PROPOSED RULEMAKING.....	11
A. Amendment to 58 Pa. Code § 63.8 Long bows, crossbows, spears, and gigs.....	11
FISHERIES .....	13
FINAL RULEMAKING .....	13
A. Establish a single statewide opening day of the regular season for trout under 58 Pa. Code § 61.1 (Commonwealth Inland Waters), § 61.2 (Delaware River, West Branch Delaware River and River Estuary), § 63.3 (Fishing in Stocked Trout Waters), § 63.20 (Permits for Protection and Management of Trout and Salmon), § 65.5 (Catch and Release Artificial Lures Only), § 65.12 (Regional Opening Day of Trout Season), § 65.14 (Catch and Release Fly-Fishing Only), § 65.15 (Catch and Release All-Tackle), § 65.19 (Stocked Trout Waters Open to Year-Round Fishing), § 65.20 (Mentored Youth Fishing Day Program), § 65.24 (Miscellaneous Special Regulations), § 65.26 (Extended Trout Season), § 67.2 (Refuge Areas), and § 69.12a (Special Regulations Applicable to Lake Erie Tributary Streams).....	13
B. Amendment to 58 Pa. Code § 69.12 (Seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters), Erie County .....	29
C. Establish trout slot limit programs (All-Tackle Trout Slot Limit and Artificial Lures Only Trout Slot Limit) under 58 Pa. Code Chapter 65.....	33

D. Amendments to 58 Pa. Code § 61.1 (Commonwealth Inland Waters), § 61.2 (Delaware River, West Branch Delaware River and River Estuary), § 63.43 (Fishing for bass during the spring season), § 65.9 (Big Bass), § 65.24 (Miscellaneous Special Regulations), and § 69.12 (Seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) relating to black bass angling regulations.....36

E. Amendment to 58 Pa. Code § 65.24 (Miscellaneous Special Regulations): remove Leaser Lake, Lehigh County.....44

DESIGNATIONS.....46

A. Addition of Leaser Lake, Lehigh County, to the Big Bass (58 Pa. Code § 65.9), Panfish Enhancement (58 Pa. Code § 65.11), and Stocked Trout Waters Open to Year-round Fishing (58 Pa. Code § 65.19) programs.....46

B. Addition of Opossum Lake, Cumberland County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19) .....48

C. Addition of Lake Perez, Huntingdon County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19) .....50

D. Proposed changes to the list of Class A wild trout streams .....52

E. Classification of wild trout streams: proposed additions, revision, and amendment.....53

F. Removal of Somerset Lake, Somerset County, from the Big Bass Program (58 Pa. Code § 65.9)..55

G. Removal of Raccoon Creek State Park Upper Pond (Group Camping Area Lake), Beaver County, from the Catch and Release Lakes program (58 Pa. Code § 65.17) .....57

Notational Vote Measures.....58

Other New Business .....64

Time and Place of January 2022 Commission Meeting .....64

Adjournment.....64

Commonwealth of Pennsylvania  
Pennsylvania Fish and Boat Commission

Minutes

The 144<sup>th</sup> Meeting of the Pennsylvania Fish and Boat Commission was held on Monday, October 25 at the Pennsylvania Fish and Boat Commission headquarters, 1601 Elmerton Avenue, Harrisburg, PA 17110.

The public session for review of this agenda began on October 25, 2021 at approximately 10:04 a.m.

**Call to Order**

This meeting was called to order by Commission President Richard Lewis and was followed by the Pledge of Allegiance to the Flag.

**Roll Call**

**Members Present**

**Richard Kauffman, President**  
**Robert B.J. Small, Vice President**  
**Rocco Ali**  
**Donald K. Anderson**  
**William C. Brock**  
**Charles J. Charlesworth**  
**William J. Gibney**  
**Eric C. Hussar**  
**Richard Lewis**  
**Daniel J. Pastore**

**Public Comment to Commissioners and Staff**

Nick Sampson, PA State Representative, Boat Fishing Association of America, made a public comment stating the bow fishing regulation should not be considered based a few isolated incidents; the generator decibel measurements should be changed to cover the back corner side of the water, not either side; and spotlighting regulations should be removed altogether.

Jordan Miller, licensed captain, Nocturnal Addiction Boat Fishing Captain – Pittsburgh, PA, made a public comment addressing how the bow fishing regulation regarding generators will hinder his business as he charts trips daily as a living. He does not see the generators, nor the spotlights as a issue and feels the whole state should not be regulated based a on few complaints from a small area.

Jeremiah Weber, Owner, Boondock Bowfishing Adventures, made a public comment stating that the bow fishing regulation would diminish bow fishing in PA. Further, generator and spotlights

are not a problem as he sees it, so that should be removed from the regulation and dealt with on a case-by-case basis because it is taking away from his livelihood.

Greg McBride, concerned bow fisherman and citizen, made a public comment stating that the lights on boats does not need to be regulated because boats traveling with lights are going 4-5 miles per hour for 30-40 seconds on average when passing houses along the water. That happens a couple times per year and is a minor inconvenience when you live on the water.

Eric Richard, PA Wild Trout Network representative, made a public comment thanking the Commission for extended season regulations as it is seen by anglers as very forward thinking when it comes to wild trout management. Anglers appreciate the efforts in that amendment being passed.

### **Review and Approval of Minutes from the July 26, 2021 Meeting**

A motion was made by Commissioner Lewis and seconded by Commissioner Small to approve the July 26, 2021 minutes as written. Motion carried by unanimous vote.

### **Executive Director's Report**

Executive Director Timothy Schaeffer discussed numerous projects and programs that staff are currently focused on. A Strategic Plan update was provided to Commissioners.

### **Reports of Commissioner Committees**

#### **Fisheries and Hatcheries (Commissioner Pastore)**

The Fisheries and Hatcheries Committee met virtually on Wednesday, September 15 at 8:00 a.m. Agenda items pertaining to the upcoming October 2021 quarterly Commission meeting were discussed including stream sections stocked by trout, a cooperative nursery proposal for Class A wild trout, and Lake Erie Trout management.

#### **Habitat and Environmental (Commissioner Anderson)**

The Habitat and Environmental Committee met virtually on Wednesday, September 22 at 11:00 a.m. Agenda items were discussed. Sean Hartzell gave an update on aquatic invasive species and Scott Ray provided an update on the Union City Hatchery mussel propagation process.

#### **Law Enforcement (Commissioner Ali)**

The Law Enforcement Committee met virtually on Wednesday, September 15 at 10:30 a.m. Agenda items were discussed to include amendments to 58 Pa. Code §63.8 Long bows, crossbows, spears, and gigs.

### **Announcement of Executive Session**

Chief Counsel Wayne Melnick announced that an executive session was held on October 25, at approximately 7:45 a.m. to discuss personnel matters, potential real estate acquisitions, and pending litigation.

### **Announcement of Notational Votes**

The Commission voted on two items by notational vote since the July 2021 meeting found in Appendix A, item A, and Appendix A, item B.

**EXECUTIVE AND ADMINISTRATIVE  
PUBLIC ACCESS AND REAL ESTATE MATTERS**

A. Property Acquisition at Glade Run Lake, Middlesex Township, Butler County.

Commentary:

The Pennsylvania Fish and Boat Commission (Commission) owns a +/-146-acre tract of land in Middlesex Township, Butler County, containing a 53-acre lake, known as Glade Run Lake. Glade Run Lake is located approximately 23 miles due north of Pittsburgh, as depicted on Exhibit A (Location Map).

The Glade Run Lake Conservancy (Conservancy) and the Allegheny Land Trust (Trust) have formed a partnership to identify properties of recreational and environmental importance in the Glade Run Lake watershed, with the goal of securing property rights to allow for the public use, protection, and preservation of these properties and Glade Run Lake.

The Conservancy and Trust have identified a 53-acre property (Property), currently owned by the Jones Estates Group, LLC, as a potential acquisition. The Property is located adjacent to and at the head of the Commission's Glade Run Lake property. It is bounded on the northwest by Sandy Hill Road and Glade Run flows east/west for 1,400 feet through the property, as depicted on Exhibit B (Site Map).

The Trust has entered into an agreement of sale (Agreement) with the Jones Estates Group to purchase the Property for \$344,500. The Agreement expires on December 31, 2021, but maybe extended to March 31, 2022. The sale is contingent upon approval by Trust's Board of Directors, and the Trust may terminate the Agreement within five days after all due diligence is completed if the Property is found to be unacceptable to the Trust.

The Trust has submitted a Community Conservation Partnerships Program (C2P2) grant application to the Pennsylvania Department of Conservation and Natural Resources and is investigating other funding sources to allow for the acquisition of the Property. C2P2 grants funds are awarded to successful applicants in November 2021.

Upon acquisition of the Property, the Trust would like to donate the Property to the Commission. The Commission's acceptance of the donation would be contingent on meeting due diligence and funding requirements, including but not limited to, the Trust providing good and marketable title to the Property, free and clear of all liens and judgments, and an acceptable environmental assessment.

Briefer:

Linda Adler, Chief, Division of Public Access & Property Services

Recommendation:

Staff recommend that the Commission authorize the acquisition of the 53-acre property in Middlesex Township, Butler County, as more particularly described in the Commentary.

Action:

A motion was made by Commissioner Ali and seconded by Commissioner Charlesworth to authorize the acquisition of the 53-acre property in Middlesex Township, Butler County, as more particularly described in the Commentary. Motion carried by unanimous vote.

B. Lease of Nessmuk Lake Property, Borough of Wellsboro and Township of Delmar, Tioga County.

Commentary:

The Pennsylvania Fish and Boat Commission (Commission) owns a +/-223-acre tract of land in the Borough of Wellsboro and Township of Delmar, Tioga County, which contains Nessmuk Lake, a +/-60-acre lake. The property is located 1 mile south of Wellsboro, PA on Route 287, as depicted on Exhibit C (Location Map). In 1967, the Commission leased the property to the Borough of Wellsboro and the Wellsboro Borough Municipal Authority for a 40-year term, for use as a County Park. The 40-year lease was amended and provided for a new term of 25 years in 1997. The amendment also included the placement of a life flight helicopter landing pad on the premises. The lease area and the landing pad are depicted on Exhibit D (Site Map).

The lease agreement between the Commission and the Borough and Municipal Authority expires March 3, 2022. The Commission and the Borough and Municipal Authority wish to enter into a new lease agreement consistent with the original lease. The Borough and Municipal Authority are and will continue to be responsible for the routine maintenance, operation, repair, and supervision of the lease area. The continuation of the Borough's and Municipal Authority's leasing of the property is in the best interest of the Commission.

The new lease will be for a 25-year term and require the site to remain open for public fishing and boating free of charge. Fishing and boating will take precedence over all other recreational activities, and responsibilities will remain consistent with the historical practice under a new lease.

Briefer:

Linda Adler, Chief, Division of Public Access & Property Services

Recommendation:

Staff recommend that the Commission authorize the leasing of Nessmuk Lake to the Borough of Wellsboro and the Wellsboro Borough Municipal Authority, as more particularly described in the Commentary.

Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Hussar to authorize the leasing of Nessmuk Lake to the Borough of Wellsboro and the Wellsboro Borough Municipal Authority, as more particularly described in the Commentary. Motion carried by unanimous vote.

## EXECUTIVE AND ADMINISTRATIVE OTHER MATTERS

### A. Cooperative Nursery Grant Program.

#### Commentary:

At the October 1996 Board of Commissioners meeting, the Pennsylvania Fish and Boat Commission (Commission) approved the creation of the Cooperative Nursery Grant Program. The purpose of the grant program was to provide financial assistance to cooperative nurseries for projects related to the rearing of Commission-supplied fish. Many of the cooperative nurseries rely on the Cooperative Nursery Grant Program to purchase essential equipment such as aerators, raceway covers, nets, and stocking tanks. Since its inception, the annual funding level established by the Commission for the grant program has fluctuated several times with amounts ranging from \$15,000 to \$80,000. In 2020, the funding level was set by the Commission at \$60,000 per year.

The Commission annually solicits grant applications and receives between 20 to 40 per year. Due to the established funding limit of \$60,000 per year, several grant applications were not funded. Over the last eight years, 59 applications were not accepted due to the lack of funding. Removing the annual funding limit for this program would allow for flexibility from year-to-year based on the availability of funding and the needs of the Cooperative Nurseries.

#### Briefer:

Brian B. Wisner, Director, Bureau of Hatcheries

#### Recommendation:

Staff recommend that the Commission remove the annual funding limit for the Cooperative Nursery Grant Program and authorize the Executive Director to establish an annual funding level for the grant program that is based on the projected need of the program in conjunction with the annual budgeting process used to address all other agency priorities. Staff also recommend that the Commission authorize the Executive Director to approve individual grants of \$25,000 or less per cooperative nursery, per year. For grants in excess of \$25,000, staff will seek separate Commission approval.

#### Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Ali to remove the annual funding limit for the Cooperative Nursery Grant Program and authorize the Executive Director to establish an annual funding level for the grant program that is based on the projected need of the program in conjunction with the annual budgeting process used to address all other agency priorities. Also, it authorized the Executive Director to approve individual grants of \$25,000 or less per cooperative nursery, per year. For grants in excess of \$25,000, staff will seek separate Commission approval. Motion carried with one opposed (Commissioner Hussar).

B. Dates for Pennsylvania Fish and Boat Commission (Commission) Meetings in 2022.

Commentary:

At the fall meeting each year, the Commission historically has established a schedule for regular meetings for the following year. Under the Fish and Boat Code, the Commission is required to have two meetings each year, one in January and the other in July. These meetings must be held in the Harrisburg area. Traditionally, the Commission has held two additional meetings each year in April or May, and September or October.

Staff have reviewed the available dates and possible conflicts for scheduling regular Commission meetings for 2022. This review included a look at holidays, hunting and fishing seasons, and other conflicting events.

Based upon this review, the following dates are proposed for regular Commission meetings in 2022:

January 24-25, 2022 (Monday and Tuesday);  
April 25-26, 2022 (Monday and Tuesday);  
July 25-26, 2022 (Monday and Tuesday); and  
October 24-25, 2022 (Monday and Tuesday).

The January and July 2022 meetings will be held at the Harrisburg headquarters. The April and October 2022 meetings will be held at locations designated by the Commission for the transaction of business.

Briefer:

Timothy D. Schaeffer, Executive Director

Recommendation:

Staff recommend that the Commission approve the dates for the regular meetings of the Commission for 2022 as set forth in the Commentary.

Action:

A motion was made by Commissioner Small and seconded by Commissioner Brock to approve the dates for the regular meetings of the Commission for 2022 as set forth in the Commentary. Motion carried by unanimous vote.

## BOATING FINAL RULEMAKING

### A. Amendment to 58 Pa. Code § 111.6 (Berks County).

#### Commentary:

Blue Marsh Lake is a 1,148-acre flood control project managed by the U.S. Army Corps of Engineers (USACOE) in Berks County. 58 Pa. Code § 111.6 states that a boat may not tow more than one water-skier (i.e., person) on Blue Marsh Lake. This regulation was promulgated shortly after the Blue Marsh Recreation Area was established to address a perceived safety issue relating to boats with multiple towlines. According to definitions contained in 58 Pa. Code § 109.4 (relating to waterskiing, aquaplaning, kite skiing, and similar activities), the term “waterski” is defined as “a device used by a person to be towed through or on water behind a boat. The term includes conventional water skis, aquaplanes, kneeboards, inner tubes, inflatable hot dogs, air mattresses, parasails, kite skis, and similar devices.” Some of these devices are designed to carry more than one person.

In the fall of 2019, the USACOE requested a change to § 111.6 citing that it does not serve the intended purpose, causes confusion among boaters, and unnecessarily limits recreational boating opportunities. Staff prepared an amendment for the Boating Advisory Board’s consideration and recommendation (June 23, 2020) and the Pennsylvania Fish and Boat Commission’s (Commission) approval as a proposed rulemaking (July 20, 2020). However, it later was discovered that the proposed amendment did not match the USACOE’s request.

The USACOE recently requested the Commission reconsider their request to amend § 111.6 with the intent to limit the number of devices towed by a boat—rather than the number of persons—to no more than one. The USACOE stated that with the popularity of inflatable towed devices designed to carry more than one person, this amendment will eliminate confusion among the boating public and increase recreational boating opportunities. It is also anticipated that the amendment will result in more effective and efficient law enforcement efforts on the lake. The number of persons being towed on a device is limited by the boat’s persons capacity.

Staff propose that § 111.6 be amended as follows:

§ 111.6. Berks County.

(a) *Blue Marsh Lake.*

\* \* \* \* \*

(3) A boat may not tow more than one **[water-skier] water ski device.**

\* \* \* \* \*

A notice of proposed rulemaking was published at 51 Pa.B. 5687 (September 4, 2021) (Exhibit E). The Commission received a total of 10 public comments regarding the proposal: 8 support the proposal, 0 oppose the proposal, and 2 comments did not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

Laurel L. Anders, Director, Bureau of Boating

Recommendation:

Staff recommend that the Commission adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Kauffman and seconded by Commissioner Charlesworth to adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022. Motion carried by unanimous vote.

**BOATING**  
**FINAL RULEMAKING**

B. Amendment to 58 Pa. Code § 111.43 (Mercer County).

Commentary:

Shenango River Lake is a 3,560-acre flood control project managed by the U.S. Army Corps of Engineers (USACOE) in Mercer County. This busy boating destination is regulated by Title 58 Pa. Code § 111.43(a) (relating to Shenango River Lake), which contains several specific regulations that deviate from the statewide recreational boating regulations when boating on USACOE waters. Specifically, subsection (1) states that “the use of motors in excess of 10 horsepower is prohibited in the area west of the Penn Central Railroad (Levittsburg) causeway to the Ohio line.”

Recently USACOE leadership has changed their local policy/regulation and has adopted a 20-horsepower limitation west of the causeway. They have petitioned the Pennsylvania Fish and Boat Commission (Commission) to make the same change in Title 58 so that Waterways Conservation Officers can continue to assist in enforcement.

Staff propose that § 111.43 be amended as follows:

§ 111.43. Mercer County.

(a) *Shenango River Lake.*

(1) The use of motors in excess of **[10] 20** horsepower is prohibited in the area west of the Penn Central Railroad (Levittsburg) causeway to the Ohio line.

\* \* \* \* \*

A notice of proposed rulemaking was published at 51 Pa.B. 6049 (September 18, 2021) (Exhibit F). The Commission did not receive any public comments regarding the proposal.

Briefer:

Laurel L. Anders, Director, Bureau of Boating

Recommendation:

Staff recommend that the Commission adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Charlesworth and seconded by Commissioner Ali to adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022. Motion carried by unanimous vote.

## LAW ENFORCEMENT PROPOSED RULEMAKING

### A. Amendments to 58 Pa. Code §63.8 Long bows, crossbows, spears, and gigs.

#### Commentary:

Law enforcement staff has received an increasing number of complaints regarding bowfishing. Most of these complaints revolve around the intense bright lighting used to locate fish along the shoreline. In addition to the lighting, the noise created by the generators used by some to operate the lighting has also generated complaints to the Bureau. Both issues have created conflicts on and along Commonwealth Waterways with property owners and other user groups.

After receiving feedback from agency staff, property owners, anglers, fishing guides and legislators' staff have conferred and support a clarification of the regulation as listed below.

#### **§63.8. Long bows, crossbows, spears, and gigs. – 2102(b)**

(a) *General.* – Except as otherwise provided in this part, carp, suckers, catfish, may be taken with long bows and arrow, including compound bows, crossbows, spears, or gigs any hour of the day or at night if so desired, in Commonwealth waters and waters bounding and adjacent thereto.

(b) *Lake Erie.* – Scuba divers, who possess a valid fishing license and Lake Erie stamp, shall be permitted to take burbot at a depth of at least 60 feet.

(c) *Restrictions.* – Spears or gigs may not be mechanically propelled, may not have more than five barbed points and may not be used in stocked trout waters.

#### **(d) Exceptions:**

**(1) It is unlawful to use bow and arrow (including compound bows and crossbows), spears, and gigs in any special regulation trout waters.**

**(2) It is unlawful to cast the rays of a spotlight, mounted headlight, or any other artificial light of any kind from any watercraft, upon any building, whether occupied or unoccupied, or another watercraft.**

**(3) It is unlawful to use generators on board a watercraft engaged in bowfishing with a noise level that exceeds 90 dB(a).**

Briefer:

Colonel Clyde N. Warner, Jr, Director, Bureau of Law Enforcement

Recommendation:

Staff recommend that the Commission approve the publication of a notice of proposed rulemaking containing the amendment described in the Commentary. If approved on final rulemaking, the amendment will go into effect upon publication in the Pennsylvania Bulletin.

Action:

A motion was made by Commissioner Brock and seconded by Commissioner Hussar to table this vote to make adjustments to the content and reintroduce for a vote at an upcoming quarterly Commission meeting. Item tabled.

## FISHERIES FINAL RULEMAKING

A. Establish a single statewide opening day of the regular season for trout under 58 Pa. Code § 61.1 (Commonwealth Inland Waters), § 61.2 (Delaware River, West Branch Delaware River and River Estuary), § 63.3 (Fishing in Stocked Trout Waters), § 63.20 (Permits for Protection and Management of Trout and Salmon), § 65.5 (Catch and Release Artificial Lures Only), § 65.12 (Regional Opening Day of Trout Season), § 65.14 (Catch and Release Fly-Fishing Only), § 65.15 (Catch and Release All-Tackle), § 65.19 (Stocked Trout Waters Open to Year-Round Fishing), § 65.20 (Mentored Youth Fishing Day Program), § 65.24 (Miscellaneous Special Regulations), § 65.26 (Extended Trout Season), § 67.2 (Refuge Areas), and § 69.12a (Special Regulations Applicable to Lake Erie Tributary Streams).

### Commentary:

Under 58 Pa. Code § 61.1 (Commonwealth inland waters), the opening day of the regular season for trout begins at 8 a.m. on the first Saturday after April 11 and continues through midnight Labor Day. This regulation was in place for all of Pennsylvania's inland waters for many years and is a well-known, much anticipated tradition. However, on January 1, 2007, a new regulation went into effect under 58 Pa. Code § 65.12 (Regional opening day of trout season). This regulation created a separate opening day for southeastern and southcentral counties where trout season opens at 8 a.m. on the first Saturday after March 28 and continues through midnight Labor Day.

