

FACT SHEET

Instructions for Completing Form MV-1, “Application for Certificate of Title”

(FOR PENNDOT AUTHORIZED AGENTS USE ONLY)

This form is used to obtain a Pennsylvania Certificate of Title for vehicles not currently titled in Pennsylvania, or which were repossessed (1. Judgment and Execution; 2. Non-Judicial Sale or Repossession and Retention (U.C.C.); 3. Court Order), and vehicles which are reconstructed, specially constructed or recovered thefts.

DISTRIBUTION OF FORM COPIES

1. The white copy is always submitted to PennDOT.
2. The yellow copy is always retained by the dealer or full agent and is to be retained for at least three years. If a temporary registration card or registration plate is issued, the yellow copy becomes the dealer/agent's record of such issuance.
3. The pink copy is always retained by the individual or business in whose name the certificate of title is to be issued.

REPOSSESSIONS AND COURT ORDERS

In the case of repossessions, Form [MV-217](#), "Application for Certificate of Title After Default By Owner," must be completed by the reposessor and attached to the completed Form MV-1. Only the following repossessions may be done using the Form MV-1 and Form [MV-217](#): 1) Judgment and Execution; 2) Non-Judicial Sale or Repossession and Retention (U.C.C.) and; 3) Court order. The lienholder in these cases must follow the instructions listed on the Form [MV-217](#) and use Form MV-1. Upon receipt of the certificate of title in the lienholder's name, the lienholder may then assign ownership to a dealer or individual on the reverse side of the certificate of title and use Form MV-4ST. All other repossessions - 1) Renunciation; 2) Non-Judicial Sale or Repossession and Retention (M.V.S.F.A.) and; 3) Mobile Home - must be done by completing Form [MV-217A](#), "Application for Certificate of Title By A Financial Institution or Dealer After Default By Owner."

The person named on a court order or the purchaser of a vehicle at a sheriff's sale must be the applicant listed on Form MV-1. After the title is issued to that person, they may assign ownership on the reverse side of the certificate of title and attach a completed Form MV-4ST.

TRANSFER OF OWNERSHIP

Form MV-1 does not allow a reassignment of ownership to a second applicant. The applicant is the first individual(s), corporation, business, etc., to whom vehicle ownership is assigned on the proof of ownership document, which must accompany the title application. Reassignment to a second applicant must be done after the Pennsylvania Certificate of Title is issued to the first applicant. The assignment information on the back of the Manufacturer's Certificate of Origin (MCO) or the out-of-state certificate of title must be completed, including the odometer, lienholder and notary public information (if applicable). **NOTE:** If the applicant requests a Pennsylvania Certificate of Salvage, Form [MV-6](#), "Application for Nonrepairable or Salvage Certificate," must be completed in lieu of Form MV-1.

EXAMPLES: Ford Chevrolet Chrysler
DO NOT LIST MODEL NAMES SUCH AS: Mustang Cavalier New Yorker
- **VEHICLE IDENTIFICATION NUMBER (VIN)** - List the complete VIN as shown on the VIN plate which was attached to the vehicle by the manufacturer. Pennsylvania State Police Station. The VIN discrepancy must be resolved prior to submitting the title application to PennDOT for processing. If the vehicle's VIN plate is defaced, altered or missing, Form MV-1 must be accompanied by an application for a PA state replacement VIN plate on Form [MV-41](#), in addition to a completed Form MV-32, "Pennsylvania State Police Verification of VIN." Form MV-32 must be obtained from and completed by the Pennsylvania State Police. The officer conducting the VIN examination will return the completed Form MV-32 to the applicant. It is the applicant's responsibility to provide the agent with all documents, including the Form MV-32.

- **BODY TYPE** - List the designated body type of the vehicle.

EXAMPLES:

Coupe (CP)	Truck Tractor (TT)
Sedan (SDN)	Motor Home (MTRH)
Truck (TK)	Special Mobile Equipment (SME)
Mobile Home (MH)	Motor-Driven Cycle (MODC)
Low Speed Vehicle (ORV)	Off-Road Vehicles (ORV)
Neighborhood Electric Vehicles (NEV)	Recreational Trailer (RECT)
	Recreational Cargo Trailer (RECCT)

- A Neighborhood Electric Vehicle (NEV) is defined as a four-wheeled electric vehicle that has a maximum design speed of not less than 20 miles per hour and of not more than 25 miles per hour and that complies with the Federal safety standards established in 490 CFR 571.500. A NEV shall be considered a passenger car for the purpose of titling and registration. A NEV operated upon any highway or roadway is required to be maintained in proper condition and comply with the equipment requirements and standards as set forth in 49 CFR 571.500.
- Low speed vehicles that are not Neighborhood Electric Vehicles do not meet Pennsylvania equipment standards. This type of vehicle is not equipped as required by the vehicle code and the regulations of PennDOT to be operated on Pennsylvania roadways. Therefore, when processing title applications where the proof of ownership document indicates LSV (Low Speed Vehicle), the record should be designated as an "Off-Road Vehicle" (ORV). No registration plates are to be issued to low-speed vehicles.

