.

Summer School

21CCCS provided summer school courses to students and school districts throughout the Commonwealth of Pennsylvania. This year we offered 30 original credit courses and 21 credit recovery courses. Along with the high school offerings, 21CCCS offered 12 course recovery courses for middle school students. Total enrollment was 415 seats for 239 students. 68% or 283 seats earned a passing grade this year. There was a continued focus on students who were credit deficient. Following summer school, 26 seniors earned enough credits to meet graduation requirements.

2022-2023 Enrollment Data

For 2022-2023, 1,231 students started on the 1st day of school, 353 less (-22%) students than 2021-2022.

Our Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:

Guidelines

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Subject	4.6 Home Visit - Stipend Proposal
Meeting	Oct 11, 2022 - Board Meeting
Category	4. Consent Agenda
Access	Public
Type	Action (Consent)
Recommended Action	Recommend the Board approve the use of Committed Fund Balance School Wide Initiatives for a Home Visit Stipend for staff members as detailed below.

Expected staff to complete home visits:

- 5 stipends
 - All filled: John W., Estella G., Kera R., Allan M. (x2)
 - Home visits focused on non-truancy concerns
 - \$1,188 per stipend, which is about eight ½ day trips per year
 - 4 hrs per trip + 30 mins prep and filing
 - Travel causes significant variability in the number of home visits that can be completed. Generally, between 2-4 home visits are scheduled in a trip.
- 2 home & school liaisons
 - Both vacant
 - Home visits focused on truancy concerns
 - Initiated at 5th unexcused absence

Data from 2021-2022

- 126 home visits were requested by staff, and approved by supervisors, that were not initiated due to truancy concerns
 - At 3 home visits per trip, 5 stipend positions are anticipated to complete 120 home visits in 22-23
 - This number is variable
- 327 students reached at least a level 4 truancy

Benefits of offering additional home visits from staff outside of their work day:

- Some home visits are requested to be completed ASAP. They may not be able to be completed by the home visit team due to location, schedules
- H&S Liaison positions are vacant, and we would like home visits to be completed for all students who reach at least 5 unexcused absences
 - Home visits are not required by code, but is an intervention we would like to continue to implement prior to referring to CYS or filing a citation

Proposal

- We are anticipating a large portion of the anticipated 5th or more unexcused absences to occur in quarter 1. This is due to us shifting to daily attendance rather than weekly attendance.
 - Using 21-22 data, this means we have a need to complete about 82 home visits until we hire 2 H&S Liaisons

- BUT as of 10/6/22, there are 70 students who have accrued 5 or more unexcused absences.
 - This is a need of 40 trips, completing 3 home visits per trip
 - Using 4 hours (½ day) as a baseline, there is a need for:
 - 40 trips x 4 hrs per trip = 160 hrs
 - \$33/ hr x 160 hrs =\$5,280
 - Additional costs of rental and/or gas or mileage
 - This is to complete home visits for attendance purposes only
- Allot 30 minutes for prep & follow up per visit
 - Reaching out to family & scheduling
 - Preparing letters
 - Gathering information from stakeholders, as needed
 - Determining logistics (car, travel route)
 - Completing the home visit summary form, logging in SIS, & uploading in SIS

These action items are routine and should not require discussion by the Board. However, if any board member wishes to discuss an item, they may request to remove it from the consent agenda.

Student Activities

Adventure Club: Cherry Crest Farms

On October 20, 2022, students joined the Adventure Club on a trip to Cherry Crest Adventure Farm. The trip included an adventure through a 5-acre corn maze, an educational tour of the farm's facilities, and the opportunity to learn about agriculture and slingshot trajectories.

Field Trip: Back to School Picnics

We held our annual back to school picnics near our Murrysville and West Chester offices on September 30, 2022. We had 94 students, in addition to family members, join us for this event.

Field Trip: Carnegie Museum of Natural History

On October 21, 2022, 18 students attended a trip to the Carnegie Museum of Natural History in Pittsburgh. Students were challenged with a scavenger hunt while exploring the museum in a guided tour.

Social Awareness and School Engagement

In September, middle school and high school SASE celebrated Attendance Awareness Month where students signed a pledge to commit to attendance. Also, they completed a SEL bingo card that had tasks to challenge social and emotional learning skills.

In October, middle and high school students had separate poetry cafes where students read poems they wrote. Additionally, middle school celebrated "world smile day" as a group in an event using their cameras to show things that made them smile, and completed a group activity celebrating the world series at the end of the month.

Subject 4.8 CEO Salary - 2022-2023 SY

Meeting	Nov 8, 2022 - Board Meeting
Category	4. New Business
Access	Public
Type	Action
Recommended Action	Recommend the Board approve the proposed increase in salary for the CEO for the 2022-2023 school year. This will be a roll call vote.

Executive Content

The CEO/Director Compensation Plan, Section V Salary and Benefits (#3) states:

Provided that the CEO is rated minimally at a proficient level, he shall receive a base salary in accordance with the Pennsylvania Special Session Act 1 of 2006 ("Act 1") index limited by not more than 4% each year and no less than 2% of the Agreement effective July 1 for each subsequent year.

In Appendix B, Section Salary/Compensation Plan, #3 states:

Any additional salary adjustments or increases are not guaranteed and are at the sole discretion of the Board of Trustees.

Following the annual evaluation of the CEO for the 2021-2022 school year, the defined compensation plan allows for 3.4% salary increase. The Board proposes a 4% increase in salary for the 2022-2023 school year.

Executive Content

The Full time Confidential Secretary resigned on 8/10/2022. We have had difficulty recruiting for this position and the position is still currently open with no prospects.

21CCCS Board entered into a recruiting agreement with SOS on 10/11/2022 (attached) to assist with this position. We have identified a candidate through this process and would prefer to hire the candidate through SOS as their direct hire. We currently have an agreement with SOS that was board approved on 5/10/22 (attached - 5/10/22 - 6/30/24) for our Facilities Manager.

Recommendation would be to approve an addendum to the board approved contract from 5/10/22 to add the PT Confidential Secretary position staffed by SOS. The hourly rate for the new hire is \$23.18 (# hours 1495 fo a full year x \$23 = \$34,654.10 The markup of 40% to SOS is less than expenditures the school would incur as our direct hire for PSERS (35.26%) and FICA (7.65%) totalling 42.91%.

The range for our posting is \$23.18 - \$27.36.

Annual Food Drive

The staff at 21CCCS held their annual food drive to support the Chester County Food Bank and the Westmoreland Food Bank. A total of 2,951 pounds of food were donated! Special shout out to the staff and volunteers of both food banks for the wonderful work they do every day in supporting our communities.

Angel Tree

Each year, during the holiday season, we participate in supporting 21cccs families in need who are experiencing a financially difficult time. This year, we raised \$1,605.00 with the help of our administrators, teachers and staff. We were able to purchase gift cards to support and bring light to the 22 families in need during this 2022 holiday season.

Student Activities

Adventure Club: Hawk Mountain

On November 17, 2022, over 22 students as well as parents and siblings joined the Adventure club on a hike at Hawk Mountain. Students had an opportunity to get up close and personal with birds of prey at Hawk Mountain Sanctuary. After the presentation, students went on a guided hike around the sanctuary.

Outreach Event: Halloween Spooky Session

Students were invited for an in-person work session at the 21CCCS West Chester building in October.

Field Trip: Alice in Wonderland

On November 30, students were invited to a showing of Alice in Wonderland at the People's Light and Theater in Malvern.

Social Awareness and School Engagement

In November, middle school students celebrated kindness day by sharing ways they can spread kindness. Middle and high school students participated in a Veteran's Day assembly where they wrote letters to veterans that were mailed to Operation Gratitude, while also honoring service men and women in their lives. Finally, a 21CCCS student led a "Meet the Author" event regarding a book he got published from his Creative Writing class.

Recommended Action	Recommend the Board approve the contract with Infinite Campus for the 2022-2023 and 2023-2024 SY for the total amount of \$87,553.40, a copy of which is attached, pending legal review. A breakdown of the fee is below.

Infinite Campus will provide a cloud hosted student information system. 21CCCS has utilized FileMaker Pro as its student information system since the school's inception. FileMaker Pro has served us well, but we have outgrown this solution and need a more robust SIS.

The breakdown of the fee is as follows:

The initial cost is \$52,990.00 and will be paid from our Board approved Committed Fund Balance.
The annual fee of \$34,563.40 will be expensed to the 2023-2024 SY Information Technology Budget.

Infinite Campus was selected through a process that included presentations & question/answer sessions by four vendors for all staff, site visits to schools using PowerSchool and Infinite Campus and feedback forms completed by various stakeholders.

This contract has been reviewed by our CEO, Business Administrator, IT Director and solicitor.

Our Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:

Guidelines

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Subject 1.6 Public Comment

Meeting Jan 10, 2023 - Board Meeting

Category 1. Meeting Opening

Access Public

Type Procedural

Per Policy 0006 Meetings:**Public Participation**

At each public Board meeting, prior to official action by the Board, an opportunity shall be provided for public comment, in accordance with law and Board procedures and policy.

Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:**Guidelines**

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Subject **5.2 Restructuring of Positions - Technology & Warehouse Departments**

Meeting Jan 10, 2023 - Board Meeting

Category 5. New Business

Access	Public
Type	Action
Recommended Action	Recommend the Board approve the proposed restructuring of the current approved positions in the Technology and Warehouse Departments to support operations.

Background

Current approved positions in the Technology department include the following, with position control#'s:

Two (2) full-time tech help desk positions, which have been filled by four part-time employees [TECHHD-1, TECHHD-2] These positions are 195-day. One position is open.

Four (4) full-time tech support positions that are filled at either a Tech Support Assistant (Tier I), Tech Support Specialist (Tier II) or Lead Tech Support (Tier III) level. [TECH-1, TECH-2, TECH-3, TECH-4]. These are all 260-day positions. All positions are filled.

One (1) full-time Warehouse Tech Support [TECH-5] This 260-day position is open.

Recommendation:

It is recommended to eliminate TECHHD-2, and re-classify TECHHD-1 from a full-time position to a part-time position working up to 29 hours/week.

It is further recommended that TECH-5 be eliminated. The warehouse duties and responsibilities from this position will be transitioned to the part-time Shipping Clerk [SHIP-2], currently a 195-day position/5.5 hours per day. The transition would enable this position to work up to 260-days/5.5 hours a day, as deemed necessary.

A new position, TECH-6 would be created. This position is anticipated to be filled as a Tech Support Assistant, salary grade 4.

Net projected salary/wages savings from this restructuring is \$35,456.

Motion & Voting

Recommend the Board approve the proposed restructuring of the current approved positions in the Technology and Warehouse Departments to support operations.

ADMINISTRATOR REPORTS

January Graduation

The 21st Century Cyber Charter School was proud to announce that 30 students completed all academic requirements in January thus allowing them to graduate early. Of the 30, 8 students participated in private ceremonies that were held in either West Chester or Murrysville offices. They will also be invited to participate in the June ceremony as well. It was a pleasure to meet the graduates and their families to share this special moment.

Student Spotlight

Max (6th grade) and Zoe (7th grade) won the prestigious 2022 Young Dancer of the Year Award in the United Kingdom for their successes as a couple in the international ballroom dance competitions during the 2021-2022 season. Max and Zoe are competitive ballroom dancers and have been training, performing, and competing together for 6 years.

This remarkable oil painting was designed and painted by one of our American History II students, Serraphine (11th Grade), who was inspired by Ms. Ms. Laura Elder's class last week on the Harlem Renaissance. She calls her stunning piece of art: *Woman*. Serraphine said in her note to Ms. Elder, "I was inspired by all the art and wanted to create something like it, but in my style. You inspired me to paint again, and I really appreciate it."

Greyson (9th Grade), Bayla (8th Grade), and Gavyn (6th Grade), own their archery business. GBG Youth Archery business was featured in the *Altoona Mirror*, and the article mentioned some of the bows the family helped create for some TV shows and movies. They say that 21CCCS helped them develop a business because they have the freedom and flexibility to pursue

their passion and work on their business during the day. They plan to continue to grow their business and create new products in the future. Find the article here: [GBG Youth Archery Article](#)

Student Activities

Field Trip: Meet a Raptor

On January 18, students were invited to meet a live raptor in a virtual meeting through the Adventure Club. They learned about different birds of prey, their anatomy, what they eat and more! The students were able to ask questions to better understand the animal and their habitat.

Field Trip: Talent Show

On January 26, 21CCCS hosted a virtual talent show. 11 students participated in the show and the acts included: singing, basketball trick shots, diving, ice skating, piano (3), rhythmic dancing, choreographed dancing, bunny tricks, and a guitar solo. The event was attended by approximately 75 students and staff.

Field Trip: Carnegie Science Center

On January 26, students were invited to explore the Carnegie Science Center with access to all of their great exhibits, including: Sports Works, Body Works, The Art of the Brick, and more. The students were able to use this experience as credit to add to their fitness log in their physical education class journal. The students had a great time exploring all of the exhibits.

Subject	1.6 Public Comment
Meeting	Feb 14, 2023 - Board Meeting
Category	1. Meeting Opening
Access	Public
Type	Procedural

Per Policy 0006 Meetings:**Public Participation**

At each public Board meeting, prior to official action by the Board, an opportunity shall be provided for public comment, in accordance with law and Board procedures and policy.

Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:**Guidelines**

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Dr. Flannery will introduce a presentation by 21CCCS staff: Middle School Math Instructional Delivery.

ADMINISTRATOR REPORTS

NHS / NJHS

44 students have been admitted to NHS and NJHS for the 2022-2023 school year. 20 students were accepted to NHS and 24 to NJHS. Induction ceremonies at the West Chester office and near the Murrysville office will be held respectively on March 1 and March 8.

Student Activities: Social Awareness and School Engagement

In February, for SASE, Middle School students celebrated Black History Month by highlighting different people each week. Students lead these presentations. The Middle School Poetry Cafe was a big success with 50 students in attendance! In High School, over 20 students read touching poetry to over 60 students.

On February 24th, we kicked off our Virtual Community Service Team Challenge - Students will team up and perform acts of service in their area. NHS students will lead each team. Participants are expected to perform community service in the following categories: Environment, Animals, Literacy, Kindness, and Donations.

Adventure Club: Urban Air

On Thursday, February 23rd Adventure Club went to Urban Air in East Norriton, PA. In total, 58 people came on the trip and enjoyed time out with friends, completed a fitness log, and met their teachers as they enjoyed all of the different activities that Urban Air had to offer.

Subject **1.5 Public Comment**

Meeting Mar 14, 2023 - Board Meeting

Category 1. Meeting Opening

Access Public

Type Procedural

Per Policy 0006 Meetings:**Public Participation**

At each public Board meeting, prior to official action by the Board, an opportunity shall be provided for public comment, in accordance with law and Board procedures and policy.

Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:**Guidelines**

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Student Activities

Social Awareness and School Engagement

In March, middle school students participated in weekly presentations to celebrate Women's History month; some of these were student-led. At the high school level, students sent in pictures, descriptions, and names of women of our past and present that have inspired them. These were recognized and celebrated throughout the month!

Junior/Senior Social

We had 9 students attend this fun filled event in West Chester on Saturday, March 18th from 10-4. The students had a work session from 10-12 and then had the opportunity to play video games, board games, and card games. There was a movie room made up of camping chairs, with string lights, stars hanging from the ceiling and a movie theater style popcorn machine. Seniors decorated their graduation caps (stickers that will go on the returnable cap) with stickers, paint, etc. and other students created graphics for decorations for use at the prom. While all of that was going on there was pizza, a nacho bar and refreshments in the cafeteria.

Summer School Information

Summer school registration for Original Credit courses opens on April 21, 2023 and closes on May 5, 2023 for courses worth 1.0 credit. For Original Credit courses worth 0.5 credits, registration closes on June 7, 2023. Original credit classes run from May 8, 2023 through July 31, 2023. Registration for Credit Recovery and Course Recovery classes opens on April 21, 2023 and closes on June 7, 2023. All courses will close on August 3, 2023.

Prom

A junior/ senior prom will be held at two locations on May 12 and May 5, 2023.

Subject **1.6 Public Comment**

Meeting Apr 11, 2023 - Board Meeting

Category 1. Meeting Opening

Access Public

Type Procedural

Per Policy 0006 Meetings:

Public Participation

At each public Board meeting, prior to official action by the Board, an opportunity shall be provided for public comment, in accordance with law and Board procedures and policy.

Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:

Guidelines

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

2023-2024 Final Budget Presentation

Loree Marchese, our Business Administrator, will present the 2023-2024 Final Budget for review.

Student Recognition

Joshua (9th Grade) built, painted, and donated a birdhouse to the Habitat for Humanity Birdhouse Auction 2023. This is the 4th year he has donated a birdhouse. This year he titled it, "A Starry Birdhouse" which was painted in the style of Vincent Van Gogh. It sold for \$3000. He broke the previous record of \$1600 for a birdhouse. He also donated an oil painting that was raffled off. To date, Joshua has raised almost \$5000 for Habitat for Humanity. He spent well over 25 hours on these projects and this will be his NJHS hours for the year.

Zoe (10th Grade) is in her 10th year of gymnastics and is a Level 8 competitive gymnast. Zoe is provided with the flexibility needed to concentrate on her training and conditioning with the ability to travel with her team during the competitive season as a student of 21CCCS.

Mia (6th Grade) has been competing on her horse since she was 6 years old. She earned 4th place for Paint Worlds in Texas last summer for the age group 18 and under with her current horse, Juicebox.

Maggie (10th Grade) recently participated in the Technology Student Association Regional Competition for Region 7. She earned 1st Place for Children's Story, 1st Place for Future Technology Teacher and 3rd Place for Promotional Design. This qualified her for the State Championship in April.

Samantha (7th Grade) received her First Degree Black Belt in Tang Soo Do martial arts in May 2022 and has competed in tournaments since she was 7 years old. She also is a student teacher at her studio since September 2022. In October 2022, Samantha was diagnosed with hip dysplasia but worked hard to continue in her sport to compete again in the Spring Tournament. She took 1st Place in

Open Hand Forms and Weapon Forms as well as 2nd Place in Sparring. This earned her the Grand Champion Award for the youth black belts for the entire region.

Ryleigh (11th Grade) has earned a trip to Tryon, NC to compete in IEA Dressage National Finals. At an IEA Show, horses are provided and the riders have a few minutes to get to know their horses and adapt to their unfamiliar mounts. Only 1 rider from each region advances in each class. In March, Ryleigh won the Varsity Open Test Class and the Varsity Open Dressage Seat Equitation at Regionals. She was also the High Point Individual Rider for the show. This will be Ryleigh's third trip to National Finals. She is graduating a year early to pursue a professional career with horses.

Natalie (12th Grade) has been a student athlete for her entire school career while maintaining Distinguished Honors. She attended several college cheerleading clinics including the Cheer Combine in the Summer of 2022, where she was recruited by 10 universities. She has officially committed to Wilmington University and will be a member of their cheer team.

Meryl (11th Grade) is a competitive dancer who has been skating for 13 years. She was in the top 10 at the 2019 U.S. Figure Skating Championship in Pairs Skating and won the 2020 U.S. National Solo Dance Virtual Championship. She is also a two-time U.S. National Solo Dance Finalist and a Triple Gold Medalist in U.S. Figure Skating Tests. She enjoys teaching recreational skating as a Learn to Skate USA Certified Coach and hopes to tour the world s a professional figure skater. Meryl says "Attending 21st Century allows me to balance my student-athlete life as it provides the flexibility I need to be successful."

Dylan (9th Grade) won the High School Golf State Championship, the only Freshman to have ever won a state championship. He won the Class 3A State Golf Championship and finished 4-under after 36 holes at Penn State's White Course. He shot a 5-under 67 in the first round. He sank a 6-foot birdie putt on the final hole to beat his opponent.

Madison (9th Grade) started riding horses 12 years ago and has competed at National Competitions. Most recently, she received the Sportsmanship Award at Pony Finals 2022. She also competes on a team for IEA.

ADMINISTRATOR REPORTS

Student Activities

Social Awareness and School Engagement:

In April, students learned about cultural celebrations of Spring. 8th graders created graphics of advice for an assembly of test taking. High school students, who have taken the Keystone tests, submitted their advice for an upcoming May Assembly.

Mural Arts Philadelphia Field Trip:

On April 11, students, families, and staff attended the Mural Arts Philadelphia walking tour of the various murals located around downtown Philadelphia. Students enjoyed works by several artists of various styles.

Community Service Team Challenge:

On April 21, students and faculty met in the Auditorium VO to celebrate the accomplishments of the students who participated in the Community Service Team Challenge. 27 students and 3 teachers participated and together, performed 52 acts of service to benefit their communities. Each team had 2 leaders who kept communication with their teammates to ensure everyone participated, then presented their accomplishments to the rest of the school in the VO.

Subject **1.6 Public Comment**
Meeting May 9, 2023 - Board Meeting
Category 1. Meeting Opening
Access Public
Type Procedural

Per Policy 0006 Meetings:**Public Participation**

At each public Board meeting, prior to official action by the Board, an opportunity shall be provided for public comment, in accordance with law and Board procedures and policy.

Administrative Regulation 7003-AR-1 (Public Participation in Board Meetings) is below:**Guidelines**

Whenever issues identified by a public participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with those policies and procedures and the organizational structure of the Charter School.

Participants must be recognized by the presiding officer and must preface their comments by an announcement of their name, address, and group affiliation if applicable.

Each statement made by a participant shall be limited to 3 minutes duration.

No participant may speak more than once on the same topic, unless all others who wish to speak on that topic have been heard.

All statements shall be directed to the presiding officer; no participant may address or question Trustees individually.

The presiding officer may:

1. Interrupt or terminate a public participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or not subject to official action or deliberation by the Board.
2. Request any individual to leave the meeting when that person does not observe reasonable decorum.
3. Request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting.
4. Call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

The portion of the meeting during which the public is invited to speak may be limited to 30 minutes.

Electronic recording devices and cameras, in addition to those used as official recording devices, shall be permitted at public meetings under guidelines established and posted by the Board.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent public documents shall be available to the public at the meetings.

Meeting May 9, 2023 - Board Meeting

Category 6. Consent Agenda

Access Public

Type Action (Consent)

Recommended Action Recommend the Board approve the renewal rates for 21CCCS Employee health insurance plans and ancillary benefits as presented.

The benefit plan renewal highlights for the 2023-24 SY are summarized below. The total annual increase is 3.1%.

- Medical/Rx will renew with existing carrier, Cigna, with no plan design change.

The rate increase was negotiated from 9.6% down to 3.5%. Moving the ancillary plans from Mutual of Omaha to New York Life realized an additional 0.5% reduction in the medical plan renewal.

- Vision (Vision Benefits of America) will renew with 0% increase, 2-year rate guarantee to 7/1/2025, no plan design changes.

- Dental (United Concordia) will renew with 0% increase, 1-year rate guarantee to 7/1/2024, no plan design changes.

- It is recommended to move the ancillary insurances Ancillary insurances (Group Term Life with an additional rider for Accidental Death & Dismemberment, Short/Long Term Disability income protection plans) to New York Life. New York Life is partnered with Cigna, which provides an additional 0.5% discount on the medical/prescription plan renewal.

The plan year for benefits runs July 1, 2023 through June 30, 2024.

Greg Grimm from our insurance broker, Exude, will be attendance at the May 9, 2022, Board meeting to answer any questions.

Meeting May 9, 2023 - Board Meeting

Category 6. Consent Agenda

Access Public

Type Action (Consent)

Recommended Recommend the Board approve hiring of Summer/Seasonal part time help for Summer
Action 2023.

Each summer, additional help is needed in the Warehouse to support the receiving, cleaning and re-inventory of the increased volume of returned school assets, as well as process them for shipping out to students who are enrolled for the 2023-2024 school year. For the summer of 2023, the anticipated need for support is up to 626 hours which will be spread through the weeks between June 5-August 18.

The work to be performed includes, but may not be limited to, unpacking shipments of returned assets, sorting, cleaning and prepping school assets for redeployment. Student supplies/kits will be prepared as needed to support coursework in certain classes. In late July and August, student assets will be shipped out to students who have confirmed their enrollment/re-enrollment for the 2023-2024 school year.

The rate approved in 2022-23 was \$15/hour and is proposed for 2023-24 to be competitive with other organizations in the area that also offer that same rate.

It is proposed to increase the current PT Warehouse Support position (current position's regular rate) to FT during this time period (Up to \$2,534) and would also recruit 2 additional positions (Up to \$7,800) to consist of 21CCCS students who can commute to the West Chester campus as well as external candidates (if needed.)

Purpose

The Board of Trustees (Board) recognizes the importance of comprehensive planning in developing and guiding the Charter School's goals, educational programs and operations. Participation by educational stakeholders is a critical element of such planning.

The Board also recognizes the requirement for providing an Annual Report reflecting the Charter School's programs and operations, in order to facilitate review by the chartering school district(s) and the Pennsylvania Department of Education.

Authority

Comprehensive Planning

The CEO shall provide guidance in the Charter School's comprehensive planning process, and shall ensure active participation by Trustees, administrators, teachers, other Charter School personnel, students, parents/guardians and representatives from local businesses and the community.

As part of the comprehensive planning process, the Board directs that the Charter School develop and implement individual plans and components as required by law, regulations, and funding and program requirements.[\[1\]](#)

The Board directs that the goals and action plans developed through comprehensive planning shall be continuously monitored and reviewed to ensure students are achieving at high levels, and to ensure compliance with the Charter School application and written Charter.[\[2\]](#)[\[3\]](#)

Professional Education -

The Charter School shall, through the comprehensive planning process, develop and submit a professional education plan to the Secretary of Education for approval every three (3) years, as required by law and regulations. Prior to approval by the Board and submission to the Secretary of Education, the professional education plan shall be made available for public inspection and comment in the Charter School's administrative office, on the school's website, online library for a minimum of twenty-eight (28) days and at the public library.[\[1\]](#)[\[4\]](#)

Induction -

The Charter School shall, through the comprehensive planning process, develop and submit an induction plan to the Department of Education for approval every six (6) years, as required by law and regulations. Prior to approval by the Board and submission to the Department of Education, the induction plan shall be made available for public inspection and comment in the Charter School's administrative office on the school's website, online library and at the public library for a minimum of twenty-eight (28) days.[\[1\]](#)[\[5\]](#)

Student Services -

The Charter School shall, through the comprehensive planning process, develop and implement a written plan every six (6) years for providing a comprehensive and integrated K-12 program of student services, as required by law and regulations. Prior to approval by the Board, the student services plan shall be made available for public inspection and comment in the Charter School's administrative office on the school's website, online library and at the public library for a minimum of twenty-eight (28) days.[\[1\]\[6\]](#)

Annual Report

The Charter School shall develop and submit an Annual Report to the Pennsylvania Department of Education and local chartering school district(s) annually by August 1, in accordance with applicable laws and regulations, and in the form prescribed by the Department of Education.[\[7\]\[8\]](#)

Special Education -

The Annual Report shall include required information on students with disabilities served by the Charter School; the Charter School's services, programs and resources for students with disabilities, including services and programs provided by outside entities; staff training in special education; and an assurance that the Charter School is in compliance with applicable state and federal laws and regulations governing students with disabilities.[\[9\]\[10\]](#)

Delegation of Responsibility

The Chief Executive Officer shall be responsible for organizing the comprehensive planning process, ensuring participation in accordance with Board policy and submitting the required plans to the Department of Education. The Chief Executive Officer and Board of Trustees Chairperson shall verify and sign the comprehensive plan.

The Chief Executive Officer or designee shall be responsible for implementing the goals and action plans developed through comprehensive planning and providing written quarterly progress reports to the Board.

The Chief Executive Officer shall be responsible for compiling the Charter School's Annual Report and submitting the final document to the Department of Education and the local chartering school district(s). The Chief Executive Officer and Board of Trustees Chairperson shall verify and sign the Annual Report.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Book	Policy Manual
Section	1000 Programs
Title	Comprehensive Planning
Code	1000-AR-1
Status	Active
Adopted	September 8, 2020
Last Revised	September 6, 2022

Comprehensive planning is the process the school uses to evaluate current programs and services, envision the school's future and develop the necessary goals and actions needed to achieve that future.

The school will develop goals, action plans and strategies through the comprehensive planning process, which will be shared with the school community.

The school engages in the comprehensive planning process for school level and school level planning, where applicable, through the online comprehensive planning platform provided by the Pennsylvania Department of Education (PDE):

<https://sites.google.com/capitalareaieu.org/compplanning/>

Comprehensive Planning Cycle

Comprehensive planning focuses on a cycle of continuous improvement that is designed to engage all stakeholders in a school community to complete a series of steps that work toward improving student achievement and outcomes. PDE outlines these steps in their comprehensive planning guidance:

1. Set the direction – Set the direction for all stakeholders by establishing goals, setting targets to measure progress, and defining the purpose for a continuous improvement process.
2. Assess needs – Use data to assess school programs and practices; include input from all community stakeholders such as students, families, educators, administrators and the Board; recognize strengths, analyze the root causes of challenges and prioritize focus.
3. Create a plan – Based on the needs assessment and root cause analysis, create a prioritized set of strategies, performance measures and action plans with steps to achieve established milestones.
4. Implement the plan – Carry out the action plans with day-to-day work and decision-making, with stakeholders holding each other accountable.
5. Monitor the plan – Discuss progress regularly, identify challenges and possible solutions, and provide regular status reports among the groups responsible for implementing action plans and school leadership. Regularly collect data and report on progress to all stakeholders.
6. Adjust course – Analyze data from implementation to assess progress and adjust actions and steps as needed to continue progress on identified goals and strategies. Monitor adjustments to determine the impact on overall goals for improving student achievement and outcomes.

