18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

These funds are available to state agencies to implement a new Individuals with Disabilities Education Act requirement called the Special Education - State Personnel Development. The primary focus is to improve results for children with disabilities through systematic reform with an emphasis on personnel training.

Performance budget period is 10/1/2025 - 9/30/2026

Complement need for Budget Request 2025-26 remains at two (2) positions.

Does this grant include a Tydings Amendment? No

Does this grant include a required match? No

Add justification for any increase/decrease in appropriation level: The Pennsylvania Department of Education (PDE) is requesting a spending authority increase due to an increase in the federal award amount. Additionally, year-over-year carryover has increased so in conjunction with the increase in funding, this will allow PDE to carry out the mandates for the State Personnel Development grant - Success for PA Early Learners.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose of the Migrant Education Program is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment. States use program funds to identify eligible children and provide education and support services. These services include academic instruction, remedial and compensatory instruction, bilingual and multicultural instruction, vocational instruction, career education services, special guidance, counseling and testing services, health services, and preschool services. The funding is for the administration of a grant program to provide remedial education to children of migrant workers, supplementing state and local funded programs. The expected outcome is to continue to raise the levels of achievement for the participating children.

Performance budget period is 7/1/2025 - 9/30/2026.

Complement need for Budget Request 2025-26 remains at four (4) positions.

Does this grant include a Tydings Amendment? Y

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The Pennsylvania Department of Education (PDE) is requesting a spending authority increase due to elevated prior year funding being reauthorized for a continuation in spending down the federal award. Additionally, the program area has received marginal increases over the past few years. These increases now require a spending authority level increase to ensure PDE can spend these federal dollars.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The grant provides for mandated state administrative services and technical assistance costs to administer the Title I, Career and Technical Education Assistance to the states from the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV). The law mandates the submission of an acceptable state plan, the collection of data, the evaluation of activities and the review of financial reports and audits.

**Maintenance of Effort requires that for each fiscal year for which federal funds are provided, the state shall provide from non-federal sources for such costs the state incurs for administration of programs an amount not less than the amount provided by the state from non-federal sources for such costs for the preceding fiscal year.

Performance budget period is 7/1/2025 - 9/30/2026

Complement need for Budget Request 2025-26 remains at 19 positions.

These funds will establish, strengthen, and/or expand comprehensive school health programs to prevent serious health problems and health risk behaviors, specifically the prevention of health risk behaviors that result in HIV infection, sexually transmitted diseases, and unintended pregnancies. Funds are provided to state education agencies to carry out and promote appropriate actions to help increase the number of schools and agencies that implement comprehensive health programs, with an emphasis on HIV/STD prevention, and to disseminate funds to bolster comprehensive school health and HIV education.

Performance budget period is 8/1/2025 -7/31/2026

Complement need for Budget Request 2025-26 remains at zero (0) positions.

Does this grant include a Tydings Amendment? N

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The Pennsylvania Department of Education is requesting a spending authority reduction to this federal fund. The current grant is working to close out all funding with a no-cost extension in the final year. However, the program area has recently applied for a new grant through the US Department of Centers for Disease Control and Prevention. The anticipated grant award should be released as early as Spring 2025 and as late as Winter 2025 amounting to \$100,000.00 annually.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The Omnibus Budget Reconciliation Act of 1987, as amended in 1989, makes federal matching funds available to provide for the evaluation of approximately 40,000 nurses' aides to determine competency. The Pennsylvania Department of Education will either evaluate nurses' aide credentials or provide the nurses' aides with the opportunity to take a written or oral examination and a performance skills assessment. Actual available required state match of 50/50 is determined by comparing state estimated expenditures to the state required matching. Budget/revised state match is determined by comparing federal appropriation to required state matching.

These funds support staff who manage the 21st Century grant program. The grants go to schools and non-profit entities to operate after-school, weekend, and summer academic enrichment and recreational programs for students attending schools located in communities with high numbers of families living in poverty. The 21st Century Community Learning Centers are designed to improve student academic achievement, improve attendance, reduce disciplinary problems, and increase parental involvement. Major program measures include the number of programs funded, number of students participating, and improved student academic performance.

Performance budget period is 7/1/2025 - 9/30/2026.