In late winter 2020, the COVID-19 pandemic reached Pennsylvania and on March 16, 2020 the Commonwealth of Pennsylvania eliminated most activities that were not considered essential for health and safety. Subsequently, there was substantial concern within the Pennsylvania Fish and Boat Commission (Commission) that traditional stocking practices with large numbers of volunteers in close contact and traditional opening day crowds could lead to increased risk of virus transmission. As such, the decision was made to greatly accelerate trout stocking, eliminate the use of volunteers, deploy Commission staff from throughout the agency to perform the stockings, and announce the opening day without warning at 8 a.m. on Tuesday April 7, 2020. This unheralded opening was designed to reduce crowding, and a single, statewide opening day was employed to reduce cross-boundary travel between the statewide and regional opening day zones. In addition, public travel restrictions required more anglers to fish closer to home than they would under normal circumstances.

Planning for the 2021 trout stocking season began in early fall of 2020 in anticipation that COVID-19 restrictions and concerns about virus transmission may still be in effect. At the January 2021 quarterly Commissioners meeting, a single, statewide opening day was established for 2021.

After experiencing two consecutive years of a single, statewide opening day, staff identified an opportunity to further consider the efficacy of the current Commission regulations that provide for a regional opening day of trout season. An ad hoc committee with representatives from the bureaus of Fisheries; Hatcheries; Law Enforcement;

Outreach, Education, and Marketing; Administration; Policy and Planning; the Field Operations Deputy Executive Director; and Office of Chief Counsel was formed for review. The committee reviewed the history and summary of opening day designations for trout season. Following that review, the committee recommended the elimination of the regional opening day of trout season and a return to the more traditional single statewide opener. Staff believe that a single opening day simplifies regulations, reduces confusion among the angling public, lessens landowner issues in border counties, gives statewide anglers at least an extra week of fishing opportunity, and better allows businesses to plan for any sales surge.

The elimination of a regional opening day also requires minor amendments to various sections referencing trout season. As such, staff recommend reformatting the dates in regulations relating to trout season for clarification and simplification. Finally, consistent with Act 56 of 2020, staff recommend that any reference in the regulations to the trout/salmon permit be changed to trout permit.

A notice of proposed rulemaking was published at 51 Pa.B. 5672 (September 4, 2021) (Exhibit G). During the comment period, staff discovered the need for the following two modifications in the proposed rulemaking:

As such, the Commission adds the following language to the chart in § 61.1:

For ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon) – “(see Chapter 65)” is restored to the daily limit column pertaining to the extended season.

The Commission removes the following language from the chart in § 61.1:

For ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon) – “[and all waters downstream of stocked trout waters]” is removed from the seasons column pertaining to the extended season.

Staff propose that 58 Pa. Code § 61.1 be amended as follows:

§ 61.1. Commonwealth inland waters.

\* \* \* \* \*

(d) Except as otherwise provided in this subpart, the following seasons, sizes, and daily limits apply to inland waters of this Commonwealth and the Youghiogheny Reservoir:

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. first Saturday <b>[after April 11] in April</b> to midnight Labor Day	7 inches	5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))
	Extended Season: Stocked trout waters <b>[and all waters downstream of stocked trout waters]</b> 12:01 a.m. day after Labor Day to midnight <b>[last day of February] the third Monday in February</b> of the following year.	7 inches	3 (combined species), except Class A wild trout streams, where the daily limit is 0, and areas with special regulations <b>(see Chapter 65)</b>
*****			

Staff propose that 58 Pa. Code § 61.2 be amended as follows:

§ 61.2. Delaware River, West Branch Delaware River and River Estuary.

\*\*\*\*\*

(e) The following seasons, sizes and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
TROUT	8 a.m., <b>[first Saturday after April 11] the opening day of the regular season for trout</b> to midnight, October 15	North of I-84: 14 inches	North of I-84: 1 (combined species)
		South of I-84: no minimum	South of I-84: 5 (combined species)
		West Branch Delaware River: * 12 inches	West Branch Delaware River: * 2

			(combined species)
* * * * *			

\* *A special no-kill artificial lures only season is in effect on the West Branch of the Delaware River from October [1] **16** to midnight on the Friday before the **[first Saturday after April 11] opening day of the regular season for trout.***  
 See § 65.24

\* \* \* \* \*

Staff propose that 58 Pa. Code § 63.3 be amended as follows:

§ 63.3. Fishing in stocked trout waters.

It is unlawful to fish in stocked trout waters regulated under § 61.1 (relating to Commonwealth inland waters) from 12:01 a.m. on **[March 1] the third Monday in February** to 8 a.m. on the **[first Saturday after April 11 and in stocked trout waters regulated under § 65.12 (relating to regional opening day of trout season) from 12:01 a.m. on March 1 to 8 a.m. on the first Saturday after March 28] opening day of the regular season for trout.** As used in this subpart, the term “stocked trout waters” means waters that are stocked with adult trout by the Commission. A listing of stocked trout waters is published in the Commission’s “Summary of Fishing Regulations and Laws,” which is available from the Commission at Post Office Box 67000, Harrisburg, Pennsylvania 17106-7000. The Executive Director or a designee may, from time to time, supplement or modify the list of stocked trout waters, and additions or deletions will be published in the *Pennsylvania Bulletin*.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 63.20 be amended as follows:

§ 63.20. Permits for the protection and management of trout **[and salmon]**.

(a) *Finding.* - The Commission finds under section 2904 of the code (relating to permits for the protection and management of particular fish) that it is necessary for the protection and management of trout **[and salmon]** in the waters of this Commonwealth that persons who fish for trout **[or salmon]** have a permit for that activity.

(b) *Permit required.* - It is unlawful for a person required by Chapter 27 of the code (relating to fishing licenses) to procure a fishing license to fish for trout **[or salmon]** unless that person has first procured a valid **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit.

(c) *Exceptions.*

- (1) The Commission will issue a **[trout/salmon] trout** permit without fee to disabled veterans who possess a free fishing license under section 2707 of the code (relating to disabled veterans).
  - (2) A person who is exempt from the fishing license requirements of Chapter 27 of the code or who is issued an institutional fishing license under section 2708 of the code (relating to institutional licenses) is exempt from this section.
  - (3) A person who purchased a senior resident lifetime fishing license and a **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit prior to January 1, 2015, shall be exempt from the requirements of this section.
  - (4) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on free fishing days designated by the Commission under section 2709(d) of the code (relating to exemptions from license requirements).
  - (5) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on Class A regulated fishing lakes. A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on designated Class B regulated fishing lakes that have the following characteristics:
    - (i) The lake is a natural pond or impoundment located wholly on private property and constructed and maintained wholly with private funds.
    - (ii) The lake is operated by a private club or organization.
    - (iii) The lake is not open for fishing by the general public[,], and fishing is restricted to members only.
    - (iv) The trout/salmon population of the lake is composed entirely of trout or salmon stocked from private resources and contains no trout or salmon stocked by the Commission, the United States Government or cooperative nurseries recognized by the Commission.
- (d) *Fish for trout or salmon.* - A person fishes for trout or salmon when one of the following applies:
- (1) The person fishes in waters under special trout regulations designated under those sections of Chapter 65 (relating to special fishing regulations) that require a **[trout/salmon] trout** permit, wilderness trout streams or their tributaries or Class A wild trout waters or their tributaries.
  - (2) The person fishes in streams or rivers that are stocked trout waters as defined in § 63.3 (relating to fishing in stocked trout waters) or their tributaries during the period from 12:01 a.m. on **[March 1] the third Monday in February** until midnight May 31.

(3) The person takes, kills, or possess, while in the act of fishing, a trout or salmon on or in waters of this Commonwealth or boundary waters.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.5 be amended as follows:

§ 65.5. Catch and release artificial lures only.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release. The designation of waters as catch and release shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in areas designated and posted catch and release except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited.

(2) No trout may be killed or had in possession.

(3) Open to fishing year-round.

(4) Wading is permitted unless otherwise posted.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current [**trout/salmon**] **trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release area.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.6 be amended as follows:

§ 65.6. Delayed harvest artificial lures only areas.

(a) The Executive Director, with the approval of the Commission, may designate waters as delayed harvest, artificial lures only areas. The designation of waters as delayed harvest, artificial lures only areas shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted delayed harvest, artificial lures only areas except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear.

(2) The use or possession of any natural bait, bait fish, fish bait, bait paste and similar substances, fish eggs (natural or molded) or any other edible substance is prohibited.

(3) Minimum size is: 9 inches, caught on, or in possession on, the waters under regulation.

(4) The daily creel limit is: three combined species except during the period after Labor Day and before June 15 when the daily limit shall be zero trout combined species, caught on or in possession on the waters under regulation.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the delayed harvest artificial lures only area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the delayed harvest artificial lures only area.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.12 be amended as follows:

§ 65.12. Regional opening day of trout season.

**[(a)]** The Executive Director, with the approval of the Commission, may designate waters in certain regions as part of the regional opening day of trout season. The designation of waters as part of the regional opening day of trout season shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

**[(b) It is unlawful to fish in waters designated as part of the regional opening day of trout season except in compliance with the following seasons, sizes and creel limits:**

<i>SEASONS</i>	<i>MINIMUM SIZE</i>	<i>DAILY LIMIT</i>
<b>Regular Season: 8 a.m. first Saturday after March 28 to midnight Labor Day</b>	<b>7 inches</b>	<b>5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))</b>
<b>Extended Season: Stocked trout waters and all waters downstream of stocked trout waters 12:01 a.m. day after Labor Day to midnight last day of February of the following year</b>	<b>7 inches</b>	<b>3 (combined species) except Class A wild trout streams where the daily limit is 0, and areas with special regulations (see Chapter 65)</b>

**(c) It is unlawful to take, catch, kill, or possess trout except during the seasons specified in this section. It is not a violation of this section if a trout caught out of season from waters where fishing for other species is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(d) It is unlawful to take, catch, kill, or possess trout of less than the minimum size specified in this section. It is not a violation of this section if an undersized trout taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(e) It is unlawful to take, catch or kill more than 1 day’s limit of any species of trout as specified in this section during 1 calendar day. It is unlawful to possess more than 1 day’s limit of any species of trout as specified in this section except under the following circumstances:**

**(1) A person may possess any number of lawfully caught trout at the person’s residence.**

**(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may possess, while transporting trout from the place where caught to his residence, a number of trout equal to no more than two times the daily creel limit for trout. In prosecutions for violations of this section, it shall be a rebuttable presumption that a person transporting trout from a fishing site caught all of the trout during 1 calendar day.**

**(3) A trout will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.**

**(4) Any trout caught that is not to be counted in the creel limit shall be immediately released unharmed to the waters from which taken. Except as otherwise provided in §§ 53.24 or 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a trout placed on a stringer**

**or confined by any type of container, structure or device or not returned immediately to the water will be considered as part of the daily creel or possession limits. Trout returned to the water shall be handled carefully and be returned unharmed to the waters from which taken.**

**(5) Trout may be given to another person, but the trout shall be counted in the donor's creel limit and neither donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.]**

Staff propose that 58 Pa. Code § 65.14 be amended as follows:

§ 65.14. Catch and release fly-fishing only.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release fly-fishing only. The designation of waters as catch and release fly-fishing only shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted as catch and release fly-fishing only except in compliance with the following requirements:

(1) Fishing may be done with artificial flies and streamers constructed of natural or synthetic materials so long as all flies are constructed in a normal fashion with components wound on or about the hook or hooks. Use or possession of any other lures or substances is prohibited.

(2) Fishing shall be done with tackle which is limited to fly rods, fly reels and fly line with leader material or monofilament line attached. Spinning, spincast, and casting rods and reels are prohibited.

(3) No trout may be killed or had in possession.

(4) Open to fishing year-round.

(5) Taking of baitfish or fishbait is prohibited.

(6) Wading is permitted unless otherwise posted.

(7) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release fly-fishing only area without stopping or engaging in the act of fishing or the boat angler

puts in or takes out his boat at an access point within the catch and release fly-fishing only area.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.15 be amended as follows:

§ 65.15. Catch and release all-tackle.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release all-tackle. The designation of waters as catch and release all-tackle shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted catch and release all-tackle except in compliance with the following requirements:

- (1) There are no tackle restrictions.
- (2) No trout may be killed or had in possession.
- (3) Open to fishing year-round; there is no closed season.
- (4) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release all-tackle area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release all-tackle area.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.19 be amended as follows:

§ 65.19. Stocked trout waters open to year-round fishing

(a) The Executive Director, with the approval of the Commission, may designate waters as stocked trout waters open to year-round fishing. The designation of waters as stocked trout waters open to year-round fishing shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as stocked trout waters open to year-round fishing except in compliance with the following seasons and size and creel limits. It is not a violation of this section if a trout is immediately returned unharmed to the waters from which it is taken.

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. [ <b>first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season)] <u>of the opening day of the regular season for trout</u> to midnight Labor Day</b>	7 inches	5 (combined species)
	Extended Season: 12:01 a.m. day after Labor Day to midnight [ <b>last day of February] <u>the third Monday in February</u></b> of the following year	7 inches	3 (combined species)
	12:01 [ <b>first day of March to first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season.)] <u>a.m. the third Monday in February to 8 a.m. the opening day of the regular season for trout</u></b>	NO HARVEST – Catch and immediate release only	

(c) It is unlawful to fish in rivers and streams designated as stocked trout waters open to year-round fishing without a current [**trout/salmon] trout** permit. A [**trout/salmon] trout** permit is not required to fish in lakes and ponds that have been designated as stocked trout waters open to year-round fishing unless the person takes, kills or possesses, while in the act of fishing, a trout or salmon on or in these waters.

Staff propose that 58 Pa. Code § 65.20 be amended as follows:

§ 65.20. Mentored Youth Fishing Day Program.

(a) The Executive Director may annually designate Mentored Youth Fishing Days. As part of the designation, the Executive Director will identify the species, waters, dates, creel and minimum size limits and other applicable limitations. The designation will be effective upon publication of a notice in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as part of the Mentored Youth Fishing Day Program except in compliance with the following requirements when participating in the Mentored Youth Fishing Day Program:

(1) Anglers shall adhere to the limitations as established by the Executive Director by notice in the *Pennsylvania Bulletin*.

(2) An angler 16 years of age or older shall be accompanied by a youth, less than 16 years of age, who has obtained a mentored youth permit or a voluntary youth fishing license from the Commission.

(3) A youth angler shall obtain a mentored youth permit or a voluntary youth fishing license from the Commission and be accompanied by an angler 16 years of age or older.

(4) A current **[trout/salmon] trout** permit is required for an angler 16 years of age or older when participating in a Mentored Youth Fishing Day Program that relates to trout.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the water designated as part of the Mentored Youth Fishing Day Program without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the water designated as part of the Mentored Youth Fishing Day Program.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.24 be amended as follows:

§ 65.24. Miscellaneous special regulations.

The following waters are subject to the following miscellaneous special regulations:

<i>County</i>	<i>Name of Water</i>	<i>Special Regulations</i>
* * * * *		
Centre and Mifflin	Penns Creek, from the confluence of Elk Creek downstream 7 miles to 600 meters downstream of Swift Run	Open to fishing year-round. All tackle types are permitted. From 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b> through Labor Day—the daily creel limit for trout is 2 (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed. From the day after Labor Day until 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b> , no trout may be killed or possessed. Inland regulations apply to all other species. This miscellaneous special regulation will remain in effect until further notice.
* * * * *		

<p>Huntingdon</p>	<p>Raystown Lake (includes Raystown Branch from the Raystown Dam downstream to the confluence with the Juniata River).</p>	<p>Trout (all species)—no closed season. Daily limit: <b><u>[First Saturday after April 11] opening day of the regular season for trout</u></b> until Labor Day— 5 trout per day; day after Labor Day to <b><u>[first Saturday after April 11] opening day of the regular season for trout</u></b> of the following year—3 trout per day. Size limits: Inland rules apply. Smelt may be taken from shore or by wading by means of dip nets not to exceed 20 inches in diameter or 20 inches square. The daily limit per person is the greater of 1 gallon of smelt by volume or 200 smelt by number.</p>
<p>* * * * *</p>		
<p>Luzerne</p>	<p>Harveys Lake</p>	<p>During the period from the <b><u>[first Saturday after April 11 through midnight last day of] opening day of the regular season for trout through midnight the third Monday in</u></b> February, the daily creel limit for trout (combined species) is 3, only one of which may exceed 18 inches in length. Warmwater/coolwater species, except as provided in this section—Inland regulations apply.</p>
<p>* * * * *</p>		
<p>Somerset,                  Fayette,                  Westmoreland                  and Allegheny</p>	<p>Youghiogheny River from confluence with Casselman River downstream to the confluence with Ramcat Run                  Youghiogheny River from the pipeline crossing at the confluence with Lick Run downstream to the mouth of the river.</p>	<p>Trout (all species)—no closed season. Daily limit: <b><u>[First Saturday after April 11] opening day of the regular season for trout</u></b> until Labor Day—5 trout per day; day after Labor Day to <b><u>[first Saturday after April 11] opening day of the regular season for trout</u></b> of the following year—3 trout per day. Inland regulations apply to warmwater/coolwater species.</p>
<p>Warren</p>	<p>Allegheny River—8.75 miles downstream from the outflow of the Allegheny Reservoir to the confluence with Conewago Creek</p>	<p>Trout—minimum size limit—14 inches; daily creel limit—2 trout per day (combined species) from 8 a.m. on the <b><u>[first Saturday after April 11] opening day of the regular season for trout</u></b> through midnight Labor Day, except during the period from the day after Labor Day to the <b><u>[first Saturday after April 11] opening day of the regular season for trout</u></b> of the</p>

		following year, when no trout may be killed or had in possession. Other inland seasons, sizes and creel limits apply.
* * * * *		
Washington	Little Chartiers Creek from Canonsburg Lake Dam approximately 1/2 mile downstream to mouth of Chartiers Creek	Fishing is prohibited from 12:01 a.m. <b><u>[March 1] the third Monday in February</u></b> to 8 a.m. the <b><u>[first Saturday after April 11] opening day of the regular season for trout.</u></b>
Wayne	West Branch Delaware River	Trout: From the Pennsylvania/New York border downstream to the confluence with the East River Branch of the Delaware River: no-harvest artificial lures only season on trout from October 16 until midnight of the Friday before the <b><u>[first Saturday after April 11] opening day of the regular season for trout.</u></b> During the no-harvest artificial lures only season: 1. Fishing may be done with artificial lures only, constructed of metal, plastic, rubber or wood, or flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited. 2. The daily creel limit for trout is 0.
* * * * *		

During the comment period, staff discovered several errors, omissions, or the need for modifications in the proposed rulemaking. As such, the Commission restores the following language to § 65.26:

Under item (a) *General Rule* – “ ...except Class A wild trout streams where the creel limit is 0 and areas with special regulations.”

Staff propose that 58 Pa. Code § 65.26 be amended as follows:

§ 65.26. Extended trout season.

- (a) *General rule.* – The extended trout season is in effect from the day after Labor Day until the **[last day of] third Monday in** February of the following year on stocked trout waters **[and all waters downstream of stocked trout waters]**. A creel limit of three trout per day and a minimum size limit of 7 inches apply during this season, **except Class A wild trout streams where the creel limit is 0 and areas with special regulations.**

\* \* \* \* \*

Staff propose that 58 Pa. Code § 67.2 be amended as follows:

§ 67.2. Refuge areas.

\* \* \* \* \*

- (b) Refuge areas are closed to public fishing except during the period from June 15 until the **[last day of] third Monday in February** of the following year.

\* \* \* \* \*

Staff propose that 58 Pa. Code § 69.12a be amended as follows:

§ 69.12a. Special regulations applicable to Lake Erie tributary streams.

\* \* \* \* \*

- (c) From 12:01 a.m. on the day after Labor Day, until the **[first Saturday after April 11] of the opening day of the regular season for trout** of the following year, all Lake Erie tributary streams are closed to fishing from 10 p.m. until 5 a.m. on the following day except for Walnut Creek north of Manchester Road Bridge and Elk Creek north of Route 5.

\* \* \* \* \*

A notice of proposed rulemaking was published at 51 Pa.B. 5672 (September 4, 2021) (Exhibit H). The Commission received a total of 24 public comments regarding the proposal: 16 support the proposal, one opposes the proposal, and seven do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

Kristopher M. Kuhn, Director, Bureau of Fisheries

Recommendation:

Staff recommend the Commission adopt the amendments as described in the Commentary. If adopted, the amendments will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Brock and seconded by Commissioner Hussar to adopt the amendments as described in the Commentary. If adopted, the amendments will go into effect January 1, 2022. Motion carried by unanimous vote.

## FISHERIES FINAL RULEMAKING

B. Amendment to 58 Pa. Code § 69.12 (Seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters), Erie County.

### Commentary:

The Pennsylvania Fish and Boat Commission (Commission) has identified an opportunity to simplify regulations pertaining to the Lake Erie basin while improving upon salmonid management and optimizing the fishery for that species group. A modification to regulations applied to trout and salmon to align with a proposed amendment to Commonwealth Inland Waters regulations (58 Pa. Code § 61.1), pertaining to the start of the trout season (see page 14 of the agenda), would allow anglers to more easily identify when fishing and harvest are permitted. Current regulations prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday after April 11 until 8 a.m. on the first Saturday after April 11. If the proposed amendments to Commonwealth Inland Waters regulations were to be adopted, it would result in one statewide opening day of regular season for trout on the first Saturday in April. To better align these regulations to those of the Lake Erie basin, 58 Pa. Code § 69.12 could be amended to prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday in April until 8 a.m. on the opening day of regular season for trout (e.g., first Saturday in April).

In addition to regulation simplification and alignment, a modification to the daily creel and minimum size limits for both Rainbow Trout (steelhead) and Lake Trout would potentially enhance angling opportunities for those species. Current daily creel limits allow for the harvest of five fish (only two of which may be Lake Trout) greater than or equal to nine inches in total length from 8 a.m. on the first Saturday after April 11 through Labor Day. Lake Erie and its tributaries generate hundreds of thousands of angler trips for steelhead resulting in millions of dollars of economic benefit to local economies around Lake Erie. As such, lower daily creel and increased minimum size limits would reduce the potential for overharvest and prohibit harvest of intermediate-sized Rainbow Trout and Lake Trout while further promoting the trophy component of the fishery.

Lake Trout are an important component of the Lake Erie ecosystem and recreational fishery. Through representation on the Lake Erie Committee, the Commission cooperatively manages Lake Trout with other member jurisdictions to advance restoration and optimize the recreational fishery. A reduction in the daily creel to one fish per day during the open season could potentially improve Lake Trout rehabilitation efforts by minimizing the number of spawning stock harvested. Additionally, a daily creel limit of one fish per day would align regulations pertaining to Lake Trout in the Pennsylvania waters of Lake Erie with New York.