Comprehensive Planning Teams

The Board and administration will establish planning teams, including a school-level planning/steering committee, school planning teams and subcommittees for identified special areas such as professional education, special education, gifted education, student services and others, where necessary. Planning teams operate under the direction of the CEO or designee.

Planning teams will complete the following steps in the comprehensive planning process:

1. Needs assessment – Review multiple measures of data, including student demographic and achievement data, school programs and processes, educator data, survey information, supplemental school plans in special areas, such as special education, gifted education, professional education and induction or others, and data from the Future Ready PA Index.
2. Priorities – Identify areas of focus from the needs assessment that will be prioritized in the plan. Each priority will be developed into an action statement to address the identified challenge.
3. Goal setting – Establish specific, measurable goals for each identified priority. Goals should identify targeted progress for each of the three (3) years in the plan.
4. Strategies – Develop or select evidence-based strategies to implement each measurable goal. Strategies must be based on local resources and capacity to implement identified interventions. Strategies could include evidence-based programs, curriculum or practices promoted at the state or federal level, or developed locally. The same evidence-based strategy may be used for more than one (1) goal.
5. Action plans – Outline the specific steps required to prepare, implement and evaluate the strategy. Establish specific staff assignments and timelines for accountability. Action plan steps include steps for professional development and communication to the school community.
6. Review – Provide stakeholders with the opportunity to review the plan and each step to ensure nothing has been overlooked and to gain broader understanding prior to implementation.

Comprehensive Plan Implementation

The CEO or designee will develop monitoring and evaluation criteria to measure progress toward achieving the goals and action plans established for the school and school-level operations, programs and services identified through the comprehensive planning process.

School employees will be given specific directions for establishing daily priorities and identifying the data to be collected to assess the attainment of goals and action plans.

Administrative and instructional staff will be held accountable for working to achieve the goals and action plans directly related to their job responsibilities and for facilitating student achievement.

Human and financial resources will be allocated and included in the school's budget and in individual schools' budgets to provide the support needed to achieve the goals and action plans identified through the comprehensive planning process.

School-Level Plans

The school will develop and submit school-level plans when required by PDE for:

1. School improvement plans for schools identified as Comprehensive Support and Improvement (CSI) schools or Additional Targeted Support and Improvement (A-TSI) schools.
2. Title I School-Wide Program plans.

Title	Independent Study
Code	1001
Status	Active
Adopted	November 17, 2015
Last Revised	September 10, 2019

The Board will consider the approval of a course of independent study for properly-qualified students, as recommended by the CEO, so that such students shall demonstrate achievement of student learning outcomes as a result of participation in independent study and may extend the learning experience begun in the classroom.

Work-Study Program

The Board approves the concept of work-study programs which are planned by the administration and which allow students to participate in such programs in instances which provide opportunities for students to enhance and not impede their regular program of studies, and to a degree compatible with budget priorities and limitations.

All work-study employment by students shall be in strict conformance with federal and state standards and regulations.

In accordance with the above, the Board directs the administration to cooperate with and to seek the cooperation of local business and labor organizations in the development, implementation, and evaluation of approved work-study programs.

Student Volunteers

Students will be encouraged to volunteer for service both to the school and to the community in areas compatible with their interests and abilities, and to a degree which enhances rather than detracts from their program of studies.

Students who volunteer for school service will be selected upon the basis of interest and competency, and accepted by the school in areas where such service can be utilized to the benefit of the student and the school.

Students will be encouraged to volunteer for public service in areas compatible with their interests and competencies, and to a degree which abets rather than detracts from their program of studies.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Guidelines

Students who have completed the tenth grade may apply for independent study in a particular academic discipline. The Principal and/or Director of Curriculum, Instruction & Assessment shall approve each course of independent study and shall designate the number of credits toward graduation to be awarded upon successful completion of each such course. Each such course of study must meet the requirements of applicable codes and regulations.

No student will be granted more than one Independent Study per school year, unless required by an Individualized Education Plan or a Gifted Individualized Education Plan.

The Independent Study shall:

1. Have learning objectives that differ from other courses that are currently offered by the school;
2. Be recorded on a student's transcripts;
3. Be graded as Pass/Fail;
4. Not be calculated in a student's GPA;
5. Be the duration of either one semester or a full year; and
6. Not contribute to fulfilling a year of credit for a graduation requirement (i.e. an independent study may not fulfill a graduation credit for math or any other subject).

Any outside adults involved in the Independent Study shall obtain and present to the School any criminal background and child abuse clearances required by law.

Authority

The Board of Trustees (Board) shall provide an equal opportunity for all students to achieve their maximum potential through the programs offered in the Charter School without discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability.[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)[\[11\]](#)[\[12\]](#)[\[13\]](#)[\[14\]](#)[\[15\]](#)[\[16\]](#)[\[17\]](#)

The Charter School strives to maintain a safe, positive learning environment for all students that is free from discrimination. Discrimination is inconsistent with the educational and programmatic goals of the Charter School and is prohibited on Charter School grounds, at school-sponsored activities and on any conveyance providing transportation to or from the Charter School or school-sponsored activity.

The Charter School shall provide to all students, without discrimination, admission/enrollment, course offerings, counseling, assistance, services, employment, extracurricular activities.

The Charter School shall make reasonable accommodations for identified physical and mental impairments that constitute handicaps and disabilities, consistent with the requirements of federal and state laws and regulations.

The Board encourages students and third parties who believe they or others have been subject to discrimination to promptly report such incidents to designated employees, even if some elements of the related incident took place or originated away from Charter School grounds, school activities or school conveyances.

The Board directs that verbal and written complaints of discrimination shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of discrimination brought pursuant to this policy shall also be reviewed for conduct which may not be proven discriminatory under this policy but merits review and possible action under other Board policies.

Discipline/Placement of Student Convicted or Adjudicated of Sexual Assault

Upon notification of a conviction or adjudication of a student enrolled in this Charter School for sexual assault against another student enrolled in this Charter School, the Charter School shall comply with the disciplinary or placement requirements established by state law and Board policy.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with this policy and the Charter School's legal and investigative obligations.

Retaliation

The Board prohibits retaliation against any person for making a report of discrimination or participating in a related investigation or hearing, or opposing practices the person reasonably believes to be discriminatory. A complaint of retaliation shall be handled in the same manner as a complaint of discrimination.

Definitions

Discriminatory Harassment

Harassment by students, employees or third parties on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, handicap/disability or for participation in reports or investigations of alleged discrimination is a form of discrimination and is subject to this policy. A person who is not necessarily an intended victim or target of such harassment but is adversely affected by the offensive conduct may file a report of discrimination on their own behalf. [\[18\]](#)[\[19\]](#)[\[20\]](#)[\[21\]](#)[\[22\]](#)[\[24\]](#)

For purposes of this policy, harassment shall consist of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance and which relates to an individual's or group's race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability when such conduct is:

1. Sufficiently severe, persistent or pervasive; and
2. A reasonable person in the complainant's position would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by the Charter School.

Sexual Harassment

Sexual harassment is a form of discrimination on the basis of sex and is subject to this policy. For purposes of this policy, sexual harassment shall consist of unwelcome sexual advances; requests for sexual favors; and other inappropriate verbal, nonverbal, written, graphic or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's status in any educational or other programs offered by the Charter School; or
2. Submission to or rejection of such conduct is used as the basis for educational or other program decisions affecting a student; or
3. Such conduct deprives a student or group of individuals of educational aid, benefits, services or treatment; or
4. Such conduct is sufficiently severe, persistent or pervasive that a reasonable person in the complainant's position would find that it unreasonably interferes with the complainant's performance in school or school-related programs, or otherwise creates an intimidating, hostile, or offensive school or school-related environment such that it unreasonably interferes with the complainant's access to or participation in school or school-related programs.

Federal law declares sexual violence a form of sexual harassment. Sexual violence means physical or sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual may also be unable to give consent due to an intellectual or other disability. Sexual violence includes but is not limited to rape, sexual assault, sexual battery and sexual coercion.

Delegation of Responsibility

In order to maintain a program of nondiscrimination practices that is in compliance with applicable laws and regulations, the Board designates the Director of Curriculum, Instruction & Assessment as the Charter School's Compliance Officer. All nondiscrimination notices or information shall include the position, office address, telephone number and email address of the Compliance Officer.

The Compliance Officer shall publish and disseminate this policy and complaint procedure at least annually to students, parents/guardians, employees and the public to notify them of where and how to initiate complaints under this policy.

The Compliance Officer is responsible to ensure adequate nondiscrimination procedures are in place, to recommend new procedures or modifications to procedures and to monitor the implementation of the Charter School's nondiscrimination procedures in the following areas:

1. Curriculum and Materials - Review of curriculum guides, textbooks and supplemental materials for discriminatory bias.
2. Training - Provision of training for students and staff to prevent, identify and alleviate problems of discrimination.
3. Resources - Maintain and provide information to staff on resources available to alleged victims in addition to the complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources including counseling resources.
4. Student Access - Review of programs, activities and practices to ensure that all students have equal access and are not segregated except when permissible by law or regulation.
5. Charter School Support - Assurance that like aspects of the school program receive like support as to staffing and compensation, facilities, equipment, and related areas.
6. Student Evaluation - Review of tests, procedures, and guidance and counseling materials for stereotyping and discrimination.
7. Complaints - Monitor and provide technical assistance to building administrators or designees in processing complaints.

The building administrator or designee shall be responsible to promptly complete the following duties upon receipt of a report of discrimination or retaliation from a student, employee or third party:

1. If the building administrator is the subject of the complaint, refer the complainant to the Compliance Officer to carry out these responsibilities.
2. Inform the complainant about this policy including the right to an investigation of both oral and written complaints of discrimination.
3. Seek to obtain consent from parents/guardians to initiate an investigation where the complainant or alleged victim is under age eighteen (18). Inform parents/guardians of the complainant that the complainant may be accompanied by a parent/guardian during all steps of the complaint procedure. When a parent/guardian requests confidentiality and will not consent to the alleged victim's participation in an investigation, explain that the Charter School shall take all reasonable steps to investigate and respond to the complaint consistent with that request for confidentiality as long as doing so does not preclude the Charter School from responding effectively to the discrimination and preventing discrimination of other students.
4. Provide relevant information on resources available in addition to the complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources including counseling resources.
5. Immediately notify the Compliance Officer of the complaint. The Compliance Officer shall assess whether the investigation should be conducted by the building administrator, another Charter School employee, the Compliance Officer or an attorney and shall promptly assign the investigation to that individual. When a parent/guardian has requested confidentiality and will not consent to the alleged victim's participation in an investigation, the Compliance Officer shall provide the parent/guardian with a letter containing information related to the Charter School's legal obligations to conduct an investigation and address violations of this policy, and any other information appropriate to the specific complaint.
6. After consideration of the allegations and in consultation with the Compliance Officer and other appropriate individuals, promptly implement interim measures as appropriate to protect the complainant and others as necessary from violation of this policy during the course of the investigation.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

The allegations involved ***[VERY BRIEF DESCRIPTION OF INCIDENT OR GENERAL INCIDENTS WITHOUT NAMING NAMES, e.g. that a fellow student reported a teacher in the school inappropriately texted your child suggesting they have dinner together; that your student reported a classmate in their math class has been touching their thigh every day and talking about how cute they are, making them uncomfortable; that a custodian reported hearing an identified group of students use racial slurs against your child; that your child reported to you that a teacher criticized your family's religion as being terroristic, etc.].***

In this discussion, you stated that you wish to maintain confidentiality and do not consent to **[STUDENT'S]** participation in an investigation. Because the Charter School has a legal obligation to address potential violations of Policy 1003, the Charter School will conduct an investigation and maintain confidentiality to the extent this is consistent with the Charter School's obligations to address and prevent violations of this policy. Any violations of policy which may be uncovered through this investigation will be addressed. The **[CHARTER SCHOOL]** prohibits retaliation against any individual who has made a complaint, and alleged victims or individuals who participate in related investigations. If at any time you wish to withdraw your request for confidentiality and have your child participate in the investigation, please notify me immediately. If at any time your child believes there have been additional violations of Policy 1003, including any retaliatory behavior, please contact me at your earliest convenience to permit the Charter School to properly address such matters. This will be treated as a new complaint with a new opportunity to determine your child's participation.

Feel free to contact me with any questions. My contact information is:

Section	1000 Programs
Title	Nondiscrimination in School and Classroom Practices
Code	1003-AR-1
Status	Active
Adopted	September 8, 2020

Complaint Procedure – Student/Third Party

Step 1 – Reporting

A student or third party who believes they have been subject to conduct by any student, employee or third party that constitutes a violation of this policy is encouraged to immediately report the incident to the Director of Curriculum, Instruction & Assessment. Any person with knowledge of conduct that may violate this policy, is encouraged to immediately report the matter to the Director of Curriculum, Instruction & Assessment.

A Charter School employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the Director of Curriculum, Instruction & Assessment, as well as properly making any mandatory police or child protective services reports required by law.

If the Director of Curriculum, Instruction & Assessment is the subject of a complaint, the complainant shall report the incident directly to the CEO.

The complainant or reporting employee may be encouraged to use the Charter School’s report form, available from the Director of Curriculum, Instruction & Assessment, or to put the complaint in writing; however, oral complaints shall be accepted, documented and the procedures of this policy implemented. The person accepting the verbal or written complaint may provide factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the right to file criminal charges. In all other respects, the person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or those accused of a violation of this policy.

Step 2 – Investigation

The Compliance Officer (Director of Curriculum, Instruction & Assessment) shall ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination issues and this policy and how to conduct investigations.

The investigator shall work with the Compliance Officer to assess the anticipated scope of the investigation, who needs to be interviewed and what records may be relevant to the investigation.

The investigator shall conduct an adequate, reliable and impartial investigation. The complainant and the accused may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from Charter School property, school-sponsored activities or school conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians and witnesses shall be

informed of the prohibition against retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Compliance Officer, who shall promptly inform law enforcement authorities about the allegations.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a short delay in fulfilling the Charter School's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation.

Step 3 – Investigative Report

The investigator shall prepare and submit a written report to the Compliance Officer within twenty (20) days of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated this policy and of any other violations of law or Board policy which may warrant further Charter School action, and a recommended disposition of the complaint. An investigation into discriminatory harassment or sexual harassment shall consider the record as a whole and the totality of circumstances in determining whether a violation of this policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the accused shall be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written report to the extent authorized by the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The accused shall not be notified of the individual remedies offered or provided to the complainant.

Step 4 – Charter School Action

If the investigation results in a finding that some or all of the allegations of the complaint are established and constitute a violation of this policy, the Charter School shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The Charter School shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the Charter School or school program environment. Charter School staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of this policy, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary.

Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and administrative procedures, and state and federal laws.

Appeal Procedure

1. If the complainant or the accused is not satisfied with a finding made pursuant to the policy or with recommended corrective action, they may submit a written appeal to the Compliance Officer within fifteen (15) days. If the Compliance Officer investigated the complaint, such appeal shall be made to the Chief Executive Officer.
2. The individual receiving the appeal shall review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

3. The person handling the appeal shall prepare a written response to the appeal within twenty (20) days. Copies of the response shall be provided to the complainant, the accused and the investigator who conducted the initial investigation.

Title	Nondiscrimination - Qualified Students With Disabilities
Code	1003.1
Status	Active
Adopted	March 10, 2015
Last Revised	March 10, 2020
Prior Revised Dates	January 15, 2019

Authority

The Board of Trustees (Board) shall ensure that all Charter School programs and practices are free from discrimination against all qualified students with disabilities. The Board recognizes its responsibility to provide academic and nonacademic services and programs equally to students with and without disabilities. [\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)[\[11\]](#)[\[12\]](#)[\[13\]](#)

The Charter School shall provide to each qualified student with a disability enrolled in the Charter School, without cost to the student or parent/guardian, a free and appropriate public education (FAPE). This includes provision of education and related aids, services, or accommodations which are needed to afford each qualified student with a disability equal opportunity to participate in and obtain the benefits from educational programs and extracurricular activities without discrimination, to the same extent as each student without a disability, consistent with federal and state laws and regulations.

The Board encourages students and parents/guardians who believe they have been subjected to discrimination or harassment to promptly report such incidents to designated employees.

The Board directs that complaints of discrimination or harassment shall be investigated promptly, and corrective or preventative action be taken for substantiated allegations.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be maintained, consistent with the Charter School's legal and investigative obligations.

Retaliation

The Charter School shall not intimidate, threaten, coerce, discriminate or retaliate against any individual for the purpose of interfering with any right or privilege secured by this policy.

Definitions

Qualified student with a disability - a student who has a physical or mental disability which substantially limits or prohibits participation in or access to an aspect of the Charter School's educational programs, nonacademic services or extracurricular activities. [\[14\]](#)

Section 504 Team - a group of individuals who are knowledgeable about the student, the meaning of the evaluation data and the placement options for the student. This could include, as appropriate, documentation or input from classroom teachers, counselors, psychologists, school nurses, outside care providers and the student's parents/guardians.[\[12\]](#)

Section 504 Service Agreement (Service Agreement) - an individualized plan for a qualified student with a disability which sets forth the specific related aids, services, or accommodations needed by the student, which shall be implemented in the Charter School, in transit to and from the Charter School, and in all programs and procedures, so that the student has equal access to the benefits of the Charter School's educational programs, nonacademic services, and extracurricular activities.

Disability harassment - intimidation or abusive behavior toward a student based on disability that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services, or opportunities in the Charter School's educational programs, nonacademic services, or extracurricular activities.

Delegation of Responsibility

In order to maintain a program of nondiscrimination practices that is in compliance with applicable law and regulations, the Board designates the Principal as the Charter School's Section 504 Coordinator.[\[15\]](#)

The Charter School shall publish and disseminate this policy and complaint procedure on or before the first day of each school year by posting it on the Charter School's website and in the student handbook. The Charter School shall take appropriate steps to notify parents/guardians of students applying to or enrolled in the Charter School of the Charter School's responsibilities under applicable law and regulations, and that the Charter School does not discriminate against qualified individuals with disabilities.[\[16\]](#)

Guidelines

Identification and Evaluation

The Charter School shall conduct an annual child find campaign to locate and identify every student with a disability, applying to or enrolled in the Charter School, thought to be eligible for Section 504 services and protections. The Charter School may combine this search with IDEA child find efforts, in order to not duplicate efforts.[\[16\]](#)

If a parent/guardian or the Charter School has reason to believe that a student should be identified as a qualified student with a disability, should no longer be identified as a qualified student with a disability, or requires a change in or modification of the student's current Service Agreement, the parent/guardian or the Charter School shall provide the other party with written notice.[\[17\]](#)

The Charter School shall establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need related services because of a disability.[\[17\]](#)

The Charter School shall specifically identify the procedures and types of tests used to evaluate a student, and provide the parent/guardian the opportunity to give or withhold consent to the proposed evaluation(s) in writing.[\[17\]](#)

The Charter School shall establish procedures for evaluation and placement that assure tests and other evaluation materials:

1. Have been validated and are administered by trained personnel.
2. Are tailored to assess educational need and are not based solely on IQ scores.
3. Reflect aptitude or achievement or anything else the tests purport to measure and do not reflect the student's impaired sensory, manual or speaking skills (except where those skills are what is being measured).

Service Agreement

If a student is determined to be a qualified student with a disability, the Charter School shall develop a written Service Agreement for the delivery of all appropriate aids, services, or accommodations necessary to provide the student with FAPE.

The Charter School shall not implement a Service Agreement until the written agreement is executed by a representative of the Charter School and a parent/guardian.

The Charter School shall not modify or terminate a student's current Service Agreement without the parent's/guardian's written consent.

Educational Programs/Nonacademic Services/Extracurricular Activities

The Charter School shall educate a qualified student with a disability with students who are not disabled to the maximum extent appropriate to the needs of the student with a disability. A qualified student with a disability shall be removed from the regular educational environment only when the Charter School determines that educating the student in the regular educational environment with the use of related aids, services, or accommodations cannot be achieved satisfactorily. Placement in a setting other than the regular educational environment shall take into account the proximity of the alternative setting to the student's home.[\[18\]](#)

The Charter School shall not discriminate against any qualified student with a disability in its provision of nonacademic services and extracurricular activities, including but not limited to, counseling services, extracurricular activities, transportation, health services, recreational activities, special interest groups or clubs, and referrals to agencies which provide assistance to individuals with disabilities.[\[18\]](#)[\[19\]](#)

Parental Involvement

Parents/Guardians have the right to inspect and review all relevant school records of the student, meet with the appropriate school officials to discuss any and all issues relevant to the evaluation and accommodations of their child, and give or withhold their written consent to the evaluation and/or the provision of services.[\[20\]](#)

Confidentiality of Student Records

All personally identifiable information regarding a qualified student with a disability shall be treated as confidential and disclosed only as permitted by the Family Educational Rights and Privacy Act (FERPA) and its implementing regulations, state regulations, and Board policy.[\[21\]](#)[\[22\]](#)

Discipline

When necessary, the Charter School shall discipline qualified students with disabilities in accordance with state and federal laws and regulations and Board policies.

Referral to Law Enforcement and Reporting Requirements

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use, or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use, or sale of alcohol or tobacco; or conduct that constitutes an offense listed under the Safe Schools Act.[\[23\]](#)[\[24\]](#)[\[25\]](#)

The Chief Executive Officer or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a qualified student with a disability, including a student for whom an evaluation is pending, to the local police department that has jurisdiction over the school's property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement, and Board policies. The Chief Executive Officer or designee shall respond in a manner that is consistent with the student's Service Agreement and Behavior Support Plan, if applicable.[\[23\]](#)[\[26\]](#)[\[27\]](#)[\[28\]](#)[\[29\]](#)[\[30\]](#)

In making a determination of whether to notify the local police department of a discretionary incident committed by a qualified student with a disability, including a student for whom an evaluation is pending, the Chief Executive Officer or designee shall use the same criteria used for students who do not have a disability.[\[27\]](#)

For a qualified student with a disability who does not have a Behavior Support Plan as part of the student's Service Agreement, subsequent to notification to law enforcement, the Charter School, in consultation with the student's parent/guardian, shall consider whether a Behavior Support Plan should be developed as part of the Service Agreement to address the student's behavior.[\[28\]](#)

In accordance with state law, the Chief Executive Officer shall annually, by July 31, report to the Office for Safe Schools on the required form all new incidents committed by qualified students with disabilities, including students for whom an evaluation is pending, which occurred on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity.[\[24\]](#)

PROCEDURAL SAFEGUARDS

The Charter School shall establish and implement a system of procedural safeguards that includes notice of rights to the parent/guardian of a student suspected of being a qualified student with a disability, an opportunity for the parent/guardian to review relevant records, an impartial hearing with an opportunity for participation by the student's parent/guardian, and a review procedure.[\[20\]](#)

A student or parent/guardian filing a claim of discrimination need not exhaust these procedures prior to initiating court action under Section 504.

If an impartial due process hearing is initiated by the Charter School or parents/guardians as part of the procedural safeguard process, the hearing shall be held before an impartial hearing officer and shall be conducted in accordance with state regulations.[\[31\]](#)

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

ADA - Americans With Disabilities Act of 1990.

Chapter 15 - Pennsylvania State Board of Education Regulation which implements the requirements of Section 504 of the Rehabilitation Act.

Section 504 - Section 504 of the Rehabilitation Act of 1973.

Disability - means, with respect to a student, a physical or mental impairment that substantially limits one or more major life activities; a record of such an impairment; or being regarded as having such an impairment. The term "disability" must be construed broadly in favor of expansive coverage, to the maximum extent permitted by law.

Physical or Mental Impairment - any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; immune; circulatory; hemic and lymphatic; skin; and endocrine; or any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities. This includes but is not limited to contagious and noncontagious diseases and conditions such as orthopedic, visual, speech and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disability, emotional illness, dyslexia and other specific learning disabilities, Attention Deficit Hyperactivity Disorder, Human Immunodeficiency Virus (HIV) infection (whether symptomatic or asymptomatic), tuberculosis, drug addiction and alcoholism.

Substantially Limits - means that the student is unable to perform one or more major life activities that the average student of approximately the same age can perform or that the student is significantly restricted as to the condition, manner or duration under which a particular life activity is performed as compared to the average student of approximately the same age. The term "substantially limits" is not meant to be a demanding standard and must be construed broadly in favor of expansive coverage, to the maximum extent permitted by the terms of the ADA. An impairment that substantially limits one (1) major life activity does not need to limit other major life activities in order to be considered a substantially limiting impairment.

Record Of Such An Impairment - the student has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

Regarded As Having Such An Impairment - the student establishes that they have been subjected to an action prohibited under law because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. This shall not apply to impairments that are

transitory and minor. A **transitory impairment** is an impairment with an actual or expected duration of six (6) months or less.

Episodic Impairment - an impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

Temporary Impairment - does not constitute a disability unless its severity is such that it results in a substantial limitation of one or more major life activities for an extended period of time. The determination of whether a temporary impairment is substantial enough to be a disability must be resolved on a case-by-case basis.

Major Bodily Function - a "major life activity" includes the operation of a major bodily function, such as the functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Major Life Activities - these include, but are not limited to, caring for one's self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, writing, communicating, interacting with others and working. The term "major life activity" must not be interpreted strictly to create a demanding standard and must not be interpreted as only being those activities of central importance to daily life.

Predictable Assessments - these are impairments that in virtually all cases will result in a determination that an individual has an actual disability because they virtually always can be found to impose a substantial limitation on a major life activity. Such impairments include, for example, major depressive disorder, bipolar disorder, post-traumatic stress disorder, traumatic brain injury, obsessive compulsive disorder, schizophrenia, deafness, blindness, intellectual disability, partially or completely missing limbs, autism, cancer, cerebral palsy, diabetes, epilepsy, and HIV. With respect to these types of impairments, the necessary individualized assessment should be particularly simple and straightforward.

Mitigating Measures - includes but is not limited to the use of medications; medical supplies, equipment or appliances; low-vision devices; prosthetics (including limbs and devices); hearing aids and cochlear implants or other implantable hearing devices; mobility devices; oxygen therapy equipment and supplies; assistive technology; reasonable accommodations, auxiliary aids or services; or learned behavioral or adaptive neurological modifications.

Low-Vision Devices - devices that magnify, enhance, or otherwise augment a visual image.

Ordinary Eyeglasses or Contact Lenses - lenses that are intended to fully correct visual acuity or eliminate refractive error.

Section 504 Service Agreement (Service Agreement) - an individualized plan for a qualified student with a disability which sets forth the specific related aids, services, or accommodations needed by the student, which will be implemented in school, in transit to and from school, and in all programs and procedures, so that the student has equal access to the benefits of the school's educational programs, nonacademic services, and extracurricular activities.

Section 504 Team - a group of individuals who are knowledgeable about the student, the meaning of the evaluation data and the placement options for the student. This could include, as appropriate, documentation or input from classroom teachers, counselors, school nurses, psychologists, outside care providers and the student's parents/guardians.

Identification

A parent/guardian, teacher, or other knowledgeable person may submit a written request or a referral to the school's Section 504 building administrator, if they suspect a student should be identified as a qualified student with a disability or should no longer be identified as such.

If the request originates with the school, the school will provide the parent/guardian with written notice in the parent's/guardian's native language or mode of communication, unless it is clearly not feasible to do so.

If the request originates with the parent/guardian, the school will review the information submitted by the parent/guardian and respond within twenty-five (25) days of receipt of written request.

The school's response will be in the parent's/guardian's native language or mode of communication, unless it is clearly not feasible to do so, and will state whether or not the parent's/guardian's request is being granted or denied in whole or in part.

Evaluation

The Section 504 Team, as part of the preliminary evaluation, will draw upon, document, and carefully consider pertinent information from a variety of sources and factors, which may include student work samples; aptitude and achievement tests; teacher, parent/guardian, and physician recommendations; physical condition; social and cultural background; and adaptive behaviors.

The school may request and keep on file relevant and current medical information provided by the student's parent/guardian, physician, psychologist, psychiatrist, or other professional.

If the school requires a formalized evaluation, the school must obtain written consent from the parent/guardian. The school may use the procedural safeguards to override a parent's/guardian's denial of consent.

The school's eligibility analysis will take into account the following criteria:

Step 1 - Does the student have a physical or mental impairment?

If not, the analysis ends, the student is not a qualified student with a disability under Section 504.

If so, the Section 504 Team must specify the mental or physical impairment. If the impairment is related to current use of illegal drugs or alcohol, the student is not eligible for Section 504.

