

## DEPARTMENT 5

### SWINE

#### HEALTH RULES FOR SWINE

1. No swine showing clinical signs of contagious or infectious disease will be admitted to any show.
2. All show swine must be individually identified by either ear tag, ear notch, or tattoo.
3. Brucellosis:
  - A. All breeding swine over six months of age must be negative to a brucellosis test conducted after March 1 to be eligible for the entire show season unless they originate from a brucellosis validated swine herd.
  - B. All breeding swine over six months of age for sale following exhibition must be negative to a brucellosis test conducted within thirty days of sale date unless they originate from a brucellosis validated herd. Validated certificate number and date of test must be shown on a health certificate (AAI-134) prepared by the veterinarian.
4. Pseudorabies:

All swine must be tested negative for pseudorabies within 30 days of the show/fair or be from a qualified pseudorabies negative herd.
5. Interstate swine exhibited at Pennsylvania show or fairs must meet the Pennsylvania requirements and must be accompanied by an interstate health certificate to be eligible for entry.

Section 1  
Breeding Swine

\* Example only for prize money
