

This edition of the STIC *Innovation in Motion* e-Newsletter features updates on the 2022 Technical Advisory Group (TAG) Leader transitions, initiatives to relieve congestion in Pennsylvania, an innovation to improve concrete durability, and more.

2022 TAG Leader Transition

This year marked the end of the two-year term for the STIC's four TAG leaders.

Construction & Materials TAG
Steve Fantechi
PennDOT District 2

Design TAG
Rachel Duda
PennDOT District 12

Maintenance TAG
Dean Poleti
PennDOT District 11

Safety & Traffic Operations TAG
Ashwin Patel
PennDOT District 6

Thank you to the outgoing TAG Leaders for their support, dedication and hard work in advancing innovation in Pennsylvania! Under their leadership, four new innovations were submitted to the STIC and are currently being prepared for statewide deployment, three innovations moved to the Advancement Phase of the STIC's Innovation Development Process, and three innovations were deployed. Learn more about how the outgoing TAG Leaders advanced innovations amidst the challenging times of the COVID-19 pandemic. [Read the full story here.](#)

Improving Mobility for Pennsylvania Drivers

Would you want better updates about roadway incidents during your commute or routine travel? Learn how PennDOT is using data to improve its communications with the travelling public, increase roadway situational awareness and reduce secondary crashes. [Read the full story here.](#)

Innovation Seeks to Improve Concrete Durability and Service Life

With the recent update of its Publication 408, PennDOT is now requiring 60% of concrete finishers to be certified. Learn how a STIC innovation is providing workforce development to the state's construction trade personnel. [Read the full story here.](#)