Step 2 - Does the impairment affect one or more of the student's major life activities such that the student is excluded or substantially limited in participation in any programs or activities of the school?

The Section 504 Team cannot consider the ameliorative effects of mitigating measures in determining whether a student has a physical or mental impairment that substantially limits a major life activity. The use of ordinary eyeglasses or contact lenses can be considered.

If no major life activity is affected by the physical or mental impairment, the analysis ends, the student is not a qualified student with a disability under Section 504.

If so, the Section 504 Team must document how the major life activity is affected.

Step 3 - Is the student substantially limited in the identified major life activity(ies)?

If the Team determines the student's impairment does not substantially limit the identified major life activity, the analysis ends, the student is not a qualified student with a disability under Section 504.

Step 4 - Is an aid, service, or accommodation needed as a result of the disability to enable a student to attend or participate in an educational program, nonacademic service or extracurricular activity in a manner consistent with attendance and participation of a student without a disability?

If the Section 504 Team answered "yes" to all four (4) eligibility questions, the student is a qualified student with a disability and is entitled to aids, services, and accommodations under Section 504.

Service Agreement

If the student is determined to be a qualified student with a disability, a written Section 504 Service Agreement will be developed and executed by the school and parent/guardian. The Service Agreement will describe the specific related aids, services, or accommodations the school will provide as well as the date the services will begin, the date the services will be discontinued, and, if appropriate, the procedures to be followed in the event of a medical emergency.

If the parent/guardian and the school cannot agree on the terms of the Service Agreement, either party may use the procedural safeguards specified in Board policy to resolve the dispute.

The school will provide a written copy of the Service Agreement to the parent/guardian.

The Section 504 Team will review the Service Agreement annually.

Placement*Residential Placement –*

Residential placement, including nonmedical care and room and board, must be provided by the school at no cost to the parent/guardian only if necessary to provide a free and appropriate public education (FAPE).

Private Placement –

If the school has made available a free appropriate public education, which conforms to the requirements of Section 504, but the parent/guardian chooses to place the student elsewhere, the school is not responsible for the student's educational expenses such as tuition incurred by the parent/guardian.

Under some circumstances, through use of dual enrollment in public and private schools provided for in 24 P.S. §5-502 or provision of auxiliary services required by 24 P.S. §9-972.1, a school may have the obligation to provide certain services to qualified students with disabilities who are attending private school. Specific circumstances must be reviewed to determine whether and in what manner such services are to be provided.

Transportation –

If the school places a student in a program not operated by the school, the school must assure that adequate transportation to and from the program is provided at no greater cost than the parent/guardian would have paid to transport the student to the school-operated program.

Counseling Services –

The school may not counsel students with disabilities toward more restrictive career objectives than students without disabilities with similar interests and abilities.

Physical Education And Athletics –

The school must provide equal opportunity for students with disabilities to participate in physical education courses and interscholastic, club, or intramural athletics without discrimination and to the maximum extent appropriate to the student's needs. The school may offer these activities separately for students with disabilities only if necessary.

Re-Evaluation

The school will re-evaluate qualified students with disabilities every three (3) years or more frequently if conditions or the student's Service Agreement warrant, or if the student's parent/guardian or school staff request a re-evaluation. Findings will be documented in writing. The school will update assessments as needed to ensure that eligibility and accommodation planning is based on information that defines the student's disability accurately and reflects the student's current needs.

If significant changes in eligibility, services or placement are proposed, the school will first evaluate current information and conduct additional evaluations as necessary to support such changes.

Authority

The Board of Trustees (Board) shall provide to all persons equal access to all categories of employment in this Charter School, regardless of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, genetic information, pregnancy or handicap/disability. The Charter School shall make reasonable accommodations for identified physical and mental impairments that constitute disabilities, consistent with the requirements of federal and state laws and regulations. [\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)[\[10\]](#)[\[11\]](#)[\[12\]](#)

The Board encourages employees and third parties who believe they or others have been subject to discrimination to promptly report such incidents through the chain of command established within the school and the Employee Handbook.

The Board directs that verbal and written complaints of discrimination shall be investigated promptly, and appropriate corrective action taken when allegations are substantiated. The Board directs that any complaint of discrimination brought pursuant to this policy shall also be reviewed for conduct which may not be proven discriminatory under this policy but merits review and possible action under other Board policies.

The Board declares it to be the policy of this Charter School to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. Such discrimination shall be referred to throughout this policy as Title IX sexual harassment. Inquiries regarding the application of Title IX to the Charter School may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the Charter School's website.

The Board requires a notice stating that the Charter School does not discriminate in any manner, including as to Title IX sexual harassment, in any education program or activity. The notice is to be issued to all students, parents/guardians, employment applicants, employees and all unions and referenced in professional agreements with the Charter School, if applicable. All discrimination notices and information shall include the title, office address, telephone number and email address of the individual(s) designated as the Compliance Officer and Title IX Coordinator.

Reports of Title IX Sexual Harassment and Other Discrimination and Retaliation

The Board encourages employees and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination or retaliation to promptly report such incidents to the principal or building administrator. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

If the principal or immediate supervisor is the subject of a complaint, the complainant or the individual making the report shall direct the report of the incident to the Title IX Coordinator.

The complainant or the individual making the report may use the Discrimination/Sexual Harassment/Retaliation Report Form attached to this policy for purposes of reporting an incident or incidents in writing; however, verbal reports of an incident or incidents shall be accepted, documented, and the procedures of this policy and the relevant attachments followed.

The principal or building administrator shall promptly notify the Title IX Coordinator of all reports of discrimination, Title IX sexual harassment or retaliation. The Title IX Coordinator shall promptly contact the complainant regarding the report, to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in Attachment 2 to this policy, or if the reported circumstances meet the definition of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3, or other Board policies.

Disciplinary Procedures when Reports Allege Title IX Sexual Harassment

When a report alleges Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints outlined in Attachment 3. The Charter School shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

Administrative Leave –

When an employee, based on an individualized safety and risk analysis, poses an immediate threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis.

An accused, non-student Charter School employee may be placed on administrative leave during the pendency of the grievance process for formal complaints, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable individual contract.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a report, and the investigation related to any form of discrimination or retaliation, including Title IX sexual harassment, shall be handled in accordance with applicable law, regulations, this policy, the attachments to this policy, and the Charter School's legal and investigative obligations.[\[14\]](#)[\[15\]](#)[\[16\]](#)[\[17\]](#)[\[18\]](#)

Retaliation

The Board prohibits retaliation by the Charter School or any other person against any person for:[\[17\]](#)

1. Reporting or making a formal complaint of any form of discrimination or retaliation, including Title IX sexual harassment.
2. Testifying, assisting, participating or refusing to participate in a related investigation, process or other proceeding or hearing.
3. Acting in opposition to practices the person reasonably believes to be discriminatory.

The Charter School, its employees and others are prohibited from intimidating, threatening, coercing, or discriminating against anyone for actions described above. Individuals are encouraged to contact the Title IX Coordinator immediately if they believe retaliation has occurred.

Definitions

Complainant shall mean an individual who is alleged to be the victim.

Respondent shall mean an individual alleged to be the perpetrator of the discriminatory conduct.

Discrimination

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, genetic information, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in this policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related work performance, including when: [\[9\]](#)

1. Submission to such conduct is made explicitly or implicitly a term or condition of an employee's status; or
2. Submission to or rejection of such conduct is used as the basis for employment-related decisions affecting an employee; or
3. Such conduct is sufficiently severe, persistent or pervasive that a reasonable person in the complainant's position would find that it unreasonably interferes with the complainant's performance at work or otherwise creates an intimidating, hostile, or offensive working environment such that it alters the complainant's working conditions.

Definitions Related to Title IX Sexual Harassment

Formal complaint shall mean a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the Charter School investigate the allegation under the grievance process for formal complaints. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator a party in the grievance process for formal complaints. The phrase "document filed by a complainant" refers to a document or electronic submission that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. [\[16\]](#)[\[19\]](#)

Supportive measures shall mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. [\[19\]](#)

Supportive measures shall be designed to restore or preserve equal access to the educational program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. Supportive measures may include, but are not limited to: [\[19\]](#)

1. Counseling or Employee Assistance Program.
2. Extensions of deadlines or other course-related adjustments.
3. Modifications of work or class schedules.
4. Campus escort services.
5. Mutual restrictions on contact between the parties.
6. Changes in work locations.
7. Leaves of absence.
8. Increased security.
9. Monitoring of certain areas of the campus.
10. Assistance from domestic violence or rape crisis programs.
11. Assistance from community health resources including counseling resources.

Title IX sexual harassment means conduct on the basis of sex that satisfies one or more of the following:[\[19\]](#)

1. A Charter School employee conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a Charter School education program or activity.
3. Sexual assault, dating violence, domestic violence or stalking.
 - a. *Dating violence* means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:[\[20\]](#)
 - i. Length of relationship.
 - ii. Type of relationship.
 - iii. Frequency of interaction between the persons involved in the relationship.
 - b. *Domestic violence* includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.[\[20\]](#)
 - c. *Sexual assault* means a sexual offense under state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.[\[21\]](#)
 - d. *Stalking*, pursuant to Title IX is stalking on the basis of sex; for example, when the stalker desires to date a victim. Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:[\[20\]](#)
 - i. Fear for his or her safety or the safety of others.
 - ii. Suffer substantial emotional distress.

Such conduct must have taken place during a Charter School education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An education program or activity includes the locations, events or circumstances regarding which the Charter School exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a Charter School's education programs or activities, and whether such programs or activities occur on-campus or off-campus.[\[15\]](#)[\[16\]](#)[\[19\]](#)

Delegation of Responsibility

In order to maintain a program of nondiscrimination practices that is in compliance with applicable laws and regulations, the Board designates the Business Administrator as the Charter School's Compliance Officer and Title IX Coordinator. [\[22\]](#) The Business Administrator may be contacted at:

21st Century Cyber Charter School
1245 Wrights Lane
West Chester, PA 19380
Phone: (484) 875-5400

The Compliance Officer and Title IX Coordinator shall fulfill designated responsibilities to ensure adequate nondiscrimination procedures are in place, to recommend new procedures or modifications to procedures and to monitor the implementation of the Charter School's nondiscrimination procedures in the following areas, as appropriate:

1. Review - Review of personnel practices and actions for discriminatory bias and compliance with laws against discrimination to include monitoring and recommending corrective measures when appropriate to written position qualifications, job descriptions and essential job functions; recruitment materials and

practices; procedures for screening applicants; application and interviewing practices for hiring and promotions; performance evaluations; review of planned employee demotions, non-renewal of contracts, and proposed employee disciplinary actions up to and including termination.

2. Training - Provide training for supervisors and staff to prevent, identify and alleviate problems of employment discrimination.
3. Resources - Maintain and provide information to staff on resources available to alleged victims in addition to the Charter School complaint procedure or Title IX procedures, such as making reports to the police, and available supportive measures such as assistance from domestic violence or rape crisis programs, and community health resources including counseling resources.
4. Reports/Formal Complaints - Monitor and provide technical assistance to individuals involved in managing informal reports and formal complaints.

Guidelines

Title IX Sexual Harassment Training Requirements

The Compliance Officer and Title IX Coordinator, investigator(s), decision-maker(s), or any individual designated to facilitate an informal resolution process related to Title IX sexual harassment shall receive the following training, as required or appropriate for each specific role:

1. Definition of Title IX sexual harassment.
2. Scope of the Charter School's education program or activity, as it pertains to what is subject to Title IX regulations.
3. How to conduct an investigation and grievance process for formal complaints, including examination of evidence, drafting written determinations, handling appeals and informal resolution processes, as applicable.
4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest and bias.
5. Use of relevant technology.
6. Issues of relevance including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.
7. Issues of relevance, weight of evidence and application of standard of proof and drafting investigative reports that fairly summarize relevant evidence.
8. How to address complaints when the alleged conduct does not qualify as Title IX sexual harassment but could be addressed under another complaint process or Board policy.

All training materials shall promote impartial investigations and adjudications of formal complaints of Title IX sexual harassment without relying on sex stereotypes.

All training materials shall be posted on the Charter School's website.

Disciplinary Consequences

An employee who violates this policy shall be subject to appropriate disciplinary action consistent with the applicable Board policy, collective bargaining agreement and individual contract, up to and including dismissal and/or referral to law enforcement officials.[23][24][25][26]

Reports of Discrimination

Any reports of discrimination that are reviewed by the Title IX Coordinator and do not meet the definition of Title IX sexual harassment but are based on race, color, age, creed, religion, sex, sexual orientation, ancestry, genetic information, national origin, marital status, pregnancy or handicap/disability shall follow the Discrimination Complaint Procedures in Attachment 2 to this policy.

Reports of Title IX Sexual Harassment

Any reports deemed by the Title IX Coordinator to meet the definition of sexual harassment under Title IX shall follow the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3 to this policy.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

DISCRIMINATION COMPLAINT PROCEDURES

The Discrimination Complaint Procedures prescribed in this Attachment apply to reports of retaliation or discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability that do not constitute Title IX sexual harassment as defined in Policy 1004.

All reports of discrimination shall be reviewed by the Title IX Coordinator upon receipt to determine if the allegations meet the definition and parameters of sexual harassment under Title IX. If the result of this review determines that the allegations fall within the scope of Title IX sexual harassment, then the process set forth in Policy 1004 Attachment 3 for Title IX Sexual Harassment shall be followed.

[Note: if the same individual is assigned to the roles of Title IX Coordinator and Compliance Officer through Policy 1004, please revise the terminology in this Attachment 2 to reflect the position of Title IX Coordinator/Compliance Officer throughout.]

All reports of discrimination and retaliation brought pursuant to the Charter School's discrimination policy shall also be reviewed for conduct which may not be proven discriminatory under Policy 1004 but merits review and possible action under other Board of Trustees (Board) policies or the Code of Student Conduct for students. (Pol. 1003.1, 2018, 3017)

Definitions

Complainant shall mean an individual who is alleged to be the victim.

Respondent shall mean an individual who has been reported to be the perpetrator of the alleged conduct.

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, genetic information, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in the policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or

put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related work performance, including when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of an employee's status; or
2. Submission to or rejection of such conduct is used as the basis for employment-related decisions affecting an employee; or
3. Such conduct is sufficiently severe, persistent or pervasive that a reasonable person in the complainant's position would find that it unreasonably interferes with the complainant's performance at work or otherwise creates an intimidating, hostile, or offensive working environment such that it alters the complainant's working conditions.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices.

Reasonable Accommodations

Throughout the discrimination complaint procedures, the Charter School shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for all parties, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 1003.1, 1004, 1013, 7006)

Required Reporting Under Other Policies

In addition to implementing the disciplinary complaint procedures, the building principal, building administrator or Compliance Officer shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse. (Pol. 2018, 3017.1, 6005.1, 6006, 6024)

Timeframes

Reasonably prompt timeframes shall be established for completing each step of the discrimination complaint procedures, including timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent,

and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

PROCEDURES FOR COMPLAINTS OF DISCRIMINATION

Step 1 – Reporting

An employee or individual who believes they have been subject to discrimination by any Charter School student, employee or third party is encouraged to immediately report the incident to the building principal or building administrator using the Discrimination/Sexual Harassment/Retaliation Report Form or by making a general report verbally or in writing to the building principal or building administrator. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

If a student is identified as a party in the report, parents/guardians have the right to act on behalf of the student at any time.

Any person with knowledge of discrimination in violation of Board policy or this procedure is encouraged to immediately report the matter to the building principal or building administrator.

The building principal or building administrator shall immediately notify the Title IX Coordinator and Compliance Officer of the reported discrimination.

If the building principal or building administrator is the subject of a complaint, the person making the report shall report the incident directly to the Title IX Coordinator and/or Compliance Officer.

The complainant or reporting individual shall be encouraged to use the Discrimination/Sexual Harassment/Retaliation Report Form, however, complaints shall be accepted in person, by telephone, by mail or email, or by any other means that results in the appropriate individual receiving the individual's verbal or written report. Verbal reports shall be documented using the Discrimination/Sexual Harassment/Retaliation Report Form, and these procedures shall be implemented.

The Title IX Coordinator shall review reports and complaints, and may gather additional information from the individual submitting the report and other parties identified in the report using the Discrimination/Sexual Harassment/Retaliation Report Form. The Title IX Coordinator

shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in this Attachment 2, or if the reported circumstances meet the definition and parameters of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3, or other applicable Board policies.

If the Title IX Coordinator determines that the report should be addressed through the discrimination complaint procedures, the Compliance Officer shall be notified and the complaint procedures in this Attachment 2 implemented.

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the Director of Special Education and coordinate to determine whether additional steps must be taken for the party, while the discrimination complaint procedures are implemented. Such measures may include, but are not limited to, conducting a manifestation determination, functional behavioral assessment (FBA) or other assessment or evaluation, in accordance with applicable law, regulations or Board policy. FBAs must be conducted when a student's behavior interferes with the student's learning or the learning of others and information is necessary to provide appropriate educational programming, and when a student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Step 2 – Initial Communications/Supports

The complainant shall be informed about the Board's policy on discrimination, including the right to an investigation of both verbal and written reports of discrimination.

The building principal, building administrator or designee, in consultation with the Compliance Officer, Title IX Coordinator and other appropriate individuals, shall promptly implement appropriate measures to protect the complainant and others as necessary from violation of the policy throughout the course of the investigation.

The building principal, building administrator or designee may provide to the complainant factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the right to file criminal charges. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or respondent.

The building principal, building administrator or Compliance Officer shall provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

Informal Remedies -

At any time after a complaint has been reported, if the Compliance Officer believes the circumstances are appropriate, the Compliance Officer may offer the parties involved in the complaint the opportunity to participate in informal remedies to address the reported conduct. Informal remedies can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program, or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the Charter School employee facilitating the informal remedies shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer.

The Compliance Officer shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies, and shall document all appropriate actions.

*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

Step 3 – Investigation

The Compliance Officer shall assess whether the investigation should be conducted by the building principal, building administrator another Charter School employee, the Compliance Officer or an attorney and shall promptly assign the investigation to that individual.

The Compliance Officer shall ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination and retaliation issues and Board policy, and how to conduct investigations and draft an investigative report.

The investigator shall work with the Compliance Officer to assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator shall conduct an adequate, reliable and impartial investigation. The complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from Charter School property, Charter School-sponsored activities or Charter School conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

The investigation may consist of individual interviews with the complainant, the respondent, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians, if applicable, and witnesses shall be informed of the prohibition against

retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Compliance Officer, who shall promptly inform law enforcement authorities about the allegations.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a delay in fulfilling the Charter School's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay shall be documented by the investigator.

Step 4 – Investigative Report

The investigator shall prepare and submit a written report to the Compliance Officer within

{ } twenty (20) school days

{ } thirty (30) school days

{ } _____ school days

of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 1004 and of any other violations of law or Board policy which may warrant further Charter School action, and a recommended disposition of the complaint. An investigation into discrimination or harassment shall consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent shall be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written investigative report, to the extent authorized by

the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The respondent shall not be notified of the individual remedies offered or provided to the complainant.

Step 5 – Charter School Action

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the Charter School shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The Charter School shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the Charter School education program or activity. Charter School staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 1004 or these procedures, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary. (Pol. 1013.3, 2018, 2033, 3017)

Disciplinary actions shall be consistent with Board policies and administrative procedures, the Code of Student Conduct for students, Charter School rules, applicable collective bargaining agreements, and state and federal laws and regulations. (Pol. 1003, 1004, 1013.3, 2018, 2033, 3017, 3017.1)

Appeal Procedure

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer within fifteen (15) school days of receiving notification of the outcome of the investigation. If the Compliance Officer investigated the complaint, such appeal shall be made to the Chief Executive Officer.

The individual receiving the appeal shall review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal shall prepare a written response to the appeal within

{ } five (5) school days.

{ } ten (10) school days.

{ } twenty (20) school days.

{ } _____ school days.

Copies of the response shall be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

**TITLE IX SEXUAL HARASSMENT PROCEDURES AND
GRIEVANCE PROCESS FOR FORMAL COMPLAINTS**

The Title IX sexual harassment procedures and grievance process for formal complaints prescribed in this attachment apply only when a report includes allegations of sexual harassment subject to Title IX regulations. (34 CFR 106.44, 106.45)

All other reports or complaints of discrimination or retaliation shall follow the complaint procedures established in Policy 1004 Attachment 2 regarding discrimination.

[Note: a live hearing process is not required for the grievance process for formal complaints in the K-12 setting. Language on a live hearing process is not included in these procedures, but the Charter School may add language in consultation with the school solicitor.]

Definitions

Actual knowledge means notice of sexual harassment or allegations of sexual harassment to the Charter School’s Title IX Coordinator or any Charter School official who has the authority to institute corrective measures on behalf of the Charter School, or to any employee of an elementary or secondary school, other than the respondent.

Exculpatory evidence means evidence tending to exonerate the accused or helps to establish their innocence.

Inculpatory evidence means evidence tending to incriminate the accused or indicate their guilt.

Formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the Charter School investigate the allegation. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator the complainant or other party during the grievance process. The phrase “**document filed by a complainant**” refers to a document or electronic submission that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report conduct that may constitute discrimination or harassment, including Title IX sexual harassment, in accordance with Board of Trustees (Board) policy and procedures, participate in an investigation or other process addressing discrimination or Title IX sexual harassment, or act in opposition to discriminatory practices.

The following actions shall not constitute retaliation:

1. An individual exercising free speech under the rights protected by the First Amendment.

2. The assignment of consequences consistent with Board policy when an individual knowingly makes a materially false statement in bad faith in an investigation. The fact that the charges of discrimination were unfounded or unsubstantiated shall not be the sole reason to conclude that any party made a materially false statement in bad faith.

Supportive measures mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

Supportive measures shall be designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. Supportive measures may include, but are not limited to:

1. Counseling or Employee Assistance Program.
2. Extensions of deadlines or other course-related adjustments.
3. Modifications of work or class schedules.
4. Campus escort services.
5. Mutual restrictions on contact between the parties.
6. Changes in work locations.
7. Leaves of absence.
8. Increased security.
9. Monitoring of certain areas of the campus.
10. Assistance from domestic violence or rape crisis programs.
11. Assistance from community health resources including counseling resources.

Title IX sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. A Charter School employee conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a Charter School education program or activity.
3. Sexual assault, dating violence, domestic violence or stalking.
 - a. **Dating Violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
 - 1) Length of relationship.
 - 2) Type of relationship.
 - 3) Frequency of interaction between the persons involved in the relationship.
 - b. **Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
 - c. **Sexual assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - d. **Stalking**, under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:
 - 1) Fear for their safety or the safety of others.
 - 2) Suffer substantial emotional distress.

Such conduct must have taken place during a Charter School education program or activity and against a person in the United States to qualify as sexual harassment subject to Title IX regulations. An **education program or activity** includes the locations, events or circumstances over which the Charter School exercises substantial control over both the respondent and the context in which the harassment occurs.

TITLE IX SEXUAL HARASSMENT PROCEDURES

General Response – (with or without a formal complaint)

Any person, whether the alleged victim or not, may report Title IX sexual harassment using the Discrimination/Sexual Harassment/Retaliation Report Form or by making a general report verbally or in writing to the building principal or building administrator, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Upon receipt of a report, Charter School staff shall immediately notify the building principal or building administrator.

A report may be made at any time, including during nonbusiness hours. Verbal reports shall be documented by the Title IX Coordinator or employee receiving the report using the Discrimination/Sexual Harassment/Retaliation Report Form, and these procedures shall be implemented appropriately.

Charter School staff who become aware of harassment or other discrimination affecting a staff member shall promptly report it to the building principal or building administrator.

If a student is identified as a party in the report, parents/guardians have the right to act on behalf of the student at any time.

When the Charter School has actual knowledge of Title IX sexual harassment, the Charter School is required to respond promptly and in a manner that is not deliberately indifferent, meaning not clearly unreasonable in light of the known circumstances.

All sexual harassment reports and complaints received by the building principal or building administrator shall be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator shall use the Discrimination/Sexual Harassment/Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report, to determine if the allegations meet the definition and parameters for Title IX sexual harassment.

The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall initially assess whether the reported conduct:

1. Meets the definition of Title IX sexual harassment.
2. Occurred in a Charter School program or activity under the control of the Charter School and against a person in the United States.

3. Involves other Board policies or the Code of Student Conduct.
4. Indicates, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of an individual.
5. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. (Pol. 1003.1, 1013)

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sexual harassment, but the matter merits review and possible action under other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations. (Pol. 1003, 1003.1, 1013.3, 2018, 3017, 3017.1)

If the result of the initial assessment determines that the allegations may constitute Title IX sexual harassment, the Title IX Coordinator shall promptly explain to the complainant the process for filing a formal complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.

The Title IX Coordinator shall also determine what supportive measures may be offered to the respondent.

If any party is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the Director of Special Education to coordinate the required actions in accordance with Board policy. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Confidentiality regarding the supportive measures offered and the identity of the following individuals shall be maintained, except as may be permitted by law or regulations relating to the conduct of any investigation: (20 U.S.C. Sec. 1232g; 34 CFR Parts 99, 106; Pol. 1013.4, 2016, 3024)

1. Individuals making a report or formal complaint.
2. Complainant(s).
3. Respondent(s).
4. Witnesses.

The Charter School shall treat complainants and respondents equitably by:

1. Offering supportive measures to the complainant and may offer such measures to the respondent.
2. Following the grievance process for formal complaints before imposing disciplinary sanctions or other actions that are not supportive measures on the respondent.

Supportive Measures -

All supportive measures provided by the Charter School shall remain confidential, to the extent that maintaining such confidentiality would not impair the ability of the Charter School to provide the supportive measures. (34 CFR 106.44)

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the Director of Special Education and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented. Such measures may include, but are not limited to, conducting a manifestation determination, functional behavioral assessment (FBA) or other assessment or evaluation, in accordance with applicable law, regulations or Board policy. FBAs must be conducted when a student's behavior interferes with the student's learning or the learning of others and information is necessary to provide appropriate educational programming, and when a student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Reasonable Accommodations –

Throughout the Title IX sexual harassment procedures, the Charter School shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for any party, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 1003.1, 1004, 1013, 7006)

Employee Disciplinary Procedures When Reports Allege Title IX Sexual Harassment -

When reports allege Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints. The Charter School shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

Administrative Leave –

When an employee, based on an individualized safety and risk analysis, poses an immediate threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis.

An accused, nonstudent Charter School employee may be placed on administrative leave during the pendency of the grievance process for formal complaints, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract.

Required Reporting Under Other Policies -

In addition to implementing the Title IX sexual harassment procedures, the Title IX Coordinator shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse. (Pol. 3017.1, 6005.1, 6006, 6024)

Timeframes

Reasonably prompt timeframes shall be established for the conclusion of the grievance process for formal complaints, including timeframes for the informal resolution process and timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party, a party's advisor or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

Redirection or Dismissal of Title IX Formal Complaints

Formal complaints may be dismissed, if at any time during the investigation or written determination steps described below:

1. A complainant provides written notification of withdrawal of any allegations or of the formal complaint.
2. The respondent is no longer enrolled or employed by the Charter School in a Charter School program or activity.
3. Specific circumstances prevent the Charter School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations.

Only alleged conduct that occurred in the Charter School's education program or activity, and against a person in the United States, may qualify as Title IX sexual harassment within the Charter School's jurisdiction. If it is determined during the investigation or written determination steps below that none of the allegations, if true, would meet the definition and parameters of Title IX sexual harassment within the Charter School's jurisdiction, the Title IX Coordinator

shall dismiss the formal complaint under Title IX. If the matter merits review and possible action under other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

Written notification shall be promptly issued to the parties simultaneously of any allegations found not to qualify or that are dismissed in compliance with Title IX. Written notification shall state whether the allegations will continue to be addressed pursuant to other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints.

A dismissal may be appealed via the appeal procedures set forth in this Attachment.

Consolidation of Title IX Formal Complaints

The Charter School may consolidate formal complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sexual harassment arise out of the same facts or circumstances.

GRIEVANCE PROCESS FOR FORMAL COMPLAINTS

Step 1 – Formal Complaint

The Charter School is required to initiate the grievance process for formal complaints when a complainant files a formal complaint. The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is a supervisor, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. Only the Title IX Coordinator is authorized to initiate the formal complaint process despite a complainant's wishes, but the Title IX Coordinator may consult with the school solicitor and other Charter School officials in making this decision.

The complainant or the Title IX Coordinator shall use the designated section of the Discrimination/Sexual Harassment/Retaliation Report Form to file or sign a formal complaint.

The Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, building administrator, another Charter School employee, the Title IX Coordinator or an attorney and shall promptly assign the investigation to that individual.

The Title IX Coordinator, investigator, decision-maker, or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and shall not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent shall be presumed not responsible for the alleged conduct until a written determination regarding responsibility has been made at the conclusion of the grievance process for formal complaints.