Complement need for Budget Request 2025-26 remains at seven (7) positions.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose of the Migrant Education Program is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment. States use program funds to identify eligible children and provide education and support services. These services include: academic instruction; remedial and compensatory instruction; bilingual and multicultural instruction; vocational instruction; career education services; special guidance; counseling and testing services; health services; and preschool services. The Migrant Education Program Consortium Incentive Grant Program provides incentive grants to State Education Agencies (SEAs) that participate in high quality consortia with another SEA or other appropriate entities to improve the delivery of services to migrant children whose education is interrupted.

Add justification for any increase/decrease in appropriation level. The Pennsylvania Department of Education (PDE) is requesting a spending authority reduction for this appropriation as the federal grant awards for the larger Refugee initiative have decreased over the years. Based on the current program needs at this point, PDE does not need this level of spending authorization.

Funds are used to expand K-12 longitudinal data systems to include mandated preschool data, teacher data, finance data, and other K-12 data included in the system. They are also used to create consolidated P-16 data systems in a manner consistent with the requirements of the Family Education, Rights and Privacy Act, as well as import workforce data from other sources to assess the extent to which high school graduates are adequately prepared for work or further education. In addition, funds are used to support department initiatives relative to the Statewide Longitudinal Data System (SLDS), improve the research capacity in the department, and inform data collections.

Performance budget period is 3/1/2025 - 2/28/2026

Complement need for Budget Request 2025-26 remains at zero (0).

Does this grant include a tydings amendment? N

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The Pennsylvania Department of Education (PDE) is requesting a decrease in spending authority for this appropriation in the 2025-26 fiscal year. No new grant awards have been received, yet PDE has requested a no-cost extension to continue spending down the remaining funds with the anticipation of closing the grant in February 2026. PDE is not applying for any new federal grants pertaining to this fund.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose of the grant is to assist local education agencies in providing a free appropriate public education to all children with disabilities in schools. Key Program Activities: Preschool Grant - Subgrants are made to each of the Mutually Agreed Written Arrangements agencies which provide early intervention programs to preschool children with disabilities in order to provide supplemental services to those eligible. These preschool students receive valuable early intervention services which may result in a reduced need for special services during their school career.

Performance budget period is 7/1/2025 - 9/30/2026

Complement need for Budget Request 2025-26 remains at zero (0) positions.

Does this grant include a Tydings Amendment? Y

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The Pennsylvania Department of Education is requesting an increase in spending authority due to higher year-over-year carryover in this federal grant. The higher spending authority will be used to leverage the program to the fullest by pushing out more funding to the Preschool Early Intervention grantees due to a growing need in the communities.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

Grants assist states in providing nutritionally adequate meals to all children to safeguard their health and well-being, and to encourage the domestic consumption of nutritious agricultural commodities and other foods. The children participating in the program will also gain a full understanding of the relationship between proper eating and good health. Federal law requires a match equal to 30 percent of Section 4 expended in school year 1980-81 provided the per capita income of the state is less than the per capita of the United States. The matching requirement so computed shall be decreased by the percentage that the state per capita income is below the per capita income of the United States. (Funds expended for the year 1980-81 were \$35,142,577 and the match calculates to \$10,544,273). Match has been met each fiscal year with expenditures from School Food Services. □

Performance budget period is 10/1/2025 - 9/30/2026

Complement need for Budget Request 2025-26 remains at zero (0) positions.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

A 100 percent federally funded supplemental education program that provides financial assistance to Local Education Agencies to improve educational opportunities for educationally deprived children. Title I programs are designed to help children meet the state content and performance standards in reading, language arts, and mathematics. Neglected and Delinquent funds help provide educational continuity for children and youths in state-run institutions for juveniles and in adult correctional institutions, so that these youths can make successful transitions to school or employment once released. Funds are allocated by formula to State Education Agencies, which make subgrants to the state agencies responsible for educating neglected or delinquent children and youths. Also, included on this RAFF are approximately \$10.51 million in new Migrant Ed-Local funds and \$1.54 million in the new State Agency for Neglected and Delinquent grant, which fall under fund 70075.

Performance budget period is 7/1/2025 - 9/30/2026

Complement need for Budget Request 2025-26 remains at zero (0) positions.