In summary, Commission staff recommend amendments to the Lake Erie basin angling regulations pertaining to salmonids for regulatory consistency and simplicity by aligning

the trout and salmon seasons with the proposed amendment to Commonwealth Inland Waters regulations, and modifying the daily creel and minimum size limits for Rainbow Trout and Lake Trout to optimize those fisheries. It should be noted that amending the daily creel limit of Rainbow Trout from five to three and minimum size limit from nine inches to 15 inches from 8 a.m. on the opening day of the regular season for trout and salmon through Labor Day will not impact the creel or size limit for Brown Trout, a popular put-and-take fishery during the months of April and May. Additionally, a reduction to the daily creel limit of Lake Trout from two to one and increase in the minimum size from nine inches to 15 inches provides further protection to the population which is consistent with ongoing multijurisdictional rehabilitation efforts in Lake Erie.

A notice of proposed rulemaking was published at 51 Pa.B. 5685 (September 4, 2021) (Exhibit I). During the comment period, staff discovered the need for the following three additions to the chart in § 69.12:

For RAINBOW TROUT and SALMON – “(combined species)” is added to the daily limit column;

The first asterisks is updated to remove the language “[first Saturday after April 11 until the first Saturday after June 11]” and is replaced with “second Saturday in April until the second Saturday in June.”

An additional asterisk has been added to this table for clarity – “\*\*\*The daily limit for all species of trout and salmon (combined) is 5 from 8 a.m. the opening day of the regular season for trout until midnight Labor Day. The daily limit for all species of trout and salmon (combined) is 3 per day from 12:01 a.m. the day after Labor Day until 12:01 a.m. on the Friday before the opening day of the regular season for trout.”

Staff propose that 58 Pa. Code § 69.12 be amended as follows:

§ 69.12. Seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters.

\* \* \* \* \*

- (d) It is unlawful to fish in or along any Lake Erie tributary stream from 12:01 a.m. on the Friday before the **[first Saturday after April 11 until 8 a.m. on the first Saturday after April 11] opening day of the regular season for trout until 8 a.m. on the opening day of the regular season for trout.**
- (e) It is unlawful to possess trout or salmon in or along any Lake Erie tributary stream from 12:01 a.m. on the Friday before the **[first Saturday after April 11 until 8 a.m. on the first Saturday after April 11] opening day of the regular season for trout until 8 a.m. on the opening day of the regular season for trout.**

(f) Except as otherwise provided in subsections (d) and (e) and this subpart, the following seasons, sizes and creel limits apply to Lake Erie, Lake Erie tributaries and Presque Isle Bay, including peninsula waters:

<i>Species</i>	<i>Seasons</i>	<i>Minimum Size</i>	<i>Daily Limit</i>
* * * * *			
BASS Largemouth Smallmouth	January 1 to first Saturday after April 11 and first Saturday after June 11 until December 31.	15 inches	4 (combined species)
	First Saturday after April 11 until first Saturday after June 11.*	20 inches	1
<b><u>BROOK and BROWN TROUT*** [and SALMON]</u></b>	8 a.m. [ <b><u>first Saturday after April 11</u></b> ] <b><u>the opening day of the regular season for trout</u></b> until midnight Labor Day.	9 inches	5 (combined species [ <b><u>only 2 of which may be lake trout</u></b> ]).
	12:01 a.m. the day after Labor Day until 12:01 a.m. on the Friday before the [ <b><u>first Saturday after April 11</u></b> ] <b><u>opening day of the regular season for trout.</u></b>	15 inches	3 (combined species [ <b><u>only 2 of which may be lake trout</u></b> ]).
<b><u>RAINBOW TROUT and SALMON***</u></b>	<b><u>8 a.m. the opening day of the regular season for trout until 12:01 a.m. the Friday before the opening day of the regular season for trout the following year.</u></b>	<b><u>15 inches</u></b>	<b><u>3 (combined species)</u></b>
<b><u>LAKE TROUT***</u></b>	<b><u>8 a.m. the opening day of the regular season for trout until 12:01 a.m. the Friday before the opening day of the regular season for trout the following year.</u></b>	<b><u>15 inches</u></b>	<b><u>1</u></b>
STURGEON	No open season	ENDANGERED SPECIES	
* * * * *			

\* It is unlawful to conduct or participate in a fishing tournament (as defined in § 63.40 (relating to fishing tournaments and fishing derbies)) for bass on Lake Erie, Lake Erie tributaries or Presque Isle Bay during the period from the [**first Saturday after April 11 until the first Saturday after June 11**] **second Saturday in April until the second Saturday in June.**

\*\* See § 69.12b (relating to Lake Erie walleye and yellow perch adaptive management for establishing daily limits). After the Executive Director establishes the daily limit for

the year, the information will be posted on the Commission's web site and available from any Commission office.

**\*\*\*The daily limit for all species of trout and salmon (combined) is 5 from 8 a.m. the opening day of the regular season for trout until midnight Labor Day. The daily limit for all species of trout and salmon (combined) is 3 per day from 12:01 a.m. the day after Labor Day until 12:01 a.m. on the Friday before the opening day of the regular season for trout.**

\* \* \* \* \*

A notice of proposed rulemaking was published at 51 Pa.B. 5685 (September 4, 2021) (Exhibit J). The Commission received a total of 39 public comments regarding the proposal: three support the entire proposal, one supports the portion of the proposal pertaining to Rainbow Trout, one supports the portion of the proposal pertaining to Lake Trout, six oppose the entire proposal, one opposes the portion of the proposal pertaining to Rainbow Trout, 14 oppose the portion of the proposal pertaining to Lake Trout, and 13 do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

Kristopher M. Kuhn, Director, Bureau of Fisheries

Recommendation:

Staff recommend the Commission adopt the amendments as described in the Commentary. If adopted, the amendments will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Pastore (with a change to the daily limit of 2 daily for lake trout – reference table on Page 31) and seconded by Commissioner Ali to adopt the amendments as described in the Commentary with this minor change. If adopted, the amendments will go into effect January 1, 2022. Motion carried by unanimous vote.

## FISHERIES FINAL RULEMAKING

C. Establish trout slot limit programs (All-Tackle Trout Slot Limit and Artificial Lures Only Trout Slot Limit) under 58 Pa. Code Chapter 65.

Commentary:

To address landowner and angler feedback, increase the abundance of large wild Brown Trout in the population, and provide the opportunity to use all tackle types and harvest some trout, a new Miscellaneous Special Regulation (58 Pa. Code § 65.24; slot limit) was established on Penns Creek, Section 03, beginning January 1, 2014. The slot limit regulation allows for year-round fishing, use of all tackle types, and the harvest of two trout per day that are at least seven inches but less than 12 inches in length, from the opening day of the regular season for trout through Labor Day, with no harvest permitted the remainder of the year.

Penns Creek, Section 03, provided a unique opportunity to evaluate a new special regulation on a productive limestone stream. The Penns Creek trout population was monitored before and after implementation of the slot limit regulation. Results of the monitoring revealed a substantial increase in the electrofishing catch rates of larger Brown Trout (greater than or equal to 16 inches in length) during the slot limit regulation implementation period (2014-2019). These results suggest that the slot limit regulation likely played an important role in the increased electrofishing catch of large Brown Trout in Section 03. In addition to fishery independent monitoring, staff conducted an angler use, harvest, and opinion survey to evaluate the social aspects of the regulation change and estimate angler harvest in 2019. Results documented low harvest of trout during the survey and high angler support for continuance of the slot limit regulation. Despite low angler harvest under the current slot limit regulation, this regulation provides the opportunity for anglers to harvest intermediate-sized trout if desired, which was an important social consideration when the regulation was originally implemented.

Given the success of the experimental slot limit regulation program on Penns Creek, Section 03, and potential opportunities to utilize this regulation at other suitable wild trout waters in the future, staff recommend that the Pennsylvania Fish and Boat Commission (Commission) establish a new special regulation program to be known as Trout Slot Limit. The Trout Slot Limit will have two subprograms: All-Tackle Trout Slot Limit and Artificial Lures Only Trout Slot Limit. These subprograms will provide the Commission with the ability to select the most appropriate tackle option to achieve biological and social objectives for each water considered for inclusion in the program and provide an opportunity to evaluate the effects of different terminal tackle types.

A notice of proposed rulemaking was published at 51 Pa.B. 5683 (September 4, 2021) (Exhibit K). During the comment period, staff discovered the need for the following revision in the proposed rulemaking:

Under § 65.4d. Artificial Lures Only Trout Slot Limit (b)(2), the semi-colon after “only” is removed.

Staff propose that the new sections be defined as follows:

**§ 65.4c. All-Tackle Trout Slot Limit.**

- (a) The Executive Director, with the approval of the Commission, may designate waters as all-tackle trout slot limit. The designation of waters as all-tackle trout slot limit shall be effective when the waters are so posted after publication of a notice of such designation in the *Pennsylvania Bulletin*.**
- (b) It is unlawful to fish in designated and posted all-tackle trout slot limit areas except in compliance with the following requirements.**
- (1) Open to fishing year-round.**
  - (2) All tackle types are permitted.**
  - (3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is 2 (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.**
  - (4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.**
  - (5) A current trout permit is required.**
- (c) This section applies to trout only. Inland regulations apply to all other species.**

**§ 65.4d. Artificial Lures Only Trout Slot Limit.**

- (a) The Executive Director, with the approval of the Commission, may designate waters as artificial lures only trout slot limit. The designation of waters as artificial lures only trout slot limit shall be effective when the waters are so posted after publication of a notice of such designation in the *Pennsylvania Bulletin*.**
- (b) It is unlawful to fish in designated and posted artificial lures only trout slot limit areas except in compliance with the following requirements.**
- (1) Open to fishing year-round.**
  - (2) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood, or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly-fishing gear. Use or possession of other lures or substances is prohibited.**

- (3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is 2 (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.**
- (4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.**
- (5) Taking of baitfish or fishbait is prohibited.**
- (6) A current trout permit is required.**
- (c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes, and creel limits in effect for the water from which taken, provided that the boat angler floats through the artificial lures only trout slot limit area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the artificial lures only trout slot limit area.**

A notice of proposed rulemaking was published at 51 Pa.B. 5683 (September 4, 2021) (Exhibit L). The Commission received a total of five public comments regarding the proposal: three support the proposal and two do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

Kristopher M. Kuhn, Director, Bureau of Fisheries

Recommendation:

Staff recommend that the Commission adopt the new regulations as described in the Commentary. If adopted, the new regulations will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*.

Action:

A motion was made by Commissioner Lewis and seconded by Commissioner Small to adopt the new regulations as described in the Commentary. If adopted, the new regulations will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*. Motion carried with one opposed (Commissioner Anderson).

## FISHERIES FINAL RULEMAKING

D. Amendments to 58 Pa. Code § 61.1 (Commonwealth Inland Waters), § 61.2 (Delaware River, West Branch Delaware River and River Estuary), § 63.43 (Fishing for bass during the spring season), § 65.9 (Big Bass), § 65.24 (Miscellaneous Special Regulations), and § 69.12 (Seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) relating to black bass angling regulations.

### Commentary:

Pennsylvania Fish and Boat Commission (Commission) staff have identified an opportunity to simplify regulations pertaining to black bass (i.e., Largemouth Bass, Smallmouth Bass, and Spotted Bass) while improving upon black bass management and optimizing the fishery for that species group. A modification to black bass regulations pertaining to the start and end of seasons, creel and minimum size limits, and uniformity among resources categories (i.e., lakes, rivers, and streams) would allow anglers to interpret regulations more easily. As such, amendments to Commonwealth Inland Waters (58 Pa. Code § 61.1); Delaware River, West Branch Delaware River and River Estuary (58 Pa. Code § 61.2); Fishing for bass during the spring season (58 Pa. Code § 63.43); Big Bass (58 Pa. Code § 65.9); Miscellaneous Special Regulations (58 Pa. Code § 65.24); and Lake Erie basin regulations (58 Pa. Code § 69.12) are warranted.

Current Commonwealth Inland Waters regulations require catch and immediate release of black bass from 12:01 a.m. the first Saturday after April 11 to 12:01 a.m. the first Saturday after June 11. Black bass seasons defined in Commonwealth inland waters regulations are also incorporated in other special regulations and/or watershed-specific regulations, requiring changes to multiple regulations specific to the management of black bass throughout the Commonwealth. Additionally, black bass daily creel and minimum size limits are not consistent among lakes, rivers, and streams, which can lead to regulatory confusion by anglers.

For these reasons, Commission staff recommend amendments to Commonwealth Inland Waters regulations specific to black bass. In doing so, amendments to seasons as defined in regulations pertaining to the Delaware River, West Branch Delaware River, and River Estuary; fishing for bass during the spring season; Big Bass; Miscellaneous Special Regulations; and the Lake Erie basin are also warranted to establish regulatory consistency. This slight modification to seasons is expected to have minimal impact to both general angling for black bass as well as tournaments. Additionally, aligning black bass daily creel and minimum size limits for waters managed under Commonwealth inland waters regulations eliminates regulatory complexity, while continuing to provide adequate protection to the resource.

A notice of proposed rulemaking was published at 51 Pa.B. 5679 (September 4, 2021) (Exhibit M). During the comment period, staff discovered the need for the following three amendments to the chart in § 61.1:

The row for American Shad has been included to reflect the removal of an asterisks – “AMERICAN SHAD[\*]\*\*;”

The row for Hickory Shad has been included to reflect the removal of an asterisks – “HICKORY SHAD[\*]\*\*;” and

The row for River Herring has been included to reflect the removal of an asterisks – “RIVER HERRING (alewife and blueback herring)[\*]\*\*.”

Staff propose that 58 Pa. Code § 61.1 be amended as follows:

\* \* \* \* \*

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
* * * * *			
AMERICAN EEL	Open year-round	9 inches	25
[BASS- Largemouth and Smallmouth and Spotted Lakes:]	[January 1 to midnight the day before first Saturday after April 11 and November 1 to midnight December 31**]	[15 inches]	[4 (combined species from all habitats)]
	[12:01 a.m. the first Saturday after April 11 to 12:01 a.m. the first Saturday after June 11]	[NO HARVSET – Catch and immediate release only (No Tournaments Permitted)]	
	[12:01 a.m. the first Saturday after June 11 to midnight October 31]	[12 inches]	[6 (combined species)]
BASS- Largemouth and Smallmouth and Spotted [Rivers and Streams*:]	January 1 to midnight the day before the <u>[first] second</u> Saturday <u>[after] in</u> April <u>[11]</u> and October 1 to midnight December 31*[*]	15 inches	4 (combined species)
	12:01 a.m. the <u>[first] second</u> Saturday <u>[after] in</u> April <u>[11]</u> to 12:01 a.m. the <u>[first] second</u> Saturday <u>[after] in</u> June <u>[11]</u>	NO HARVSET – Catch and immediate release only (No Tournaments Permitted)	
	12:01 a.m. the <u>[first] second</u> Saturday <u>[after] in</u> June <u>[11]</u> to midnight September 30	12 inches	6 (combined species)

AMERICAN SHAD[*]**	Open year-round	No minimum	3
HICKORY SHAD[*]**	Closed year-round	No minimum	0
GIZZARD SHAD	Open year-round	No minimum	50
RIVER HERRING (alewife and blueback herring)[*]**	Open year-round	No minimum	50
* * * * *			

[\* **Note:** For purposes of this subsection, power dam pools and recreational dam pools on the Susquehanna River and navigational pools in the Ohio drainage are “rivers.”]

[\*\*] **\* Note:** Stocked trout waters are closed to all fishing from [March 1 to the first Saturday after April 11 unless included in the Regional Opening Day of Trout Season Program (see §65.12 (relating to Regional Opening Day of Trout Season Program)). Waters included in the Regional Opening Day of Trout Season Program are closed to all fishing from March 1 to the first Saturday after March 28] the third Monday in February to the second Saturday in April.

[\*]\*\* **Note:** Unlawful to take, catch or kill American shad, hickory shad and river herring (alewife and blueback herring) in Susquehanna River and its tributaries. See §61.4 and 61.7 (relating to Conowingo Reservoir; Susquehanna River, West Branch Delaware River and River Estuary).

\* \* \* \* \*

Staff propose that 58 Pa. Code § 61.2 be amended as follows:

\* \* \* \* \*

(e) The following seasons, sizes, and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
BASS Largemouth Smallmouth	January 1 to midnight the day before the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> and 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b> to midnight December 31	12 inches	5 (combined species)
	12:01 a.m. the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> to 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b>	NO HARVEST—Catch and immediate release only	
*****			

Staff propose that 58 Pa. Code § 63.43 be amended as follows:

- (a) During the period from 12:01 a.m. on the **[first Saturday after April 11] second Saturday in April** until 12:01 a.m. on the **[first Saturday after June 11] second Saturday in June**:

\*\*\*\*\*

Staff propose that 58 Pa. Code § 65.9 be amended as follows:

- (b) It is unlawful to take, catch, kill or possess a largemouth, smallmouth or spotted bass on or in designated “big bass” waters except in compliance with the following seasons and size and creel limits. It is not a violation of this section if the bass is immediately returned unharmed to the waters from which it was taken.

<i>Seasons</i>	<i>Size (in)</i>	<i>Creel Limit</i>
<i>Lakes:</i> January 1 to midnight the day before the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> and 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b> to midnight December 31	15	4 (combined species)
12:01 a.m. the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> to 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b>	NO HARVEST—Catch and immediate release only	
<i>Rivers and Streams:</i> January 1 to midnight the day before the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> and October 1 to midnight December 31	18	2 (combined species)

12:01 a.m. the <b>[first Saturday after April 11] second Saturday in April</b> to 12:01 a.m. the <b>[first Saturday after June 11] second Saturday in June</b>	NO HARVEST—Catch and immediate release only	
12:01 a.m. the <b>[first Saturday after June 11] second Saturday in June</b> to midnight September 30	15	4 (combined species)

\* \* \* \* \*

Staff propose that 58 Pa. Code § 65.24 be amended as follows:

\* \* \* \* \*

<i>County</i>	<i>Name of Water</i>	<i>Special Regulations</i>
* * * * *		
Clarion	Beaver Creek Ponds	Closed to fishing from 12:01 a.m. January 1 to 12:01 a.m. the <b>[first Saturday after June 11] second Saturday in June</b> of each year. Bass—15 inch minimum size limit and a 2 bass daily creel limit for the total project area. Panfish (combined species) 10 fish daily creel limit for the total project area. Other species-inland regulations apply.
* * * * *		

<p>Cumberland,                  Dauphin, Juniata,                  Lancaster,                  Northumberland,                  Perry, Snyder,                  York</p>	<p>Susquehanna river (98.0 miles) from the inflatable dam near Sunbury downstream to Holtwood Dam, including all tributaries to a point ½ mile upstream from the confluence</p>	<p>Bass (Smallmouth and Largemouth)—                  No harvest year-round—catch and immediate release only.</p> <p>From 12:01 a.m. the [<b><u>first Saturday after April 11</u></b>] <b><u>second Saturday in April</u></b> to 12:01 a.m. the [<b><u>first Saturday after June 11</u></b>] <b><u>second Saturday in June</u></b>—No Bass tournaments.</p> <p>Remainder of the year—Catch-measure-immediate release tournaments only.</p> <p>It is unlawful for an angler to repeatedly cast into a clearly visible bass spawning nest or bed in an effort to catch or take bass. A bass caught and immediately returned unharmed to the waters from which taken will not be considered a violation of this section.</p>
<p>Dauphin, Juniata,                  Perry</p>	<p>Juniata River (31.7 miles) from SR0075 bridge at Port Royal downstream to the mouth, including all tributaries to a point ½ mile upstream from the confluence</p>	<p>Bass (Smallmouth and Largemouth)—                  No harvest year-round—catch and immediate release only.</p> <p>From 12:01 a.m. the [<b><u>first Saturday after April 11</u></b>] <b><u>second Saturday in April</u></b> to 12:01 a.m. the [<b><u>first Saturday after June 11</u></b>] <b><u>second Saturday in June</u></b>—No Bass tournaments.</p> <p>Remainder of the year—Catch-measure-immediate release tournaments only.</p> <p>It is unlawful for an angler to repeatedly cast into a clearly visible bass spawning nest or bed in an effort to catch or take bass. A bass caught and immediately returned unharmed to the waters from which taken will not be considered a violation of this section.</p>
<p>*****</p>		

Staff propose that 58 Pa. Code § 69.12 be amended as follows:

\* \* \* \* \*

(f) Except as otherwise provided in subsection (d) and (e) and this subpart, the following seasons, sizes and creel limits apply to Lake Erie, Lake Erie tributaries and Presque Isle Bay, including peninsula waters:

<i>SPECIES</i>	<i>SEASONS</i>	<i>MINIMUM SIZE</i>	<i>DAILY LIMIT</i>
*****	*****	*****	*****
BASS Largemouth Smallmouth	January 1 to [ <b>first Saturday after April 11</b> ] <b>second Saturday in April</b> and [ <b>first Saturday after June 11</b> ] <b>second Saturday in June</b> until December 31.	15 inches	4 (combined species)
	[ <b>First Saturday after April 11</b> ] <b>Second Saturday in April</b> until [ <b>first Saturday after June 11</b> ] <b>second Saturday in June</b> .*	20 inches	1
*****	*****	*****	*****

\* It is unlawful to conduct or participate in a fishing tournament (as defined in §63.40 (relating to fishing tournaments and fishing derbies)) for bass on Lake Erie, Lake Erie tributaries or Presque Isle Bay during the period from the [**first Saturday after April 11 until the first Saturday after June 11**] **second Saturday in April until the second Saturday in June**.

\* \* \* \* \*

A notice of proposed rulemaking was published at 51 Pa.B. 5679 (September 4, 2021) (Exhibit N). The Commission received a total of two public comments regarding the proposal: both do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

Kristopher M. Kuhn, Director, Bureau of Fisheries

Recommendation:

Staff recommend the Commission adopt the amendments as described in the Commentary. If adopted, the amendments will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Charlesworth to adopt the amendments as described in the Commentary. If adopted, the amendments will go into effect January 1, 2022. Motion carried by unanimous consent.