Notice Requirements -

Upon receipt of a formal complaint, or when the Title IX Coordinator signs a formal complaint to initiate the grievance process for formal complaints, the Title IX Coordinator shall provide written notice to all known parties, and the parents/guardians of known parties, if applicable, providing the following information:

1. Notice of the Charter School's grievance process for formal complaints and any informal resolution process that may be available.
2. Notice of the allegations potentially constituting Title IX sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identity of the parties involved, if known.
 - b. The conduct allegedly constituting sexual harassment.
 - c. The date and location of the alleged incident(s), if known.
3. A statement that a written determination regarding responsibility shall be made at the conclusion of the grievance process for formal complaints and, until that time, the respondent is presumed not responsible for the alleged conduct.
4. Notice that parties may have an advisor of their choice, who may be, but is not required to be, an attorney. The advisor may inspect and review evidence.
5. Notice that Board policy and the Charter School's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information to Charter School officials in connection with reports of misconduct or discrimination complaints.
6. Notice to all known parties of any additional allegations that the Charter School decides to investigate during the course of the investigation.

Step 2 – Informal Resolution Process

[Note: The informal resolution process cannot be offered or used to facilitate a resolution for any formal complaint where the allegations state that an employee sexually harassed a student.]

At any time after a formal complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the Title IX sexual harassment complaint.

The Charter School may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal Title IX sexual harassment complaints. Similarly, a Charter School may not require the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program, or supportive measures.

When offering an informal resolution process, the Title IX Coordinator shall:

1. Provide the parties a written notice disclosing the following:
 - a. The allegations.
 - b. The requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process for formal complaints.
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties shall be informed of the rights being waived by agreeing to the informal resolution process, and shall acknowledge such agreement in writing.
3. The informal resolution process shall be conducted within
 - { } five (5) school days
 - { } ten (10) school days

{ } twenty (20) school days

{ } _____ school days

of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the Charter School employee facilitating the informal resolution process shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within

{ } ten (10) school days

{ } twenty (20) school days

{ } _____ school days

after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator shall document the informal resolution process, responses from all parties, and an explanation of why the Charter School's response was not deliberately indifferent to the reported complaint of sexual harassment.

***If Step 2 Informal Resolution Process results in the final resolution of the complaint, the following steps are not applicable.**

Step 3 – Investigation

The designated investigator, if other than the Title IX Coordinator, shall work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation. The investigation stage shall be concluded within

{ } twenty (20) school days.

{ } thirty (30) school days.

{ } _____ school days.

When investigating a formal complaint, the investigator shall:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a written determination. During the process of gathering evidence, unless the Charter School obtains the voluntary, written consent of the party, or the party's parent/guardian when legally required, the Charter School cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or

maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party. (For students - Pol. 1013.4, 2007, 2009, 2016; Safe2Say Something Procedures)

2. Objectively evaluate all available evidence, including inculpatory and exculpatory evidence.
3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

{ } However the Charter School may request a nondisclosure agreement be signed by the parties and their advisor(s), if any, stating that they will not disseminate or disclose evidence and documents exchanged in the investigation.

5. Provide the parties with the same opportunities to have others present during any interview or other meeting, including an advisor of the party's choice. The Charter School may establish restrictions, applicable to both parties, regarding the extent to which the advisor may participate.
6. Provide written notice to any party whose participation is invited or expected during the investigation process with the following information, in sufficient time for the party to prepare to participate:
 - a. Date.
 - b. Time.
 - c. Location.
 - d. Participants.
 - e. Purpose of all investigative interviews or other meetings.
7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations, including evidence the Charter School does not intend to rely on to reach a determination regarding responsibility and any inculpatory and exculpatory evidence, whether obtained from a party or other source.

If at any point the investigation expands to include additional allegations that were not included in the initial notice provided upon initiation of the grievance process for formal complaints, the investigator shall alert the Title IX Coordinator. The Title IX Coordinator shall provide written notice of the new allegations to the known parties.

Prior to the completion of the investigative report, the investigator shall:

1. Send to each party and the party's advisor, if any, the evidence subject to inspection and review in electronic or hard copy format.
2. Provide the parties at least ten (10) school days following receipt of the evidence to submit a written response.
3. Consider the written response prior to drafting the investigative report.

The investigator shall draft an investigative report that fairly summarizes relevant evidence and shall provide the investigative report to all parties and to the designated decision-maker.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Title IX Coordinator, who shall promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy. (Pol. 2018, 3017.1, 6005.1, 6006)

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the Charter School's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay shall be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sexual harassment may be identified as part of the same incident or set of circumstances. The fact that there may be Title IX sexual harassment involved does not preclude the Charter School from addressing other identified violations of Board policy or the Code of Student Conduct. If such other conduct is being investigated and addressed together with Title IX sexual harassment as part of the Title IX grievance process for formal complaints, disciplinary action normally should not be imposed until the completion of the Title IX grievance process for formal complaints; however, an employee may be placed on administrative leave in accordance with the provisions of this Attachment. A decision whether and when to take disciplinary action should be made in consultation with the school solicitor.

Step 4 – Written Determination and Charter School Action

Designation of Decision-Maker -

To avoid any conflict of interest or bias, the decision-maker cannot be the same person as the Title IX Coordinator or the investigator. The responsibility as the decision-maker for complaints of Title IX sexual harassment shall generally be designated to the

{ } building principal or building administrator.

{ } Chief Executive Officer.

{ } Director of Student Services.

{ } _____ Other.

If the _____ has a conflict of interest or is a party in the formal complaint process, they shall disclose the conflict and the Title IX Coordinator shall designate another individual to serve as the decision-maker.

Written Determination Submissions -

A written determination of responsibility (written determination) must not be finalized less than ten (10) days after the investigator completes the investigative report and provides it to all parties. Before the decision-maker reaches a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that a party wants to be asked of any party or witness, shall provide each party with the answers, and shall allow for additional, limited follow-up questions from each party.

Relevant questions for a party or witness must be submitted by each party within

{ } three (3) school days

{ } five (5) school days

{ } _____ school days

following receipt of the investigative report. Follow-up questions must be submitted by each party within

{ } three (3) school days

{ } five (5) school days

{ } _____ school days

of being provided the answers to the initial questions.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as part of the follow-up questions and responses, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The decision-maker shall explain to the party proposing the questions about any decision to exclude a question as not relevant.

Written Determination -

The decision-maker must issue a written determination for the conduct alleged in formal complaints. To reach this determination, the decision-maker shall apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party or which shows that the fact to be proven is more probable than not.

{ } *[Note: Charter Schools may consult with their school solicitor and decide to use the “clear and convincing evidence” standard, as permitted by the federal regulations, in place of the “preponderance of the evidence” standard. However, the legal disadvantages of this should be carefully considered with the school solicitor.]* the clear and convincing evidence standard, meaning that the party bearing the burden of proof must show that the truth of the allegations is highly probable.

In considering evidence, the decision-maker shall ensure credibility determinations are not based on an individual’s status as a complainant, respondent or witness.

After considering all relevant evidence, the decision-maker shall issue a written determination that includes:

1. Identification of the allegations potentially constituting Title IX sexual harassment.
2. A description of the procedural steps taken from the receipt or signing of the formal complaint through the written determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.
3. Findings of fact supporting the determination.
4. Conclusions regarding the application of the Charter School’s Board policies or Code of Student Conduct to the facts.
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. Determination regarding responsibility.
 - b. Disciplinary sanctions.
 - c. Remedies designed to restore or preserve equal access to the Charter School’s education program or activity that will be provided by the Charter School to the complainant. Such remedies may be punitive or disciplinary and need not avoid burdening the respondent.

6. The procedures, deadline and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination becomes final either:

1. On the date that the Charter School provides the parties with the written decision of the result of the appeal, if an appeal is filed;
2. Or, if an appeal is not filed, on the date on which an appeal would no longer be considered timely, in accordance with the timeframe established for appeals in this Attachment.

The Title IX Coordinator shall be responsible to ensure that any remedies are implemented by the appropriate Charter School officials and for following up as needed to assess the effectiveness of such remedies. Disciplinary actions shall be consistent with Board policies and administrative procedures, the Code of Student Conduct, Charter School rules, applicable collective bargaining agreements, and state and federal laws and regulations, including specific requirements and provisions for students with disabilities. (Pol. 1013.3, 2018, 2033, 3017, 3017.1)

Appeal Process

Charter Schools must offer both parties the right to appeal a determination of responsibility and the right to appeal the Charter School's dismissal of a Title IX formal complaint or any allegation in the Title IX formal complaint. The scope of appeals related to Title IX sexual harassment are limited to the following reasons for appeal as stated in the Title IX regulations:

1. A procedural irregularity that affected the outcome of the matter.
2. New evidence that that could affect the outcome was not reasonably available at the time the decision to dismiss or determination of responsibility was made.
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against the individual complainant or respondent or for or against complainants or respondents generally that affected the outcome of the matter.

Written notice of a party's appeal shall be submitted to the Title IX Coordinator within

{ } five (5) school days

{ } ten (10) school days

{ } _____ school days

after the date of the written determination. Notice of appeal shall include a brief statement describing the basis for the appeal.

The Title IX Coordinator shall ensure that the designated appeal authority is not the same person as the decision-maker that reached the determination, the investigator, or the Title IX Coordinator. The designated appeal authority shall be the:

{ } School solicitor or outside counsel.

{ } Outside hearing officer.

{ } _____ (Other).

For all appeals, the designated appeal authority shall:

1. Provide written notice to the other party when notice of an appeal is filed and implement appeal procedures equally for both parties.
2. Provide both parties a reasonable, equal opportunity to submit a written statement in support of or challenging the stated basis for the appeal. Supporting statements shall describe in detail as applicable the procedural irregularities asserted to have affected the outcome of the determination, the nature of any new evidence asserted to have affected the outcome, and the nature of any bias asserted to have affected the outcome, with an explanation of how the outcome was affected by such factors. If evidence exists supporting the basis for appeal, it shall accompany the supporting statement, or it shall identify where such evidence may be found.

Supporting statements must be submitted to the appeal authority and provided to the other party within

{ } five (5) school days

{ } ten (10) school days

{ } _____ school days

of the written notice of appeal.

Statements in opposition to the appeal shall be submitted within five (5) school days of the submission of supporting statements. If a statement in opposition to an appeal refers to any evidence beyond what is described in a supporting statement, it shall accompany the statement in opposition, or it shall identify where such evidence may be found.

The appeal authority may accept and consider evidence in support of or in opposition to an appeal in making any conclusions necessary to deciding the appeal. Alternatively, when the appeal authority determines that factors exist making it necessary for the decision-maker to further develop the evidentiary record relevant to the basis for appeal, the appeal authority may return the matter to the decision-maker for that limited purpose.

3. Determine whether the appeal meets the grounds for permitted reasons for appeal and justifies modifying the written determination.
4. Issue a written decision setting forth the respects, if any, in which the written determination is modified and the rationale for the result within
 - { } five (5) school days.
 - { } ten (10) school days.
 - { } twenty (20) school days.
 - { } _____ school days.
5. Provide the written decision simultaneously to both parties. A copy of the written decision shall also be provided to the Title IX Coordinator.

Recordkeeping

The Charter School shall maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each Title IX sexual harassment investigation, including any written determination and any audio or audiovisual recording or transcript, and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the Charter School's education program or activity.
2. Any appeal and the result.
3. Any informal resolution and the result.
4. All materials used to train the Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process.
5. Records of any Charter School actions, including any supportive measures, taken in response to a report or formal complaint of Title IX sexual harassment. In each instance, the Charter School shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Charter School's education program or activity. If a Charter School does not provide a complainant with supportive measures, then the Charter School must document the reasons why such a response was not clearly unreasonable in light of the known

circumstances. The documentation of certain bases or measures does not limit the Charter School in the future from providing additional explanations or detailing additional measures taken.

**DISCRIMINATION/SEXUAL HARASSMENT/RETALIATION
REPORT FORM**

It is the policy of this school entity to provide a safe, positive learning and working environment that is free from sexual harassment, other discrimination and retaliation. If you have experienced, or if you have knowledge of, any such actions, we encourage you to complete this form. Policy 1003. Discrimination/Title IX Sexual Harassment Affecting Students

Policy 1004. Discrimination/Title IX Sexual Harassment Affecting Staff

Other _____

To meet the definition of Title IX sexual harassment, the conduct must have taken place during a school entity education program or activity involving a person in the United States. An **education program or activity** includes the locations, events or circumstances over which the school entity exercises substantial control over both the respondent and the context in which the sexual harassment occurs. Title IX applies to all of a school entity's education programs or activities, whether such programs or activities occur on-campus or off-campus.

Did the incident occur during a school entity program or activity involving a person in the United States?

Yes

No

To meet the definition of Title IX sexual harassment, the conduct needs to satisfy one or more of the following (please check all that apply):

An employee conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct, commonly referred to as quid pro quo sexual harassment.

Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to an education program or activity.

Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.
- Type of relationship.
- Frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Sexual assault means a sexual offense under a state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Stalking means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:

1. Fear for their safety or the safety of others.
2. Suffer substantial emotional distress.

IX. Recommended Course of Action

After consultation with the complainant and consideration of the reported information, the Title IX Coordinator directs the report to proceed under the provisions of (check all that apply):

No further action at this time. Reason:

X. Title IX Information to Complainant

What supportive measures were discussed with the complainant, and what were the complainant's wishes with respect to supportive measures?

Upon designating a course of action under Title IX sexual harassment, the Title IX Coordinator will promptly:

1. Explain to the complainant the process for filing a formal complaint.
2. Inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.
3. Determine what supportive measures may be offered to the respondent.
4. Determine whether the complainant wishes this report to be treated as a formal complaint.

XI. Title IX Coordinator Signature

I recommend the above course of action based on my consultation with the complainant and the information available at this time.

Title IX Coordinator: _____

XII. Title IX Formal Complaint Action

The Title IX Coordinator shall have the complainant check the appropriate box and sign and date below to indicate whether or not the complainant wishes to have this form serve as a formal complaint pursuant to Title IX.

I would like my report to be treated as a formal complaint of sexual harassment pursuant to Title IX.

Yes No

Complainant's Signature: _____

Date: _____

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether instead a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is a supervisor, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other school officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Grievance Process for Formal Complaints for the following reasons:

Therefore, I am signing this form for the purpose of serving as the formal complaint initiating that process:

Retaliation Prohibited

The school entity, its employees and others are prohibited from intimidating, threatening, coercing, or discriminating against you for making this report. Please contact the Title IX Coordinator immediately if you believe retaliation has occurred.

Confidentiality

Confidentiality of all parties, witnesses, the allegations and the filing of a report shall be handled in accordance with policy, procedures, and the school entity's legal and investigative obligations. The school entity will take all reasonable steps to investigate and respond to the report, consistent with a request for confidentiality as long as doing so does not preclude the school entity from responding effectively to the report. If you have any questions regarding how the information contained in this report may be used, please discuss them with the Title IX Coordinator prior to filing the report. Once this report is filed, the school entity has an obligation to investigate the information provided.

Note: For purposes of Title IX sexual harassment, this Report Form serves initially as an informal report, not a formal complaint of Sexual Harassment under Title IX.

This section is to be completed by the Title IX Coordinator based on reviewing the report with the complainant or other individual making the report.

The purpose of this form is to assist the Title IX Coordinator in gathering information necessary to properly assess the circumstances surrounding the reported conduct to determine if the allegations fall under the definition of Title IX sexual harassment or if the matter merits review and action under other policies. The Title IX Coordinator shall gather as much information as possible in cases of incomplete or anonymous reports (including those that may be received through the Safe2Say Something program) to assess the report.

Upon receipt of the report, The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures as described in Policy 1004 and Attachment 3. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

VIII. Identification of Policies Implicated by Reported Conduct

Check all that apply:

Policy 1003. Discrimination/Title IX Sexual Harassment Affecting Students

Policy 1004. Discrimination/Title IX Sexual Harassment Affecting Staff

Other _____

To meet the definition of Title IX sexual harassment, the conduct must have taken place during a school entity education program or activity involving a person in the United States. An **education program or activity** includes the locations, events or circumstances over which the school entity exercises substantial control over both the respondent and the context in which the sexual harassment occurs. Title IX applies to all of a school entity's education programs or activities, whether such programs or activities occur on-campus or off-campus.

Did the incident occur during a school entity program or activity involving a person in the United States?

Yes

No

To meet the definition of Title IX sexual harassment, the conduct needs to satisfy one or more of the following (please check all that apply):

An employee conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct, commonly referred to as quid pro quo sexual harassment.

Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to an education program or activity.

Sexual assault, dating violence, domestic violence or stalking.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:

- Length of relationship.
- Type of relationship.
- Frequency of interaction between the persons involved in the relationship.

Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Sexual assault means a sexual offense under a state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Stalking means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:

1. Fear for their safety or the safety of others.
2. Suffer substantial emotional distress.

IX. Recommended Course of Action

After consultation with the complainant and consideration of the reported information, the Title IX Coordinator directs the report to proceed under the provisions of (check all that apply):

No further action at this time. Reason:

X. Title IX Information to Complainant

What supportive measures were discussed with the complainant, and what were the complainant’s wishes with respect to supportive measures?

Upon designating a course of action under Title IX sexual harassment, the Title IX Coordinator will promptly:

- 1. Explain to the complainant the process for filing a formal complaint.
- 2. Inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.
- 3. Determine what supportive measures may be offered to the respondent.
- 4. Determine whether the complainant wishes this report to be treated as a formal complaint.

XI. Title IX Coordinator Signature

I recommend the above course of action based on my consultation with the complainant and the information available at this time.

Title IX Coordinator: _____

Date: _____

XII. Title IX Formal Complaint Action

The Title IX Coordinator shall have the complainant check the appropriate box and sign and date below to indicate whether or not the complainant wishes to have this form serve as a formal complaint pursuant to Title IX.

I would like my report to be treated as a formal complaint of sexual harassment pursuant to Title IX.

Yes No

Complainant’s Signature: _____

Date: _____

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether instead a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is a supervisor, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other school officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Grievance Process for Formal Complaints for the following reasons:

Therefore, I am signing this form for the purpose of serving as the formal complaint initiating that process:

**DISCRIMINATION
COMPLAINT PROCEDURES**

The Discrimination Complaint Procedures prescribed in this Attachment apply to reports of retaliation or discrimination on the basis of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy or handicap/disability that do not constitute Title IX sexual harassment as defined in Policy 1004.

All reports of discrimination shall be reviewed by the Title IX Coordinator upon receipt to determine if the allegations meet the definition and parameters of sexual harassment under Title IX. If the result of this review determines that the allegations fall within the scope of Title IX sexual harassment, then the process set forth in Policy 1004 Attachment 3 for Title IX Sexual Harassment shall be followed.

[Note: if the same individual is assigned to the roles of Title IX Coordinator and Compliance Officer through Policy 1004, please revise the terminology in this Attachment 2 to reflect the position of Title IX Coordinator/Compliance Officer throughout.]

All reports of discrimination and retaliation brought pursuant to the Charter School's discrimination policy shall also be reviewed for conduct which may not be proven discriminatory under Policy 1004 but merits review and possible action under other Board of Trustees (Board) policies or the Code of Student Conduct for students. (Pol. 1003.1, 2018, 3017)

Definitions

Complainant shall mean an individual who is alleged to be the victim.

Respondent shall mean an individual who has been reported to be the perpetrator of the alleged conduct.

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, genetic information, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination based on the protected classifications listed in the policy consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or

put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related work performance, including when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of an employee's status; or
2. Submission to or rejection of such conduct is used as the basis for employment-related decisions affecting an employee; or
3. Such conduct is sufficiently severe, persistent or pervasive that a reasonable person in the complainant's position would find that it unreasonably interferes with the complainant's performance at work or otherwise creates an intimidating, hostile, or offensive working environment such that it alters the complainant's working conditions.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices.

Reasonable Accommodations

Throughout the discrimination complaint procedures, the Charter School shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for all parties, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 1003.1, 1004, 1013, 7006)

Required Reporting Under Other Policies

In addition to implementing the disciplinary complaint procedures, the building principal, building administrator or Compliance Officer shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse. (Pol. 2018, 3017.1, 6005.1, 6006, 6024)

Timeframes

Reasonably prompt timeframes shall be established for completing each step of the discrimination complaint procedures, including timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent,

and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

PROCEDURES FOR COMPLAINTS OF DISCRIMINATION

Step 1 – Reporting

An employee or individual who believes they have been subject to discrimination by any Charter School student, employee or third party is encouraged to immediately report the incident to the building principal or building administrator using the Discrimination/Sexual Harassment/Retaliation Report Form or by making a general report verbally or in writing to the building principal or building administrator. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination.

If a student is identified as a party in the report, parents/guardians have the right to act on behalf of the student at any time.

Any person with knowledge of discrimination in violation of Board policy or this procedure is encouraged to immediately report the matter to the building principal or building administrator.

The building principal or building administrator shall immediately notify the Title IX Coordinator and Compliance Officer of the reported discrimination.

If the building principal or building administrator is the subject of a complaint, the person making the report shall report the incident directly to the Title IX Coordinator and/or Compliance Officer.

The complainant or reporting individual shall be encouraged to use the Discrimination/Sexual Harassment/Retaliation Report Form, however, complaints shall be accepted in person, by telephone, by mail or email, or by any other means that results in the appropriate individual receiving the individual's verbal or written report. Verbal reports shall be documented using the Discrimination/Sexual Harassment/Retaliation Report Form, and these procedures shall be implemented.

The Title IX Coordinator shall review reports and complaints, and may gather additional information from the individual submitting the report and other parties identified in the report using the Discrimination/Sexual Harassment/Retaliation Report Form. The Title IX Coordinator

shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall conduct an assessment to determine whether the reported circumstances are most appropriately addressed through the Discrimination Complaint Procedures prescribed in this Attachment 2, or if the reported circumstances meet the definition and parameters of Title IX sexual harassment and are most appropriately addressed through the Title IX Sexual Harassment Procedures and Grievance Process for Formal Complaints in Attachment 3, or other applicable Board policies.

If the Title IX Coordinator determines that the report should be addressed through the discrimination complaint procedures, the Compliance Officer shall be notified and the complaint procedures in this Attachment 2 implemented.

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the Director of Special Education and coordinate to determine whether additional steps must be taken for the party, while the discrimination complaint procedures are implemented. Such measures may include, but are not limited to, conducting a manifestation determination, functional behavioral assessment (FBA) or other assessment or evaluation, in accordance with applicable law, regulations or Board policy. FBAs must be conducted when a student's behavior interferes with the student's learning or the learning of others and information is necessary to provide appropriate educational programming, and when a student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Step 2 – Initial Communications/Supports

The complainant shall be informed about the Board's policy on discrimination, including the right to an investigation of both verbal and written reports of discrimination.

The building principal, building administrator or designee, in consultation with the Compliance Officer, Title IX Coordinator and other appropriate individuals, shall promptly implement appropriate measures to protect the complainant and others as necessary from violation of the policy throughout the course of the investigation.

The building principal, building administrator or designee may provide to the complainant factual information on the complaint and the investigative process, the impact of choosing to seek confidentiality and the right to file criminal charges. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the complainant or respondent.

The building principal, building administrator or Compliance Officer shall provide relevant information on resources available in addition to the discrimination complaint procedure, such as making reports to the police, available assistance from domestic violence or rape crisis programs and community health resources, including counseling resources.

Informal Remedies -

At any time after a complaint has been reported, if the Compliance Officer believes the circumstances are appropriate, the Compliance Officer may offer the parties involved in the complaint the opportunity to participate in informal remedies to address the reported conduct. Informal remedies can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program, or other measures to support the parties.

If the matter is resolved to the satisfaction of the parties, the Charter School employee facilitating the informal remedies shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation to indicate agreement with the resolution and receive a copy, and forward it to the Compliance Officer.

The Compliance Officer shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies, and shall document all appropriate actions.

*If the informal remedies result in the final resolution of the complaint, the following steps are not applicable.

Step 3 – Investigation

The Compliance Officer shall assess whether the investigation should be conducted by the building principal, building administrator another Charter School employee, the Compliance Officer or an attorney and shall promptly assign the investigation to that individual.

The Compliance Officer shall ensure that the individual assigned to investigate the complaint has an appropriate understanding of the relevant laws pertaining to discrimination and retaliation issues and Board policy, and how to conduct investigations and draft an investigative report.

The investigator shall work with the Compliance Officer to assess the anticipated scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation.

The investigator shall conduct an adequate, reliable and impartial investigation. The complainant and the respondent may suggest additional witnesses and provide other evidence during the course of the investigation. When the initial complaint involves allegations relating to conduct which took place away from Charter School property, Charter School-sponsored activities or Charter School conveyances, the investigation may include inquiries related to these allegations to determine whether they resulted in continuing effects such as harassment in school settings.

The investigation may consist of individual interviews with the complainant, the respondent, and others with knowledge relative to the allegations. The investigator may also evaluate any other information and materials relevant to the investigation. The person making the report, parties, parents/guardians, if applicable, and witnesses shall be informed of the prohibition against

retaliation for anyone's participation in the process and that conduct believed to be retaliatory should be reported. All individuals providing statements or other information or participating in the investigation shall be instructed to keep the matter confidential and to report any concerns about confidentiality to the investigator.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Compliance Officer, who shall promptly inform law enforcement authorities about the allegations.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to requests for a delay in fulfilling the Charter School's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation, and the reason for such delay shall be documented by the investigator.

Step 4 – Investigative Report

The investigator shall prepare and submit a written report to the Compliance Officer within

{ } twenty (20) school days

{ } thirty (30) school days

{ } _____ school days

of the initial report of alleged discrimination, unless the nature of the allegations, anticipated extent of the investigation or the availability of witnesses requires the investigator and the Compliance Officer to establish a different due date. The parties shall be notified of the anticipated date the investigative report will be completed and of any changes to the anticipated due date during the course of the investigation.

The investigative report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual, the information and evaluation that formed the basis for this determination, whether the conduct violated Board Policy 1004 and of any other violations of law or Board policy which may warrant further Charter School action, and a recommended disposition of the complaint. An investigation into discrimination or harassment shall consider the record as a whole and the totality of circumstances in determining whether a violation of Board policy has occurred, recognizing that persistent and pervasive conduct, when taken together, may be a violation even when the separate incidents are not severe.

The complainant and the respondent shall be informed of the outcome of the investigation, for example, whether the investigator believes the allegations to be founded or unfounded, within a reasonable time of the submission of the written investigative report, to the extent authorized by

the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The respondent shall not be notified of the individual remedies offered or provided to the complainant.

Step 5 – Charter School Action

If the investigation results in a finding that some or all of the allegations of the discrimination complaint are founded and constitute a violation of Board policy, the Charter School shall take prompt, corrective action designed to ensure that such conduct ceases and that no retaliation occurs. The Charter School shall promptly take appropriate steps to prevent the recurrence of the prohibited conduct and to address the discriminatory effect the prohibited conduct had on the complainant and the Charter School education program or activity. Charter School staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. The Compliance Officer shall follow up by assessing the effectiveness of the corrective action at reasonable intervals.

If an investigation results in a finding that a different policy was violated separately from or in addition to violations of Policy 1004 or these procedures, or that there are circumstances warranting further action, such matters shall be addressed at the conclusion of this investigation or through disciplinary or other appropriate referrals where further evaluation or investigation is necessary. (Pol. 1013.3, 2018, 2033, 3017)

Disciplinary actions shall be consistent with Board policies and administrative procedures, the Code of Student Conduct for students, Charter School rules, applicable collective bargaining agreements, and state and federal laws and regulations. (Pol. 1003, 1004, 1013.3, 2018, 2033, 3017, 3017.1)

Appeal Procedure

If the complainant or the respondent is not satisfied with a finding made pursuant to these procedures or with recommended corrective action, they may submit a written appeal to the Compliance Officer within fifteen (15) school days of receiving notification of the outcome of the investigation. If the Compliance Officer investigated the complaint, such appeal shall be made to the Chief Executive Officer.

The individual receiving the appeal shall review the investigation and the investigative report and may also conduct or designate another person to conduct a reasonable supplemental investigation to assess the sufficiency and propriety of the prior investigation.

The person handling the appeal shall prepare a written response to the appeal within

{ } five (5) school days.

{ } ten (10) school days.

{ } twenty (20) school days.

{ } _____ school days.

Copies of the response shall be provided to the complainant, the respondent and the investigator who conducted the initial investigation.

**TITLE IX SEXUAL HARASSMENT PROCEDURES AND
GRIEVANCE PROCESS FOR FORMAL COMPLAINTS**

The Title IX sexual harassment procedures and grievance process for formal complaints prescribed in this attachment apply only when a report includes allegations of sexual harassment subject to Title IX regulations. (34 CFR 106.44, 106.45)

All other reports or complaints of discrimination or retaliation shall follow the complaint procedures established in Policy 1004 Attachment 2 regarding discrimination.

[Note: a live hearing process is not required for the grievance process for formal complaints in the K-12 setting. Language on a live hearing process is not included in these procedures, but the Charter School may add language in consultation with the school solicitor.]

Definitions

Actual knowledge means notice of sexual harassment or allegations of sexual harassment to the Charter School’s Title IX Coordinator or any Charter School official who has the authority to institute corrective measures on behalf of the Charter School, or to any employee of an elementary or secondary school, other than the respondent.

