

SCHOOL SAFETY & SECURITY COMMITTEE (SSSC)
Crosswalk of Revised vs. Original Physical Security Baseline Criteria*
June 2023

**Note: All Revised Physical Security Criteria are applicable to all school entities with physical locations unless otherwise specified.*

ORIGINAL (2021): Assessments

Original Tier 1 Physical Security Criterion (2021)	Original Tier 2 Physical Security Criterion (2021)	Original Tier 3 Physical Security Criterion (2021)
Physical assessment conducted of school buildings representative of the school entity	Physical assessment conducted of all school buildings and large gathering spaces	Physical assessment conducted of the community/surrounding/ ancillary areas to the school facility Develop internal capacity to do ongoing/follow-up assessments

REVISED (2023): Physical Security Assessments

Level 1 Physical Security Criterion (2023)	Level 2 Physical Security Criteria (2023)	Level 3 Physical Security Criteria (2023)
<p>A physical <u>security</u> assessment (aligned with standards and guidance adopted by the School Safety and Security Committee (SSSC)) has been conducted of a school building representative of the school entity.</p> <p><i>*Note: The SSSC’s Assessment Criteria are written so that a school entity with limited resources could perform a self-assessment. The SSSC recommends using a qualified external assessor (e.g., PA State Police’s RVAT unit, or an individual included on the SSSC Provider Registry) to conduct the assessment.</i></p>	A physical <u>security</u> assessment (aligned with standards and guidance adopted by the SSSC) has been conducted of all school buildings and large gathering spaces.	<p>A physical <u>security</u> assessment (aligned with standards and guidance adopted by the SSSC) has been conducted of the <u>community/surrounding/ancillary areas to the school facilities.</u></p> <p><u>Conduct ongoing/follow-up assessments at regular intervals or when facilities are modified.</u></p>

ORIGINAL (2021): Outside Barriers

Original Tier 1 Physical Security Criterion (2021)	Original Tier 2 Physical Security Criterion (2021)	Original Tier 3 Physical Security Criterion (2021)
Vehicle barriers and fencing around play areas	Vehicle barrier/speed controls to protect entrance way of schools	Tampering and vehicle protection barrier around vulnerable utilities

REVISED (2023): School Campus, Building, and Classroom Security

Level 1 Physical Security Criterion (2023)	Level 2 Physical Security Criteria (2023)	Level 3 Physical Security Criteria (2023)
School entity has vehicle barriers and/or fencing of entrances and/or critical areas (as identified in a physical security assessment conducted in alignment with guidance and standards adopted by the School Safety and Security Committee (SSSC)) for each school facility.	School entity has speed controls to protect entrances and other critical areas (as defined in a physical security assessment conducted in alignment with guidance and standards adopted by the SSSC) of schools.	School entity has tampering and vehicle protection barriers around vulnerable utilities.

ORIGINAL (2021): Lighting and Back-up Power

Original Tier 1 Physical Security Criterion (2021)	Original Tier 2 Physical Security Criterion (2021)	Original Tier 3 Physical Security Criterion (2021)
Exterior lighting of all entrances and critical areas (as defined in a site assessment) for each school facility	Inside lighting throughout each school building OR Back-up generator to power emergency lighting within each school.	Limited back-up power support for all lighting in school buildings OR Back-up generator to power emergency lighting and critical infrastructure (including network, PA system, door locks, etc.)

REVISED (2023): School Campus, Building, and Classroom Security

Level 1 Physical Security Criterion (2023)	Level 2 Physical Security Criteria (2023)	Level 3 Physical Security Criteria (2023)
School entity has exterior lighting of all entrances and critical areas (<u>as identified in a physical security assessment conducted in alignment with guidance and standards adopted by the School Safety and Security Committee</u>) for each school facility.	<u>School entity has an ability to power emergency lighting within each school, if needed (e.g., back-up generator).</u>	School entity has back-up power support for all lighting in school buildings <u>and/or</u> critical infrastructure (including network, PA System, door locks, etc.).

ORIGINAL (2021): Entrance to Schools

Original Tier 1 Physical Security Criterion (2021)	Original Tier 2 Physical Security Criterion (2021)	Original Tier 3 Physical Security Criterion (2021)
<p>Protective doors with viewing pane</p> <p>Door handles that cannot be barred</p> <p>Working locks</p> <p>Single entry in and out of school building</p>	<p>Buffer area/holding area/vestibule</p>	<p>Screening devices (e.g. metal detectors) OR Video monitoring and recording of all entrances and exits</p> <p>Implementation of visitor management systems</p> <p>Restricted, secured access from “mousetrap” style holding areas to administrative areas only</p> <p>No direct access to the main body of the school without escort during school hours</p>

REVISED (2023): School Campus, Building, and Classroom Security

Level 1 Physical Security Criterion (2023)	Level 2 Physical Security Criteria (2023)	Level 3 Physical Security Criteria (2023)
<p>School entity has external, protective doors with viewing pane.</p>	<p><u>School entity has buffer areas/holding areas/ vestibules for most main entry points of school buildings.</u></p> <p><i>Note: Definition of “main entry points” is intended to cover entry points used by students, staff, and school visitors.</i></p>	<p><u>School entity has buffer areas/holding areas/ vestibules for all main entry points of school buildings, as well as screening devices, detection systems, or other recommended best practices for securing entry points.</u></p>
<p>School entity has door handles that cannot be barred.</p>	<p><u>School entity’s exterior door handles routinely checked to ensure they are working properly. School entity has a process in place for students, employees, and others to report issues with handles and have those issues addressed in a timely fashion.</u></p>	<p><u>School entity has doors that can be locked and/or sealed remotely.</u></p>
<p><u>All exterior doors have working locks.</u></p>	<p><u>School entity’s exterior door locks routinely checked to ensure they are working and</u></p>	<p><u>School entity has doors that can be locked and/or sealed remotely.</u></p>

Level 1 Physical Security Criterion (2023)	Level 2 Physical Security Criteria (2023)	Level 3 Physical Security Criteria (2023)
	<u>secured properly. School entity has a process in place for students, employees, and others to report issues with locks and have those issues addressed in a timely fashion.</u>	
There is a single entry in and out of each school building <u>during school hours.</u>	<i>(Combined Level 2 / 3 Criteria)</i> <u>School entity has policies and/or procedures guiding security and access to school property during events or activities occurring after school hours (games, concerts, etc.), including ensuring the presence and protocol of school security personnel, as needed.</u>