## FISHERIES FINAL RULEMAKING

E. Amendment to 58 Pa. Code § 65.24 (Miscellaneous Special Regulations): remove Leaser Lake, Lehigh County.

Commentary:

Leaser Lake, a 117-acre impoundment owned by the Commonwealth of Pennsylvania and managed by the Pennsylvania Fish and Boat Commission (Commission), is located in Lynn Township, Lehigh County, approximately 20 miles west-northwest of the City of Allentown. The dam impounds two unnamed tributaries to Ontelaunee Creek at river mile 0.38 upstream from its confluence with Ontelaunee Creek. This reservoir was completely dewatered in 2009 to complete dam and spillway repairs and modifications per Pennsylvania Department of Environmental Protection Dam Safety standards. Following completion of these repairs and modifications, refill occurred in 2013 and the Commission resumed annual adult trout stocking to provide immediate angling opportunities. Additionally, the Commission stocked the lake from 2013 through 2020 with select fish species to establish a high-quality, warm-water and cool-water fishery.

Since 2013, Leaser Lake has been managed with Miscellaneous Special Regulations (58 Pa. Code § 65.24) that allow for the harvest of trout under Commonwealth Inland Waters angling regulations but no harvest of other fish species. The intent of these temporary regulations is to facilitate rapid development of the warm-water and cool-water fish populations in the absence of harvest and once re-established, the lake would be recommended for removal from the special regulation and moved to one or more of the Commission's existing regulation programs.

The black bass and panfish populations were evaluated from 2016 through May 2021 to monitor progress towards development of a high-quality, warm-water and cool-water fishery. Sportfish abundance and population size structure have steadily improved to levels where populations can now sustain limited harvest. As such, it is recommended that Leaser Lake be removed from Miscellaneous Special Regulations in favor of management with the Commission's existing warm-water regulation programs that allow for limited harvest of warm-water and cool-water fish. Upon removal of this regulation, Leaser Lake will be proposed for designation into the Big Bass (58 Pa. Code § 65.9) and the Panfish Enhancement (58 Pa. Code § 65.11) programs. Additionally, Leaser Lake will be proposed for designation into the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19). To facilitate transition of Leaser Lake to the Big Bass, Panfish Enhancement, and Stocked Trout Waters Open to Year-round Fishing programs, this water must first be removed from Miscellaneous Special Regulations. All other fish species will be managed with Commonwealth Inland Waters angling regulations (58 Pa. Code § 61.1).

Staff propose the following amendment to 58 Pa. Code § 65.24 (Miscellaneous Special Regulations).

The following waters are subject to the following miscellaneous special regulations:

<i>County</i>	<i>Name of Water</i>	<i>Special Regulations</i>
* * * * *		
Huntingdon	Whipple Lake	All species except trout – catch and release/no harvest; it is unlawful to take, kill or possess any fish except trout. All fish caught other than trout must be immediately returned unharmed. Trout – inland regulations apply. See §61.1. This miscellaneous special regulation will remain in effect until further notice.
<b>[Lehigh]</b>	<b>[Leaser Lake]</b>	<b>[All species except trout—Catch and release/no harvest; it is unlawful to take, kill or possess any fish except trout. All fish caught other than trout must be immediately returned unharmed. Trout—inland regulations apply. See §61.1.]</b>
Luzerne	Harveys Lake	During the period from the first Saturday after April 11 through midnight last day of February, the daily creel limit for trout (combined species) is 2, only one of which may exceed 18 inches in length. Warmwater/coolwater species, except as provided in this section – Inland regulations apply.
* * * * *		

A notice of proposed rulemaking was published at 51 Pa.B. 3139 (June 5, 2021) (Exhibit O). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend the Commission adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Kauffman and seconded by Commissioner Small to adopt the amendment as set forth in the notice of proposed rulemaking. If adopted, the amendment will go into effect January 1, 2022. Motion carried by unanimous consent.

## FISHERIES DESIGNATIONS

A. Addition of Leaser Lake, Lehigh County, to the Big Bass (58 Pa. Code § 65.9), Panfish Enhancement (58 Pa. Code § 65.11), and Stocked Trout Waters Open to Year-round Fishing (58 Pa. Code § 65.19) programs.

Commentary:

Leaser Lake, a 117-acre impoundment owned by the Commonwealth of Pennsylvania and managed by the Pennsylvania Fish and Boat Commission (Commission), is located in Lynn Township, Lehigh County, approximately 20 miles west-northwest of the City of Allentown. The dam impounds two unnamed tributaries to Ontelaunee Creek at river mile 0.38 upstream from its confluence with Ontelaunee Creek. This reservoir was completely dewatered in 2009 to complete dam and spillway repairs and modifications per Pennsylvania Department of Environmental Protection Dam Safety standards. Following completion of these repairs and modifications, refill occurred in 2013 and the Commission resumed annual adult trout stocking to provide immediate angling opportunities. Additionally, the Commission stocked the lake from 2013 through 2020 with select fish species to establish a high-quality, warm-water and cool-water fishery.

Since 2013, Leaser Lake has been managed with Miscellaneous Special Regulations (58 Pa. Code § 65.24) that allow for the harvest of trout under Commonwealth Inland Waters angling regulations but no harvest of other fish species. The intent of these temporary regulations is to facilitate rapid development of the warm-water and cool-water fish populations in the absence of harvest and once re-established, the lake would be recommended for removal from the special regulation and moved to one or more of the Commission's existing regulation programs.

The black bass and panfish populations were evaluated from 2016 through May 2021 to monitor progress towards development of a high-quality, warm-water and cool-water fishery. Sportfish abundance and population size structure have steadily improved to levels where populations can now sustain limited harvest. As such, it is recommended the black bass fishery in this reservoir be managed with Big Bass angling regulations (58 Pa. Code § 65.9) and the crappie and Yellow Perch fisheries with Panfish Enhancement angling regulations (58 Pa. Code § 65.11). Big Bass regulations applied to lakes allow for the harvest of four black bass (Largemouth Bass, Smallmouth Bass, and Spotted Bass; combined species) greater than or equal to 15 inches in length from January 1 to midnight the day before the second Saturday in April, and 12:01 a.m. the second Saturday in June to midnight December 31. No harvest is permitted from 12:01 a.m. the second Saturday in April to 12:01 a.m. the second Saturday in June. Panfish Enhancement regulations allow for year-round harvest of crappies (Black Crappie and White Crappie) greater than or equal to nine inches in length and Yellow Perch greater than or equal to nine inches in length with a daily limit of 20. When Panfish Enhancement regulations apply to more than one species in the same waterway, the creel limit is 20 for each species with the total creel not to exceed 50 panfish combined. All other fish species not managed under these

special regulations will be managed with Commonwealth Inland Waters angling regulations (58 Pa. Code § 61.1).

Leaser Lake is also included in the Stocked Trout Waters (STW) program to provide seasonal opportunities for adult hatchery-reared trout. STWs are closed to all fishing from the third Monday in February to 8 a.m. on the opening day of the regular season for trout and Commonwealth Inland Waters regulations (58 Pa. Code § 61.1) apply for the remainder of the year. In addition to hatchery trout, Leaser Lake supports a popular warm-water and cool-water fisheries for crappies, Largemouth Bass, tiger muskellunge, and Yellow Perch. A designation of Stocked Trout Waters Open to Year-round Fishing would allow for trout angling on a catch-and-release basis as well as angling for resident warm-water and cool-water species during the current closed period, thus sustainably increasing and diversifying recreational angling opportunities. Waters with this designation are managed with Commonwealth Inland Waters regulations for the remainder of the year.

A notice of proposed designations was published at 51 Pa.B. 5799 (September 4, 2021) (Exhibit P). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend the Commission add Leaser Lake, Lehigh County, to the Big Bass (58 Pa. Code § 65.9), Panfish Enhancement (58 Pa. Code § 65.11), and Stocked Trout Waters Open to Year-round Fishing (58 Pa. Code § 65.19) programs. If adopted, these designations will go into effect January 1, 2022.

Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Brock to add Leaser Lake, Lehigh County, to the Big Bass (58 Pa. Code § 65.9), Panfish Enhancement (58 Pa. Code § 65.11), and Stocked Trout Waters Open to Year-round Fishing (58 Pa. Code § 65.19) programs. If adopted, these designations will go into effect January 1, 2022. Motion carried by unanimous vote.

## **FISHERIES DESIGNATIONS**

B. Addition of Opossum Lake, Cumberland County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19).

Commentary:

Opossum Lake, a 47-acre impoundment owned by the Commonwealth of Pennsylvania and managed by the Pennsylvania Fish and Boat Commission (Commission), is located in Lower Frankford Township, Cumberland County, approximately six miles west-northwest from the Borough of Carlisle. The dam impounds Opossum Creek at river mile (RM) 0.5 upstream from its confluence with Conodoguinet Creek at RM 45.5. This reservoir was completely dewatered in October 2008 to complete dam and spillway repairs and modifications per Pennsylvania Department of Environmental Protection dam safety standards. Following completion of these repairs and modifications, refill occurred during 2013, and the Commission added Opossum Lake to the Stocked Trout Water (STW) program to provide seasonal opportunities for adult hatchery-reared trout. STWs are closed to all fishing from the third Monday in February to 8 a.m. on the opening day of the regular season for trout and Commonwealth Inland Waters regulations (58 Pa. Code § 61.1) apply for the remainder of the year.

In addition to hatchery trout, Opossum Lake supports popular warm-water and cool-water fisheries for Largemouth Bass and crappies and was added to the Big Bass (58 Pa. Code § 65.9) and Panfish Enhancement (58 Pa. Code § 65.11) programs in January 2021. A designation of Stocked Trout Waters Open to Year-round Fishing would allow for trout angling on a catch-and-release basis as well as angling for resident warm-water and cool-water species during the current closed period, thus sustainably increasing and diversifying recreational angling opportunities. Waters with this designation are managed with Commonwealth Inland Waters regulations for the remainder of the year.

A notice of proposed designations was published at 51 Pa.B. 5799 (September 4, 2021) (Exhibit Q). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend that the Commission add Opossum Lake, Cumberland County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19). If adopted, this designation will go into on January 1, 2022.

Action:

A motion was made by Commissioner Charlesworth and seconded by Commissioner Small to add Opossum Lake, Cumberland County, to the Stocked Trout Waters Open to

Year-round Fishing program (58 Pa. Code § 65.19). If adopted, this designation will go into on January 1, 2022. Motion carried by unanimous vote.

## **FISHERIES DESIGNATIONS**

C. Addition of Lake Perez, Huntingdon County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19).

Commentary:

Lake Perez, a 72-acre impoundment owned by the Pennsylvania State University, is located in Barree Township, Huntingdon County, approximately three miles northeast from the Village of Neffs Mills. The dam impounds Shavers Creek at river mile (RM) 13.1 upstream from its confluence with the Juniata River at RM 101.2. This reservoir was completely dewatered in late spring 2009 to complete dam and spillway repairs and modifications per Pennsylvania Department of Environmental Protection dam safety standards. Following completion of these repairs and modifications, refill occurred during 2014, and the Pennsylvania Fish and Boat Commission (Commission) added Lake Perez to the Stocked Trout Water (STW) program to provide seasonal opportunities for adult hatchery-reared trout. STWs are closed to all fishing from the third Monday in February to 8 a.m. on the opening day of the regular season for trout and Commonwealth Inland Waters regulations (58 Pa. Code § 61.1) apply for the remainder of the year.

In addition to hatchery trout, Lake Perez supports a popular warm-water and cool-water fisheries for Largemouth Bass, Bluegill, Pumpkinseed, and Black Crappie, and this water was added to the Panfish Enhancement program (58 Pa. Code § 65.11) for sunfish and crappies in January 2021. A designation of Stocked Trout Waters Open to Year-round Fishing would allow for trout angling on a catch-and-release basis as well as angling for resident warm-water and cool-water species during the current closed period, thus sustainably increasing and diversifying recreational angling opportunities. Waters with this designation are managed with Commonwealth Inland Waters regulations for the remainder of the year.

A notice of proposed designations was published at 51 Pa.B. 5799 (September 4, 2021) (Exhibit R). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend that the Commission add Lake Perez, Huntingdon County, to the Stocked Trout Waters Open to Year-round Fishing program (58 Pa. Code § 65.19). If adopted, this designation will go into on January 1, 2022.

Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Ali to add Lake Perez, Huntingdon County, to the Stocked Trout Waters Open to Year-round

Fishing program (58 Pa. Code § 65.19). If adopted, this designation will go into on January 1, 2022. Motion carried by unanimous vote.

## FISHERIES DESIGNATIONS

### D. Proposed changes to the list of Class A wild trout streams.

#### Commentary:

Pursuant to 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Pennsylvania Fish and Boat Commission's (Commission) policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of Pennsylvania's naturally reproducing trout populations. Criteria developed for Class A wild trout populations are species specific. Wild trout biomass class criteria include provisions for wild Brook Trout, wild Brown Trout, mixed wild Brook Trout and Brown Trout, wild Rainbow Trout, mixed wild Brook Trout and Rainbow Trout, and mixed wild Brown Trout and Rainbow Trout populations.

Staff recommend the addition of nine stream sections to the Commission's list of Class A wild trout streams. These changes are the result of recent surveys conducted on these waters and subsequent data review. Exhibit S provides information on the locations and a data summary for each of these waters.

A notice of proposed designations was published at 51 Pa.B. 5322 (August 21, 2021) (Exhibit T). The Commission received a total of 135 public comments regarding the proposed designations: 130 support the entire proposal, one supports the designation of a specific water, one opposes the entire proposal, one opposes the designation of a specific water, and two do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

#### Briefer:

David C. Nihart, Chief, Division of Fisheries Management

#### Recommendation:

Staff recommend that the Commission add nine stream sections to its Class A wild trout streams list as described in the Commentary. If approved, these additions will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*.

#### Action:

A motion was made by Commissioner Hussar and seconded by Commissioner Lewis to add nine stream sections to its Class A wild trout streams list as described in the Commentary. If approved, these additions will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*. Motion carried with two oppositions (Commissioner Ali and Commissioner Anderson) and one abstention (Commissioner Charlesworth).

## FISHERIES DESIGNATIONS

E. Classification of wild trout streams: proposed additions, revision, and amendment.

Commentary:

The Pennsylvania Department of Environmental Protection's regulations at 25 Pa. Code § 105.1 define the term "wild trout stream" as "a stream identified as supporting naturally reproducing trout populations by the Fish and Boat Commission (Commission) under 58 Pa. Code § 57.11 (relating to listing of wild trout streams)." This term has regulatory significance because wetlands that are located in or along the floodplain of the reach of a wild trout stream and the floodplain of streams tributary thereto are considered "exceptional value" and are thus entitled to the highest level of protection.

The Commission adopted a statement of policy at 58 Pa. Code § 57.11 that sets forth the basis for the classification of streams supporting the natural reproduction of trout. Under § 57.11, it is the policy of the Commission to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The listing of a stream section as a wild trout stream is a biological designation that does not determine how the stream is managed. The statement of policy provides that the Commission's Fisheries Management Division will maintain the list of wild trout streams and that the Executive Director, with approval of the Commission, will from time to time publish the list of wild trout streams in the *Pennsylvania Bulletin* and solicit public comments.

Staff recommend the addition of five new waters to the Commission's list of wild trout streams, revision to the section limits of one water currently listed, and the amendment to the name of one water currently listed. These changes are the result of recent surveys conducted on these waters. Exhibit U provides information on the locations and a data summary for each of these waters. Surveying unassessed waters and documenting wild trout populations are consistent with the Commission's Strategic Plan for Management of Trout Fisheries in Pennsylvania, the statewide Strategic Plan, and the agency's Resource First philosophy.

A notice of proposed designations was published at 51 Pa.B. 5321 (August 21, 2021) (Exhibit V). The Commission received a total of 123 public comments regarding the proposed designations: 121 support the proposal and two do not pertain to the proposal. Copies of all public comments were provided to the Commissioners.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend that the Commission add five new waters to the Commission's list of wild trout streams, revise the section limits to one water currently listed, and amend the name of one water currently listed as set forth in the notice of proposed designations. If

approved, these additions will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*.

Action:

A motion was made by Commissioner Brock and seconded by Commissioner Hussar to add five new waters to the Commission's list of wild trout streams, revise the section limits to one water currently listed, and amend the name of one water currently listed as set forth in the notice of proposed designations. If approved, these additions will go into effect upon publication of a second notice in the *Pennsylvania Bulletin*. Motion carried by unanimous vote.

## FISHERIES DESIGNATIONS

F. Removal of Somerset Lake, Somerset County, from the Big Bass Program (58 Pa. Code § 65.9).

Commentary:

Somerset Lake, a 253-acre impoundment owned by the Commonwealth of Pennsylvania and managed by the Pennsylvania Fish and Boat Commission (Commission), is located in Somerset Township, Somerset County, approximately one mile northeast of the Borough of Somerset. This reservoir was completely dewatered in 2017 to complete dam and spillway repairs and modifications per Pennsylvania Department of Environmental Protection dam safety standards. The earth-fill dam impounds the East Branch Coxes Creek at river mile (RM) 4.9 upstream from its confluence with Coxes Creek at RM 6.4. Prior to the drawdown in 2017, the lake offered angling opportunities for multiple warm-water and cool-water fish species. Rehabilitation of the dam and spillway is expected to be complete during fall 2021, with re-filling initiated soon after.

The Commission plans to initiate stocking the lake beginning in late fall 2021, or as soon as refilling conditions allow, with fingerling plants of select fish species to establish a high-quality, warm-water and cool-water fishery. At the April 2021 quarterly Commission meeting, the Commission approved the addition of Somerset Lake to the Catch and Release Lakes program (58 Pa. Code § 65.17), effective January 1, 2022, to allow for the most rapid development of a balanced warm-water and cool-water fish community, while offering acceptable levels of recreational angling opportunities. Once the fish populations can sustain limited harvest, the lake will be recommended for removal from the Catch and Release Lakes program and inclusion in one or more of the Commission's existing warm-water regulation programs that accommodate appropriate fish harvest while maintaining high-quality recreational angling opportunities. To facilitate transition of Somerset Lake to temporary management under the Catch and Release Lakes program while the fish community develops, this water must be removed from the Big Bass program.

A notice of proposed designations was published at 51 Pa.B. 5799 (September 4, 2021) (Exhibit W). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend the Commission remove Somerset Lake, Somerset County, from the Big Bass program (58 Pa. Code § 65.9). If adopted, the designation will go into effect upon publication of the second notice in the *Pennsylvania Bulletin*.

Action:

A motion was made by Commissioner Anderson and seconded by Commissioner Ali to remove Somerset Lake, Somerset County, from the Big Bass program (58 Pa. Code § 65.9). If adopted, the designation will go into effect upon publication of the second notice in the *Pennsylvania Bulletin*. Motion carried by unanimous vote.

## FISHERIES DESIGNATIONS

G. Removal of Raccoon Creek State Park Upper Pond (Group Camping Area Lake), Beaver County, from the Catch and Release Lakes program (58 Pa. Code § 65.17).

Commentary:

Raccoon Creek State Park Upper Pond (Group Camping Area Lake), a 7.9-acre impoundment owned by the Commonwealth of Pennsylvania and managed by the Pennsylvania Department of Natural Resources, is located in Hanover Township, Beaver County, approximately 30 miles northwest of the City of Pittsburgh. The earth-fill dam impounds Traverse Creek at river mile (RM) 5.2 upstream from its confluence with Raccoon Creek at RM 23.3. This reservoir will be completely dewatered in fall 2021 in preparation for a floodplain restoration project planned for 2022. Prior to the drawdown, the lake offered angling opportunities for multiple warm-water and cool-water fish species.

At the July 2021 quarterly meeting of the Pennsylvania Fish and Boat Commission (Commission), the Commission ratified a temporary change to fishing regulations under 58 Pa. Code § 65.25 to lift all seasons, sizes, and creel limits for all species, effective July 17, 2021. This action was taken to encourage anglers to harvest fish in advance of a complete and permanent drawdown of the impoundment prior to removal of the dam structure and subsequent habitat restoration to reclaim Traverse Creek to a free-flowing stream. As such, management of Raccoon Creek State Park Upper Pond (Group Camping Area Lake) under the Catch and Release Lakes program (58 Pa. Code § 65.17) is no longer warranted.

A notice of proposed designation was published at 51 Pa.B. 5799 (September 4, 2021) (Exhibit X). The Commission did not receive any public comments regarding the proposal.

Briefer:

David C. Nihart, Chief, Division of Fisheries Management

Recommendation:

Staff recommend the Commission remove Raccoon Creek State Park Upper Pond (Group Camping Area Lake), Beaver County, from the Catch and Release Lakes program (58 Pa. Code § 65.17). If adopted, the designation will go into effect upon publication of the second notice in the *Pennsylvania Bulletin*.

Action:

A motion was made by Commissioner Ali and seconded by Commissioner Anderson to remove Raccoon Creek State Park Upper Pond (Group Camping Area Lake), Beaver County, from the Catch and Release Lakes program (58 Pa. Code § 65.17). If adopted, the designation will go into effect upon publication of the second notice in the *Pennsylvania Bulletin*. Motion carried by unanimous vote.

## **NOTATIONAL VOTE MEASURES**

The Commission voted on two items by notational vote since the July 2021 meeting. Between August 10, 2021 and August 13, 2021 the Commission, in a 10-0 vote, approved the item found in Appendix A, item A. Between August 23, 2021 and August 27, 2021 the Commission, in a 9-0 vote, with one abstention, approved the item found in Appendix A, item B.

# APPENDIX A

**PENNSYLVANIA FISH AND BOAT COMMISSION**  
Notational Vote

A. Approval of Commission Reorganization.

Commentary:

The Commission's mission is to protect, conserve, and enhance the Commonwealth's aquatic resources and provide fishing and boating opportunities.

The functions of the bureaus of Boating and Outreach, Education, and Marketing are integral to the delivery and advancement of Commission strategic priorities, share numerous administrative and business type functions, and are co-located in the Commission's Harrisburg headquarters.

The reorganization as depicted in Exhibit A will implement the following changes. Exhibit A does not depict the full organizational structure; rather, it focuses on the proposed changes.

- (1) Reposition the Bureau of Boating to report to the Deputy Executive Director for Administration. This will provide a mechanism to align the administrative, financial, and programmatic functions of the bureau more closely within the Commission's Office of Administration and will allow for expanded coordination and synergies.
- (2) Reposition the Bureau of Outreach, Education, and Marketing to report to the Deputy Executive Director for Administration. This will provide a mechanism to align the administrative, financial, and programmatic functions of the bureau more closely within the Commission's Office of Administration and will allow for expanded coordination and synergies.

After approval by the Board of Commissioners, the proposed reorganization plan, including the names of the organizational units, must be approved by the Governor's Office of Administration.