Exculpatory evidence means evidence tending to exonerate the accused or helps to establish their innocence.

Inculpatory evidence means evidence tending to incriminate the accused or indicate their guilt.

Formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging Title IX sexual harassment and requesting that the Charter School investigate the allegation. The authority for the Title IX Coordinator to sign a formal complaint does not make the Title IX Coordinator the complainant or other party during the grievance process. The phrase “**document filed by a complainant**” refers to a document or electronic submission that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report conduct that may constitute discrimination or harassment, including Title IX sexual harassment, in accordance with Board of Trustees (Board) policy and procedures, participate in an investigation or other process addressing discrimination or Title IX sexual harassment, or act in opposition to discriminatory practices.

The following actions shall not constitute retaliation:

1. An individual exercising free speech under the rights protected by the First Amendment.

2. The assignment of consequences consistent with Board policy when an individual knowingly makes a materially false statement in bad faith in an investigation. The fact that the charges of discrimination were unfounded or unsubstantiated shall not be the sole reason to conclude that any party made a materially false statement in bad faith.

Supportive measures mean nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

Supportive measures shall be designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the educational environment, or to deter sexual harassment. Supportive measures may include, but are not limited to:

1. Counseling or Employee Assistance Program.
2. Extensions of deadlines or other course-related adjustments.
3. Modifications of work or class schedules.
4. Campus escort services.
5. Mutual restrictions on contact between the parties.
6. Changes in work locations.
7. Leaves of absence.
8. Increased security.
9. Monitoring of certain areas of the campus.
10. Assistance from domestic violence or rape crisis programs.
11. Assistance from community health resources including counseling resources.

Title IX sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. A Charter School employee conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a Charter School education program or activity.
3. Sexual assault, dating violence, domestic violence or stalking.
 - a. **Dating Violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
 - 1) Length of relationship.
 - 2) Type of relationship.
 - 3) Frequency of interaction between the persons involved in the relationship.
 - b. **Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
 - c. **Sexual assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - d. **Stalking**, under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to either:
 - 1) Fear for their safety or the safety of others.
 - 2) Suffer substantial emotional distress.

Such conduct must have taken place during a Charter School education program or activity and against a person in the United States to qualify as sexual harassment subject to Title IX regulations. An **education program or activity** includes the locations, events or circumstances over which the Charter School exercises substantial control over both the respondent and the context in which the harassment occurs.

TITLE IX SEXUAL HARASSMENT PROCEDURES

General Response – (with or without a formal complaint)

Any person, whether the alleged victim or not, may report Title IX sexual harassment using the Discrimination/Sexual Harassment/Retaliation Report Form or by making a general report verbally or in writing to the building principal or building administrator, or by using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Upon receipt of a report, Charter School staff shall immediately notify the building principal or building administrator.

A report may be made at any time, including during nonbusiness hours. Verbal reports shall be documented by the Title IX Coordinator or employee receiving the report using the Discrimination/Sexual Harassment/Retaliation Report Form, and these procedures shall be implemented appropriately.

Charter School staff who become aware of harassment or other discrimination affecting a staff member shall promptly report it to the building principal or building administrator.

If a student is identified as a party in the report, parents/guardians have the right to act on behalf of the student at any time.

When the Charter School has actual knowledge of Title IX sexual harassment, the Charter School is required to respond promptly and in a manner that is not deliberately indifferent, meaning not clearly unreasonable in light of the known circumstances.

All sexual harassment reports and complaints received by the building principal or building administrator shall be promptly directed to the Title IX Coordinator, in accordance with Board policy. The Title IX Coordinator shall use the Discrimination/Sexual Harassment/Retaliation Report Form to gather additional information from the reporter and/or other parties identified in the report, to determine if the allegations meet the definition and parameters for Title IX sexual harassment.

The Title IX Coordinator shall promptly contact the complainant regarding the report to gather additional information as necessary, and to discuss the availability of supportive measures. The Title IX Coordinator shall consider the complainant's wishes with respect to supportive measures.

The Title IX Coordinator shall initially assess whether the reported conduct:

1. Meets the definition of Title IX sexual harassment.
2. Occurred in a Charter School program or activity under the control of the Charter School and against a person in the United States.

3. Involves other Board policies or the Code of Student Conduct.
4. Indicates, based on an individualized safety and risk analysis, that there is an immediate threat to the physical health or safety of an individual.
5. Involves a student identified as a student with a disability under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. (Pol. 1003.1, 1013)

If the result of this initial assessment determines that none of the allegations fall within the scope of Title IX sexual harassment, but the matter merits review and possible action under other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations. (Pol. 1003, 1003.1, 1013.3, 2018, 3017, 3017.1)

If the result of the initial assessment determines that the allegations may constitute Title IX sexual harassment, the Title IX Coordinator shall promptly explain to the complainant the process for filing a formal complaint and inform the complainant of the continued availability of supportive measures with or without the filing of a formal complaint.

The Title IX Coordinator shall also determine what supportive measures may be offered to the respondent.

If any party is an identified student with a disability, or thought to be disabled, the Title IX Coordinator shall contact the Director of Special Education to coordinate the required actions in accordance with Board policy. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Confidentiality regarding the supportive measures offered and the identity of the following individuals shall be maintained, except as may be permitted by law or regulations relating to the conduct of any investigation: (20 U.S.C. Sec. 1232g; 34 CFR Parts 99, 106; Pol. 1013.4, 2016, 3024)

1. Individuals making a report or formal complaint.
2. Complainant(s).
3. Respondent(s).
4. Witnesses.

The Charter School shall treat complainants and respondents equitably by:

1. Offering supportive measures to the complainant and may offer such measures to the respondent.
2. Following the grievance process for formal complaints before imposing disciplinary sanctions or other actions that are not supportive measures on the respondent.

Supportive Measures -

All supportive measures provided by the Charter School shall remain confidential, to the extent that maintaining such confidentiality would not impair the ability of the Charter School to provide the supportive measures. (34 CFR 106.44)

When a party is an identified student with a disability, or thought to be a student with a disability, the Title IX Coordinator shall notify the Director of Special Education and coordinate to determine whether additional steps must be taken as supportive measures for the party while the Title IX procedures are implemented. Such measures may include, but are not limited to, conducting a manifestation determination, functional behavioral assessment (FBA) or other assessment or evaluation, in accordance with applicable law, regulations or Board policy. FBAs must be conducted when a student's behavior interferes with the student's learning or the learning of others and information is necessary to provide appropriate educational programming, and when a student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability. (Pol. 1013, 1013.1, 1013.2, 1013.3)

Reasonable Accommodations –

Throughout the Title IX sexual harassment procedures, the Charter School shall make reasonable accommodations for identified physical and intellectual impairments that constitute disabilities for any party, consistent with the requirements of federal and state laws and regulations and Board policy. (Pol. 1003.1, 1004, 1013, 7006)

Employee Disciplinary Procedures When Reports Allege Title IX Sexual Harassment -

When reports allege Title IX sexual harassment, disciplinary sanctions may not be imposed until the completion of the grievance process for formal complaints. The Charter School shall presume that the respondent is not responsible for the alleged conduct until a determination has been made at the completion of the grievance process for formal complaints.

Administrative Leave –

When an employee, based on an individualized safety and risk analysis, poses an immediate threat to the health or safety of any student or other individual, the employee may be removed on an emergency basis.

An accused, nonstudent Charter School employee may be placed on administrative leave during the pendency of the grievance process for formal complaints, consistent with all rights under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, and in accordance with state law and regulations, Board policy and an applicable collective bargaining agreement or individual contract.

Required Reporting Under Other Policies -

In addition to implementing the Title IX sexual harassment procedures, the Title IX Coordinator shall ensure that reported conduct which meets the definition of other laws, regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse. (Pol. 3017.1, 6005.1, 6006, 6024)

Timeframes

Reasonably prompt timeframes shall be established for the conclusion of the grievance process for formal complaints, including timeframes for the informal resolution process and timeframes for filing and resolving appeals.

The established timeframes included in these procedures may be adjusted to allow for a temporary delay or a limited extension of time for good cause. Written notice of the delay or extension and the reason for such action shall be provided to the complainant and the respondent, and documented with the records of the complaint. Good cause may include, but is not limited to, considerations such as:

1. The absence of a party, a party's advisor or a witness.
2. Concurrent law enforcement activity.
3. Need for language assistance or accommodation of disabilities.

Redirection or Dismissal of Title IX Formal Complaints

Formal complaints may be dismissed, if at any time during the investigation or written determination steps described below:

1. A complainant provides written notification of withdrawal of any allegations or of the formal complaint.
2. The respondent is no longer enrolled or employed by the Charter School in a Charter School program or activity.
3. Specific circumstances prevent the Charter School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations.

Only alleged conduct that occurred in the Charter School's education program or activity, and against a person in the United States, may qualify as Title IX sexual harassment within the Charter School's jurisdiction. If it is determined during the investigation or written determination steps below that none of the allegations, if true, would meet the definition and parameters of Title IX sexual harassment within the Charter School's jurisdiction, the Title IX Coordinator

shall dismiss the formal complaint under Title IX. If the matter merits review and possible action under other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints, then the Title IX Coordinator shall redirect the report to the appropriate administrator to address the allegations.

Written notification shall be promptly issued to the parties simultaneously of any allegations found not to qualify or that are dismissed in compliance with Title IX. Written notification shall state whether the allegations will continue to be addressed pursuant to other Board policies, the Code of Student Conduct or Attachment 2 addressing Discrimination Complaints.

A dismissal may be appealed via the appeal procedures set forth in this Attachment.

Consolidation of Title IX Formal Complaints

The Charter School may consolidate formal complaints against more than one (1) respondent, or by more than one (1) complainant against one or more respondents, or by one (1) individual against another individual, where the allegations of sexual harassment arise out of the same facts or circumstances.

GRIEVANCE PROCESS FOR FORMAL COMPLAINTS

Step 1 – Formal Complaint

The Charter School is required to initiate the grievance process for formal complaints when a complainant files a formal complaint. The Title IX Coordinator is also authorized to initiate this process despite a complainant's wishes when actions limited to supportive measures are not a sufficient response to alleged behavior, or when a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is a supervisor, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. Only the Title IX Coordinator is authorized to initiate the formal complaint process despite a complainant's wishes, but the Title IX Coordinator may consult with the school solicitor and other Charter School officials in making this decision.

The complainant or the Title IX Coordinator shall use the designated section of the Discrimination/Sexual Harassment/Retaliation Report Form to file or sign a formal complaint.

The Title IX Coordinator shall assess whether the investigation should be conducted by the building principal, building administrator, another Charter School employee, the Title IX Coordinator or an attorney and shall promptly assign the investigation to that individual.

The Title IX Coordinator, investigator, decision-maker, or any individual designated to facilitate the informal resolution process, each must have completed the required training for such roles as designated in Board policy and shall not have a conflict of interest or bias for or against an individual complainant or respondent, or for or against complainants or respondents in general.

The respondent shall be presumed not responsible for the alleged conduct until a written determination regarding responsibility has been made at the conclusion of the grievance process for formal complaints.

Notice Requirements -

Upon receipt of a formal complaint, or when the Title IX Coordinator signs a formal complaint to initiate the grievance process for formal complaints, the Title IX Coordinator shall provide written notice to all known parties, and the parents/guardians of known parties, if applicable, providing the following information:

1. Notice of the Charter School's grievance process for formal complaints and any informal resolution process that may be available.
2. Notice of the allegations potentially constituting Title IX sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - a. The identity of the parties involved, if known.
 - b. The conduct allegedly constituting sexual harassment.
 - c. The date and location of the alleged incident(s), if known.
3. A statement that a written determination regarding responsibility shall be made at the conclusion of the grievance process for formal complaints and, until that time, the respondent is presumed not responsible for the alleged conduct.
4. Notice that parties may have an advisor of their choice, who may be, but is not required to be, an attorney. The advisor may inspect and review evidence.
5. Notice that Board policy and the Charter School's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information to Charter School officials in connection with reports of misconduct or discrimination complaints.
6. Notice to all known parties of any additional allegations that the Charter School decides to investigate during the course of the investigation.

Step 2 – Informal Resolution Process

[Note: The informal resolution process cannot be offered or used to facilitate a resolution for any formal complaint where the allegations state that an employee sexually harassed a student.]

At any time after a formal complaint has been filed, but prior to reaching a determination of responsibility, if the Title IX Coordinator believes the circumstances are appropriate, the Title IX Coordinator may offer the parties the opportunity to participate in an informal resolution process, which does not involve a full investigation and adjudication of the Title IX sexual harassment complaint.

The Charter School may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal Title IX sexual harassment complaints. Similarly, a Charter School may not require the parties to participate in an informal resolution process.

Informal resolutions can take many forms, depending on the particular case. Examples include, but are not limited to, mediation, facilitated discussions between the parties, acknowledgment of responsibility by a respondent, apologies, a requirement to engage in specific services such as an Employee Assistance Program, or supportive measures.

When offering an informal resolution process, the Title IX Coordinator shall:

1. Provide the parties a written notice disclosing the following:
 - a. The allegations.
 - b. The requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process for formal complaints.
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtain the parties' voluntary, written consent to the informal resolution process. As part of the consent process, all parties shall be informed of the rights being waived by agreeing to the informal resolution process, and shall acknowledge such agreement in writing.
3. The informal resolution process shall be conducted within
 - { } five (5) school days
 - { } ten (10) school days

{ } twenty (20) school days

{ } _____ school days

of the parties' signed agreement for the informal resolution process.

If the matter is resolved to the satisfaction of the parties, the Charter School employee facilitating the informal resolution process shall document the nature of the complaint and the proposed resolution of the matter, have both parties sign the documentation and receive a copy, and forward it to the Title IX Coordinator. Within

{ } ten (10) school days

{ } twenty (20) school days

{ } _____ school days

after the complaint is resolved in this manner, the Title IX Coordinator shall contact the complainant to determine if the resolution was effective and to monitor the agreed upon remedies. The Title IX Coordinator shall document the informal resolution process, responses from all parties, and an explanation of why the Charter School's response was not deliberately indifferent to the reported complaint of sexual harassment.

***If Step 2 Informal Resolution Process results in the final resolution of the complaint, the following steps are not applicable.**

Step 3 – Investigation

The designated investigator, if other than the Title IX Coordinator, shall work with the Title IX Coordinator to assess the scope of the investigation, who needs to be interviewed and what records or evidence may be relevant to the investigation. The investigation stage shall be concluded within

{ } twenty (20) school days.

{ } thirty (30) school days.

{ } _____ school days.

When investigating a formal complaint, the investigator shall:

1. Bear the burden of proof and gather evidence and conduct interviews sufficient to reach a written determination. During the process of gathering evidence, unless the Charter School obtains the voluntary, written consent of the party, or the party's parent/guardian when legally required, the Charter School cannot access, consider, disclose or otherwise use a party's records which are protected by legal privilege, such as those records made or

maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with providing treatment to the party. (For students - Pol. 1013.4, 2007, 2009, 2016; Safe2Say Something Procedures)

2. Objectively evaluate all available evidence, including inculpatory and exculpatory evidence.
3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

{ } However the Charter School may request a nondisclosure agreement be signed by the parties and their advisor(s), if any, stating that they will not disseminate or disclose evidence and documents exchanged in the investigation.

5. Provide the parties with the same opportunities to have others present during any interview or other meeting, including an advisor of the party's choice. The Charter School may establish restrictions, applicable to both parties, regarding the extent to which the advisor may participate.
6. Provide written notice to any party whose participation is invited or expected during the investigation process with the following information, in sufficient time for the party to prepare to participate:
 - a. Date.
 - b. Time.
 - c. Location.
 - d. Participants.
 - e. Purpose of all investigative interviews or other meetings.
7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations, including evidence the Charter School does not intend to rely on to reach a determination regarding responsibility and any inculpatory and exculpatory evidence, whether obtained from a party or other source.

If at any point the investigation expands to include additional allegations that were not included in the initial notice provided upon initiation of the grievance process for formal complaints, the investigator shall alert the Title IX Coordinator. The Title IX Coordinator shall provide written notice of the new allegations to the known parties.

Prior to the completion of the investigative report, the investigator shall:

1. Send to each party and the party's advisor, if any, the evidence subject to inspection and review in electronic or hard copy format.
2. Provide the parties at least ten (10) school days following receipt of the evidence to submit a written response.
3. Consider the written response prior to drafting the investigative report.

The investigator shall draft an investigative report that fairly summarizes relevant evidence and shall provide the investigative report to all parties and to the designated decision-maker.

If the investigation reveals that the conduct being investigated may involve a violation of criminal law, the investigator shall promptly notify the Title IX Coordinator, who shall promptly inform law enforcement authorities about the allegations and make any additional required reports, in accordance with law, regulations and Board policy. (Pol. 2018, 3017.1, 6005.1, 6006)

The obligation to conduct this investigation shall not be negated by the fact that a criminal or child protective services investigation of the allegations is pending or has been concluded. The investigator should coordinate with any other ongoing investigations of the allegations, including agreeing to request for a delay in fulfilling the Charter School's investigative responsibilities during the fact-finding portion of a criminal or child protective services investigation. Such delays shall not extend beyond the time necessary to prevent interference with or disruption of the criminal or child protective services investigation and the reason for such delay shall be documented by the investigator.

In the course of an investigation, it is possible that conduct other than, or in addition to, Title IX sexual harassment may be identified as part of the same incident or set of circumstances. The fact that there may be Title IX sexual harassment involved does not preclude the Charter School from addressing other identified violations of Board policy or the Code of Student Conduct. If such other conduct is being investigated and addressed together with Title IX sexual harassment as part of the Title IX grievance process for formal complaints, disciplinary action normally should not be imposed until the completion of the Title IX grievance process for formal complaints; however, an employee may be placed on administrative leave in accordance with the provisions of this Attachment. A decision whether and when to take disciplinary action should be made in consultation with the school solicitor.

Step 4 – Written Determination and Charter School Action

Designation of Decision-Maker -

To avoid any conflict of interest or bias, the decision-maker cannot be the same person as the Title IX Coordinator or the investigator. The responsibility as the decision-maker for complaints of Title IX sexual harassment shall generally be designated to the

{ } building principal or building administrator.

{ } Chief Executive Officer.

{ } Director of Student Services.

{ } _____ Other.

If the _____ has a conflict of interest or is a party in the formal complaint process, they shall disclose the conflict and the Title IX Coordinator shall designate another individual to serve as the decision-maker.

Written Determination Submissions -

A written determination of responsibility (written determination) must not be finalized less than ten (10) days after the investigator completes the investigative report and provides it to all parties. Before the decision-maker reaches a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that a party wants to be asked of any party or witness, shall provide each party with the answers, and shall allow for additional, limited follow-up questions from each party.

Relevant questions for a party or witness must be submitted by each party within

{ } three (3) school days

{ } five (5) school days

{ } _____ school days

following receipt of the investigative report. Follow-up questions must be submitted by each party within

{ } three (3) school days

{ } five (5) school days

{ } _____ school days

of being provided the answers to the initial questions.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as part of the follow-up questions and responses, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The decision-maker shall explain to the party proposing the questions about any decision to exclude a question as not relevant.

Written Determination -

The decision-maker must issue a written determination for the conduct alleged in formal complaints. To reach this determination, the decision-maker shall apply the preponderance of the evidence standard, meaning that the party bearing the burden of proof must present evidence which is more credible and convincing than that presented by the other party or which shows that the fact to be proven is more probable than not.

{ } *[Note: Charter Schools may consult with their school solicitor and decide to use the “clear and convincing evidence” standard, as permitted by the federal regulations, in place of the “preponderance of the evidence” standard. However, the legal disadvantages of this should be carefully considered with the school solicitor.]* the clear and convincing evidence standard, meaning that the party bearing the burden of proof must show that the truth of the allegations is highly probable.

In considering evidence, the decision-maker shall ensure credibility determinations are not based on an individual’s status as a complainant, respondent or witness.

After considering all relevant evidence, the decision-maker shall issue a written determination that includes:

1. Identification of the allegations potentially constituting Title IX sexual harassment.
2. A description of the procedural steps taken from the receipt or signing of the formal complaint through the written determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.
3. Findings of fact supporting the determination.
4. Conclusions regarding the application of the Charter School’s Board policies or Code of Student Conduct to the facts.
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. Determination regarding responsibility.
 - b. Disciplinary sanctions.
 - c. Remedies designed to restore or preserve equal access to the Charter School’s education program or activity that will be provided by the Charter School to the complainant. Such remedies may be punitive or disciplinary and need not avoid burdening the respondent.

6. The procedures, deadline and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination becomes final either:

1. On the date that the Charter School provides the parties with the written decision of the result of the appeal, if an appeal is filed;
2. Or, if an appeal is not filed, on the date on which an appeal would no longer be considered timely, in accordance with the timeframe established for appeals in this Attachment.

The Title IX Coordinator shall be responsible to ensure that any remedies are implemented by the appropriate Charter School officials and for following up as needed to assess the effectiveness of such remedies. Disciplinary actions shall be consistent with Board policies and administrative procedures, the Code of Student Conduct, Charter School rules, applicable collective bargaining agreements, and state and federal laws and regulations, including specific requirements and provisions for students with disabilities. (Pol. 1013.3, 2018, 2033, 3017, 3017.1)

Appeal Process

Charter Schools must offer both parties the right to appeal a determination of responsibility and the right to appeal the Charter School's dismissal of a Title IX formal complaint or any allegation in the Title IX formal complaint. The scope of appeals related to Title IX sexual harassment are limited to the following reasons for appeal as stated in the Title IX regulations:

1. A procedural irregularity that affected the outcome of the matter.
2. New evidence that that could affect the outcome was not reasonably available at the time the decision to dismiss or determination of responsibility was made.
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against the individual complainant or respondent or for or against complainants or respondents generally that affected the outcome of the matter.

Written notice of a party's appeal shall be submitted to the Title IX Coordinator within

{ } five (5) school days

{ } ten (10) school days

{ } _____ school days

after the date of the written determination. Notice of appeal shall include a brief statement describing the basis for the appeal.

The Title IX Coordinator shall ensure that the designated appeal authority is not the same person as the decision-maker that reached the determination, the investigator, or the Title IX Coordinator. The designated appeal authority shall be the:

{ } School solicitor or outside counsel.

{ } Outside hearing officer.

{ } _____ (Other).

For all appeals, the designated appeal authority shall:

1. Provide written notice to the other party when notice of an appeal is filed and implement appeal procedures equally for both parties.
2. Provide both parties a reasonable, equal opportunity to submit a written statement in support of or challenging the stated basis for the appeal. Supporting statements shall describe in detail as applicable the procedural irregularities asserted to have affected the outcome of the determination, the nature of any new evidence asserted to have affected the outcome, and the nature of any bias asserted to have affected the outcome, with an explanation of how the outcome was affected by such factors. If evidence exists supporting the basis for appeal, it shall accompany the supporting statement, or it shall identify where such evidence may be found.

Supporting statements must be submitted to the appeal authority and provided to the other party within

{ } five (5) school days

{ } ten (10) school days

{ } _____ school days

of the written notice of appeal.

Statements in opposition to the appeal shall be submitted within five (5) school days of the submission of supporting statements. If a statement in opposition to an appeal refers to any evidence beyond what is described in a supporting statement, it shall accompany the statement in opposition, or it shall identify where such evidence may be found.

The appeal authority may accept and consider evidence in support of or in opposition to an appeal in making any conclusions necessary to deciding the appeal. Alternatively, when the appeal authority determines that factors exist making it necessary for the decision-maker to further develop the evidentiary record relevant to the basis for appeal, the appeal authority may return the matter to the decision-maker for that limited purpose.

3. Determine whether the appeal meets the grounds for permitted reasons for appeal and justifies modifying the written determination.
4. Issue a written decision setting forth the respects, if any, in which the written determination is modified and the rationale for the result within
 - { } five (5) school days.
 - { } ten (10) school days.
 - { } twenty (20) school days.
 - { } _____ school days.
5. Provide the written decision simultaneously to both parties. A copy of the written decision shall also be provided to the Title IX Coordinator.

Recordkeeping

The Charter School shall maintain the following records for a minimum of seven (7) years after conclusion of procedures and implementation of disciplinary sanctions and/or remedies, or in the case of a complainant or respondent who is a minor, until the expiration of the longest statute of limitations for filing a civil suit applicable to any allegation:

1. Each Title IX sexual harassment investigation, including any written determination and any audio or audiovisual recording or transcript, and disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the Charter School’s education program or activity.
2. Any appeal and the result.
3. Any informal resolution and the result.
4. All materials used to train the Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process.
5. Records of any Charter School actions, including any supportive measures, taken in response to a report or formal complaint of Title IX sexual harassment. In each instance, the Charter School shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Charter School’s education program or activity. If a Charter School does not provide a complainant with supportive measures, then the Charter School must document the reasons why such a response was not clearly unreasonable in light of the known

circumstances. The documentation of certain bases or measures does not limit the Charter School in the future from providing additional explanations or detailing additional measures taken.

Section	1000 Programs
Title	Curriculum Development Cycle
Code	1005-AR-1
Status	Active
Adopted	September 8, 2020

The objective of a Curriculum Development Cycle is to identify grade level and/or course objectives for the K-12 educational program. Establishing such objectives, when related to program goals, will facilitate the definition of an orderly progression toward the accomplishment of school academic standards for student achievement.

Development of grade level/course objectives by discipline is planned to be completed during a five (5) year period, consistent with the textbook review cycle. Basic to attaining this target is maintaining economic resources to support the broad-based participation of administrative and professional staff.

The Director of Curriculum, Instruction and Assessment and principals are responsible to implement a cyclical plan to assist in the development of K-12 planned courses of instruction that are coordinated and articulated across grade levels, staff and buildings.

The Director of Curriculum, Instruction and Assessment will coordinate a Curriculum Development Committee for each academic discipline. The committees will be comprised of principals and teacher representatives from each grade level. The appropriate building principals will select teachers to serve on a committee, based on their certification and assignment, educational background, and potential to make positive contributions.

Each Curriculum Development Committee will define grade and course level objectives to provide guidance for articulation between grades and schools.

For each academic discipline, the Committee will be responsible to:

1. Establish scope and sequence of learning – sequence of topics, units or themes to be covered at each grade, with the major emphasis on a learning continuum through all levels.
2. Define desired goals or specific academic standards or concepts – in behavioral terms, each statement will describe what the student will be able to do after they have had the learning experience.
3. Identify suggested activities – descriptions of learning activities that should assist students in achieving the specific academic standards.
4. Develop a list of suggested materials – identify textbooks, supplementary resources, audiovisual aids and any other material or technology that will assist in teaching the unit; identify a list of community resources, individuals, etc.
5. Suggest evaluation procedures – assessment tools for teachers to use to determine the extent to which students have mastered the academic standards.

The curriculum format should be effective, concise, specific and operational so that it can assist the classroom teacher. It should be designed so that teachers can add and delete material resources and activities as the need for changes in content, methods and materials is determined.

The school is responsible to develop and maintain curriculum, based on the students' need and mandatory programs. Input will be accepted from the various sources in the school, such as Board members, administrators, employees, students, parents/guardians, and community members.

Title	Review of Instructional Materials by Parents / Guardians and Students
Code	1005.1
Status	Active
Adopted	September 11, 2018
Last Revised	May 11, 2021

Authority

The Board of Trustees adopts this policy to ensure that parents/guardians and students have an opportunity to review instructional materials and have access to information about the curriculum, including academic standards to be achieved, instructional materials and assessment techniques.[\[1\]](#)[\[2\]](#)

Definition

Instructional material means instructional content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). For purposes of this policy, the term does not include academic tests or academic assessments.[\[1\]](#)

Guidelines

A written request must be sent to the appropriate principal. Upon receipt of the request from a parent/guardian or student, 21CCCS will make available existing information about the curriculum, including academic standards to be achieved, instructional materials, and assessment techniques. The request must set forth the specific material being sought for review.[\[1\]](#)

The following conditions shall apply to any request:

1. To assist the Charter School in providing the correct records to meet the needs of the requesting party, the request must be in writing, setting forth the specific material being sought for review.
2. The Charter School shall respond to the parent/guardian or student within five (5) school days by designating the time and location for the review.[\[1\]](#)
3. The Charter School may take necessary action to protect its materials from loss, damage or alteration and to ensure the integrity of the files, including the provision of a designated employee to monitor the review of the materials.
4. No parent/guardian or student shall be permitted to remove the material provided for review or photocopy the contents of such file. The taking of notes by parents/guardians and students shall be permitted.
5. No more than one (1) request per semester may be made by any parent/guardian or student for each enrolled child.

