

**Class A Wild Trout Waters**  
**Created: February 12, 2024**

**Definition of Class A Waters:**

Streams that support a population of naturally produced trout of sufficient size and abundance to support a long-term and rewarding sport fishery.

**Management:**

Natural reproduction, wild populations with no stocking.

**Definition of Ownership:**

Percent Public Ownership: the percent of stream section that is within publicly owned land is listed in this column, publicly owned land consists of state game lands, state forest, state parks, etc.

**Important Note to Anglers:**

Many waters in Pennsylvania are on private property, the listing or mapping of waters by the Pennsylvania Fish and Boat Commission DOES NOT guarantee public access. Always obtain permission to fish on private property.