Briefer:

Timothy D. Schaeffer, Executive Director

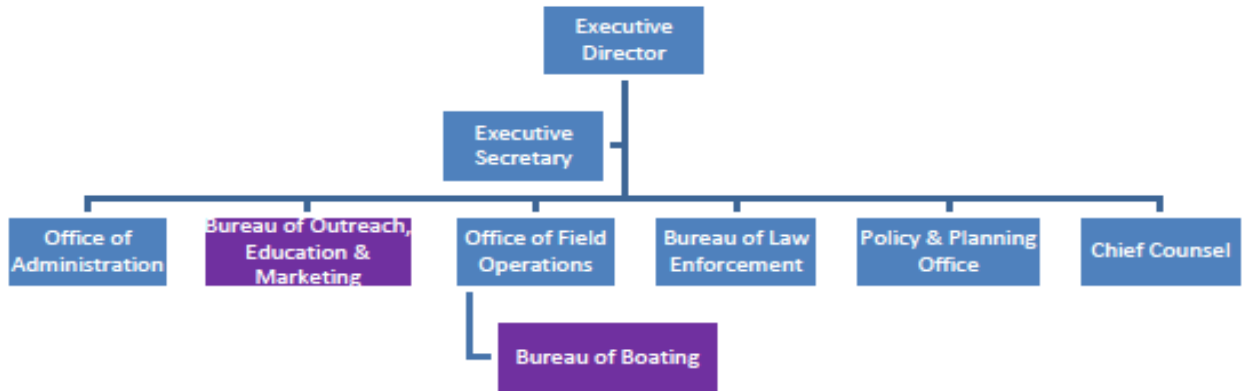

Recommendation:

Staff recommend that the Commission approve the reorganization of the Commission as proposed in the Commentary.

Action:

The Commission voted on this item by notational vote since the July 2021 meeting. Between August 10, 2021 and August 13, 2021, the Commission, in a 10-0 vote, approved the item found in Appendix A, item A.

**PFBC – Current Organizational Structure**

**PFBC – Proposed Organizational Structure**

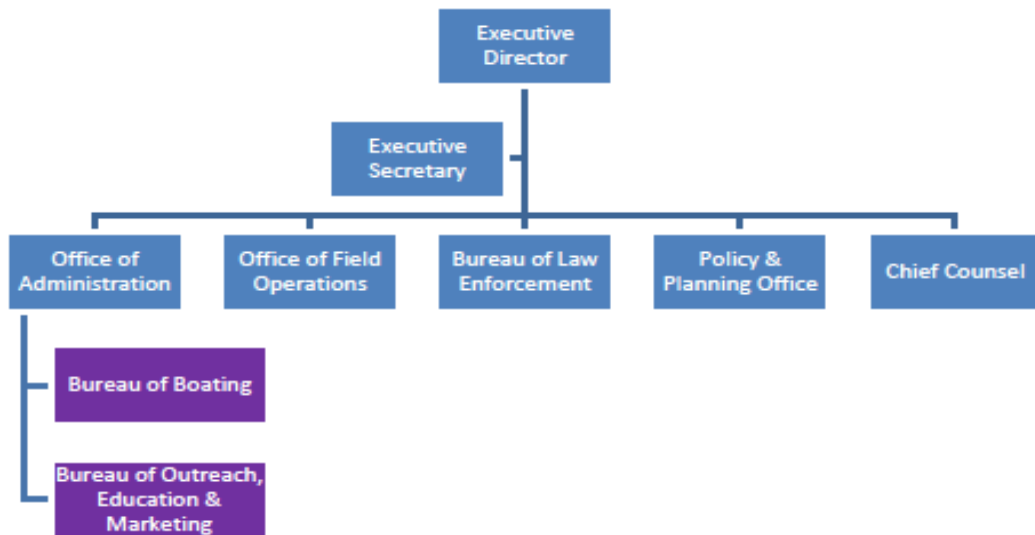

Exhibit A: Current and Proposed PFBC Organizational Structure - August 2021

## PENNSYLVANIA FISH AND BOAT COMMISSION

### Notational Vote

B. Evaluating the effects of parasitic copepods *Salmincola edwardsii* and *S. californiensis*:  
Grant to the United States Fish and Wildlife Service, Northeast Fishery Center, Clinton County.

#### Commentary:

In February 2020, the Pennsylvania Fish and Boat Commission (Commission) was awarded a \$100,000 grant from Pennsylvania Sea Grant to evaluate the effects of parasitic copepods *Salmincola edwardsii* and *S. californiensis* on Brook Trout and Rainbow Trout, respectively, in Pennsylvania inland streams and Lake Erie tributaries. The United States Fish and Wildlife Service (USFWS), a cooperating partner in the study, will assist with genetic data collection and analyses, morphometric identification, pathology, and virology testing.

An avenue to pass-through funds from Pennsylvania Sea Grant to the USFWS previously did not exist; however, at the April 2020 Commission meeting, the Commission approved an amendment to the Aquatic Nuisance Species Management Plan Grant to allow for the Executive Director to approve individual grants using up to \$100,000 of federal pass-through monies per grantee, per year, for projects meeting the objectives of the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990, the *Pennsylvania Aquatic Invasive Species Management Plan*, and/or other non-native species.

The study was scheduled to begin in February 2020 and conclude in January 2022, with the USFWS to receive \$65,520 during fiscal year (FY) 2020/2021 and \$54,990 during FY 2021/2022. In March 2020, the COVID-19 pandemic precluded the study from proceeding as planned due to lab and facility closures, social distancing, and other operational restrictions associated with the pandemic, which halted data collection and analysis. A no-cost extension request was submitted to Pennsylvania Sea Grant to extend the project expiration date through December 2022, and the Commission is awaiting approval of the extension. In the event an extension is not granted, the study period will be compressed and the total grant award to the USFWS of \$120,510 will occur during one fiscal year. Commission approval is required for grants exceeding \$100,000 per grantee, per year.

#### Briefer:

Timothy D. Schaeffer, Executive Director

#### Recommendation:

Staff recommend the Commission authorize a grant not to exceed \$120,510 to the United States Fish and Wildlife Service, Northeast Fishery Center to support the project described in the Commentary.

Action:

The Commission voted on this item by notational vote since the July 2021 meeting. Between August 23, 2021 and August 27, 2021, the Commission, in a 9-0 vote, with one abstention, approved the item found in Appendix A, item B.

## **OTHER NEW BUSINESS**

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 111 ]

### Boating; Special Regulations Counties

[51 Pa.B. 5687]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 111 (relating to special regulation counties). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment updates the Commission's regulations pertaining to Blue Marsh Lake, located in Berks County.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendment to § 111.6 (relating to Berks County) is published under the statutory authority of section 5124(a) of the code (relating to particular areas of water).

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Blue Marsh Lake is a 1,148-acre flood control project managed by the United States Army Corps of Engineers (USACOE) in Berks County. Section 111.6 states that a boat may not tow more than one water-skier (that is, person) on Blue Marsh Lake. This regulation was promulgated shortly after the Blue Marsh Recreation Area was established to address a perceived safety issue relating to boats with multiple towlines. According to definitions contained in § 109.4 (relating to waterskiing, aquaplaning, kiteskiing and similar activities), the term "waterski" is defined as "a device used by a person to be towed through or on water behind a boat. The term includes conventional water skis, aquaplanes, kneeboards, inner tubes, inflatable hot dogs, air mattresses, parasails, kite skis and similar devices." Some of these devices are designed to carry more than one person.

In the fall of 2019, the USACOE requested a change to § 111.6 citing that it does not serve the intended purpose, causes confusion among boaters and unnecessarily limits recreational boating opportunities. The USACOE recently requested the Boating Advisory Board reconsider their request to amend § 111.6 with the intent to limit the number of devices towed by a boat—rather than the number of persons—to no more than one. The USACOE stated that with the popularity of inflatable towed devices designed to carry more than one person, this amendment will eliminate confusion among the boating public and increase recreational boating opportunities. It is also anticipated that the amendment will result in more effective and efficient law enforcement efforts on the lake. The number of persons being towed on a device is limited by the boat's persons capacity.

The Commission proposes that § 111.6 be amended to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 111 ]

### Boating; Special Regulations Counties

[51 Pa.B. 6049]

[Saturday, September 18, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 111 (relating to special regulations counties). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment updates the Commission's regulations pertaining to Shenango River Lake, located in Mercer County.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendment to § 111.43 (relating to Mercer County) is published under the statutory authority of section 5124(a) of the code (relating to particular areas of water).

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Shenango River Lake is a 3,560-acre flood control project managed by the United States Army Corps of Engineers (USACE) in Mercer County. This busy boating destination is regulated by § 111.43. Shenango River Lake has several specific regulations that deviate from the Statewide recreational boating regulations when boating on project waters. Specifically, subsection (a)(1) states that "the use of motors in excess of 10 horsepower are prohibited in the area west of the Penn Central Railroad (Levittsburg) causeway to the Ohio line."

Recently USACE leadership has changed local policy/regulation adopting a 20 horsepower restriction west of the causeway. USACE leadership has petitioned the Commission to make the same change to § 111.43 so Waterways Conservation Officers can continue to assist in

enforcement. The proposed amendment was approved by the Boating Advisory Board at their June 23, 2020, meeting.

The Commission proposes that § 111.43 be amended to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CHS. 61, 63, 65, 67 AND 69 ]

### Fishing

[51 Pa.B. 5672]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapters 61, 63, 65, 67 and 69. The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will establish a single, Statewide opening day for the regular season for trout.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to §§ 63.3, 65.6, 65.12, 65.14, 65.15, 65.19 and 65.20 are published under the statutory authority of section 2102(a) of the code (relating to rules and regulations). The proposed amendments to §§ 61.1, 61.2 and 69.12a (relating to Commonwealth inland waters; Delaware River, West Branch Delaware River and River Estuary; and special regulations applicable to Lake Erie tributary streams) are published under the statutory authority of section 2102(b) of the code. The proposed amendment to § 67.2 (relating to refuge areas) is published under the statutory authority of section 2306(a) of the code (relating to refuge areas). The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307(a) of the code (relating to waters limited to specific purposes). The proposed amendment to § 63.20 (relating to permits for the protection and management of trout and salmon) is published under the statutory authority of section 2904(a) of the code (relating to permits for the protection and management of particular fish). The proposed amendment to § 65.26 (relating to extended trout season) is published under the statutory authority of sections 2102(b) and 2307(a) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Under § 61.1, the opening day of the regular season for trout begins at 8 a.m. on the first Saturday after April 11 and continues through midnight of Labor Day. This regulation was in place for all of this Commonwealth's inland waters for many years and is a well-known, much anticipated tradition. However, on January 1, 2007, a new regulation went into effect under § 65.12 (relating to regional opening day of trout season). This regulation created a separate opening day for southeastern and southcentral counties where trout season opens at 8 a.m. on the first Saturday after March 28 and continues through midnight of Labor Day.

In late winter 2020, the novel coronavirus (COVID-19) pandemic reached this Commonwealth and on March 16, 2020, the Commonwealth eliminated most activities that were not considered essential for health and safety. Subsequently, there was substantial concern within the Commission that traditional stocking practices with large numbers of volunteers in close contact and traditional opening day crowds could lead to increased risk of virus transmission. As such, the decision was made to greatly accelerate trout stocking, eliminate the use of volunteers, deploy Commission staff from throughout the agency to perform the stockings, and announce the opening day without warning at 8 a.m. on Tuesday April 7, 2020. This unheralded opening was designed to reduce crowding, and a single, Statewide opening day was employed to reduce cross-boundary travel between the Statewide and regional opening day zones. In addition, public travel restrictions required more anglers to fish closer to home than they would under normal circumstances.

Planning for the 2021 trout stocking season began in early fall of 2020 in anticipation that COVID-19 restrictions and concerns about virus transmission may still be in effect. At the January 2021 quarterly Commissioners meeting, a single, Statewide opening day was established for 2021.

After experiencing 2 consecutive years of a single, Statewide opening day, Commission staff identified an opportunity to further consider the efficacy of the current Commission regulations that provide for a regional opening day of trout season. An ad hoc committee with representatives from the Bureaus of Fisheries; Hatcheries; Law Enforcement; Outreach, Education and Marketing; Administration; Policy and Planning; the Field Operations Deputy Executive Director; and Office of Chief Counsel for review was formed. The committee reviewed the history and summary of opening day designations for trout season. Following that review, the committee recommended the elimination of the regional opening day of trout season and a return to the more traditional single Statewide opener. Commission staff believe that a single opening day simplifies regulations, reduces confusion among the angling public, lessens landowner issues in border counties, gives Statewide anglers at least an extra week of fishing opportunity and better allows businesses to plan for any sales surge.

The elimination of a regional opening day also requires minor amendments to various sections referencing trout season. As such, Commission staff recommend reformatting the dates in regulations relating to trout season for clarification and simplification. Finally, consistent with the act of July 10, 2020, (P.L. 604, No. 56) staff recommend that any reference in the regulations to the trout/salmon permit be changed to trout permit.

The Commission proposes that §§ 61.1, 61.2, 63.3, 63.20, 65.5, 65.6, 65.12, 65.14, 65.15, 65.19, 65.20, 65.24, 65.26, 67.2 and 69.12a be amended to read as set forth in Annex A.

#### *F. Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### *G. Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-318. No fiscal impact; (8) recommends adoption.

**Annex A**

**TITLE 58. RECREATION**

**PART II. FISH AND BOAT COMMISSION**

**Subpart B. FISHING**

**CHAPTER 61. SEASONS, SIZES AND CREEL LIMITS**

**§ 61.1. Commonwealth inland waters.**

\* \* \* \* \*

(d) Except as otherwise provided in this subpart, the following seasons, sizes, and daily limits apply to inland waters of this Commonwealth and the Youghioghney Reservoir:

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. first Saturday <b>[after April 11] in April</b> to midnight Labor Day	7 inches	5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))
	Extended Season: Stocked trout waters and all waters downstream of stocked trout waters 12:01 a.m. day after Labor Day to midnight <b>[last day of February] the third Monday in February</b> of the following year.	7 inches	3 (combined species), except Class A wild trout streams, where the daily limit is 0, and

areas with special regulations

\* \* \* \* \*

§ 61.2. Delaware River, West Branch Delaware River and River Estuary.

\* \* \* \* \*

(e) The following seasons, sizes and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries, from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

SPECIES SEASONS	MINIMUM SIZE	DAILY LIMIT
TROUT 8 a.m., <b>[first Saturday after April 11] the opening day of the regular season for trout</b> to midnight, October 15	North of I-84: 14 inches	North of I-84: 1 (combined species)
South of I-84: no minimum	South of I-84: 5 (combined species)	
	West Branch Delaware River:* 12 inches	West Branch Delaware River:* 2 (combined species)

\* \* \* \* \*

\* A special no-kill artificial lures only season is in effect on the West Branch of the Delaware River from October [1] 16 to midnight on the Friday before the **[first Saturday after April 11] opening day of the regular season for trout**. See § 65.24. \*\*It is unlawful for any person to possess a female crab bearing eggs from which the egg pouch or bunion has been removed.

CHAPTER 63. GENERAL FISHING REGULATIONS

§ 63.3. Fishing in stocked trout waters.

It is unlawful to fish in stocked trout waters regulated under § 61.1 (relating to Commonwealth inland waters) from 12:01 a.m. on **[March 1] the third Monday in February** to 8 a.m. on the **[first Saturday after April 11 and in stocked trout waters regulated under § 65.12 (relating to regional opening day of trout season) from 12:01 a.m. on March 1 to 8 a.m. on the first Saturday after March 28] opening day of the regular season for trout**. As used in this subpart, the term "stocked trout waters" means waters that are stocked with adult trout by the Commission. A listing of stocked trout waters is published in the Commission's "Summary of Fishing Regulations and Laws," which is available from the Commission at Post Office Box 67000, Harrisburg, Pennsylvania 17106-7000. The Executive Director or a designee may, from time to time, supplement or modify the list of stocked trout waters, and additions or deletions will be published in the *Pennsylvania Bulletin*.

§ 63.20. Permits for the protection and management of trout **[and salmon]**.

(a) *Finding.* The Commission finds under section 2904 of the code (relating to permits for the protection and management of particular fish) that it is necessary for the protection and management of trout **[and salmon]** in the waters of this Commonwealth that persons who fish for trout **[or salmon]** have a permit for that activity.

(b) *Permit required.* It is unlawful for a person required by Chapter 27 of the code (relating to fishing licenses) to procure a fishing license to fish for trout **[or salmon]** unless that person has first procured a valid **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit.

(c) *Exceptions.*

(1) The Commission will issue a **[trout/salmon] trout** permit without fee to disabled veterans who possess a free fishing license under section 2707 of the code (relating to disabled veterans).

(2) A person who is exempt from the fishing license requirements of Chapter 27 of the code or who is issued an institutional fishing license under section 2708 of the code (relating to institutional licenses) is exempt from this section.

(3) A person who purchased a senior resident lifetime fishing license and a **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit prior to January 1, 2015, shall be exempt from the requirements of this section.

(4) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on free fishing days designated by the Commission under section 2709(d) of the code (relating to exemptions from license requirements).

(5) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on Class A regulated fishing lakes. A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on designated Class B regulated fishing lakes that have the following characteristics:

(i) The lake is a natural pond or impoundment located wholly on private property and constructed and maintained wholly with private funds.

(ii) The lake is operated by a private club or organization.

(iii) The lake is not open for fishing by the general public[,], and fishing is restricted to members only.

(iv) The trout/salmon population of the lake is composed entirely of trout or salmon stocked from private resources and contains no trout or salmon stocked by the Commission, the United States Government or cooperative nurseries recognized by the Commission.

(d) *Fish for trout or salmon.* A person fishes for trout or salmon when one of the following applies:

(1) The person fishes in waters under special trout regulations designated under those sections of Chapter 65 (relating to special fishing regulations) that require a **[trout/salmon] trout** permit, wilderness trout streams or their tributaries or Class A wild trout waters or their tributaries.

(2) The person fishes in streams or rivers that are stocked trout waters as defined in § 63.3 (relating to fishing in stocked trout waters) or their tributaries during the period from 12:01 a.m. on **[March 1] the third Monday in February** until midnight May 31.

(3) The person takes, kills or possess, while in the act of fishing, a trout or salmon on or in waters of this Commonwealth or boundary waters.

## CHAPTER 65. SPECIAL FISHING REGULATIONS

### § 65.5. Catch and release artificial lures only.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release. The designation of waters as catch and release shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in areas designated and posted catch and release except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited.

(2) No trout may be killed or had in possession.

(3) Open to fishing year-round.

(4) Wading is permitted unless otherwise posted.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current [**trout/salmon**] **trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release area.

### § 65.6. Delayed harvest artificial lures only areas.

(a) The Executive Director, with the approval of the Commission, may designate waters as delayed harvest, artificial lures only areas. The designation of waters as delayed harvest, artificial lures only areas shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted delayed harvest, artificial lures only areas except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear.

(2) The use or possession of any natural bait, bait fish, fish bait, bait paste and similar substances, fish eggs (natural or molded) or any other edible substance is prohibited.

(3) Minimum size is: 9 inches, caught on, or in possession on, the waters under regulation.

(4) The daily creel limit is: three combined species except during the period after Labor Day and before June 15 when the daily limit shall be zero trout combined species, caught on or in possession on the waters under regulation.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the delayed harvest artificial lures only area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the delayed harvest artificial lures only area.

**§ 65.12. Regional opening day of trout season.**

**[(a)]** The Executive Director, with the approval of the Commission, may designate waters in certain regions as part of the regional opening day of trout season. The designation of waters as part of the regional opening day of trout season shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

**[(b)] It is unlawful to fish in waters designated as part of the regional opening day of trout season except in compliance with the following seasons, sizes and creel limits:**

<i>SEASONS</i>	<i>MINIMUM SIZE</i>	<i>DAILY LIMIT</i>
<b>Regular Season: 8 a.m. first Saturday after March 28 to midnight Labor Day</b>	<b>7 inches</b>	<b>5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))</b>
<b>Extended Season: Stocked trout waters and all waters downstream of stocked trout waters 12:01 a.m. day after Labor Day to midnight last day of February of the following year</b>	<b>7 inches</b>	<b>3 (combined species) except Class A wild trout streams where the daily limit is 0, and areas with special regulations (see Chapter 65)</b>

**(c) It is unlawful to take, catch, kill, or possess trout except during the seasons specified in this section. It is not a violation of this section if a trout caught out of season from waters where fishing for other species is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(d) It is unlawful to take, catch, kill, or possess trout of less than the minimum size specified in this section. It is not a violation of this section if an undersized trout taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(e) It is unlawful to take, catch or kill more than 1 day's limit of any species of trout as specified in this section during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of trout as specified in this section except under the following circumstances:**

- (1) A person may possess any number of lawfully caught trout at the person's residence.**
- (2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may possess, while transporting trout from the place where caught to his residence, a number of trout equal to no more than two times the daily creel limit for trout. In prosecutions for violations of this section, it shall be a rebuttable presumption that a person transporting trout from a fishing site caught all of the trout during 1 calendar day.**
- (3) A trout will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.**
- (4) Any trout caught that is not to be counted in the creel limit shall be immediately released unharmed to the waters from which taken. Except as otherwise provided in § § 53.24 or 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a trout placed on a stringer or confined by any type of container, structure or device or not returned immediately to the water will be considered as part of the daily creel or possession limits. Trout returned to the water shall be handled carefully and be returned unharmed to the waters from which taken.**
- (5) Trout may be given to another person, but the trout shall be counted in the donor's creel limit and neither donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.]**

#### **§ 65.14. Catch and release fly-fishing only.**

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release fly-fishing only. The designation of waters as catch and release fly-fishing only shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted as catch and release fly-fishing only except in compliance with the following requirements:

(1) Fishing may be done with artificial flies and streamers constructed of natural or synthetic materials so long as all flies are constructed in a normal fashion with components wound on or about the hook or hooks. Use or possession of any other lures or substances is prohibited.

(2) Fishing shall be done with tackle which is limited to fly rods, fly reels and fly line with leader material or monofilament line attached. Spinning, spincast, and casting rods and reels are prohibited.

(3) No trout may be killed or had in possession.

(4) Open to fishing year-round.

(5) Taking of baitfish or fishbait is prohibited.

(6) Wading is permitted unless otherwise posted.

(7) A current [**trout/salmon**] **trout** permit is required.

(c) Notwithstanding the requirements of this section an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release fly-fishing only area

without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release fly-fishing only area.