Under federal law, the rights provided to parents/guardians to inspect any instructional materials used as part of the student's educational curriculum transfer to the student when the student turns eighteen (18) years old or is an emancipated minor. These rights do not transfer under state law; therefore, parents/guardians retain their

rights to access information about the curriculum and to review instructional materials.[\[1\]](#)[\[2\]](#)

Delegation of Responsibility

The Chief Executive Officer or designee shall notify parents/guardians and students of this policy and its availability. This notification shall be given at least annually, at the beginning of each school year, and within a reasonable time after any substantive changes regarding the contents of this policy.[\[1\]](#)

Authority

The Board of Trustees adopts this policy to ensure that parents/guardians have the right to have their children excused from specific instruction that conflicts with their religious beliefs, in accordance with applicable law and regulations.[\[1\]](#)[\[2\]](#)

Guidelines

The Charter School shall excuse any student from specific instruction, subject to the following conditions:

1. To assist the Charter School in ensuring that the student is excused from the correct specific instruction, the request must be made in writing and must detail the specific instruction from which the student is to be excused.
2. The written request to be excused shall be sent by the parent/guardian or student to the Chief Executive Officer.

One (1) copy of the request shall be retained in the student's permanent school records, one (1) copy kept by the administration, and one (1) copy submitted to the teacher from whose instruction the student is to be excused.

3. It shall not be the responsibility of the Charter School or any of its employees to ensure that the student exercises their right to be excused in accordance with a parental request. It shall be the responsibility of the student to request permission to leave live class when the specific instruction objected to is presented. When the student seeks to be excused, the teacher shall excuse the student if the teacher or administration has a copy of the written request and the written request adequately describes the specific instruction.
4. The written request must contain a statement that the specific instruction described conflicts with the religious beliefs of the student or of the parents/guardians.
5. The parent/guardian and/or student may request suggested replacement educational activities. The only permissible educational activities for this purpose shall be in the nature of replacement instruction that is consistent with the learning objectives set for the course and does not require the provision of any extra resources by the Charter School.
6. Excusal From School For Mental, Physical, And Other Urgent Reasons Mental Or Physical Reasons For Excusal

For any excusal from compulsory school attendance that exceeds the temporary period described in Excusal For Temporary Periods in this policy, the Board of Trustees, upon recommendation of the CEO, may excuse from compulsory school attendance any student of compulsory school age when the following conditions are satisfied:

1. A mental or physical condition that: (a) is severe; (b) is likely to persist for greater than four (4) calendar weeks during which school is in session; and (c) is widely recognized within an established field of medicine or psychology and prevents the child from attending school.
2. The school has received a report written by a licensed medical doctor or a licensed psychologist that: (a) describes the mental or physical condition using professionally recognized diagnostic criteria; (b) contains a clear recommendation that the child not attend school for a specific period; and (c) explains how the mental or physical condition of the child prevents school attendance.
3. The school does not have reason to suspect that the reasons offered to excuse the nonattendance are fraudulent or constitute an attempt to subterfuge the compulsory attendance laws of the Commonwealth. Such reasons include, but are not limited to: (a) the use of a medical doctor or psychologist who has a history of supporting fraud or subterfuge; (b) over-reliance by the medical doctor or psychologist on secondary information rather than on direct, independent assessment and judgment; (c) a history of parent/guardian or student violation of the compulsory attendance laws; or (d) a history of erratic attendance or unexcused absence on the part of the student.

Other Urgent Reasons For Excusal

In other extraordinary circumstances resulting in absences that exceed the temporary period described under Excusal For Temporary Periods in this policy, the Board of Trustees may excuse from compulsory school attendance, upon recommendation of the CEO, any student of compulsory school age upon receipt of clear evidence from credible sources that a condition exists that indisputably renders such attendance a clear and immediate danger to the health, safety, or welfare of the student or others and when such condition is likely to persist for a period greater than four (4) calendar weeks during which school is in session. Whenever possible, evidence of such condition must be provided under or subject to an oath that would subject the provider thereof to criminal prosecution in the event that any portion is determined to be false.

Approval By The Department Of Education

The approval of any excusal from compulsory attendance, other than excusals for temporary periods as described below, shall not become final until it is approved by the designated authority within the Pennsylvania Department of Education. The CEO or designee shall forward any approval by the Board to the Department in such form and with such substantiating documentation as the Department shall require. Nothing in this policy shall preclude excusal of a student who has satisfied the conditions enumerated above in this policy pending approval from the Department, provided, however, that the school shall treat such excusal as revoked immediately upon notification of the parent/guardian of the student that the Department has disapproved such excusal.

Excusal For Temporary Periods

The principal of any public or private school at which a student of compulsory school age is in attendance may excuse that student from attendance for any of the reasons identified, and upon satisfaction of the conditions specified in Mental Or Physical Reasons For Excusal or Other Urgent Reasons For Excusal sections of this policy for a period not to exceed four (4) continuous weeks during which school is in session in any one (1) school year. Such excusals are not subject to approval by either the Board of Trustees or the Department of Education but shall be promptly reported to the CEO or designee and to the Office of Special Education. The principal may extend such excusal for additional periods, each not to exceed four (4) continuous weeks during which school is in session, provided that the total time of excusal in any one (1) school year shall not exceed three (3) calendar months.

Homebound Instruction

Due to the nature of cyber education and the school's educational delivery model in most circumstances homebound instruction will not be necessary as students are able to access teachers, lessons, and all course work from their homes.

Eligibility

Except as provided under Students With Disabilities in this policy, a public school student who the Board or the principal has excused in accordance with Excusal From School For Mental, Physical, And Other Urgent Reasons of this policy shall receive homebound instruction upon receipt of a request in writing from the parent/guardian of the student, subject to the following limitations and conditions:

Absent compelling and extraordinary circumstances, homebound instruction shall not commence prior to the expiration of one (1) week of continuous absence from the date on which the request for such instruction is received in writing from the parent/guardian or from the point at which excusal is approved by the Board or principal in accordance with this policy, whichever is later.

The hours of such instruction shall not exceed five (5) weekly or the maximum number for which subsidy is available from the Commonwealth of Pennsylvania, or the maximum that the health and well-being of the student will allow, whichever is less.

The availability and amount of such instruction is subject to the availability of certified teachers to provide such services in the home.

The scheduling of such instruction shall be at the mutual convenience of the parent/guardian and the instructor, and the school shall not provide make-up sessions when the student or the parent/guardian is unavailable for a scheduled session of instruction.

Continuation of homebound instruction for any period beyond three (3) months shall be contingent upon approval of such instruction by the Pennsylvania Department of Education.

A responsible adult caretaker must remain in the home for the entire time that a homebound instructor is in the house.

Provision Of Homebound Instruction

Homebound instructors shall be certified to teach within the Commonwealth of Pennsylvania the subjects in which they are instructing the homebound student. Homebound instruction shall mirror as closely as possible the planned scope and sequence of instruction that is delivered to students of similar age attending the public schools. When regularly-employed professional staff cannot be assigned to homebound instructions, persons on the substitute roster holding appropriate certification may be used. If no certified person is available, an emergency certificate may be issued to qualify a person to teach homebound students.

Students With Or Thought To Have Disabilities

Students With Disabilities

When the Board or principal has excused from school, in accordance with Excusal From School For Mental, Physical, And Other Urgent Reasons of this policy, a student with a disability whom the school has determined to be eligible for special education and related services in accordance with the Individuals with Disabilities Education Act and Chapter 14 of the regulations of the State Board of Education or adaptations and accommodations in accordance with Section 504 of the Rehabilitation Act of 1973 and Chapter 15 of the regulations of the State Board of Education, the CEO or designee shall ensure that an IEP team or an accommodation planning team convenes with reasonable promptness. The team thus convened shall determine the type, frequency, duration, and location of instruction provided to the student, the provisions of the Homebound Instruction section in this policy notwithstanding. Nothing in this policy shall limit the authority of the team to seek any necessary reevaluations of the child prior to recommending changes in program or placement.

Students Not Identified As Having Disabilities

When the Board or principal has excused from school, in accordance with this policy, a student whom the school has not identified as having a disability, the following shall apply:

For a student excused in accordance with Mental Or Physical Reasons For Excusal in this policy, the CEO or designee shall seek from the parent/guardian of the student permission to complete a multidisciplinary team evaluation and, upon receipt of permission either from the parent/guardian or by the final order of a hearing officer or court, shall proceed with such evaluation within the time allotted by law. The requirement to complete a pre-evaluation screening of such child shall be waived unless the CEO or designee determines that such screening can be completed meaningfully and practicably under the circumstances.

For a student excused for a temporary period in accordance with Excusal For Temporary Periods in this policy, the CEO or designee shall seek from the parent/guardian of the student permission to proceed with a pre-evaluation screening as soon as possible upon the return of the student to school and, upon receipt of permission either from the parent/guardian or by final order of a hearing officer or court, shall proceed with such screening within the time allotted by law or policy, provided, however, that the CEO or designee shall have the authority, based upon a review of the records of the student and the circumstance of the case: (a) not to proceed with such screening if the condition for which the excusal was granted is eliminated or mitigated to such an extent that it will not affect the ability of the student to access or participate in educational programming; or (b) to proceed with screening or with a multidisciplinary team evaluation prior to the return of the student to school if circumstances warrant. Nothing in this policy shall limit the right of a parent/guardian to request that a multidisciplinary team evaluation proceed immediately and without pre-evaluation screening or the right of the school to refuse such a request in the manner prescribed by law.

An excusal granted in accordance with Other Urgent Reasons For Excusal in this policy shall not in itself constitute reason to believe that a student has a disability, unless circumstances otherwise so indicate.

Pregnant and Parenting Students

Becoming pregnant or being a parent does not, in itself, necessitate that a student receive homebound instruction. Certification of a physician is required for any students, including pregnant or parenting students, who are requesting homebound instruction because of an illness or other urgent reason.

PSSA Testing

A homebound student is required to participate in the Pennsylvania System of School Assessment (PSSA). If the student is incapable of participating at the school or school-designated location, the individual who is providing the homebound instruction should be trained to administer the assessment and then administer the test to the student in their home.

Purpose

The Board of Trustees (Board) shall provide a comprehensive program of planned instruction to enable Charter School students to achieve educational goals and objectives, and attain academic standards required for student achievement. Planned instruction shall consist of at least the following:[\[1\]](#)[\[2\]](#)

1. Objectives to be achieved by all students.
2. Content, including materials, activities and instructional time.
3. Relationship between objectives of a planned course and established academic standards.
4. Procedure for measuring the attainment of objectives and academic standards.

Authority

The Board shall adopt the program of planned instruction by a majority vote of the full Board. The Board reserves the right to determine which units of the instructional program constitute planned instruction and are subject to adoption by the Board.

Delegation of Responsibility

The Chief Executive Officer shall be responsible for continuous evaluation of the effectiveness of the Charter School's planned instruction and shall recommend to the Board new and altered planned instruction deemed to be in the best interests of students.

The Chief Executive Officer shall invite the participation of administrative and professional staff members at appropriate levels in the formulation of recommendations.

The Chief Executive Officer shall annually provide each Trustee with a current list of all planned instruction.

When an addition or revision to the school's planned instruction is recommended by an individual employee or group of professional employees in a grade or department, a written proposal will be submitted on the school form to the CEO or Director of Curriculum, Instruction & Assessment.

The written proposal will contain the following information regarding the proposed planned instruction:

1. Description and content, including the instructional method when it differs significantly from traditional methods and is an integral part of the instruction.
2. Applicability to students and a description of the group of students affected.
3. Rationale in terms of school objectives and academic standards, and justification when it will replace or alter an existing course of planned instruction.
4. Resources that its implementation will require, to include textbooks, materials, technology, personnel, and equipment.
5. Assessment and evaluation methods to be used to monitor and measure its effectiveness and impact on student achievement.
6. Developmental history, with data on its use elsewhere when available.

The CEO or designee will coordinate selection of a Review Committee, which will include appropriate administrators and teacher representatives. The Review Committee will review the proposal and will recommend one (1) of the following:

1. Approval of the proposal.
2. Approval of the proposal, contingent upon recommended revisions being made.
3. Disapproval of the proposal, citing reasons.

The Board will make the final determination of approval or disapproval of the proposal for adding planned instruction.

If approved by the Board, the designated employees will prepare a guide for planned instruction, using the school's format, in accordance with Board policy and administrative procedures.

Upon Board approval, new courses will be added to, and deleted courses will be removed from, the school's program of planned instruction and the information provided to staff, students and parents/guardians.

Purpose

The Board of Trustees (Board) recognizes the importance of providing textbooks and resource materials as reliable sources of information in the Charter School's approved curriculum and planned instruction.

Authority

The CEO or Designee shall approve the adoption of all textbooks and resource materials used for instruction in the Charter School's educational programs.

Definitions

Textbooks shall be defined as the books used as the basic source of information in the planned instruction.

Resource materials shall include nonfiction and fiction books, magazines, reference books, supplementary titles, multimedia and digital materials, software and instructional materials.

Delegation of Responsibility

The Chief Executive Officer, in consultation with administrative and professional staff members, shall be responsible for the selection and approval of textbooks and resource materials.

The Chief Executive Officer or designee shall establish administrative procedures for reviewing, evaluating and selecting textbooks and resource materials.

The Chief Executive Officer or designee shall establish a process for handling complaints and requests for reconsideration of resource materials.

A list of all approved textbooks and resource materials used in the Charter School shall be maintained by the Chief Executive Officer or designee and shall be available to Trustees, staff, students, parents/guardians and the Charter School community.

Guidelines

Accessible Format of Instructional Materials

The Board adopts the National Instructional Materials Accessibility Standard (NIMAS) and shall provide print and instructional materials, including textbooks and resource materials, in alternate or specialized accessible formats in a timely manner to students who are blind or other persons with print disabilities, in accordance with law and regulations. [1][2]

The Charter School shall take all reasonable steps to ensure that students who are blind or other persons with print disabilities have access to accessible format instructional materials at the same time that students without disabilities have access to instructional materials. The Charter School shall not withhold instructional materials from other students until instructional materials in accessible formats are available.

The Charter School shall take all reasonable steps to ensure that students enrolling in the Charter School after the start of the school year have access to accessible format instructional materials within ten (10) school days from the time the need for accessible or specialized format instructional materials is determined.

Title	Current Events
Code	1009
Status	Active
Adopted	November 17, 2015
Last Revised	September 10, 2019

The Board believes that the consideration of current events has a legitimate place in the instructional program of the schools.

Properly introduced and conducted, the consideration of such events can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy, a current event is a topic on which opposing points of view have been promulgated by responsible opinion.

The Board will permit the introduction and proper educational use of current events provided that their use in the instructional program is related to the instructional goals of the course of study and level of maturity of the students; does not tend to indoctrinate or persuade students to a particular point of view; encourages fair presentation and open-mindedness; is not meant to embarrass or ridicule a person or people at the school; and is not related to the employment status of the teacher and/or other employees of the school.

The Board recognizes that some deviation from the designated curriculum map is necessary in the free exchange of the classroom. However, the Board specifies for the guidance of the CEO and, through administrative directive, the guidance of the staff, that any discussion of current events in the classroom shall be conducted in an unprejudiced and dispassionate manner and shall not disrupt the educational process nor fail to match the maturity level of students; and be unrelated to the goals of the school and the appropriate curriculum map.

Teaching About Religion

The Board believes that the school curriculum must give suitable attention to the religious influences in man's development and that knowledge about religion is an important aspect of the study of society.

Accordingly, the Board endorses the inclusion of religious writings in the curriculum, in conformance with State Department of Education guidelines.

Controversial Speakers

American academic tradition stresses the free exchange of ideas as a vital element in the development of curriculum and in classroom teaching.

Any faculty member may invite speakers to address their class on subjects which are within the framework of their curriculum and which are not prohibited by law. Such outside speakers shall have the preapproval of and be introduced to the principal.

Consideration should be given to providing a balance of viewpoints and students and faculty are expected to display the appropriate amount of respect regarding all such viewpoints.

Title	Selection of Software Resource Material
Code	1009-AR-1
Status	Active
Adopted	September 8, 2020

Software is a key component of learning and complements teacher instruction, the curriculum and classroom management. Software should be chosen to best match the planned instruction for each subject. Software provides for the learning reflected in the curriculum and academic standards, as well as in materials that supplement and extend the core learning.

The school's technology staff will select software resource materials for use in the school. The technology staff will consult with appropriate administrators and professional staff during the selection process.

Criteria For Evaluation/Selection

In selecting software resource materials, the technology and professional staff will select materials meeting high standards, based on the following criteria:

1. Educational significance and relevance.
2. Developmentally appropriate for a particular age group.
3. Provision for both horizontal and vertical learning by supplementing, enhancing and extending the core curriculum.
4. Favorable professional recommendations based on preview and examination of materials by professional personnel.
5. Reputation and background of the software publisher.
6. Content is applicable for multi-level ability and use.
7. Value commensurate with cost and/or need.
8. Compatibility with current software and systems.
9. Need balanced with school's budgeted resources.
10. Technical excellence.

The technology staff will select software using the established criteria. Software orders must be reviewed by the designated administrator and approved by the principal before being submitted to the CEO.

Software given to the school will be judged by the established criteria and will be accepted or rejected based on that criteria.

Upgrading is the process of removing software that has outlived its usefulness. Software that is obsolete, inaccurate or damaged may be upgraded.

Title	Weeding of Resource Material
Code	1009-AR-2
Status	Active
Adopted	September 8, 2020

Weeding is the process of clearing the collections in the library/media center of materials that have outlived their usefulness.

Weeding is essential to maintaining an attractive, relevant collection. Weeding is a continuous process, and the current collection of resource materials will be continually evaluated in relation to evolving curriculum, new formats of materials and resources, new instructional methods, and the current needs of users.

All weeding decisions will be made and executed by the professional staff and technology department. The same review and evaluation used for selection of materials will be applied to weeding of resource materials.

Criteria For Removal Of Materials

Resource materials will be removed from a collection when they are determined to be:

1. Outdated because the content is obsolete, inaccurate or misleading.
2. Unnecessary to support and/or enrich the curriculum or student/faculty needs or interests.
3. Superseded by new or revised editions or more current information.
4. Duplicates of titles no longer in heavy demand.
5. In poor physical condition.
6. Seldom circulated.

Discarded books may be given to staff members and/or donated to public libraries.

Authority

The Board of Trustees (Board) shall supply each staff member and student with the supplies and equipment that are deemed necessary for implementation of the approved educational program.

The Board may require that students provide certain supplies for participation in extracurricular activities.

Guidelines

When individualized and nonreusable clothing or equipment is necessary for reasons of safety or health, students shall be required to provide their own clothing or equipment, which shall meet standards set by the Charter School. Such standards shall be reasonably related to considerations of safety, health and protection of property.

[\[1\]](#)

When provision of instructional supplies imposes a financial hardship on a student, the Charter School may assume the cost.

Delegation of Responsibility

The Chief Executive Officer or designee shall establish administrative procedures to ensure that no student is denied participation in the educational program for financial reasons and to guard the privacy of each student.

Purpose

A School counseling program is an integral part of the Charter School's educational program. Such a program can:

1. Assist students in achieving their optimum potential.
2. Enable students to significantly benefit from the offerings of the educational program.
3. Identify intellectual, emotional, social, academic and post-secondary needs.
4. Aid students in recognizing options and making choices in vocational and academic educational planning.
5. Assist students in identifying career options consistent with their abilities and goals.
6. Help students learn to make their own decisions and to solve problems independently.

Authority

The Board of Trustees (Board) directs that students shall be provided a program of guidance and counseling which involves the coordinated efforts of all staff members, under the professional leadership of certificated guidance and counseling personnel.[\[1\]](#)

Delegation of Responsibility

The Chief Executive Officer or designee is directed to implement and maintain a guidance program that serves the needs of students.

Guidelines

The Charter School's program of guidance counseling shall:

1. Be an integral part of the educational program at all levels.
2. Involve staff members at every appropriate level.
3. Honor the individuality of each student.
4. Be coordinated with services provided by locally available social and human services agencies.[\[1\]](#)[\[2\]](#)
5. Cooperate with parents/guardians and address their concerns regarding the development of their child.

6. Provide means for sharing information among appropriate staff members in the best interests of the student.
7. Be available equally to all students.
8. Establish a referral system that utilizes resources offered by the Charter School and community, guards the privacy of the student, and monitors the effectiveness of such referrals.

Prior Revised Dates	September 11, 2018

Purpose

The Charter School shall offer each enrolled student with a disability education programs and services that appropriately meet the student's needs for educational, instructional, transitional and related services. A student who requires special education shall receive programs and services according to an individualized education program (IEP). The IEP shall provide access to the Charter School's general curriculum and participation in state and local assessments, including supplemental aids and services that permit the student to be educated, to the maximum extent appropriate, with nondisabled peers. The Charter School shall provide a continuum of placement options to appropriately meet the needs of students with disabilities. [\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)

Definitions

Students with disabilities - school-aged children enrolled in the Charter School who have been evaluated and found to have one or more disabilities as defined by law and regulations, and who require, because of such disabilities, special education and related services. School-aged children who have identified disabilities but do not require special education may be entitled to accommodations or services or to enroll in courses of study which serve students with disabilities pursuant to other law or Board of Trustees ("Board") policy. [\[8\]](#)[\[9\]](#)[\[10\]](#)

Individualized Education Program ("IEP") - the written educational statement for each student with a disability that is developed, reviewed and revised in accordance with federal and state laws and regulations. [\[5\]](#)[\[9\]](#)[\[11\]](#)

Parent/Guardian - for purposes of this policy and Board policies related to special education, parent/guardian shall have the definition of parent in IDEA statute and regulations, which includes:

- a) a biological or adoptive parent of a child;
- b) a foster parent, unless prohibited by state law or regulations;
- c) a guardian authorized to act as the child's parent, in accordance with law or regulations;
- d) an individual acting in the place of a parent, including a grandparent or other relative, with whom the child lives or
an individual legally responsible for the child's welfare; or
- e) an appointed surrogate parent, in accordance with law and regulations. [\[8\]](#)[\[12\]](#)

Authority

The Board directs that all students with disabilities who are enrolled in the Charter School and who are in need of special education and related services, or thought to be in need of special education and related services, shall be identified, located and evaluated. Students with disabilities who are determined to be in need of special education

and related services shall be provided with appropriate educational programs and services, in accordance with federal and state laws and regulations.[\[1\]](#)[\[13\]](#)[\[14\]](#)[\[15\]](#)[\[16\]](#)[\[17\]](#)[\[18\]](#)

The Charter School prohibits discrimination based on disability. Students with disabilities are entitled to enroll in the Charter School and receive services and accommodations, which will permit them to participate in Charter School programs, services and activities as required by law.[\[19\]](#)[\[20\]](#)

The Charter School shall establish and implement a system of procedural safeguards and parent/guardian notifications, in accordance with federal and state laws and regulations.[\[21\]](#)[\[22\]](#)[\[23\]](#)

The Charter School shall include required information on students with disabilities served by the Charter School, and the services, programs, and resources provided for students with disabilities, in its Annual Report, in accordance with law and regulations.[\[24\]](#)

Delegation of Responsibility

The Chief Executive Officer or designee is directed to annually recommend to the Board the employment and retention of necessary, qualified staff and provision of required facilities, programs, and services to provide for the needs of students with disabilities.[\[27\]](#)[\[28\]](#)

Fiscal and Program Compliance

The Chief Executive Officer or designee shall establish procedures to ensure that the Charter School complies with all federal and state laws and regulations, and program requirements for special education-related funding and reimbursement.

The Charter School shall notify a student's school district of residence when:[\[29\]](#)

1. A student with an IEP begins attending the Charter School.
2. The Charter School has identified an enrolled student as a student with a disability and has developed an IEP for the student.
3. A student with a disability enrolled in the Charter School subsequently enrolls in another public or private school entity.

Such notification should occur within ten days of enrollment, identification of a disability or disenrollment.

Guidelines

Individualized Education Programs ("IEP"s)

Each student with a disability shall be educated pursuant to an IEP, which shall provide an appropriate education in the least restrictive environment, in accordance with federal and state laws and regulations.[\[5\]](#)[\[30\]](#)[\[31\]](#)

When a student with an IEP transfers into the Charter School, the Charter School shall, upon enrollment, ensure that the student receives special education and related services in conformity with the IEP, either by adopting the existing IEP or by developing a new IEP, in accordance with the requirements of federal and state laws and regulations.

For students who are fourteen (14) years of age or older, the Charter School shall include a transition plan in the IEP, which includes appropriate measurable postsecondary goals related to training, education, employment and, when appropriate, independent living skills.

Child Find

The Charter School shall take appropriate steps to ensure that all students with disabilities who are enrolled in the Charter School and are in need of special education and related services are identified, located and evaluated.[\[15\]](#)[\[32\]](#)[\[33\]](#)

Public Awareness and Outreach Activities –

The Chief Executive Officer or designee shall establish procedures and public awareness and outreach activities sufficient to inform parents/guardians of children applying to or enrolled in the Charter School of child identification activities, available special education services and programs, the manner in which to request those services and programs, and the procedures to be followed to ensure confidentiality of information pertaining to students with disabilities in accordance with federal and state laws and regulations. Public awareness and outreach activities shall include, but not be limited to:[\[15\]](#)[\[32\]](#)[\[33\]](#)

1. Written information regarding the Charter School's special education services and programs shall be published in school handbooks and on the Charter School's website.
2. Directly, or through the Intermediate Unit, the Charter School shall publish an annual written notice in newspaper(s) or other media.
3. The Charter School shall offer parent/guardian and family training and informational activities regarding the Charter School's special education programs and services. Activities shall be publicized to all parents/guardians with enrolled students.
4. Directly, or through the Intermediate Unit, the Charter School shall provide periodic training to Charter School staff on the Charter School's special education programs and services, and established procedures for screening and evaluation of students.

Public awareness and outreach activities shall include methods for reaching homeless students, students who are wards of the state, highly mobile students (such as migrant students), individuals with disabilities and individuals with limited English proficiency. The Charter School's child identification activities shall include information regarding potential signs of developmental delays and other risk factors that could indicate disabilities.

Screening

The Charter School shall establish a system of screening activities, which may include pre-referral intervention services, to accomplish the following: [\[34\]](#)[\[35\]](#)

1. Identify and provide initial screening for students prior to referral for a special education evaluation, including pre-referral intervention services.
2. Provide peer support for teachers and other staff members to assist them in working effectively with students in the general education curriculum.
3. Identify students who may need special education services and programs.

The screening process must include: [\[34\]](#)[\[36\]](#)[\[37\]](#)

1. Hearing and vision screening in accordance with law and regulations, for the purpose of identifying students with hearing or vision difficulty so that they can be referred for assistance or recommended for evaluation for special education.
2. Screening at reasonable intervals to determine whether all students are performing based on grade-appropriate standards in core academic subjects.

Screening activities are conducted on an ongoing basis throughout the school year. Parents/Guardians may request screening in writing for their children by contacting the Charter School.

When screening indicates that a student may be a student with a disability who is eligible for special education, the Charter School shall seek parental consent to conduct an evaluation.

The Charter School may develop a program of pre-referral intervention services that meets the requirements of applicable law and regulations. [\[34\]](#)

Screening or pre-referral intervention activities shall not block the rights of a parent/guardian to request, at any time, including prior to or during the screening or instructional support activities, an evaluation for the purpose of determining if the child is a student with a disability and eligible for special education and related services. [\[34\]](#)

Confidentiality

In accordance with the Family Educational Rights and Privacy Act ("FERPA"), the Charter School shall maintain a system of safeguards to protect the confidentiality of students' educational records and personally identifiable information when collecting, storing, disclosing and destroying student records. [\[38\]](#)[\[39\]](#)[\[40\]](#)[\[41\]](#)

Charter School staff shall maintain the confidentiality of student records and personally identifiable information, as required by law, regulations and Board policy.

Recording of Meetings

Except as specifically provided for within this policy, the Charter School prohibits audio, video and electronic recording of meetings involving parents/guardians and Charter School teachers, paraprofessionals, program specialists, consultants, or administrators.

An attempt to record a meeting by a parent/guardian after a verbal prohibition by Charter School staff shall result in immediate termination of the meeting and may result in ejection from Charter School property and possible prosecution.

The Charter School shall permit audio recording of a meeting when a participant submits, at least five (5) days prior to the meeting, documentation that substantiates:

1. Participant has a disability or limited English proficiency that significantly limits the participant's ability to meaningfully understand or participate in the meeting's intended decision-making and the creating of an audio recording is the only feasible means of accommodating the limitation.
2. Individual has a legitimate interest in attending the meeting but for good cause is unable to do so, and recording is the only feasible means by which the individual can meaningfully understand and participate in the decision-making.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Book	Policy Manual
Section	1000 Programs
Title	Gifted Education
Code	1013-AR-1
Status	Active
Adopted	January 24, 2022

Definitions

Educational placement - overall educational environment in which gifted education is provided to a gifted student.

Gifted Individualized Education Plan (GIEP) - written plan developed by a team of individuals in accordance with state regulations, describing the educational program and services to be provided to a gifted student, based on and responsive to the results of an evaluation and written report.

Gifted Multidisciplinary Evaluation (GMDE) - systematic process of testing, assessment, other evaluative processes and information that describes a student's academic functioning, learning strengths, learning problems and educational needs, and is used by a team to make a determination about whether or not a student is gifted and needs specially designed instruction.

Gifted Multidisciplinary Team (GMDT) - team of designated individuals who conduct a GMDE.