### § 65.15. Catch and release all-tackle.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release all-tackle. The designation of waters as catch and release all-tackle shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted catch and release all-tackle except in compliance with the following requirements:

- (1) There are no tackle restrictions.
- (2) No trout may be killed or had in possession.
- (3) Open to fishing year-round; there is no closed season.
- (4) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release all-tackle area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release all-tackle area

### § 65.19. Stocked trout waters open to year-round fishing.

(a) The Executive Director, with the approval of the Commission, may designate waters as stocked trout waters open to year-round fishing. The designation of waters as stocked trout waters open to year-round fishing shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as stocked trout waters open to year-round fishing except in compliance with the following seasons and size and creel limits. It is not a violation of this section if a trout is immediately returned unharmed to the waters from which it is taken.

SPECIES	SEASONS	MINIMUM DAILY	
		SIZE	LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. <b>[first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season)] of the opening day of the regular season for trout</b> to midnight Labor Day	7 inches	5 (combined species)
Extended Season: 12:01 a.m. day after Labor Day to midnight <b>[last day of</b>	7 inches	3 (combined species)	

**February] the third Monday in****February** of the following year

12:01 [**first day of March to first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season.)] a.m. the third Monday in February to 8 a.m. the opening day of the regular season for trout**

NO HARVEST—Catch and immediate release only

(c) It is unlawful to fish in rivers and streams designated as stocked trout waters open to year-round fishing without a current [**trout/salmon**] **trout** permit. A [**trout/salmon**] **trout** permit is not required to fish in lakes and ponds that have been designated as stocked trout waters open to year-round fishing unless the person takes, kills or possesses, while in the act of fishing, a trout or salmon on or in these waters.

**§ 65.20. Mentored Youth Fishing Day Program.**

(a) The Executive Director may annually designate Mentored Youth Fishing Days. As part of the designation, the Executive Director will identify the species, waters, dates, creel and minimum size limits and other applicable limitations. The designation will be effective upon publication of a notice in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as part of the Mentored Youth Fishing Day Program except in compliance with the following requirements when participating in the Mentored Youth Fishing Day Program:

(1) Anglers shall adhere to the limitations as established by the Executive Director by notice in the *Pennsylvania Bulletin*.

(2) An angler 16 years of age or older shall be accompanied by a youth, less than 16 years of age, who has obtained a mentored youth permit or a voluntary youth fishing license from the Commission.

(3) A youth angler shall obtain a mentored youth permit or a voluntary youth fishing license from the Commission and be accompanied by an angler 16 years of age or older.

(4) A current [**trout/salmon**] **trout** permit is required for an angler 16 years of age or older when participating in a Mentored Youth Fishing Day Program that relates to trout.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the water designated as part of the Mentored Youth Fishing Day Program without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the water designated as part of the Mentored Youth Fishing Day Program.

**§ 65.24. Miscellaneous special regulations.**

The following waters are subject to the following miscellaneous special regulations:

County	Name of Water	Special Regulations
Centre and Mifflin	Penns Creek, from the confluence of Elk Creek downstream 7 miles to 600 meters downstream of Swift Run	<p>Open to fishing year-round. All tackle types are permitted. From 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b> through Labor Day—the daily creel limit for trout is 2 (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed. From the day after Labor Day until 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b>, no trout may be killed or possessed. Inland regulations apply to all other species. This miscellaneous special regulation will remain in effect until further notice.</p>
Huntingdon	Raystown Lake (includes Raystown Branch from the Raystown Dam downstream to the confluence with the Juniata River).	<p>Trout (all species)—no closed season. Daily limit: <b>[First Saturday after April 11] opening day of the regular season for trout</b> until Labor Day—5 trout per day; day after Labor Day to <b>[first Saturday after April 11] opening day of the regular season for trout</b> of the following year—3 trout per day. Size limits: Inland rules apply. Smelt may be taken from shore or by wading by means of dip nets not to exceed 20 inches in diameter or 20 inches square. The daily limit per person is the greater of 1 gallon of smelt by volume or 200 smelt by number.</p>
Luzerne	Harveys Lake	<p>During the period from the <b>[first Saturday after April 11 through midnight last day of] opening day of the regular season for trout through midnight the third Monday in February</b>, the daily creel limit for trout (combined species) is 3, only one of which may exceed 18 inches in length. Warmwater/coolwater species, except as provided in this section—Inland regulations apply.</p>
Somerset, Fayette, Westmoreland and Allegheny	Youghiogheny River from confluence with Casselman River downstream to the confluence with Ramcat Run Youghiogheny River from the pipeline crossing at the confluence with Lick Run	<p>Trout (all species)—no closed season. Daily limit: <b>[First Saturday after April 11] opening day of the regular season for trout</b> until Labor Day—5 trout per day; day after Labor Day to <b>[first Saturday after April 11] opening day of the regular season for trout</b> of the following year—3 trout per day. Inland regulations apply to warmwater/coolwater species.</p>

Warren      downstream to the mouth of the river.  
 Allegheny River—8.75 miles downstream from the outflow of the Allegheny Reservoir to the confluence with Conewago Creek  
 Trout—minimum size limit—14 inches; daily creel limit—2 trout per day (combined species) from 8 a.m. on the **[first Saturday after April 11] opening day of the regular season for trout** through midnight Labor Day, except during the period from the day after Labor Day to the **[first Saturday after April 11] opening day of the regular season for trout** of the following year, when no trout may be killed or had in possession. Other inland seasons, sizes and creel limits apply.

\*   \*   \*   \*   \*

Washington      Little Chartiers Creek from Canonsburg Lake Dam approximately 1/2 mile downstream to mouth of Chartiers Creek  
 Fishing is prohibited from 12:01 a.m. **[March 1] the third Monday in February** to 8 a.m. the **[first Saturday after April 11] opening day of the regular season for trout**.

Wayne      West Branch Delaware River  
 Trout: From the Pennsylvania/New York border downstream to the confluence with the East River Branch of the Delaware River: no-harvest artificial lures only season on trout from October 16 until midnight of the Friday before the **[first Saturday after April 11] opening day of the regular season for trout**. During the no-harvest artificial lures only season: 1. Fishing may be done with artificial lures only, constructed of metal, plastic, rubber or wood, or flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited. 2. The daily creel limit for trout is 0.

\*   \*   \*   \*   \*

**§ 65.26. Extended trout season.**

*(Editor's Note: The proposed amendments to § 65.26 incorporate the proposed amendments published at 51 Pa.B. 3140 (June 5, 2021).)*

(a) *General rule.*—The extended trout season is in effect from the day after Labor Day until the **[last day of] third Monday in** February of the following year on stocked trout waters **[and all waters downstream of stocked trout waters]**. A creel limit of three trout per day and a minimum size limit of 7 inches apply during this season**[, except Class A wild trout streams where the creel limit is 0 and areas with special regulations]**.

\*   \*   \*   \*   \*

**CHAPTER 67. NURSERY WATERS**

**§ 67.2. Refuge areas.**

\* \* \* \* \*

(b) Refuge areas are closed to public fishing except during the period from June 15 until the **[last day of] third Monday in February** of the following year.

\* \* \* \* \*

**CHAPTER 69. FISHING IN LAKE ERIE AND BOUNDARY LAKES**

**Subchapter B. SPORT FISHING AND ANGLING**

**§ 69.12a. Special regulations applicable to Lake Erie tributary streams.**

\* \* \* \* \*

(c) From 12:01 a.m. on the day after Labor Day, until the **[first Saturday after April 11] of the opening day of the regular season for trout** of the following year, all Lake Erie tributary streams are closed to fishing from 10 p.m. until 5 a.m. on the following day except for Walnut Creek north of Manchester Road Bridge and Elk Creek north of Route 5.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CHS. 61, 63, 65, 67 AND 69 ]

### Fishing

[51 Pa.B. 5672]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapters 61, 63, 65, 67 and 69. The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will establish a single, Statewide opening day for the regular season for trout.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to §§ 63.3, 65.6, 65.12, 65.14, 65.15, 65.19 and 65.20 are published under the statutory authority of section 2102(a) of the code (relating to rules and regulations). The proposed amendments to §§ 61.1, 61.2 and 69.12a (relating to Commonwealth inland waters; Delaware River, West Branch Delaware River and River Estuary; and special regulations applicable to Lake Erie tributary streams) are published under the statutory authority of section 2102(b) of the code. The proposed amendment to § 67.2 (relating to refuge areas) is published under the statutory authority of section 2306(a) of the code (relating to refuge areas). The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307(a) of the code (relating to waters limited to specific purposes). The proposed amendment to § 63.20 (relating to permits for the protection and management of trout and salmon) is published under the statutory authority of section 2904(a) of the code (relating to permits for the protection and management of particular fish). The proposed amendment to § 65.26 (relating to extended trout season) is published under the statutory authority of sections 2102(b) and 2307(a) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Under § 61.1, the opening day of the regular season for trout begins at 8 a.m. on the first Saturday after April 11 and continues through midnight of Labor Day. This regulation was in place for all of this Commonwealth's inland waters for many years and is a well-known, much anticipated tradition. However, on January 1, 2007, a new regulation went into effect under § 65.12 (relating to regional opening day of trout season). This regulation created a separate opening day for southeastern and southcentral counties where trout season opens at 8 a.m. on the first Saturday after March 28 and continues through midnight of Labor Day.

In late winter 2020, the novel coronavirus (COVID-19) pandemic reached this Commonwealth and on March 16, 2020, the Commonwealth eliminated most activities that were not considered essential for health and safety. Subsequently, there was substantial concern within the Commission that traditional stocking practices with large numbers of volunteers in close contact and traditional opening day crowds could lead to increased risk of virus transmission. As such, the decision was made to greatly accelerate trout stocking, eliminate the use of volunteers, deploy Commission staff from throughout the agency to perform the stockings, and announce the opening day without warning at 8 a.m. on Tuesday April 7, 2020. This unheralded opening was designed to reduce crowding, and a single, Statewide opening day was employed to reduce cross-boundary travel between the Statewide and regional opening day zones. In addition, public travel restrictions required more anglers to fish closer to home than they would under normal circumstances.

Planning for the 2021 trout stocking season began in early fall of 2020 in anticipation that COVID-19 restrictions and concerns about virus transmission may still be in effect. At the January 2021 quarterly Commissioners meeting, a single, Statewide opening day was established for 2021.

After experiencing 2 consecutive years of a single, Statewide opening day, Commission staff identified an opportunity to further consider the efficacy of the current Commission regulations that provide for a regional opening day of trout season. An ad hoc committee with representatives from the Bureaus of Fisheries; Hatcheries; Law Enforcement; Outreach, Education and Marketing; Administration; Policy and Planning; the Field Operations Deputy Executive Director; and Office of Chief Counsel for review was formed. The committee reviewed the history and summary of opening day designations for trout season. Following that review, the committee recommended the elimination of the regional opening day of trout season and a return to the more traditional single Statewide opener. Commission staff believe that a single opening day simplifies regulations, reduces confusion among the angling public, lessens landowner issues in border counties, gives Statewide anglers at least an extra week of fishing opportunity and better allows businesses to plan for any sales surge.

The elimination of a regional opening day also requires minor amendments to various sections referencing trout season. As such, Commission staff recommend reformatting the dates in regulations relating to trout season for clarification and simplification. Finally, consistent with the act of July 10, 2020, (P.L. 604, No. 56) staff recommend that any reference in the regulations to the trout/salmon permit be changed to trout permit.

The Commission proposes that §§ 61.1, 61.2, 63.3, 63.20, 65.5, 65.6, 65.12, 65.14, 65.15, 65.19, 65.20, 65.24, 65.26, 67.2 and 69.12a be amended to read as set forth in Annex A.

#### *F. Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### *G. Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-318. No fiscal impact; (8) recommends adoption.

**Annex A**

**TITLE 58. RECREATION**

**PART II. FISH AND BOAT COMMISSION**

**Subpart B. FISHING**

**CHAPTER 61. SEASONS, SIZES AND CREEL LIMITS**

**§ 61.1. Commonwealth inland waters.**

\* \* \* \* \*

(d) Except as otherwise provided in this subpart, the following seasons, sizes, and daily limits apply to inland waters of this Commonwealth and the Youghioghny Reservoir:

SPECIES	SEASONS	MINIMUM SIZE	DAILY LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. first Saturday <b>[after April 11] in April</b> to midnight Labor Day	7 inches	5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))
	Extended Season: Stocked trout waters and all waters downstream of stocked trout waters 12:01 a.m. day after Labor Day to midnight <b>[last day of February] the third Monday in February</b> of the following year.	7 inches	3 (combined species), except Class A wild trout streams, where the daily limit is 0, and

areas with special regulations

\* \* \* \* \*

§ 61.2. Delaware River, West Branch Delaware River and River Estuary.

\* \* \* \* \*

(e) The following seasons, sizes and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries, from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

SPECIES SEASONS	MINIMUM SIZE	DAILY LIMIT
TROUT 8 a.m., <b>[first Saturday after April 11] the opening day of the regular season for trout</b> to midnight, October 15	North of I-84: 14 inches	North of I-84: 1 (combined species)
South of I-84: no minimum	South of I-84: 5 (combined species)	
	West Branch Delaware River:* 12 inches	West Branch Delaware River:* 2 (combined species)

\* \* \* \* \*

\* A special no-kill artificial lures only season is in effect on the West Branch of the Delaware River from October [1] 16 to midnight on the Friday before the **[first Saturday after April 11] opening day of the regular season for trout**. See § 65.24. \*\*It is unlawful for any person to possess a female crab bearing eggs from which the egg pouch or bunion has been removed.

CHAPTER 63. GENERAL FISHING REGULATIONS

§ 63.3. Fishing in stocked trout waters.

It is unlawful to fish in stocked trout waters regulated under § 61.1 (relating to Commonwealth inland waters) from 12:01 a.m. on **[March 1] the third Monday in February** to 8 a.m. on the **[first Saturday after April 11 and in stocked trout waters regulated under § 65.12 (relating to regional opening day of trout season) from 12:01 a.m. on March 1 to 8 a.m. on the first Saturday after March 28] opening day of the regular season for trout**. As used in this subpart, the term "stocked trout waters" means waters that are stocked with adult trout by the Commission. A listing of stocked trout waters is published in the Commission's "Summary of Fishing Regulations and Laws," which is available from the Commission at Post Office Box 67000, Harrisburg, Pennsylvania 17106-7000. The Executive Director or a designee may, from time to time, supplement or modify the list of stocked trout waters, and additions or deletions will be published in the *Pennsylvania Bulletin*.

§ 63.20. Permits for the protection and management of trout **[and salmon]**.

(a) *Finding.* The Commission finds under section 2904 of the code (relating to permits for the protection and management of particular fish) that it is necessary for the protection and management of trout **[and salmon]** in the waters of this Commonwealth that persons who fish for trout **[or salmon]** have a permit for that activity.

(b) *Permit required.* It is unlawful for a person required by Chapter 27 of the code (relating to fishing licenses) to procure a fishing license to fish for trout **[or salmon]** unless that person has first procured a valid **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit.

(c) *Exceptions.*

(1) The Commission will issue a **[trout/salmon] trout** permit without fee to disabled veterans who possess a free fishing license under section 2707 of the code (relating to disabled veterans).

(2) A person who is exempt from the fishing license requirements of Chapter 27 of the code or who is issued an institutional fishing license under section 2708 of the code (relating to institutional licenses) is exempt from this section.

(3) A person who purchased a senior resident lifetime fishing license and a **[trout/salmon] trout** permit or a combination **[trout/salmon] trout** permit and Lake Erie permit prior to January 1, 2015, shall be exempt from the requirements of this section.

(4) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on free fishing days designated by the Commission under section 2709(d) of the code (relating to exemptions from license requirements).

(5) A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on Class A regulated fishing lakes. A **[trout/salmon] trout** permit is not required to fish for trout **[or salmon]** on designated Class B regulated fishing lakes that have the following characteristics:

(i) The lake is a natural pond or impoundment located wholly on private property and constructed and maintained wholly with private funds.

(ii) The lake is operated by a private club or organization.

(iii) The lake is not open for fishing by the general public[,], and fishing is restricted to members only.

(iv) The trout/salmon population of the lake is composed entirely of trout or salmon stocked from private resources and contains no trout or salmon stocked by the Commission, the United States Government or cooperative nurseries recognized by the Commission.

(d) *Fish for trout or salmon.* A person fishes for trout or salmon when one of the following applies:

(1) The person fishes in waters under special trout regulations designated under those sections of Chapter 65 (relating to special fishing regulations) that require a **[trout/salmon] trout** permit, wilderness trout streams or their tributaries or Class A wild trout waters or their tributaries.

(2) The person fishes in streams or rivers that are stocked trout waters as defined in § 63.3 (relating to fishing in stocked trout waters) or their tributaries during the period from 12:01 a.m. on **[March 1] the third Monday in February** until midnight May 31.

(3) The person takes, kills or possess, while in the act of fishing, a trout or salmon on or in waters of this Commonwealth or boundary waters.

## CHAPTER 65. SPECIAL FISHING REGULATIONS

### § 65.5. Catch and release artificial lures only.

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release. The designation of waters as catch and release shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in areas designated and posted catch and release except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited.

(2) No trout may be killed or had in possession.

(3) Open to fishing year-round.

(4) Wading is permitted unless otherwise posted.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current [**trout/salmon**] **trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release area.

### § 65.6. Delayed harvest artificial lures only areas.

(a) The Executive Director, with the approval of the Commission, may designate waters as delayed harvest, artificial lures only areas. The designation of waters as delayed harvest, artificial lures only areas shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted delayed harvest, artificial lures only areas except in compliance with the following requirements:

(1) Fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear.

(2) The use or possession of any natural bait, bait fish, fish bait, bait paste and similar substances, fish eggs (natural or molded) or any other edible substance is prohibited.

(3) Minimum size is: 9 inches, caught on, or in possession on, the waters under regulation.

(4) The daily creel limit is: three combined species except during the period after Labor Day and before June 15 when the daily limit shall be zero trout combined species, caught on or in possession on the waters under regulation.

(5) Taking of bait fish or fish bait is prohibited.

(6) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the delayed harvest artificial lures only area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the delayed harvest artificial lures only area.

**§ 65.12. Regional opening day of trout season.**

**[(a)]** The Executive Director, with the approval of the Commission, may designate waters in certain regions as part of the regional opening day of trout season. The designation of waters as part of the regional opening day of trout season shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

**[(b) It is unlawful to fish in waters designated as part of the regional opening day of trout season except in compliance with the following seasons, sizes and creel limits:**

<i>SEASONS</i>	<i>MINIMUM SIZE</i>	<i>DAILY LIMIT</i>
<b>Regular Season: 8 a.m. first Saturday after March 28 to midnight Labor Day</b>	<b>7 inches</b>	<b>5 (combined species) except areas with special regulations (see Chapter 65 (relating to special fishing regulations))</b>
<b>Extended Season: Stocked trout waters and all waters downstream of stocked trout waters 12:01 a.m. day after Labor Day to midnight last day of February of the following year</b>	<b>7 inches</b>	<b>3 (combined species) except Class A wild trout streams where the daily limit is 0, and areas with special regulations (see Chapter 65)</b>

**(c) It is unlawful to take, catch, kill, or possess trout except during the seasons specified in this section. It is not a violation of this section if a trout caught out of season from waters where fishing for other species is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(d) It is unlawful to take, catch, kill, or possess trout of less than the minimum size specified in this section. It is not a violation of this section if an undersized trout taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.**

**(e) It is unlawful to take, catch or kill more than 1 day's limit of any species of trout as specified in this section during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of trout as specified in this section except under the following circumstances:**

- (1) A person may possess any number of lawfully caught trout at the person's residence.**
- (2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may possess, while transporting trout from the place where caught to his residence, a number of trout equal to no more than two times the daily creel limit for trout. In prosecutions for violations of this section, it shall be a rebuttable presumption that a person transporting trout from a fishing site caught all of the trout during 1 calendar day.**
- (3) A trout will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.**
- (4) Any trout caught that is not to be counted in the creel limit shall be immediately released unharmed to the waters from which taken. Except as otherwise provided in § § 53.24 or 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a trout placed on a stringer or confined by any type of container, structure or device or not returned immediately to the water will be considered as part of the daily creel or possession limits. Trout returned to the water shall be handled carefully and be returned unharmed to the waters from which taken.**
- (5) Trout may be given to another person, but the trout shall be counted in the donor's creel limit and neither donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.]**

#### **§ 65.14. Catch and release fly-fishing only.**

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release fly-fishing only. The designation of waters as catch and release fly-fishing only shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted as catch and release fly-fishing only except in compliance with the following requirements:

(1) Fishing may be done with artificial flies and streamers constructed of natural or synthetic materials so long as all flies are constructed in a normal fashion with components wound on or about the hook or hooks. Use or possession of any other lures or substances is prohibited.

(2) Fishing shall be done with tackle which is limited to fly rods, fly reels and fly line with leader material or monofilament line attached. Spinning, spincast, and casting rods and reels are prohibited.

(3) No trout may be killed or had in possession.

(4) Open to fishing year-round.

(5) Taking of baitfish or fishbait is prohibited.

(6) Wading is permitted unless otherwise posted.

(7) A current [**trout/salmon**] **trout** permit is required.

(c) Notwithstanding the requirements of this section an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release fly-fishing only area

without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release fly-fishing only area.

**§ 65.15. Catch and release all-tackle.**

(a) The Executive Director, with the approval of the Commission, may designate waters as catch and release all-tackle. The designation of waters as catch and release all-tackle shall be effective when the waters are so posted after publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated and posted catch and release all-tackle except in compliance with the following requirements:

- (1) There are no tackle restrictions.
- (2) No trout may be killed or had in possession.
- (3) Open to fishing year-round; there is no closed season.
- (4) A current **[trout/salmon] trout** permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the catch and release all-tackle area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the catch and release all-tackle area

**§ 65.19. Stocked trout waters open to year-round fishing.**

(a) The Executive Director, with the approval of the Commission, may designate waters as stocked trout waters open to year-round fishing. The designation of waters as stocked trout waters open to year-round fishing shall be effective upon publication of a notice of designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as stocked trout waters open to year-round fishing except in compliance with the following seasons and size and creel limits. It is not a violation of this section if a trout is immediately returned unharmed to the waters from which it is taken.

SPECIES	SEASONS	MINIMUM DAILY	
		SIZE	LIMIT
ALL SPECIES OF TROUT AND SALMON (except landlocked Atlantic salmon)	Regular Season: 8 a.m. <b>[first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season)] of the opening day of the regular season for trout</b> to midnight Labor Day	7 inches	5 (combined species)
Extended Season: 12:01 a.m. day after Labor Day to midnight <b>[last day of</b>	7 inches	3 (combined species)	

**February] the third Monday in****February** of the following year

12:01 [**first day of March to first Saturday after April 11 (or first Saturday after March 28 for waters designated as part of the regional opening day of trout season.)] a.m. the third Monday in February to 8 a.m. the opening day of the regular season for trout**

NO HARVEST—Catch and immediate release only

(c) It is unlawful to fish in rivers and streams designated as stocked trout waters open to year-round fishing without a current [**trout/salmon**] **trout** permit. A [**trout/salmon**] **trout** permit is not required to fish in lakes and ponds that have been designated as stocked trout waters open to year-round fishing unless the person takes, kills or possesses, while in the act of fishing, a trout or salmon on or in these waters.

**§ 65.20. Mentored Youth Fishing Day Program.**

(a) The Executive Director may annually designate Mentored Youth Fishing Days. As part of the designation, the Executive Director will identify the species, waters, dates, creel and minimum size limits and other applicable limitations. The designation will be effective upon publication of a notice in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in waters designated as part of the Mentored Youth Fishing Day Program except in compliance with the following requirements when participating in the Mentored Youth Fishing Day Program:

(1) Anglers shall adhere to the limitations as established by the Executive Director by notice in the *Pennsylvania Bulletin*.

(2) An angler 16 years of age or older shall be accompanied by a youth, less than 16 years of age, who has obtained a mentored youth permit or a voluntary youth fishing license from the Commission.

(3) A youth angler shall obtain a mentored youth permit or a voluntary youth fishing license from the Commission and be accompanied by an angler 16 years of age or older.

(4) A current [**trout/salmon**] **trout** permit is required for an angler 16 years of age or older when participating in a Mentored Youth Fishing Day Program that relates to trout.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the water designated as part of the Mentored Youth Fishing Day Program without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the water designated as part of the Mentored Youth Fishing Day Program.

**§ 65.24. Miscellaneous special regulations.**

The following waters are subject to the following miscellaneous special regulations:

County	Name of Water	Special Regulations
Centre and Mifflin	Penns Creek, from the confluence of Elk Creek downstream 7 miles to 600 meters downstream of Swift Run	<p>Open to fishing year-round. All tackle types are permitted. From 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b> through Labor Day—the daily creel limit for trout is 2 (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed. From the day after Labor Day until 8 a.m. on the <b>[first Saturday after April 11] opening day of the regular season for trout</b>, no trout may be killed or possessed. Inland regulations apply to all other species. This miscellaneous special regulation will remain in effect until further notice.</p>
Huntingdon	Raystown Lake (includes Raystown Branch from the Raystown Dam downstream to the confluence with the Juniata River).	<p>Trout (all species)—no closed season. Daily limit: <b>[First Saturday after April 11] opening day of the regular season for trout</b> until Labor Day—5 trout per day; day after Labor Day to <b>[first Saturday after April 11] opening day of the regular season for trout</b> of the following year—3 trout per day. Size limits: Inland rules apply. Smelt may be taken from shore or by wading by means of dip nets not to exceed 20 inches in diameter or 20 inches square. The daily limit per person is the greater of 1 gallon of smelt by volume or 200 smelt by number.</p>
Luzerne	Harveys Lake	<p>During the period from the <b>[first Saturday after April 11 through midnight last day of] opening day of the regular season for trout through midnight the third Monday in February</b>, the daily creel limit for trout (combined species) is 3, only one of which may exceed 18 inches in length. Warmwater/coolwater species, except as provided in this section—Inland regulations apply.</p>
Somerset, Fayette, Westmoreland and Allegheny	Youghiogheny River from confluence with Casselman River downstream to the confluence with Ramcat Run Youghiogheny River from the pipeline crossing at the confluence with Lick Run	<p>Trout (all species)—no closed season. Daily limit: <b>[First Saturday after April 11] opening day of the regular season for trout</b> until Labor Day—5 trout per day; day after Labor Day to <b>[first Saturday after April 11] opening day of the regular season for trout</b> of the following year—3 trout per day. Inland regulations apply to warmwater/coolwater species.</p>

Warren      downstream to the mouth of the river.  
 Allegheny River—8.75 miles downstream from the outflow of the Allegheny Reservoir to the confluence with Conewago Creek  
 Trout—minimum size limit—14 inches; daily creel limit—2 trout per day (combined species) from 8 a.m. on the **[first Saturday after April 11] opening day of the regular season for trout** through midnight Labor Day, except during the period from the day after Labor Day to the **[first Saturday after April 11] opening day of the regular season for trout** of the following year, when no trout may be killed or had in possession. Other inland seasons, sizes and creel limits apply.

\*   \*   \*   \*   \*

Washington      Little Chartiers Creek from Canonsburg Lake Dam approximately 1/2 mile downstream to mouth of Chartiers Creek  
 Fishing is prohibited from 12:01 a.m. **[March 1] the third Monday in February** to 8 a.m. the **[first Saturday after April 11] opening day of the regular season for trout**.

Wayne      West Branch Delaware River  
 Trout: From the Pennsylvania/New York border downstream to the confluence with the East River Branch of the Delaware River: no-harvest artificial lures only season on trout from October 16 until midnight of the Friday before the **[first Saturday after April 11] opening day of the regular season for trout**. During the no-harvest artificial lures only season: 1. Fishing may be done with artificial lures only, constructed of metal, plastic, rubber or wood, or flies or streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use or possession of any other lures or substances is prohibited. 2. The daily creel limit for trout is 0.

\*   \*   \*   \*   \*

**§ 65.26. Extended trout season.**

*(Editor's Note: The proposed amendments to § 65.26 incorporate the proposed amendments published at 51 Pa.B. 3140 (June 5, 2021).)*

(a) *General rule.*—The extended trout season is in effect from the day after Labor Day until the **[last day of] third Monday in** February of the following year on stocked trout waters **[and all waters downstream of stocked trout waters]**. A creel limit of three trout per day and a minimum size limit of 7 inches apply during this season**[, except Class A wild trout streams where the creel limit is 0 and areas with special regulations]**.

\*   \*   \*   \*   \*

**CHAPTER 67. NURSERY WATERS**

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 69 ]

### Fishing; Sport Fishing and Angling

[51 Pa.B. 5685]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 69 (relating to fishing in Lake Erie and boundary lakes). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will simplify regulations pertaining to the Lake Erie basin while improving salmonid management and improving the fishery for that species group.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to § 69.12 (relating to seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) are published under the statutory authority of section 2102(b) (relating to rules and regulations) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

The Commission has identified an opportunity to simplify regulations pertaining to the Lake Erie basin while improving upon salmonid management and optimizing the fishery for that species group. A modification to regulations applied to trout and salmon to align with a proposed amendment to Commonwealth inland waters regulations in § 61.1 (relating to Commonwealth inland waters) pertaining to the start of the trout season would allow anglers to more easily identify when fishing and harvest are permitted. Current regulations prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday after April 11 until 8 a.m. on the first Saturday after April 11. If the proposed amendments to Commonwealth inland waters regulations were to be adopted, it would result in one Statewide opening day of regular season for

trout on the first Saturday in April. To better align these regulations to those of the Lake Erie basin, § 69.12 could be amended to prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday in April until 8 a.m. on the opening day of regular season for trout (that is, first Saturday in April).

In addition to regulation simplification and alignment, a modification to the daily creel and minimum size limits for both rainbow trout (steelhead) and lake trout would potentially enhance angling opportunities for those species. Current daily creel limits allow for the harvest of five fish (only two of which may be lake trout) greater than or equal to 9 inches in total length from 8 a.m. on the first Saturday after April 11 through Labor Day. Lake Erie and its tributaries generate hundreds of thousands of angler trips for steelhead resulting in millions of dollars of economic benefit to local economies around Lake Erie. Lower daily creel and increased minimum size limits would reduce the potential for overharvest and prohibit harvest of intermediate-sized rainbow trout and lake trout while further promoting the trophy component of the fishery.

Lake trout are an important component of the Lake Erie ecosystem and recreational fishery. Through representation on the Lake Erie Committee, the Commission cooperatively manages lake trout with other member jurisdictions to advance restoration and optimize the recreational fishery. A reduction in the daily creel to one fish per day during the open season could potentially improve lake trout rehabilitation efforts by minimizing the number of spawning stock harvested. Additionally, a daily creel limit of one fish per day would align regulations pertaining to lake trout in Commonwealth waters of Lake Erie with New York.

In summary, Commission staff recommend amendments to the Lake Erie basin angling regulations pertaining to salmonids for regulatory consistency and simplicity by aligning the trout and salmon seasons with the proposed amendment to Commonwealth inland waters regulations, and modifying the daily creel and minimum size limits for rainbow trout and lake trout to optimize those fisheries. It should be noted that amending the daily creel limit of rainbow trout from five to three and minimum size limit from 9 inches to 15 inches from 8 a.m. on the opening day of the regular season for trout and salmon through Labor Day will not impact the creel or size limit for brown trout, a popular put-and-take fishery during the months of April and May. Additionally, a reduction to the daily creel limit of lake trout from two to one and increase in the minimum size from 9 inches to 15 inches provides further protection to the population which is consistent with ongoing multijurisdictional rehabilitation efforts in Lake Erie.

The Commission proposes that § 69.12 be amended to read as set forth in Annex A.

#### *F. Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### *G. Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### *H. Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 69 ]

### Fishing; Sport Fishing and Angling

[51 Pa.B. 5685]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 69 (relating to fishing in Lake Erie and boundary lakes). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will simplify regulations pertaining to the Lake Erie basin while improving salmonid management and improving the fishery for that species group.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to § 69.12 (relating to seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) are published under the statutory authority of section 2102(b) (relating to rules and regulations) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

The Commission has identified an opportunity to simplify regulations pertaining to the Lake Erie basin while improving upon salmonid management and optimizing the fishery for that species group. A modification to regulations applied to trout and salmon to align with a proposed amendment to Commonwealth inland waters regulations in § 61.1 (relating to Commonwealth inland waters) pertaining to the start of the trout season would allow anglers to more easily identify when fishing and harvest are permitted. Current regulations prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday after April 11 until 8 a.m. on the first Saturday after April 11. If the proposed amendments to Commonwealth inland waters regulations were to be adopted, it would result in one Statewide opening day of regular season for

trout on the first Saturday in April. To better align these regulations to those of the Lake Erie basin, § 69.12 could be amended to prohibit fishing and possession of trout and salmon from 12:01 a.m. on the Friday before the first Saturday in April until 8 a.m. on the opening day of regular season for trout (that is, first Saturday in April).

In addition to regulation simplification and alignment, a modification to the daily creel and minimum size limits for both rainbow trout (steelhead) and lake trout would potentially enhance angling opportunities for those species. Current daily creel limits allow for the harvest of five fish (only two of which may be lake trout) greater than or equal to 9 inches in total length from 8 a.m. on the first Saturday after April 11 through Labor Day. Lake Erie and its tributaries generate hundreds of thousands of angler trips for steelhead resulting in millions of dollars of economic benefit to local economies around Lake Erie. Lower daily creel and increased minimum size limits would reduce the potential for overharvest and prohibit harvest of intermediate-sized rainbow trout and lake trout while further promoting the trophy component of the fishery.

Lake trout are an important component of the Lake Erie ecosystem and recreational fishery. Through representation on the Lake Erie Committee, the Commission cooperatively manages lake trout with other member jurisdictions to advance restoration and optimize the recreational fishery. A reduction in the daily creel to one fish per day during the open season could potentially improve lake trout rehabilitation efforts by minimizing the number of spawning stock harvested. Additionally, a daily creel limit of one fish per day would align regulations pertaining to lake trout in Commonwealth waters of Lake Erie with New York.

In summary, Commission staff recommend amendments to the Lake Erie basin angling regulations pertaining to salmonids for regulatory consistency and simplicity by aligning the trout and salmon seasons with the proposed amendment to Commonwealth inland waters regulations, and modifying the daily creel and minimum size limits for rainbow trout and lake trout to optimize those fisheries. It should be noted that amending the daily creel limit of rainbow trout from five to three and minimum size limit from 9 inches to 15 inches from 8 a.m. on the opening day of the regular season for trout and salmon through Labor Day will not impact the creel or size limit for brown trout, a popular put-and-take fishery during the months of April and May. Additionally, a reduction to the daily creel limit of lake trout from two to one and increase in the minimum size from 9 inches to 15 inches provides further protection to the population which is consistent with ongoing multijurisdictional rehabilitation efforts in Lake Erie.

The Commission proposes that § 69.12 be amended to read as set forth in Annex A.

#### *F. Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### *G. Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### *H. Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 65 ]

### Fishing; Special Fishing Regulations

[51 Pa.B. 5683]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed additions update the harvest requirements relating to all-tackle trophy trout slot limit and artificial lures only trout slot limit regulations.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed addition of §§ 65.4c and 65.4d (relating to all-tackle trout slot limit; and artificial lures only trout slot limit) are published under the statutory authority of section 2102(a) of the code (relating to rules and regulations).

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

To address landowner and angler feedback, increase the abundance of large wild brown trout in the population, and provide the opportunity to use all tackle types and harvest some trout, a new miscellaneous special regulation for slot limit was added to § 65.24 (relating to miscellaneous special regulations) was established on Penns Creek, Section 03, beginning January 1, 2014. The slot limit regulation allows for year-round fishing, use of all tackle types, and the harvest of two trout per day that are at least 7 inches but less than 12 inches in length, from the opening day of trout season through Labor Day, with no harvest permitted the remainder of the year.

Penns Creek, Section 03, provided a unique opportunity to evaluate a new special regulation on a productive limestone stream. The Penns Creek trout population was monitored before and after implementation of the slot limit regulation. Results of the monitoring revealed a substantial increase in the electrofishing catch rates of larger brown trout (greater than or equal to 16 inches in length) during the slot limit regulation implementation period (2014—2019). These results suggest that the slot limit regulation likely played an important role in the increased electrofishing catch of large brown trout in Section 03. In addition to fishery independent monitoring, Commission staff conducted an angler use, harvest and opinion survey to evaluate the social aspects of the regulation change and estimate angler harvest in 2019. Results documented low harvest of trout during the survey and high angler support for continuance of the slot limit regulation. Despite low angler harvest under the current slot limit regulation, this regulation provides the opportunity for anglers to harvest intermediate-sized trout if desired, which was an important social consideration when the regulation was originally implemented.

Given the success of the experimental slot limit regulation program on Penns Creek, Section 03, and potential opportunities to utilize this regulation at other suitable wild trout waters in the future, Commission staff recommend that the Commission establish a new special regulation program to be known as trout slot limit. The trout slot limit program will have two subprograms: all-tackle trout slot limit and artificial lures only trout slot limit. These subprograms will provide the Commission with the ability to select the most appropriate tackle option to achieve biological and social objectives for each water considered for inclusion in the program and provide an opportunity to evaluate the effects of different terminal tackle types.

The Commission proposes that §§ 65.4c and 65.4d be added to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-317. No fiscal impact; (8) recommends adoption.

## Annex A

## TITLE 58. RECREATION

## PART II. FISH AND BOAT COMMISSION

### Subpart B. FISHING

#### CHAPTER 65. SPECIAL FISHING REGULATIONS

(*Editor's Note:* The following sections are proposed to be added and are printed in regular type to enhance readability.)

##### § 65.4c. All-tackle trout slot limit.

(a) The Executive Director, with the approval of the Commission, may designate waters as all-tackle trout slot limit. The designation of waters as all-tackle trout slot limit shall be effective when the waters are so posted after publication of a notice of such designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted all-tackle trout slot limit areas except in compliance with the following requirements.

(1) Open to fishing year-round.

(2) All tackle types are permitted.

(3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is two (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.

(4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.

(5) A current trout permit is required.

(c) This section applies to trout only. Inland regulations apply to all other species.

##### § 65.4d. Artificial lures only trout slot limit.

(a) The Executive Director, with the approval of the Commission, may designate waters as artificial lures only trout slot limit. The designation of waters as artificial lures only trout slot limit shall be effective when the waters are so posted after publication of a notice of the designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted artificial lures only trout slot limit areas except in compliance with the following requirements.

(1) Open to fishing year-round.

(2) Fishing may be done with artificial lures only; constructed of metal, plastic, rubber or wood; or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly-fishing gear. Use or possession of other lures or substances is prohibited.

(3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is two (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.

(4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.

(5) Taking of baitfish or fishbait is prohibited.

(6) A current trout permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the artificial lures only trout slot limit area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the artificial lures only trout slot limit area.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 65 ]

### Fishing; Special Fishing Regulations

[51 Pa.B. 5683]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed additions update the harvest requirements relating to all-tackle trophy trout slot limit and artificial lures only trout slot limit regulations.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed addition of §§ 65.4c and 65.4d (relating to all-tackle trout slot limit; and artificial lures only trout slot limit) are published under the statutory authority of section 2102(a) of the code (relating to rules and regulations).

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

To address landowner and angler feedback, increase the abundance of large wild brown trout in the population, and provide the opportunity to use all tackle types and harvest some trout, a new miscellaneous special regulation for slot limit was added to § 65.24 (relating to miscellaneous special regulations) was established on Penns Creek, Section 03, beginning January 1, 2014. The slot limit regulation allows for year-round fishing, use of all tackle types, and the harvest of two trout per day that are at least 7 inches but less than 12 inches in length, from the opening day of trout season through Labor Day, with no harvest permitted the remainder of the year.

Penns Creek, Section 03, provided a unique opportunity to evaluate a new special regulation on a productive limestone stream. The Penns Creek trout population was monitored before and after implementation of the slot limit regulation. Results of the monitoring revealed a substantial increase in the electrofishing catch rates of larger brown trout (greater than or equal to 16 inches in length) during the slot limit regulation implementation period (2014—2019). These results suggest that the slot limit regulation likely played an important role in the increased electrofishing catch of large brown trout in Section 03. In addition to fishery independent monitoring, Commission staff conducted an angler use, harvest and opinion survey to evaluate the social aspects of the regulation change and estimate angler harvest in 2019. Results documented low harvest of trout during the survey and high angler support for continuance of the slot limit regulation. Despite low angler harvest under the current slot limit regulation, this regulation provides the opportunity for anglers to harvest intermediate-sized trout if desired, which was an important social consideration when the regulation was originally implemented.

Given the success of the experimental slot limit regulation program on Penns Creek, Section 03, and potential opportunities to utilize this regulation at other suitable wild trout waters in the future, Commission staff recommend that the Commission establish a new special regulation program to be known as trout slot limit. The trout slot limit program will have two subprograms: all-tackle trout slot limit and artificial lures only trout slot limit. These subprograms will provide the Commission with the ability to select the most appropriate tackle option to achieve biological and social objectives for each water considered for inclusion in the program and provide an opportunity to evaluate the effects of different terminal tackle types.

The Commission proposes that §§ 65.4c and 65.4d be added to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-317. No fiscal impact; (8) recommends adoption.

## Annex A

## TITLE 58. RECREATION

## PART II. FISH AND BOAT COMMISSION

### Subpart B. FISHING

#### CHAPTER 65. SPECIAL FISHING REGULATIONS

(*Editor's Note:* The following sections are proposed to be added and are printed in regular type to enhance readability.)

##### § 65.4c. All-tackle trout slot limit.

(a) The Executive Director, with the approval of the Commission, may designate waters as all-tackle trout slot limit. The designation of waters as all-tackle trout slot limit shall be effective when the waters are so posted after publication of a notice of such designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted all-tackle trout slot limit areas except in compliance with the following requirements.

(1) Open to fishing year-round.

(2) All tackle types are permitted.

(3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is two (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.

(4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.

(5) A current trout permit is required.

(c) This section applies to trout only. Inland regulations apply to all other species.

##### § 65.4d. Artificial lures only trout slot limit.

(a) The Executive Director, with the approval of the Commission, may designate waters as artificial lures only trout slot limit. The designation of waters as artificial lures only trout slot limit shall be effective when the waters are so posted after publication of a notice of the designation in the *Pennsylvania Bulletin*.

(b) It is unlawful to fish in designated and posted artificial lures only trout slot limit areas except in compliance with the following requirements.

(1) Open to fishing year-round.

(2) Fishing may be done with artificial lures only; constructed of metal, plastic, rubber or wood; or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly-fishing gear. Use or possession of other lures or substances is prohibited.

(3) From 8 a.m. on the opening day of the regular season for trout through Labor Day, the daily creel limit of trout is two (combined species). Trout must be at least 7 inches but less than 12 inches in length to be killed or possessed.

(4) From the day after Labor Day until 8 a.m. on the opening day of the regular season for trout, no trout may be killed or possessed.

(5) Taking of baitfish or fishbait is prohibited.

(6) A current trout permit is required.

(c) Notwithstanding the requirements of this section, an angler in a boat may possess bait and fish caught in compliance with the seasons, sizes and creel limits in effect for the water from which taken, provided that the boat angler floats through the artificial lures only trout slot limit area without stopping or engaging in the act of fishing or the boat angler puts in or takes out his boat at an access point within the artificial lures only trout slot limit area.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CHS. 61, 63, 65 AND 69 ]

### Fishing

[51 Pa.B. 5679]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapters 61, 63, 65 and 69. The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will simplify regulations pertaining to black bass, while improving their management and optimizing the fishery for this species group.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to §§ 61.1, 61.2 and 69.12 (relating to Commonwealth inland waters; Delaware River, West Branch Delaware River and River Estuary; and seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) are published under the statutory authority of section 2102(b) (relating to rules and regulations) of the code. The proposed amendments to §§ 63.43 and 65.9 (relating to fishing for bass during spring season; and big bass) are published under the statutory authority of section 2102(a) of the code. The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307(a) (relating to waters limited to specific purposes) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Commission staff have identified an opportunity to simplify regulations pertaining to black bass (that is, largemouth bass, smallmouth bass and spotted bass) while improving upon black bass management and optimizing the fishery for that species group. A modification to black bass regulations pertaining to the start and end of seasons, creel and minimum size limits and uniformity among resources categories (that is, lakes, rivers and streams) would allow anglers to interpret

regulations more easily. Amendments to Commonwealth inland waters in § 61.1, big bass in § 65.9, miscellaneous special regulations in § 65.24 and Lake Erie basin regulations in § 69.12 are warranted.

Current Commonwealth inland waters angling regulations require catch and immediate release of black bass from 12:01 a.m. the first Saturday after April 11 to 12:01 a.m. the first Saturday after June 11. Black bass seasons defined in Commonwealth inland waters regulations are also incorporated in other special regulations or watershed-specific regulations, or both, requiring changes to multiple regulations specific to the management of black bass throughout the Commonwealth. Additionally, black bass daily creel and minimum size limits are not consistent among lakes, rivers and streams, which can lead to regulatory confusion by anglers.