Gifted student - school-age student who meets the definition of mentally gifted; school-age student with an IQ of 130 or higher or when multiple criteria as set forth in state regulations and PA Department of Education guidelines indicate gifted ability. Determination of gifted ability will not be based on IQ score alone. A student with an IQ score lower than 130 may be admitted to gifted programs when other educational criteria in the student's profile strongly indicate gifted ability. Determination of mentally gifted must include an assessment by a certified school psychologist.

Mentally gifted - outstanding intellectual and creative ability, the development of which requires specially designed programs and/or support services not ordinarily provided in the regular education program.

School age - the period from the earliest admission of a student to the district's kindergarten program or beginner program until the student turns twenty-one (21) or graduates from high school, whichever occurs first.

Specially designed instruction - adaptations or modifications to the general curriculum, instruction, instructional environments, methods, materials or a specialized curriculum for students who are gifted.

Support services - services required by state regulations to assist a gifted student to benefit from gifted education; examples include: psychological services, parent counseling and education, counseling services, and/or transportation to and from gifted programs to classrooms in district buildings.

Annual Awareness Activities

The district must annually conduct awareness activities to inform the public and parents/guardians of school-age children residing within its boundaries, enrolled both in public and nonpublic schools, about gifted education services and programs, as well as how to request these services and programs.

The district will distribute information by using a public outreach awareness system that can reach all parts of the community, including parents/guardians of school-age children not enrolled in district schools.

Written notice about the district's gifted education services and programs may be provided annually by:

1. Publication in local newspapers and other media.
2. Printing in district publications and/or literature, including student handbooks.
3. Posting on the district website.

The annual public notification will include the following:

1. A description of gifted services and programs available from the district, and the needs of children served by these services and programs.
2. The purpose, frequency and processes used in screening activities.
3. A description of how to request that the district initiate screening and evaluation activities for a child.
4. An explanation of the confidentiality protections for information regarding a specific child.

Dual Exceptionalities

If a student is determined to be both gifted and eligible for special education, the procedures in Chapter 14 of the State Board of Education regulations take precedence. For students identified with dual exceptionalities, the needs established under gifted status must be fully addressed in those procedures.

The district is not required to conduct separate screening and evaluations or use separate procedural safeguards processes to provide for a student's needs as both a gifted and eligible special education student.

A single Individualized Education Program (IEP) will be developed and implemented, revised and modified for students who are identified as both gifted and eligible for special education.

Screening and Evaluation Process

The district is required to locate and identify all students of school age residing within its boundaries who are thought to be gifted and in need of specially designed instruction. The district will screen all students and evaluate those who are thought to be gifted.

The district will develop processes and criteria for screening students who are thought to be gifted. The screening process may include, but is not limited to:

1. Readiness/Developmental tests.
2. Achievement tests.
3. Ability tests.
4. Group intelligence tests.
5. Anecdotal information – parent/guardian, educator, other.
6. Subject area assessment (i.e., student portfolio).
7. Syllabus-based examination.
8. Curriculum-based assessment.
9. College aptitude test.
10. PSAT/SAT, CLEP test.
11. Extracurricular academic performance/achievements.

12. Rating scales.
13. Interest inventories.
14. Cumulative records.
15. Enrollment records.
16. Parent inventories.
17. Health records.
18. Report cards.
19. Subject assessments of cognitive functioning.

Determination of gifted ability will not be based on IQ score alone. Deficits in memory or processing speed, as indicated by testing, cannot be the sole basis upon which a student is determined to be ineligible for gifted education. Determination of mentally gifted must include an assessment by a certified school psychologist.

Criteria, other than IQ score, which indicate gifted ability, include but are not limited to, achievement, rate of acquisition/retention, demonstrated achievement, early skill development and intervening factors masking giftedness. Multiple criteria indicating gifted ability include:

1. A year or more above grade achievement level for the normal age group in one or more subjects as measured by nationally-normed and validated achievement tests.
2. An observed or measured rate of acquisition/retention of new academic content or skills.
3. Demonstrated achievement, performance or expertise in one or more academic areas as evidenced by excellence of products, portfolio or research, as well as criterion-referenced team judgment.
4. Early and measured use of high-level thinking skills, academic creativity, leadership skills, intense academic interest areas, communications skills, foreign language aptitude or technology expertise.
5. Documented, observed, validated or assessed evidence that intervening factors such as English Learner status, disabilities defined in 34 CFR 300.8, gender or race bias, or socio/cultural deprivation are masking gifted abilities.

Parents/Guardians who suspect their child is gifted may request a Gifted Multidisciplinary Evaluation (GMDE) at any time, with a limit of one (1) request per school term. The request must be in writing.

The district will make the Permission to Evaluate form readily available for the purpose of parent/guardian requests. If a request is made orally to any professional employee or district administrator, that individual will provide a copy of the Permission to Evaluate form to the parent/guardian within ten (10) calendar days of the oral request.

The district will refer a student for a GMDE when a teacher or parent/guardian suspects that the student is gifted and one or more of the following apply:

1. A request for evaluation has been made by the student's parents/guardians, as described above.
2. The student is thought to be gifted based on the district's screening of the student, which indicates high potential consistent with the definition of mentally gifted, or a performance level which exceeds that of other students in the regular classroom.
3. A hearing officer or judicial decision orders a GMDE.

Gifted Multidisciplinary Evaluation (GMDE)

Prior to conducting an initial GMDE, the district will comply with the required parental notice and consent requirements.

A GMDE will be conducted by a Gifted Multidisciplinary Team (GMDT) formed on the basis of the student's need and comprised of the following:

1. Student's parents/guardians.
2. Certified school psychologist.
3. Individuals familiar with the student's educational experience and performance.
4. One or more of the student's current teachers.
5. Individuals trained in appropriate evaluation techniques.
6. Individuals familiar with the student's cultural background, when possible.

A single member of the GMDT may meet two (2) or more of these qualifications.

The GMDE must be sufficient in scope and depth to investigate information relevant to the student's suspected giftedness, including academic functioning; learning strengths; and educational needs. GMDE procedures will include opportunities to acquire sufficient information to make a determination as to whether a student is gifted and in need of specially designed instruction. The evaluation process will include information from parents/guardians, others who interact with the student on a regular basis, and may include information from the student if appropriate.

The GMDE may include, but is not limited to, information from:

1. Ability tests.
2. Nationally-normed individualized standardized achievement assessments.
3. Class work samples.
4. Curriculum-based assessments.
5. Cumulative review tests.
6. Performance-based skills, as demonstrated in portfolios, products, competitions or other demonstrations.
7. Teacher observation.
8. Noteworthy achievements.
9. Parental input (should include student's abilities, interests and needs as they relate to the instructional setting).

No one (1) test or type of test may be used as the sole criterion for determining that a student is or is not gifted.

Intelligence tests yielding an IQ score may not be used as the only measure of aptitude for students who are English Learners, or for students of racial, linguistic or ethnic minority background.

Tests and similar evaluation materials used in the determination of giftedness will be:

1. Selected and administered in a manner that is free from racial and cultural bias and bias based on disability.
2. Selected and administered so that the test results accurately reflect the student's aptitude, achievement level or whatever other factor the test purports to measure.
3. Professionally validated for the specific purpose for which they are used.
4. Administered by certified school psychologists under instructions provided by the producer of the tests and sound professional practice.
5. Selected and administered to assess specific areas of educational need and ability and not merely a single general IQ.

Since disabilities and bias factors may mask gifted abilities, the district will examine discrepancies between ability assessment results and academic achievement or demonstrated skills.

The GMDE shall include information that:

1. Assures that comprehensive data has been collected on the student to indicate academic instructional levels, thinking skills and other learning skill levels, rate of acquisition/retention for mastery of new content/skills, academic interests/strengths and, as appropriate, development levels and career goals.
2. Provides clarifying information about the ability of students who score below an IQ of 130 (within the standard of measurement for the test) and have strong indications of gifted performance.
3. Determines if additional assessment, such as out-of-level academic testing, is needed. When normed and validated individualized standardized testing is used, a clear explanation of subtest results should be part of the Gifted Written Report (GWR).
4. Recommends whether a student is gifted and in need of specially designed instruction.
5. Recommends appropriate integrated programming for a student if there is more than one (1) area of exceptionality.
6. Provides information about the student's adaptive and social behavior, if appropriate.
7. Documents and assesses evidence that intervening factors such as English Learner status, disability, physical impairment, gender or race bias or socio/cultural deprivation are masking gifted abilities, where applicable.

The GMDT may convene a team meeting at one or more points in the evaluation process to clarify the purpose of the evaluation or discuss details of assessment results and information.

Following its evaluation, the GMDT will prepare a Gifted Written Report (GWR) that brings together the information and findings from the evaluation or re-evaluation regarding the student's educational needs and strengths. The report must make recommendations as to whether a student is gifted and in need of specially designed instruction, indicate the basis for those recommendations, include recommendations for the student's programming, and indicate the names and positions of the members of the GMDT. The GWR should be compiled based on a complete evaluation and carry the recommendations of all individuals participating, whether or not the individuals are in concurrence.

The GMDT will determine eligibility of whether the student is gifted and in need of specially designed instruction, in accordance with state regulations.

The initial evaluation will be completed, and a copy of the GWR provided to the parents/guardians no later than sixty (60) calendar days after the district receives parental consent for evaluation, or receives an order of a court or hearing officer to conduct an evaluation. The calendar days from the last day of the spring school term up to and including the day before the first day of the subsequent fall school term may not be counted. If the GMDT determines that a student is gifted, the district will assemble the Gifted Individualized Education Plan (GIEP) team and provide the GWR to the team to develop a GIEP, as outlined below.

If the GMDT determines that a student is not gifted, a Notice of Recommended Assignment (NORA) will be issued to the parents/guardians to document the decision at the GMDT meeting or within five (5) calendar days following the meeting.

Independent Educational Evaluation

Parents/Guardians, at their own expense, may obtain an independent educational evaluation. The district is required to consider this information when making decisions regarding identification as a gifted student.

Gifted Multidisciplinary Re-Evaluation

Gifted students will be re-evaluated before a change in educational placement is recommended. Re-evaluation is not required when a student is moving from one building or grade level to another within the district. A change in educational placement occurs, for example, when the GIEP team significantly alters the amount of time the student will be separated from the student's regular education peers for the purpose of gifted programming, or a whole grade acceleration is recommended. A gifted student must also be re-evaluated prior to a change in educational placement that would terminate a student's gifted program.

Gifted students will be re-evaluated upon a request received from the student's parents/guardians or when a hearing officer or judicial decision orders an evaluation. Gifted students also may be re-evaluated at any time by recommendation of the GIEP team.

Re-evaluations will be conducted in accordance with the requirements for conducting evaluations and documented in a GWR.

Re-evaluations must include a review of the student's GIEP, determination of which instructional activities have been successful, and recommendations for revision of the GIEP.

The re-evaluation timeline is sixty (60) calendar days. The calendar days from the day after the last day of the spring school term up to and including the day before the first day of the subsequent fall school term may not be counted.

Gifted Individualized Education Plan (GIEP)

A GIEP team will develop an initial GIEP and determine educational placement of a student, based on the GWR and the gifted student's instructional needs and abilities.

Each GIEP team will include the following:

1. One (1) or both of the student's parents/guardians.
2. Student, if the parents/guardians choose to have the student participate.
3. District representative, who serves as the chairperson, is knowledgeable about the availability of district resources, and is authorized to commit district resources.
4. One or more of the student's current teachers.
5. Teacher of gifted students.
6. Other individuals at the discretion of either the parents/guardians or the district.

The district will use any one (1) or a combination of the following procedures to ensure that parents/guardians of a gifted student are offered the opportunity to be present at each GIEP meeting: documented telephone calls, letters and certified letters with return receipts. The district will maintain documentation of its efforts to encourage parents/guardians to attend.

In an effort to ensure parent/guardian participation in a GIEP meeting, the district will include the following information in the parent/guardian invitation:

1. Purpose, time and location of the meeting.
2. Names of individuals expected to attend.
3. Procedural rights available to protect the student and parent/guardian, in language that is clear and fully explains all rights.
4. The results of the GMDT as to whether the student is gifted and an explanation that a GIEP must be developed at the GIEP meeting.

The parents/guardians and other individuals attending the meeting will be notified at least ten (10) calendar days in advance of the GIEP meeting.

Revisions to a GIEP, changes in educational placement, or continuation of educational placement will be made by the GIEP team, based on a review of the student's GIEP and instructional activities, present levels of educational performance, and information in the most recent evaluation.

During the development, review or revision of a GIEP, the GIEP team will determine whether the gifted student needs one or more support services. Transportation to and from school psychological services, parental counseling and education, or another service is a support service if the GIEP team determines that one (1) of the following criteria has been met:

1. The service is an integral part of an educational objective of the student's GIEP, without which the GIEP cannot be implemented.

2. The service is needed to ensure the student benefits from or gains access to a gifted education program.

Each gifted student's GIEP will be based on the GWR developed by the GMDT and will contain the following:

1. Statement of the student's present levels of educational performance. Present levels must be updated annually and progress towards the annual goals and short-term learning outcomes must be determined.
2. Statement of annual student-specific, measurable goals and short-term learning outcomes that are responsive to the learning needs identified in the GWR, based on rate of acquisition/retention, academic acceleration needs and academic enrichment needs.
3. Statement of the specially designed instruction and support services to be provided to the student. For an eligible student with a disability, this includes accommodations and modifications in accordance with 34 CFR 300.320(a)(4) regarding an IEP.
4. Projected dates for initiation, anticipated frequency, location and anticipated duration of gifted education.
5. Appropriate objective criteria, assessment procedures and timelines for determining, on at least an annual basis, whether the goals and short-term learning outcomes are being achieved. Objective criteria may include the level, standard, grade, performance and the percent of mastery or completion that is expected. Assessment procedures are the tests or procedures that will be used to measure the achievement. Timelines include when or how often assessment will be completed.
6. Names and positions of GIEP team participants and date of the meeting.

A copy of the GIEP will be provided to parents/guardians, along with a Notice of Parental Rights for Gifted Students relating to procedural safeguards. Safeguards recognize parents/guardians have the right to submit an independent educational evaluation for consideration, but such evaluations are not conducted at district expense.

A GIEP will be developed within thirty (30) calendar days after issuance of a GWR and implemented no more than ten (10) school days after it is signed or at the start of the following school year if completed less than thirty (30) days before the last day of scheduled classes.

GIEP team meetings will be convened at least annually, or more frequently if necessary; following an evaluation or re-evaluation if the GMDT recommends eligibility for specially designed instruction; and at the request of a GIEP team member, parent/guardian, student or the district.

The Director of Special Education will notify teachers who work with the gifted student of their responsibilities under the student's GIEP.

The district will complete a Notice of Recommended Assignment (NORA) at the conclusion of each GIEP review and any time that a significant change has been made to the GIEP.

Student Transfers –

The district will honor a GIEP for a student transferring into this district from within the Commonwealth, until the district can complete a new GIEP, or will provide services and programs in an interim GIEP agreed to by the parents/guardians. If a student who has been identified as gifted in another state moves to this district, the district may conduct a GMDE.

Educational Placement

Gifted education must be an individualized program that addresses the gifted student's needs and academic abilities. The district will develop instructional strategies and techniques for the provision of gifted education, which may include categorical grouping of students.

The student's educational placement must:

1. Enable the district to provide appropriate specially designed instruction based on the student's needs and ability.
2. Ensure the student is able to benefit meaningfully from the rate, level and manner of instruction. This means that the student will accomplish or make significant progress toward the GIEP annual goals.

3. Provide opportunities for the student to participate in acceleration or enrichment, or both, when appropriate to the student's needs and ability. Such opportunities must go beyond the program the student would receive as part of the student's general education.

Specially designed instruction includes adaptations or modifications to the general curriculum, instruction, instructional environments, methods, materials or a specialized curriculum for students who are gifted. This may consist of planning and implementing varied approaches to content, process and product modification in response to the student's interests, ability levels, readiness and learning needs. Specially designed instruction for gifted students may include compacting, accelerating the student or placing the student in more than one (1) grade level.

Specially designed instruction may be delivered in a variety of settings as determined by the GIEP team. The district will make available a continuum of services and educational placements to address the specific needs of different types and levels of gifted students.

The district directs that the use of extra work, peer tutoring or helping the teacher does not constitute specially designed instruction or gifted education, and Advanced Placement or Honors courses are not in and of themselves gifted education if they do not respond to the gifted student's individual needs.

Depending on a student's talents or achievements, options for gaining credit for learning obtained outside the district or Advanced Placement within the district may be considered. Credit by examination may be an option to determine appropriate educational assignment.

Graduation planning may need to be part of the GIEP process even for young gifted students because acceleration sets the stage for earning credits early or out of sequence, for early graduation and/or for early admission to college.

Educational placements may need to support the emotional/social challenges the student may face, for example, support for a student who, through acceleration, attends classes with older students.

Gifted educational placement will not be based on one or more of the following:

1. Lack of availability of placement alternatives.
2. Lack of availability or efforts to provide educational or support services.
3. Lack of staff qualified to provide the services set forth in the GIEP.
4. Lack of availability of space or a specific facility.
5. Administrative convenience.

The district will support the right of parents/guardians to have their gifted child educated at nonpublic schools completely at parent/guardian or private expense.

Notices

The district will provide written notice to parents/guardians of gifted students, or students thought to be gifted, at least ten (10) school days prior to one or more of the following events:

1. The district proposes to conduct an initial Gifted Multidisciplinary Evaluation (GMDE) or re-evaluation of the student. Notice includes either the Permission to Evaluate or the Notice of Intent to Re-evaluate.
2. The district proposes or refuses to initiate or change the identification, evaluation or educational placement of a student. Notice includes the Notice of Recommended Assignment (NORA).
3. The district proposes or refuses to make any significant changes in the student's GIEP. Notice includes the NORA.

The district will provide a copy of the Notice of Parental Rights for Gifted Students with procedural safeguards when providing any of the required notifications listed above and document that parents/guardians have received a copy.

No changes may be made in the identification, evaluation, educational placement or GIEP of a gifted student while an administrative or judicial proceeding is pending, unless agreed to by the parties of the proceeding.

Notices must be written in language understandable to the general public. If necessary, the contents of notices will be translated or communicated orally in the native language or parents'/guardians' preferred mode of communication so that parents/guardians can understand the content.

The notice will include the following:

1. Description of the action proposed or refused by the district, an explanation of why the action is being taken, and description of options the district considered and the reasons those options were rejected.
2. Description of each evaluation procedure, type of test, record or report used as a basis for the action, and a statement that the district will consider any outside evaluation submitted by a parent/guardian.
3. Description of other factors relevant to the district's action.
4. Full explanation of the parental rights and procedural safeguards available, including the right to an impartial due process hearing.
5. The procedures for an impartial due process hearing.
6. Addresses and telephone numbers of organizations available to assist in connection with a hearing.
7. Timelines involved in conducting an evaluation, developing a GIEP, and initiating a hearing.

Consent

The district will document that written parental consent is obtained prior to conducting an initial GMDE, initially placing a student in a gifted program, placing a student in the recommended assignment and disclosing information identifiable to a gifted student to unauthorized individuals.

A student's completed GIEP will be provided to the parents/guardians, along with a NORA signed by the CEO or authorized school official and the Notice of Parental Rights for Gifted Students, with information on the parental right to an impartial due process hearing. The GIEP and notices will be provided at the conclusion of the GIEP conference or by certified mail within five (5) calendar days after the completion of the GIEP conference.

The parents/guardians have ten (10) calendar days to respond to a NORA sent by mail. The parents/guardians have five (5) calendar days to respond to a NORA presented at the conclusion of the GIEP conference. If the parents/guardians receive the notice in person and approve the recommended assignment within the five (5) days, the district will not implement the GIEP for at least five (5) calendar days, to give the parents/guardians an opportunity to revoke approval within the five-day period.

If a parent/guardian fails to respond or refuses to consent to the initial provision of gifted services, neither due process nor mediation may be used to obtain agreement or a ruling that the services may be provided.

Impartial Due Process Hearing

Parents/Guardians may request, in writing, an impartial due process hearing regarding the identification, evaluation or educational placement of, or the provision of gifted education to, a student who is gifted or who is thought to be gifted if the parents/guardians disagree with the district's determination.

A student involved in a hearing will remain in the current educational placement pending the outcome of the hearing, unless the district and the parents/guardians agree otherwise.

The district may request, in writing, a hearing to proceed with an initial evaluation or re-evaluation when a parent/guardian fails to respond to the district's proposed evaluation or re-evaluation. The district may request, in writing, a hearing when the parent/guardian rejects the district's proposed educational placement, other than initial placement. If a parent/guardian fails to respond or refuses to consent to the initial provision of gifted services, neither due process nor mediation may be used to obtain agreement or a ruling that the services may be provided.

A hearing will be held within thirty (30) calendar days after the initial request for a hearing made by the parent/guardian or the district.

The due process hearing will be conducted by and held in the district at a place convenient to the parents/guardians, or may be held virtually upon request.

The parents/guardians may request the hearing to be held in the evening.

The hearing must be an oral, personal hearing open to the public, unless the parents/guardians request a closed hearing five (5) days in advance of the hearing. If the hearing is open, only the decision issued will be available to the public. If the hearing is closed, the decision issued will be treated as a student record and will not be available to the public.

The hearing will be conducted in accordance with the procedures specified in applicable law, state regulations, the Notice of Parental Rights for Gifted Students, and established by the hearing officer.

Upon request, a written transcript of the hearing, or at the option of the parent/guardian, an electronic verbatim record of the hearing, will be made and provided to the parents/guardians at no cost.

Parents/Guardians may be represented by legal counsel and accompanied and advised by individuals with special knowledge or training with respect to gifted students.

Parents/Guardians or their representatives will be given access to educational records, including tests or reports that are the basis of the proposed action.

The parties have the right to present evidence, witnesses, and to confront and cross-examine opposing witnesses, which includes the presentation of expert medical, psychological or educational testimony.

The hearing officer's decision will be issued within forty-five (45) calendar days after the request for a hearing made by the parent/guardian or district.

The hearing officer's decision may be appealed to a court of competent jurisdiction. When notifying the parties of the decision, the hearing officer will indicate the courts to which an appeal may be taken.

Upon receipt of a final decision from a hearing officer or court, the district will provide to the Pennsylvania Department of Education an assurance of its implementation of the order within thirty (30) school days of the date of the final decision.

Mediation

Mediation is a process in which the parents/guardians and district, who are involved in a dispute regarding special education for a gifted student, may obtain the assistance of an impartial mediator in attempting to reach a mutually agreeable settlement.

Discussions occurring during the mediation session are confidential, and no part of the mediation conference may be recorded.

Mediation conferences will be conducted in accordance with the procedures specified in state regulations, the Notice of Parental Rights for Gifted Students, and established by the mediator.

The district will send a representative to the mediation conference who has the authority to commit district resources to the agreed upon resolution.

If a dispute is resolved through mediation, the district will place the written mediation agreement in the student's education record and incorporate the mediation agreement into the GIEP.

The district will convene the GIEP team within ten (10) school days following a mediation agreement to incorporate the mediation agreement into the GIEP.

Mediation will not be used to deny or delay a party's right to an impartial due process hearing.

Personnel and Professional Development

Personnel providing gifted services and programs will consist of certified professional employees responsible for identifying gifted students and providing gifted education in accordance with applicable law, regulations and Board policy.

All personnel working with gifted students will be certified to teach in the area and level to which they are assigned and should have training in the unique learning differences and needs of gifted learners at their assigned grade level.

Paraprofessionals working with gifted students will work under the direction of professional employees.

The district will provide inservice training for teachers of gifted students and regular education teachers, building principals, district administrators and support staff responsible for gifted education, in accordance with its Professional Education Plan and applicable regulations.

Student's Name:

Date:

Dear ***Parent Name***,

This notice describes your rights and the procedures that safeguard your rights as found in Chapter 16 of the State Board of Education's Regulations (22 Pa Code). These regulations require school districts to provide gifted education services to students who have been identified as gifted and in need of specially designed instruction. These services must be described in a Gifted Individualized Education Plan (GIEP).

The information contained in this Notice is important to you and your child. Please take time to review it. If you need clarification, you can seek help from personnel in your school district. You also have the right to be informed of organizations that are established to assist parents in understanding their rights under these laws. A list of some of these parent assistance resources can be found below.

If you have a concern about your child's educational program, you may wish to contact your child's teachers, principal, or district administrators. This type of communication is often helpful in resolving concerns. You also have the right to initiate due process procedures as described in Section V of this notice.

Sincerely,

Pennsylvania Department of Education

Notice of Parental Rights

Section I: Prior Written Notice of Action/Refusal to Act

A. When Provided:

A school district must provide parents with written notice 10 school days prior to one or more of the following events:

1. The school district proposes to conduct an initial Gifted Multidisciplinary Evaluation (GMDE) or reevaluation of the student. Notices given under these circumstances are either the Permission to Evaluate or the Notice of Intent to Reevaluate.
2. The school district proposes or refuses to initiate or change the identification, evaluation or educational placement of the student. Notice given under these circumstances is the Notice of Recommended Assignment (NORA).
3. The school district proposes or refuses to make any significant changes in the student's Gifted Individualized Education Program (GIEP). Notice given under these circumstances is the Notice of Recommended Assignment (NORA).

B. Contents of Notice:

Prior written notices must be written in language understandable to the general public. If necessary, the content of notices must be communicated orally in the native language or directly so that parents understand the content of the notice.

Prior written notices must contain:

1. A description of the action proposed or refused by the school district, an explanation of why the school district proposes or refuses to take the action, and a description of any options the school district considered and the reasons why those options were rejected.
2. A description of each evaluation procedure, type of test, record or report the school district used as a basis for the district's action.
3. A description of other factors relevant to the school district's action.
4. A full explanation of the parental rights or procedural safeguards available to the parents or the student, including the right to an impartial hearing.
5. The address and telephone numbers of organizations that are available to assist the parents.
6. The timelines involved in conducting an evaluation, developing a gifted individualized education program (GIEP), and initiating a hearing.
7. A statement informing parents that an outside evaluation submitted by the parents must be considered.

Section II: When Prior Written Parental Consent Must Be Obtained

Parental consent must be obtained by the school district prior to:

1. Conducting an initial Gifted Multidisciplinary Evaluation (GMDE) of a student;
2. Initially placing a gifted student in a gifted program;
3. Disclosing to unauthorized persons information identifiable to a gifted student.

Section III: Parental Refusal to Give Consent

A school district may request (in writing) a due process hearing to proceed with an initial evaluation or an initial educational placement when the district has not been able to obtain consent from the parents of a student who is thought to be gifted.

A school district may also request (in writing) a due process hearing when a parent disagrees with the identification, evaluation or proposed educational placement or educational services for a student who is gifted.

Section IV: Independent Educational Evaluation

Parents have the right to obtain an independent educational evaluation at their own expense. The results of the independent evaluation must be considered by the school district in any decision made with respect to the provision of a gifted education.

Section V: Dispute Resolution Systems

When parents disagree with the school district's proposal, they have the following formal systems available to them for dispute resolution:

Mediation –

Mediation is a process in which parents and agencies involved in a dispute regarding special education for gifted students agree to obtain the assistance of an impartial mediator in attempting to reach a mutually agreeable settlement. There is no cost to the parties.

Discussions occurring during the mediation session are confidential, and no part of the mediation conference is to be recorded.

1. During a mediation conference the mediator will meet with the parties together in a joint session and individually in private sessions.
2. The designated agency involved in the dispute must send representative who has the authority to commit resources to the resolution agreed upon.
3. Any agreement reached by the parties during the mediation process must be converted into writing and placed in the student's educational record.
4. The written mediation agreement is not a confidential document, shall be incorporated into the student's GIEP, and is binding on the parties.
5. The mediation agreement shall be enforceable by the Department of Education.
6. A GIEP team shall be convened within 10 school days following the mediation agreement, to incorporate the mediation agreement into the GIEP where necessary.
7. When the mediation conference results in a resolution of the dispute, each party shall receive an executed copy of the agreement at the conclusion of the mediation conference.
8. Mediation may not be used to deny or delay a party's right to an impartial due-process hearing

Impartial Due Process Hearings –

1. Parents may request an impartial due process hearing in writing concerning the identification, evaluation or educational placement of, or the provision of a gifted education to, a student who is gifted or who is thought to be gifted if the parents disagree with the school district's identification, evaluation or placement or the provision of gifted education to the student.
2. A school district may request a due process hearing in writing to proceed with an initial evaluation or an initial educational placement when the district has not been able to obtain consent from the parents or in regard to a matter in number one above.
3. The due process hearing will be conducted by and held in the local school district at a place reasonably convenient to the parents. At the request of the parents, the hearing may be held in the evening.