For these reasons, Commission staff recommend amendments to Commonwealth inland waters regulations specific to black bass. In doing so, amendments to seasons as defined in big bass regulations, miscellaneous special regulations and Lake Erie basin regulations are warranted to establish regulatory consistency. This slight modification to seasons is expected to have minimal impact to both general angling for black bass as well as tournaments. Additionally, aligning black bass daily creel and minimum size limits for waters managed under Commonwealth inland waters regulations eliminates regulatory complexity, while continuing to provide adequate protection to the resource.

The Commission proposes that §§ 61.1, 61.2, 63.43, 65.9, 65.24 and 69.12 be amended to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within two working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

## Annex A

## TITLE 58. RECREATION

**PART II. FISH AND BOAT COMMISSION**

**Subpart B. FISHING**

**CHAPTER 61. SEASONS, SIZES AND CREEL LIMITS**

**§ 61.1. Commonwealth inland waters.**

\* \* \* \* \*

(d) Except as otherwise provided in this subpart, the following seasons, sizes and creel limits apply to inland waters of this Commonwealth and the Youghiogeny Reservoir:

SPECIES	SEASONS					MINIMUM DAILY SIZE	LIMIT
	*	*	*	*	*		
AMERICAN EEL						9 inches	25
[BASS—Largemouth and Smallmouth and Spotted Lakes:]						[15 inches]	[4 (combined species from all habitats)]
[12:01 a.m. the first Saturday after April 11 to 12:01 a.m. the first Saturday after June 11]						[NO HARVEST—Catch and immediate release only (No Tournaments Permitted)]	
[12:01 a.m. the first Saturday after June 11 to midnight October 31]						[12 inches]	[6 (combined species)]
BASS—Largemouth and Smallmouth and Spotted [Rivers and Streams*:]						15 inches	4 (combined species)
12:01 a.m. the [first Saturday after April 11] second Saturday in April to 12:01 a.m. the [first Saturday after June 11] second Saturday in June						NO HARVEST—Catch and immediate release only (No Tournaments Permitted)	
12:01 a.m. the [first Saturday after June 11] second Saturday in June to midnight September 30						12 inches	6 (combined species)
	*	*	*	*	*		

[\*For purposes of this subsection, power dam pools and recreational dam pools on the Susquehanna River and navigational pools in the Ohio drainage are "rivers."]

**[\*\*] \* Note:** Stocked trout waters are closed to all fishing from **[March 1 to the first Saturday after April 11 unless included in the Regional Opening Day of Trout Season Program (see § 65.12 (relating to regional opening day of trout season)). Waters included in the Regional Opening Day of Trout Season Program are closed to all fishing from March 1 to the first Saturday after March 28] the third Monday in February to the second Saturday in April.**

**[\*]\*\* Note:** Unlawful to take, catch or kill American shad, hickory shad and river herring (alewife and blueback herring) in Susquehanna River and its tributaries. See §§ 61.4 and 61.7 (relating to Conowingo Reservoir; and Susquehanna River and tributaries).

**§ 61.2. Delaware River, West Branch Delaware River and River Estuary.**

\* \* \* \* \*

(e) The following seasons, sizes, and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries, from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

SPECIES	SEASONS	MINIMUM DAILY SIZE	LIMIT
BASS Largemouth Smallmouth	January 1 to midnight the day before the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> and 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b> to midnight December 31	12 inches	5 (combined species)
	12:01 a.m. the <b>[first Saturday after April 11] <u>second Saturday in April</u></b> to 12:01 a.m. the <b>[first Saturday after June 11] <u>second Saturday in June</u></b>		NO HARVEST—Catch and immediate release only

\* \* \* \* \*

**CHAPTER 63. GENERAL FISHING REGULATIONS**

**§ 63.43. Fishing for bass during spring season.**

(a) During the period from 12:01 a.m. on the **[first Saturday after April 11] second Saturday in April** until 12:01 a.m. on the **[first Saturday after June 11] second Saturday in June**:

\* \* \* \* \*

**CHAPTER 65. SPECIAL FISHING REGULATIONS**

**§ 65.9. Big bass.**

\* \* \* \* \*

(b) It is unlawful to take, catch, kill or possess a largemouth, smallmouth or spotted bass on or in designated "big bass" waters except in compliance with the following seasons and size and creel limits. It is not a violation of this section if the bass is immediately returned unharmed to the waters from which it is taken.

<b>Seasons</b>	<b>Size (in)</b>	<b>Creel Limit</b>
<i>Lakes:</i>		
January 1 to midnight the day before the <b>[first Saturday after April 11]</b> <b>second Saturday in April</b> and 12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b> to midnight December 31	15	4 (combined species)
12:01 a.m. the <b>[first Saturday after April 11]</b> <b>second Saturday in April</b> to 12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b>	NO HARVEST— Catch and immediate release only	
<i>Rivers and Streams:</i>		
January 1 to midnight the day before the <b>[first Saturday after April 11]</b> <b>second Saturday in April</b> and October 1 to midnight December 31	18	2 (combined species)
12:01 a.m. the <b>[first Saturday after April 11]</b> <b>second Saturday in April</b> to 12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b>	NO HARVEST— Catch and immediate release only	
12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b> to midnight September 30	15	4 (combined species)

\* \* \* \* \*

**§ 65.24. Miscellaneous special regulations.**

The following waters are subject to the following miscellaneous special regulations:

<b>County</b>	<b>Name of Water</b>	<b>Special Regulations</b>
	* * *	* * *
Clarion	Beaver Creek Ponds	Closed to fishing from 12:01 a.m. January 1 to 12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b> of each year. Bass—15 inch minimum size limit and a 2 bass daily creel limit for the total project area. Panfish (combined species) 10 fish daily creel limit for the total project area. Other species-inland regulations apply.
	* * *	* * *
Cumberland, Dauphin, Juniata, Lancaster, Northumberland, Perry, Snyder, York	Susquehanna river (98.0 miles) from the inflatable dam near Sunbury downstream to Holtwood Dam, including all tributaries to a point 1/2 mile upstream from the confluence	Bass (Smallmouth and Largemouth)—No harvest year-round—catch and immediate release only. From 12:01 a.m. the <b>[first Saturday after April 11]</b> <b>second Saturday in April</b> to 12:01 a.m. the <b>[first Saturday after June 11]</b> <b>second Saturday in June</b> —No Bass tournaments. Remainder of the year—Catch-measure—immediate release tournaments only. It is unlawful for an angler to repeatedly cast into a

Dauphin,  
Juniata, Perry

Juniata River (31.7 miles) from SR0075 bridge at Port Royal downstream to the mouth, including all tributaries to a point 1/2 mile upstream from the confluence

clearly visible bass spawning nest or bed in an effort to catch or take bass. A bass caught and immediately returned unharmed to the waters from which taken will not be considered a violation of this section.

Bass (Smallmouth and Largemouth)—No harvest year-round—catch and immediate release only. From 12:01 a.m. the **[first Saturday after April 11] second Saturday in April** to 12:01 a.m. the **[first Saturday after June 11] second Saturday in June**—No Bass tournaments.

Remainder of the year—Catch-measure—immediate release tournaments only. It is unlawful for an angler to repeatedly cast into a clearly visible bass spawning nest or bed in an effort to catch or take bass. A bass caught and immediately returned unharmed to the waters from which taken will not be considered a violation of this section.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CHS. 61, 63, 65 AND 69 ]

### Fishing

[51 Pa.B. 5679]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapters 61, 63, 65 and 69. The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments will simplify regulations pertaining to black bass, while improving their management and optimizing the fishery for this species group.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2022.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to §§ 61.1, 61.2 and 69.12 (relating to Commonwealth inland waters; Delaware River, West Branch Delaware River and River Estuary; and seasons, sizes and creel limits—Lake Erie, Lake Erie tributaries and Presque Isle Bay including peninsula waters) are published under the statutory authority of section 2102(b) (relating to rules and regulations) of the code. The proposed amendments to §§ 63.43 and 65.9 (relating to fishing for bass during spring season; and big bass) are published under the statutory authority of section 2102(a) of the code. The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307(a) (relating to waters limited to specific purposes) of the code.

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Commission staff have identified an opportunity to simplify regulations pertaining to black bass (that is, largemouth bass, smallmouth bass and spotted bass) while improving upon black bass management and optimizing the fishery for that species group. A modification to black bass regulations pertaining to the start and end of seasons, creel and minimum size limits and uniformity among resources categories (that is, lakes, rivers and streams) would allow anglers to interpret

regulations more easily. Amendments to Commonwealth inland waters in § 61.1, big bass in § 65.9, miscellaneous special regulations in § 65.24 and Lake Erie basin regulations in § 69.12 are warranted.

Current Commonwealth inland waters angling regulations require catch and immediate release of black bass from 12:01 a.m. the first Saturday after April 11 to 12:01 a.m. the first Saturday after June 11. Black bass seasons defined in Commonwealth inland waters regulations are also incorporated in other special regulations or watershed-specific regulations, or both, requiring changes to multiple regulations specific to the management of black bass throughout the Commonwealth. Additionally, black bass daily creel and minimum size limits are not consistent among lakes, rivers and streams, which can lead to regulatory confusion by anglers.

For these reasons, Commission staff recommend amendments to Commonwealth inland waters regulations specific to black bass. In doing so, amendments to seasons as defined in big bass regulations, miscellaneous special regulations and Lake Erie basin regulations are warranted to establish regulatory consistency. This slight modification to seasons is expected to have minimal impact to both general angling for black bass as well as tournaments. Additionally, aligning black bass daily creel and minimum size limits for waters managed under Commonwealth inland waters regulations eliminates regulatory complexity, while continuing to provide adequate protection to the resource.

The Commission proposes that §§ 61.1, 61.2, 63.43, 65.9, 65.24 and 69.12 be amended to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within two working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-320. No fiscal impact; (8) recommends adoption.

# PROPOSED RULEMAKING

## FISH AND BOAT COMMISSION

[ 58 PA. CODE CH. 65 ]

### Fishing; Special Fishing Regulations

[51 Pa.B. 3139]

[Saturday, June 5, 2021]

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments remove Leaser Lake from the Commission's list of waters managed under miscellaneous special regulations.

#### A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

#### B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at [www.fishandboat.com](http://www.fishandboat.com).

#### C. *Statutory Authority*

The proposed amendments to § 65.24 (relating to miscellaneous special regulations) are published under the statutory authority of section 2307(a) of the code (relating to waters limited to specific purposes).

#### D. *Purpose and Background*

The specific purpose and background of the proposed amendments is described in more detail under the summary of proposal.

#### E. *Summary of Proposal*

Leaser Lake, a 117-acre impoundment owned by the Commonwealth and managed by the Commission, is located in Lynn Township, Lehigh County, approximately 20 miles west-northwest of the City of Allentown. The dam impounds two unnamed tributaries to Ontelaunee Creek at river mile 0.38 upstream from its confluence with Ontelaunee Creek. This reservoir was completely dewatered in 2009 to complete dam and spillway repairs and modifications per the Department of Environmental Protection dam safety standards. Following completion of these repairs and modifications, refill occurred in 2013 and the Commission resumed annual adult trout stocking to provide immediate angling opportunities. Additionally, the Commission stocked the lake from 2013 through 2020, with select fish species to establish a high quality, warmwater and coolwater fishery.

Since 2013, Leaser Lake has been managed under § 65.24 that allows for the harvest of trout under Commonwealth inland waters angling regulations, but no harvest of other fish species. The intent of these temporary regulations is to facilitate rapid development of the warmwater and coolwater fish populations in the absence of harvest, and once re-established, the lake would be recommended for removal from the special regulation and moved to one or more of the Commission's existing regulation programs.

The black bass and panfish populations were evaluated from 2016 through 2020 to monitor progress towards development of a high quality, warmwater and coolwater fishery. Sportfish abundance and population size structure have steadily improved to levels where populations can now sustain limited harvest. It is recommended that Leaser Lake be removed from miscellaneous special regulations in favor of management with the Commission's existing warm water regulation programs that allow for limited harvest of warmwater and coolwater fish. Upon removal of this regulation, Leaser Lake may be proposed for designation into § 65.9 (relating to big bass) or § 65.11 (relating to panfish enhancement) programs, or both. Additionally, Leaser Lake may be considered for designation in § 65.19 (relating to stocked trout waters open to year-round fishing). To facilitate transition of Leaser Lake to the big bass, panfish enhancement or stocked trout waters open to year-round fishing programs, this water must first be removed from miscellaneous special regulations. All other fish species will be managed under § 61.1 (relating to Commonwealth inland waters).

The Commission proposes that § 65.24 be amended to read as set forth in Annex A.

#### F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

#### G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

#### H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

**Fiscal Note:** 48A-312. No fiscal impact; (8) recommends adoption.

## Annex A

### TITLE 58. RECREATION

## PART II. FISH AND BOAT COMMISSION

### Subpart B. FISHING

#### CHAPTER 65. SPECIAL FISHING REGULATIONS

##### § 65.24. Miscellaneous special regulations.

The following waters are subject to the following miscellaneous special regulations:

County	Name of Water	Special Regulations
Huntingdon	Whipple Lake	All species except trout—catch and release/no harvest; it is unlawful to take, kill or possess any fish except trout. All fish caught other than trout must be immediately returned unharmed. Trout—inland regulations apply. See § 61.1. This miscellaneous special regulation will remain in effect until further notice.
[Lehigh	Leaser Lake	<b>All species except trout—Catch and release/no harvest; it is unlawful to take, kill or possess any fish except trout. All fish caught other than trout must be immediately returned unharmed.</b> <b>Trout—inland regulations apply. See § 61.1.]</b>
Luzerne	Harveys Lake	During the period from the first Saturday after April 11 through midnight last day of February, the daily creel limit for trout (combined species) is 3, only one of which may exceed 18 inches in length. Warmwater/coolwater species, except as provided in this section—Inland regulations apply.

## FISH AND BOAT COMMISSION

### Proposed Special Regulation Designations

[51 Pa.B. 5799]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates or redesignates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations and redesignations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Board of Commissioners.

At the next Commission meeting on October 25 and 26, 2021, the Commission will consider taking the following actions with respect to waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective upon publication in the *Pennsylvania Bulletin*.

#### *58 Pa. Code § 65.9. Big bass waters program*

The Commission will consider adding the following water to its list of "Big Bass Regulation" waters regulated and managed under 58 Pa. Code § 65.9 (relating to big bass):

<b>County</b>	<b>Water</b>
Lehigh	Leaser Lake

The Commission will consider removing the following water from its list of "Big Bass Regulation" waters regulated and managed under 58 Pa. Code § 65.9:

<b>County</b>	<b>Water</b>
Somerset	Somerset Lake

#### *58 Pa. Code § 65.11. Panfish enhancement*

The Commission will consider adding the following water to its list of "Panfish Enhancement" waters regulated and managed under 58 Pa. Code § 65.11 (relating to panfish enhancement):

<b>County</b>	<b>Water</b>	<b>Species</b>
Lehigh	Leaser Lake	Crappie and Yellow Perch

#### *58 Pa. Code § 65.17. Catch and release lakes*

The Commission will consider removing the following water from the catch and release lakes program:

<b>County</b>	<b>Water</b>
Beaver	Raccoon Creek State Park Upper Pond (Group Camping Area Lake)

*58 Pa. Code § 65.19. Stocked trout waters open to year-round fishing*

The Commission will consider adding the following waters to its list of "stocked trout waters open to year-round fishing" waters:

<b>County</b>	<b>Water</b>
Huntingdon	Lake Perez
Lehigh	Leaser Lake
Cumberland	Opossum Lake

At this time, the Commission is soliciting public input concerning the previously listed designations. Persons with comments, objections or suggestions concerning the designations are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

## FISH AND BOAT COMMISSION

### Proposed Changes to List of Class A Wild Trout Waters; October 2021

[51 Pa.B. 5322]  
[Saturday, August 21, 2021]

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. With rare exceptions, the Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Biomass Class Criteria include provisions for:

(i) *Wild Brook Trout Fisheries*

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) *Wild Brown Trout Fisheries*

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) *Mixed Wild Brook and Brown Trout Fisheries*

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) *Wild Rainbow Trout Fisheries*

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

(v) *Mixed Wild Brook and Rainbow Trout Fisheries*

(A) Combined brook and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

(vi) *Mixed Wild Brown and Rainbow Trout Fisheries*

(A) Combined brown and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brown trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

During recent surveys, Commission staff documented the following stream sections to have Class A wild trout populations. The Commission intends to consider adding these waters to its list of Class A Wild Trout Streams at its meeting on October 25 and 26, 2021.

County	Stream	Section	Limits	Tributary to	Brook Brown Rainbow			Length (miles)	Survey year	
					Mouth Lat/Lon	Trout (kg/ha)	Trout (kg/ha)			Trout (kg/ha)
Centre	Cold Stream	2	State Game Lands boundary to inflow of Cold Stream Dam	Moshannon Creek	40.909167 78.220833	0.24	59.94	—	1.27	2019
Clinton	Laurelly Fork	1	Headwaters to Mouth	Young Womans Creek	41.393055 77.686111	66.92	—	—	3.27	2020
Clinton	Paddy Run	1	Headwaters to Paddy Run Road Bridge downstream	West Branch Susquehanna River	41.329940 77.728537	100.06	62.87	—	1.72	2020

			of Austin Hollow Run							
Clinton	Paddy Run	2	Paddy Run Road Bridge downstream of Austin Hollow Run to Hensel Fork	West Branch Susquehanna River	41.329940 77.728537	5.72	80.24	—	2.15	2020
Clinton	Paddy Run	3	Hensel Fork to Mouth	West Branch Susquehanna River	41.329940 77.728537	17.63	55.47	—	7.39	2020
Clinton	Shintown Run	1	Headwaters to Mouth	West Branch Susquehanna River	41.305833 77.800833	46.11	—	—	6.50	2020
Potter	Baker Creek	1	Headwaters to Mouth	Allegheny River	41.810001 78.001114	12.84	123.43	—	4.93	2020
Potter	Middle Branch Genesee River	2	T-450 bridge near Gold to Mouth	Genesee River	41.976111 77.856940	—	64.54	—	5.71	2019
Potter	West Branch Genesee River	3	Rose Lake Run to Mouth	Genesee River	41.992222 77.869167	3.50	97.76	—	4.90	2019

Persons with comments, objections or suggestions concerning the additions are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,  
Executive Director

## FISH AND BOAT COMMISSION

### Classification of Wild Trout Streams; Proposed Additions, Amendments and Revisions; October 2021

[51 Pa.B. 5321]  
[Saturday, August 21, 2021]

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on October 25 and 26, 2021, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

County of Mouth	Stream Name	Section Limits	Tributary to	Mouth Lat/Lon
Beaver	Camp Run	Headwaters to American School Road	Connoquenessing Creek	40.808056 80.201389
Clearfield	Coal Run	Headwaters to UNT to Coal Run (RM 0.69)	Sandy Lick Creek	41.140701 78.683328
Clearfield	UNT to Laborde Branch (RM 7.88)	Headwaters to Mouth	Laborde Branch	41.082172 78.660872
Elk	UNT to Wolf Run (RM 4.71)	Headwaters to Mouth	Wolf Run	41.599210 78.842155
Potter	UNT to Shaytown Branch (RM 2.18)	Headwaters to Mouth	Shaytown Branch	41.905537 78.174131

The Commission also will consider the following revisions to the section limits of streams on the list:

County of Mouth	Stream Name	Current Limits	Revised Limits	Tributary to	Mouth Lat/Lon
Lackawanna	Fall Brook	Headwaters to Fall Brook Reservoir	Headwaters to second SR 106 bridge upstream of Mouth	Lackawanna River	41.568056 75.510556

The Commission also will consider the following amendment to the list:

**Current Sectioning Strategy**

**Proposed Sectioning Strategy**

County Stream Limits			Length (Miles)	Mouth Lat/Lon	County Stream Limits			Length (Miles)	Mouth Lat/Lon
Clinton	Renz Hollow Run	Headwaters to Mouth (confluence of Merriman Hollow)	1.16	41.447023 77.809651	Clinton	Paddy Run	Headwaters to Mouth (confluence of Merriman Hollow)	11.26	41.329940 77.728537

\* The source of Paddy Run, from the headwaters to the confluence of Merriman Hollow, was incorrectly identified as Renz Hollow Run when Renz Hollow Run was added to the wild trout streams list. Renz Hollow Run is now being identified as Paddy Run. The current listed wild trout limits of Paddy Run will encompass what was formerly named Renz Hollow Run. This change does not result in additions to the wild trout streams list and is only amending a stream name as new information becomes available.

Persons with comments, objections or suggestions concerning the classification of the streams listed may submit them in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

## FISH AND BOAT COMMISSION

### Proposed Special Regulation Designations

[51 Pa.B. 5799]

[Saturday, September 4, 2021]

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates or redesignates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations and redesignations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Board of Commissioners.

At the next Commission meeting on October 25 and 26, 2021, the Commission will consider taking the following actions with respect to waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective upon publication in the *Pennsylvania Bulletin*.

#### *58 Pa. Code § 65.9. Big bass waters program*

The Commission will consider adding the following water to its list of "Big Bass Regulation" waters regulated and managed under 58 Pa. Code § 65.9 (relating to big bass):

<b>County</b>	<b>Water</b>
Lehigh	Leaser Lake

The Commission will consider removing the following water from its list of "Big Bass Regulation" waters regulated and managed under 58 Pa. Code § 65.9:

<b>County</b>	<b>Water</b>
Somerset	Somerset Lake

#### *58 Pa. Code § 65.11. Panfish enhancement*

The Commission will consider adding the following water to its list of "Panfish Enhancement" waters regulated and managed under 58 Pa. Code § 65.11 (relating to panfish enhancement):

<b>County</b>	<b>Water</b>	<b>Species</b>
Lehigh	Leaser Lake	Crappie and Yellow Perch

#### *58 Pa. Code § 65.17. Catch and release lakes*

The Commission will consider removing the following water from the catch and release lakes program:

<b>County</b>	<b>Water</b>
Beaver	Raccoon Creek State Park Upper Pond (Group Camping Area Lake)

*58 Pa. Code § 65.19. Stocked trout waters open to year-round fishing*

The Commission will consider adding the following waters to its list of "stocked trout waters open to year-round fishing" waters:

<b>County</b>	<b>Water</b>
Huntingdon	Lake Perez
Lehigh	Leaser Lake
Cumberland	Opossum Lake

At this time, the Commission is soliciting public input concerning the previously listed designations. Persons with comments, objections or suggestions concerning the designations are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at [www.fishandboat.com/regcomments](http://www.fishandboat.com/regcomments). If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.