4. The due process hearing will be an oral, personal hearing and will be open to the public unless the parents request a closed hearing 5 days in advance of the hearing. If the hearing is open, the decision issued in the case will be available to the public. If the hearing is closed, the decision will be treated as a record of the student and will not be available to the public.
5. The decision of the hearing officer will include findings of fact, a discussion and conclusions of law. Although technical rules of evidence will not be followed, the decision will be based solely upon the substantial evidence presented during the course of the hearing.
6. The hearing officer will have the authority to order that additional evidence be presented.
7. A written transcript of the hearing will, upon request, be made and provided to the parents at no cost.
8. Parents may be represented by legal counsel and accompanied and advised by individuals with special knowledge or training with respect to students who are gifted.
9. A parent or parent's representative will have access to educational records, including tests or reports upon which the proposed action is based.
10. A party may prohibit the introduction of evidence at the hearing that has not been disclosed to that party at least 5 calendar days before the hearing.
11. A party has the right to present evidence and testimony, including expert medical, psychological or educational testimony.
12. The decision of the impartial hearing officer may be appealed to a court of competent jurisdiction.
13. The Secretary may contract for coordination services in support of hearings conducted by local school districts. The coordination services will be provided on behalf of the school districts and may include arrangements for stenographic services, arrangements for hearing officer services, scheduling of hearings and other functions in support of procedural consistency and the rights of the parties to hearings.
14. If a school district chooses not to utilize the coordination services, it may conduct hearings independent of the services if its procedures similarly provide for procedural consistency and ensure the rights of the parties. In the absence of its own procedures, a school district that receives a request for an impartial due process must forward, without delay, the request to the agency providing coordination services.
15. A hearing officer may not be an employee or agent of a school district in which the parents or student resides, or of an agency which is responsible for the education or care of the student. A hearing officer must promptly inform the parties of a personal or professional relationship the officer has or has had with any of the parties.
16. The following timelines apply to due process hearings:
 - i. The hearing must be held within 30 calendar days after a parent's or school district's initial request for a hearing.
 - ii. The hearing officer's decision must be issued within 45 calendar days after the parent's or school district's request for a hearing.
17. Each school district must keep a list of the persons who serve as hearing officers. The list must include the qualifications of each hearing officer. School districts must provide parents with information as to the availability of the list and must make copies of it available upon request.

Section VI: Student's Status During Proceedings

Unless the parents and school district agree otherwise, the student must remain in his or her present educational placement during the pendency of any administrative or judicial proceeding.

Section VII: Applicable Laws and Regulations

Refer to 22 Pa Code, Chapter 16: Special Education for Gifted Students.

Dear ***Parent Name***,

The charter school requests your consent to conduct a Gifted Multidisciplinary Evaluation. We must have your consent before we can begin.

In the evaluation, we will investigate information relevant to your child's suspected giftedness, including academic functioning, learning strengths and educational needs as shown by present levels of educational performance, assessment results, classroom observations and information from you. We will also be looking for an indication of demonstrated achievement, performance or expertise in one or more academic areas. Specific types of tests and procedures that will be used in the evaluation include the following:

The charter school will form a Gifted Multidisciplinary Team to conduct the evaluation. As a parent(s), you are a member of the team. You will be invited to all team meetings. The multidisciplinary evaluation process will include information from parents or others who interact with the student on a regular basis and may include information from the student if appropriate. If you want to send written comments, please do so.

The Gifted Multidisciplinary Team will determine whether your child is gifted and in need of specially designed instruction. This information will be outlined in a *Gifted Written Report*. If the team determines your child is eligible for specially designed instruction the *Gifted Written Report* will be given to the GIEP team. As a parent(s), you are also a member of the GIEP team. You will be invited to all team meetings. The Gifted Multidisciplinary Evaluation is to be completed and the *Gifted Written Report* is to be delivered to you within 60 calendar days of receipt of your consent to evaluate.

Please read the enclosed *Notice of Parental Rights for Gifted Students*, which includes parent resources such as state or local advocacy organizations. If you have any questions, or if you need the services of an interpreter, please contact me.

Notice of Recommended Assignment (NORA)

Date:

Student Name:

Name and Address of Parent:

Dear ***Parent Name***,

This letter summarizes recently developed recommendations or proposed changes for your child's education program and/or assignment.

- Your child should begin to receive gifted education services. The school will not proceed without your approval of this recommendation (the *Gifted Individualized Education Plan* is attached).
- Your child's gifted education placement or services should be changed as noted in the *Gifted Individualized Education Plan*. The school will proceed with this change unless you notify us with your written disapproval (the *Gifted Individualized Education Plan* is attached.) You have ten (10) calendar days to respond to a notice of recommended assignment sent by mail or five (5) calendar days to respond to a notice presented in person at the conclusion of a *Gifted Individualized Education Plan* conference. If you receive the notice in person and approve the recommended assignment within five (5) calendar days, we may not implement the *Gifted Individualized Education Plan* for at least five (5) calendar days, to give you an opportunity to notify us within the five-day period of a decision to revoke the previous approval of the recommended assignment.
- Your child is no longer in need of specially designed instruction. We recommend current gifted education services be discontinued. The school will proceed with this change unless you notify us with your written disapproval. You have ten (10) calendar days to respond to a notice of

recommended assignment sent by mail or five (5) calendar days to respond to a notice presented in person at a gifted team meeting. If you receive the notice in person and approve the recommended assignment within five (5) calendar days, we may not discontinue services within five (5) calendar days to give you the opportunity to notify us within the five- day period of a decision to revoke the previous approval of the recommended assignment.

- Your child is graduating from high school. All gifted education services will cease at the end of the current school term.
- Your child is not in need of gifted education and should continue in his/her present assignment.
- The school is refusing your request to initiate or change your child's:
 - Identification
 - Evaluation
 - Educational placement
 - Provision of education

The reasons and basis for this refusal are:

- Other, Explain:

This assignment was recommended after a review of the options that were used to assist in identifying the services and programs that will meet your child's needs. The assignment recommended for your child is:

Notice of Intent to Reevaluate

Date:

Student Name:

Name and Address of Parent:

The school is planning to reevaluate your child for the following reason(s):

In the gifted reevaluation, we will review your child's Gifted Individualized Education Program (GIEP), make a determination of which instructional activities have been successful and provide recommendations for the revision of the GIEP. It may also include information relevant to your child's giftedness, academic functioning, learning strengths and educational needs as shown by present levels of educational performance, assessment results, classroom observations and information from you. Specific types of tests and procedures, which will be used in the reevaluation, include the following:

The school will form a Gifted Multidisciplinary Team (GMDT) to conduct the reevaluation. As a parent(s), you are a member of the team. You will be invited to all team meetings. Information from you is to be considered by the team as part of the reevaluation process. If you want to send written comments, please do so.

The GMDT will determine whether your child continues to be eligible for gifted support and services. This information will be outlined in a Gifted Written Report (GWR). If the team determines your child continues to be eligible for specially designed instruction, the GWR will be given to the GIEP team. As a parent(s), you are also a member of the GIEP team. You will be invited to all team meetings. The gifted reevaluation is to be completed and the GWR is to be delivered to you within sixty (60) calendar days of the reevaluation.

Please call me at the number listed below to discuss information that you feel is important to include in the evaluation. Please read the enclosed *Notice of Parental Rights for Gifted Students*, which includes parent resources such as state or local advocacy organizations. Title	Evaluations for Students With Disabilities
Code	1013.1
Status	Active
Adopted	November 23, 2010
Last Revised	September 11, 2018

Purpose

The Board of Trustees (Board) adopts this policy to define the minimum requirements for educational evaluations conducted to determine eligibility for special education services, instructional levels and programming requirements for students with disabilities, including functional behavioral assessments, determination of specific learning disabilities, and requirements for independent educational evaluations.[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)

Authority

The Charter School shall comply with requirements of state and federal laws and regulations when conducting evaluations.[\[8\]](#)[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[6\]](#)[\[7\]](#)

An appropriate evaluation of a student, whether conducted by Charter School staff or individuals not employed by the Charter School, shall consist of the administration of all testing and the use of all assessment procedures required to determine the existence of all legally defined disabilities reasonably suspected by Charter School staff, parents/guardians, or the evaluator. An appropriate evaluation shall assist in determining the content of the IEP to enable a student with a disability to be involved in and progress in the general curriculum.

The group of qualified professionals that reviews the evaluation materials to determine whether the child is a student with a disability shall include a certified school psychologist when evaluating a student for autism, emotional disturbance, intellectual disability, multiple disabilities, other health impairments, specific learning disability or traumatic brain injury.[\[9\]](#)[\[3\]](#)

A student shall be assessed in all areas related to the suspected disability including, as appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status and motor abilities.[\[10\]](#)

A re-evaluation of a student who currently has an IEP shall be conducted as required by state and federal laws and regulations.[\[11\]](#)[\[1\]](#)[\[2\]](#)[\[7\]](#)

Guidelines

Parent/Guardian Requests

Parents/Guardians may request an evaluation at any time. The parent/guardian request must be in writing. If a request is made orally to any professional employee or administrator, that individual shall provide a copy of the permission to evaluate form to the parents/guardians within ten (10) calendar days of the oral request.[\[12\]](#)[\[13\]](#)[\[14\]](#)[\[3\]](#)

The evaluation shall be completed and a copy of the evaluation report presented to parents/guardians no later than sixty (60) calendar days after receipt of written parent/guardian consent for an evaluation, exclusive of the period following the last day of the spring school term to the first day of the subsequent fall term.

Copies of the evaluation report shall be disseminated to parents/guardians at least ten (10) school days prior to the meeting of the IEP team unless this requirement is waived by the parent/guardian in writing.

Parents/Guardians may request a re-evaluation of their student who has an IEP annually. More frequent re-evaluations may only be conducted if the parent/guardian and Charter School agree.[\[13\]](#)[\[15\]](#)[\[2\]](#)

Copies of the re-evaluation report shall be disseminated to parents/guardians at least ten (10) school days prior to the meeting of the IEP team unless this requirement is waived by the parent/guardian in writing.

Appropriate Evaluations

An appropriate evaluation shall use a variety of assessment tools and strategies to gather relevant functional, developmental and academic information about a student.[\[1\]](#)[\[3\]](#)[\[6\]](#)

An appropriate evaluation shall include:

1. Testing and assessment techniques required in light of information currently available from previous evaluations.
2. Information from parents/guardians and Charter School staff familiar with the performance of the student.
3. The student's education records.

The evaluator shall review all such sources of information prior to conducting testing and assessment. The evaluator shall review assessments conducted by others that indicate how the student is responding to early intervening services and scientific research-based instruction and/or include such assessments as part of their evaluation.

To the extent that the results of such instructional assessments are inconsistent with the results of norm or criterion-referenced testing and assessments that the evaluator has administered, the evaluator shall explain the reason for the inconsistency in their report, if possible.

Testing and assessment procedures shall be selected and administered to yield valid measurement or assessment of the construct or quality they purport to measure or assess. The evaluator shall administer any testing or assessment procedures in a manner consistent with the requirements and recommendations of the publisher of the test or procedure and in compliance with applicable and authoritatively recognized professional principles and ethical tenets. They shall report any factor that might affect the validity of any results obtained.

All assessments and evaluation materials shall be selected and administered so as not to be discriminatory on a racial or cultural basis. Where feasible, assessments and evaluations shall be administered in a language and form most likely to provide accurate information about the student.

The evaluator shall obtain information concerning the performance of the student directly from at least one (1) current teacher of the student, unless they do not have a current teacher.

The evaluator shall hold an active certification that qualifies the evaluator to conduct that type of evaluation. If certification is not issued for the particular area of professional practice in which the evaluator is lawfully engaged, the evaluator shall hold such license or other credentials as required for the area of professional practice under state law.

The evaluator shall prepare and sign a full report of the evaluation containing:

1. Clear explanation of the testing and assessment results.
2. Complete summary of all test scores, including, for all standardized testing administered, all applicable full scale or battery scores; domain or composite scores; and subtest scores reported in standard, scaled, or T-score format.
3. Complete summary of all information obtained or reviewed from sources other than testing conducted by the evaluator.
4. Identification of all special education and related services needs and relevant information that directly assists persons in determining the educational needs of the student.

5. Specific, individualized recommendations for consideration by the IEP team for educational programming and placement to enable the student to participate as appropriate in the general education curriculum in the least restrictive environment, as defined by federal and state laws and regulations.

Criteria for Determining Specific Learning Disabilities

The Charter School shall develop written procedures for determining whether a student has specific learning disabilities. The written procedures shall include the steps and criteria required by law and regulations when assessing the presence of a specific learning disability. The Charter School's procedures shall be included in the Annual Report.[\[16\]](#)[\[17\]](#)[\[4\]](#)

Functional Behavioral Assessments

The Board authorizes the use of functional behavioral assessments (FBAs) as an evaluation to gather information to understand the purpose of the student's behaviors and to assist with developing a positive Behavior Support Plan. FBAs shall be conducted when:[\[18\]](#)[\[5\]](#)

1. A student's behavior interferes with their learning or the learning of others and information is necessary to provide appropriate educational programming.
2. A student's behavior violates the Code of Student Conduct and is determined to be a manifestation of the student's disability.
3. A student is placed in an interim alternative educational placement for a qualifying reason permitting such placement for up to forty-five (45) school days for certain offenses.
4. The school contacts law enforcement regarding a student who already has a positive Behavior Support Plan.

FBAs may also constitute part of the initial evaluation to determine eligibility for special education.

Re-Evaluations

Re-evaluations shall be conducted within the timeframes required by state and federal laws and regulations, at least once every three (3) years, unless the parent/guardian and the Charter School agree in writing that a re-evaluation is unnecessary. A re-evaluation shall be conducted if the Charter School determines that the student's educational or related service needs warrant a re-evaluation, or at the request of the student's parent/guardian or teacher, in accordance with federal and state laws and regulations.[\[1\]](#)[\[2\]](#)[\[7\]](#)

For students with intellectual disability, the re-evaluation cannot be waived and must be conducted at least once every two (2) years.

The group of qualified professionals that reviews the evaluation materials to determine whether the child is a student with a disability shall include a certified school psychologist when evaluating a student for autism, emotional disturbance, intellectual disability, multiple disabilities, other health impairments, specific learning disability or traumatic brain injury.

Independent Educational Evaluations

A parent/guardian who disagrees with the results or content of an evaluation performed or obtained by the Charter School may request an independent educational evaluation at public expense. A parent/guardian is entitled to only one (1) independent educational evaluation at public expense each time the Charter School conducts an evaluation with which the parent/guardian disagrees. The independent educational evaluation must arise from parents'/guardians' disagreement with the Charter School's most recent evaluations or re-evaluations of the student. The Charter School shall be entitled to a copy of all results of independent educational evaluations conducted at public expense.[\[6\]](#)

If an oral request for an independent educational evaluation is made to a professional employee or administrator, that person shall inform the parent/guardian that the request must be in writing. If the native language of the parent/guardian is other than English, the requirement that the parent/guardian make their request in writing shall be conveyed by whatever means practicable and in the native language of the parent/guardian.

A written request for an independent educational evaluation at public expense shall be immediately forwarded to the Director of Special Education, who may, upon receipt of the written parent/guardian request, ask that the parent/guardian state their reasons for disagreement with the evaluation conducted or proposed by the Charter School. The Charter School cannot require the parent/guardian to do so, and the refusal of the parent/guardian shall not delay the process required by this policy.

The criteria under which the independent educational evaluation at public expense is obtained must be the same as the criteria used by the Charter School in conducting an appropriate evaluation, including the location of the evaluation and the qualifications of the examiner, to the extent those criteria are consistent with the parent's/guardian's right to an independent educational evaluation at public expense. The qualified examiners who conduct the independent educational evaluation may not be employed by the public agency responsible for the education of the student.

Within ten (10) school days of receipt of a request for an independent educational evaluation in writing from a parent/guardian, the Director of Special Education shall either initiate a due process hearing to show that the Charter School's evaluation is appropriate and notify the parent/guardian in writing that they have done so or issue to the parent/guardian correspondence containing:

1. Assurance that the Charter School will provide for an independent educational evaluation at public expense as long as the evaluation meets all the requirements of an appropriate evaluation and is in compliance with this policy.
2. Statement that the Charter School will not provide for payment at public expense until it receives directly from the evaluator a complete copy of a report of that evaluation and determines that the evaluation is in compliance with this policy.
3. Request that the parents/guardians consider accessing reimbursement for all or part of the evaluation from public or private sources of insurance or reimbursement, together with a clear assurance that the parent/guardian is not required to do so and that the Charter School will ensure payment is provided for any cost not covered by such sources.
4. Directions that the parent/guardian is responsible for arranging for the evaluation and ensuring that the evaluator contacts the Director of Special Education to arrange for payment of the evaluation.

Upon request, the Charter School shall provide to parents/guardians information about where an independent educational evaluation may be obtained.

If the evaluation has already been conducted and paid for, the Charter School shall issue correspondence advising the parent/guardian that the Charter School will not reimburse the parent/guardian for the evaluation until it receives a complete and unredacted copy of the report of the evaluation and determines that the evaluation is in compliance with this policy. The Charter School shall require documentation substantiating that the parents/guardians paid for or incurred the obligation to pay for the evaluation without reimbursement from a public or private source of insurance or reimbursement.

The Director of Special Education shall send the correspondence to the parent/guardian by certified mail or by other independently verifiable means of conveyance and enclose a copy of this policy.

The Charter School shall maintain a list of qualified independent evaluators in each of the various disciplines commonly relied upon to provide education-related evaluations and assessments and shall promptly make that list available to any parent/guardian who requests it.

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Book	Policy Manual
Section	1000 Programs
Title	Behavior Support
Code	1013.2
Status	Active
Adopted	November 23, 2010
Last Revised	January 12, 2021
Prior Revised Dates	January 15, 2019

Purpose

Students with disabilities shall be educated in the least restrictive environment and shall only be placed in settings other than the regular education class when the nature or severity of the student's disability is such that education in the regular education class with the use of appropriate supplementary aids and services cannot be achieved satisfactorily. The Individualized Education Program (IEP) team for a student with a disability shall develop a positive behavior support plan if the student requires specific intervention to address behavior that interferes with learning. The identification, evaluation, and plan or program shall be conducted and implemented in accordance with state and federal laws and regulations. [\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)

Authority

The Board of Trustees (Board) directs that the Charter School's behavior support programs shall be based on positive rather than negative behavior techniques to ensure that students shall be free from demeaning treatment and unreasonable use of restraints or other aversive techniques. The use of restraints shall be considered a measure of last resort and shall only be used after other less restrictive measures, including de-escalation techniques. Behavior support programs and plans shall be based on a functional assessment of behavior and shall include a variety of research-based techniques to develop and maintain skills that will enhance students' opportunity for learning and self-fulfillment. [\[1\]](#)[\[2\]](#)[\[4\]](#)[\[5\]](#)[\[6\]](#)[\[7\]](#)

Definitions

The following terms shall have these meanings, unless the context clearly indicates otherwise.

Aversive techniques - deliberate activities designed to establish a negative association with a specific behavior. [\[2\]](#)

Behavior support - development, change and maintenance of selected behaviors through the systematic application of behavior change techniques.

Behavior Support Plan or Behavior Intervention Plan - plan for students with disabilities who require specific intervention to address behavior that interferes with learning. A positive Behavior Support Plan shall be developed by the IEP team, be based on a functional behavioral assessment, and become part of the individual student's IEP. These plans must include methods that use positive reinforcements, other positive techniques and related services required to assist a student with a disability to benefit from special education. [\[2\]](#)

Positive techniques - methods that utilize positive reinforcement to shape a student's behavior, ranging from the use of positive verbal statements as a reward for good behaviors to specific tangible rewards. [\[2\]](#)

Restraints - application of physical force, with or without the use of any device, designed to restrain free movement of a student's body, excluding the following:[2]

1. Briefly holding a student, without force, to calm or comfort them.
2. Guiding a student to an appropriate activity.
3. Holding a student's hand to escort them safely from one area to another.
4. Hand-over-hand assistance with feeding or task completion.
5. Techniques prescribed by a qualified medical professional for reasons of safety or for therapeutic or medical treatment, as agreed to by the student's parents/guardians and specified in the IEP.
6. Mechanical restraints governed by this policy, such as devices used for physical or occupational therapy, seatbelts in wheelchairs or on toilets used for balance and safety, safety harnesses in buses, and functional positioning devices.

Students with disabilities - school-aged children enrolled in the Charter School who have been evaluated and found to have one or more disabilities as defined by law and regulations, and who require, because of such disabilities, special education and related services.

Delegation of Responsibility

The Chief Executive Officer or designee shall ensure that this Board policy is implemented in accordance with federal and state laws and regulations.

The Chief Executive Officer or designee shall develop administrative procedures to implement this policy.

The Chief Executive Officer or designee shall provide regular training, and retraining as needed, of staff in the use of specific procedures, methods and techniques, including restraints, that will be used to implement positive behavior supports or interventions in accordance with students' IEPs and Board policy.[2]

The Chief Executive Officer or designee shall maintain and report data on the use of restraints, as required by the Pennsylvania Department of Education. Such report shall be readily available for review during the state's cyclical compliance monitoring. Procedures shall be established requiring reports to be made to the Charter School by entities educating students with disabilities who attend programs or classes outside the Charter School, including private schools, agencies, school districts, intermediate units and career and technical schools.[2]

Guidelines

Development of a separate Behavior Support Plan is not required when appropriate positive behavioral interventions, strategies and supports can be incorporated into a student's IEP.[2][4]

When an intervention is necessary to address problem behavior, the types of intervention chosen for a student shall be the least intrusive necessary.

Physical Restraints

Restraints to control acute or episodic aggressive behavior may be used only when the student is acting in a manner that presents a clear and present danger to the student, other students or employees, and only when less restrictive measures and techniques have proven to be or are less effective.[2]

The Chief Executive Officer or designee shall notify the parent/guardian as soon as practicable of the use of restraints to control the aggressive behavior of the student and shall convene a meeting of the IEP team within ten (10) school days of the use of restraints, unless the parent/guardian, after written notice, agrees in writing to waive the meeting. At this meeting, the IEP team shall consider whether the student needs a functional behavioral assessment, re-evaluation, a new or revised positive Behavior Support Plan, or a change of placement to address the inappropriate behavior.[2]

The use of restraints shall not be included in the IEP for the convenience of staff, as a substitute for an educational program, or employed as punishment. Restraints may only be included in an IEP with parental consent if:[2]

1. The restraint is used with specific component elements of a positive Behavior Support Plan.
2. The restraint is used in conjunction with teaching socially appropriate alternative skills or behaviors.

3. Staff are authorized to use the restraint and have received appropriate training.

4. Behavior Support Plan includes efforts to eliminate the use of restraints.

Mechanical Restraints

Mechanical restraints, which are used to control involuntary movement or lack of muscular control of students when due to organic causes or conditions, may be employed only when specified by an IEP and as determined by a medical professional qualified to make the determination, and as agreed to by the student's parents/guardians. [2]

Mechanical restraints shall prevent a student from injuring themselves or others or promote normative body positioning and physical functioning.

Seclusion

The Charter School permits involuntary seclusion of a student in accordance with the student's IEP or in an emergency to prevent immediate or imminent injury to the student or others, but the seclusion must be the least restrictive alternative.

Aversive Techniques

The following aversive techniques of handling behavior are considered inappropriate and shall not be used in educational programs: [2]

1. Corporal punishment.
2. Punishment for a manifestation of a student's disability.
3. Locked rooms, locked boxes, other locked structures or spaces from which the student cannot readily exit.
4. Noxious substances.
5. Deprivation of basic human rights, such as withholding meals, water or fresh air.
6. Suspensions constituting a pattern.
7. Treatment of a demeaning nature.
8. Electric shock.
9. Methods implemented by untrained personnel.
10. Prone restraints, which are restraints by which a student is held face down on the floor.

Referral to Law Enforcement

The Chief Executive Officer or designee shall immediately report required incidents and may report discretionary incidents committed on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity by a student with a disability, including a student for whom an evaluation is pending, to the local police department that has jurisdiction over the school's property, in accordance with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies. The Chief Executive Officer or designee shall respond to such incidents in accordance with the Charter School's behavior support administrative procedures, and, if applicable, the procedures, methods and techniques defined in the student's Behavior Support Plan. [2][5][8][9][10][11][12][13][14]

Subsequent to notification to law enforcement, an updated functional behavioral assessment and Behavior Support Plan shall be required for students with disabilities who have Behavior Support Plans at the time of such referral. [2][11]

If, as a result of such referral, the student is detained or otherwise placed in a residential setting located outside the student's school district of residence, the Chief Executive Officer or designee shall ensure that the responsible school district or Intermediate Unit is informed of the need to update the student's functional behavioral assessment and Behavior Support Plan. [2]

For an enrolled student with a disability who does not have a Behavior Support Plan, subsequent to notification to law enforcement, the Charter School shall convene the student's IEP team to consider whether a Behavior Support Plan should be developed to address the student's behavior, in accordance with law, regulations and

Board policy.[\[2\]\[11\]](#)

Relations With Law Enforcement

The Charter School shall provide a copy of its administrative procedures for behavior support to each local police department that has jurisdiction over school property. Updated copies shall be provided each time the administrative procedures for behavior support are revised by the Charter School.[\[2\]\[11\]](#)

The Charter School shall invite representatives of each local police department that has jurisdiction over school property to participate in training on the use of positive behavior supports, de-escalation techniques and appropriate responses to student behavior that may require intervention, as included in the school's positive behavior support program.[\[2\]\[11\]](#)

TO THE EXTENT THAT ANYTHING IN THIS POLICY CONFLICTS WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

Book	Policy Manual
Section	1000 Programs
Title	Discipline of Students With Disabilities
Code	1013.3
Status	Active
Adopted	January 15, 2019
Last Revised	January 12, 2021

Purpose

The Charter School shall develop and implement Positive Behavior Support Plans and programs for students with disabilities enrolled in the Charter School who require specific interventions to address behaviors that interfere with learning.[\[1\]](#)

The Board of Trustees ("Board") shall adopt a Code of Student Conduct to govern student discipline, in accordance with applicable law, regulations and Board policy. Students with disabilities shall adhere to Board policies and the Code of Student Conduct governing student discipline. The rights and provisions provided to students with disabilities within this Board policy shall be incorporated into the Code of Student Conduct.[\[2\]](#)[\[3\]](#)[\[4\]](#)

Students with disabilities who violate the Code of Student Conduct, or engage in inappropriate behavior, disruptive or prohibited activities, and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board policy and, if applicable, their Individualized Education Program ("IEP") and Positive Behavior Support Plan.[\[1\]](#)[\[5\]](#)[\[6\]](#)

Definitions

Students with disabilities - school-aged children enrolled in the Charter School who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.

Suspensions from school - disciplinary exclusions from school for a period of one (1) to ten (10) consecutive school days.[\[5\]](#)[\[7\]](#)

Expulsions from school - disciplinary exclusions from school by the Board for a period exceeding ten (10) consecutive school days and may include permanent exclusion from school.[\[5\]](#)[\[7\]](#)

Interim alternative educational settings - removal of a student with a disability from the student's current placement. Interim alternative educational settings may be used by school personnel for up to forty-five (45) school days for certain infractions committed by students with disabilities. The IEP team shall determine the interim alternative educational setting; however, this does not constitute a change in placement for a student with a disability.[\[6\]](#)[\[8\]](#) Generally, the Charter School must return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

Authority

The Board directs that the Charter School shall comply with provisions and procedural safeguards of the Individuals With Disabilities Education Act ("IDEA") and federal and state regulations when disciplining students with disabilities for violations of Board policy or Charter School rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student's particular misconduct is a manifestation of the student's disability. However, under certain circumstances a student with a disability may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student's educational placement to one which is more restrictive than the placement where the misconduct occurred. [\[5\]](#)[\[6\]](#)[\[8\]](#)[\[9\]](#)

Provision of Education During Disciplinary Exclusions

During any period of expulsion, or suspension from school for more than ten (10) cumulative days in a year, or placement in an interim alternative educational setting for disciplinary reasons, a student with a disability shall continue to receive a free and appropriate public education ("FAPE"), in accordance with law. [\[5\]](#)[\[6\]](#)[\[7\]](#)[\[10\]](#)

Guidelines

Suspension From School

A student with a disability may be suspended for ten (10) consecutive and fifteen (15) cumulative days of school per school year, for the same reasons and duration as a student without a disability. Such suspension shall not constitute a change in the student's educational placement. [\[5\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[11\]](#)

Changes in Educational Placement/Manifestation Determinations

For disciplinary exclusions which constitute a change in educational placement, the Charter School shall first determine whether the student's behavior is a manifestation of the student's disability. Expulsion, or exclusion from school for more than fifteen (15) cumulative days in a year, or patterns of suspensions for substantially identical behaviors constitute changes in educational placements requiring a manifestation determination. For students with intellectual disability, any disciplinary suspension or expulsion is a change in educational placement. [\[5\]](#)[\[6\]](#)

A student with a disability whose behavior is not a manifestation of the student's disability may be disciplined in accordance with Board policy and Charter School rules and regulations in the same manner and to the same extent as students without disabilities. [\[5\]](#)[\[6\]](#)

When a student with a disability has been expelled from the Charter School, in accordance with law, regulations and Board policy, the Charter School shall provide the student with a disability with the education required by law until the Charter School is notified in writing that the student has been enrolled in another public agency, public school, private school or private agency.