NOTE: Low speed vehicles can be identified by examining the Manufacturer's Certificate of Origin (MCO) or the out-of-state certificate of title. The MCO will list an indicator of LSV in the series or model field and may designate that the vehicle complies with Federal Motor Vehicle Safety Standard (FMVSS) 571.500. Out of state certificates of title usually list "Low Speed Vehicle" as a brand or will list "LV" or "LSV" in the body field.

- **MODEL YEAR** - List the model year of the vehicle as assigned by the manufacturer. This year should agree with what is printed on the proof of ownership document. If the vehicle is a new motor home, it may have two certificates of origin (one for the chassis and a second for the body). If so, list the model year for the body of the vehicle.
- **GROSS VEHICLE WEIGHT RATING** - List the GVWR of the vehicle as assigned by the manufacturer. This weight can usually be found on the vehicle's VIN plate and on the certificate of origin for a new vehicle. (Not required for passenger vehicles, or two- or three-wheeled vehicles, but is required for all other vehicle types).
- **FUEL** - Check the appropriate fuel type.

NOTE: For 100% electric vehicles, the fuel type "electric" is to be checked. For a hybrid electric vehicle, the fuel type should be checked as "hybrid."

- **VIN TRACING/CERTIFICATION** - A VIN plate tracing is required to be attached to the reverse side of the white copy of Form MV-1 for the following vehicles:
 - (1) When a Pennsylvania resident acquires a new or used vehicle from a nonresident, including an out-of-state dealer, for use in this commonwealth. **NOTE:** If the MCO is assigned to a Pennsylvania registered dealer and reassigned to a PA resident, the VIN verification requirement is not needed;
 - (2) When a nonresident brings a vehicle previously titled or registered in another state or country into this commonwealth, in connection with establishing a Pennsylvania residence; and
 - (3) When the initial application for a Pennsylvania Certificate of Title is for a truck, truck-tractor or motor home, regardless of the source of ownership.

A tracing is obtained by placing tracing paper against the VIN plate and applying pressure with a lead pencil, stroking left to right across the entire surface of the VIN plate, so as to produce on the paper an image of all information which has been embossed on the plate. If the vehicle's VIN plate is missing or it is impossible to secure a legible tracing of the plate, a certified inspection mechanic or a notary public in the employ of a dealership, manufacturer or full agent (83, 84, 85, 86, 87, 88, 90, 91 and 92 DIN numbers) is authorized to inspect and visually verify the VIN. If the authorized agent performs the VIN verification, they will list their name, DIN number and signature in Section A. If someone other than the authorized agent performs the VIN verification, Form [MV-41](#) must be used. **NOTE: A photograph of a vehicle's VIN plate is**

acceptable, if the photo is signed and dated by a certified inspection mechanic. If the vehicle is physically located outside Pennsylvania, the VIN must be visually verified by a police officer, a mechanic employed by a motor vehicle dealer or an armed forces installation provost marshal or motor officer using Form [MV-41](#), "Application for Correction of Vehicle Record or Verification of Vehicle Identification Number."

- If the vehicle's VIN plate is defaced, altered or missing, Form MV-1 should be accompanied by an application for a Pennsylvania state replacement VIN plate on Form [MV-41](#), in addition to a completed Form MV-32.
- TAXI/POLICE VEHICLE - If the vehicle being titled is to be used or was formerly used as a taxi or police vehicle, the appropriate block must be checked.

SECTION B - APPLICANT INFORMATION

The applicant is the first individual(s), corporation, business, etc., to whom vehicle ownership is assigned on the proof of ownership document, which must accompany the title application, Form MV-1. In the case of an out-of-state vehicle, the applicant is the first PA resident to whom ownership is assigned on the out-of-state certificate of title. Please take time to verify that assignments on ownership documents are complete and contain required signatures. **NOTE: If the vehicle is being leased, check the appropriate block on Form MV-1, Section B, and attach completed Form [MV-1L](#).**

Box numbers may be used in addition to the actual address but cannot be used as the only address.**) The applicant's address listed on the valid Pennsylvania identification credential must agree with the address information that is being recorded on the title application and vehicle record. **The exceptions to this address requirement are U.S. Armed Forces personnel or their dependents; an employee of federal or state government or their immediate families whose workplace is located outside of Pennsylvania; or companies that have no Pennsylvania office and use the vehicle to regularly carry-on business within the commonwealth or a Park Model Trailer permanently located in Pennsylvania.** If the applicant is entitled to this exception, they must complete and attach Form [MV-8](#), "Self Certification for Proof of Residency." In addition, they must attach a letter from their employer on their employer's letterhead to document their out-of-state employment status or attach a copy of their Photo ID issued by their employer. - **JOINT OWNERSHIP** - When applying for a certificate of title with a co-purchaser other than a spouse, the information contained in the "NOTE" is important. If the block is not checked, the certificate of title will be issued as "TENANTS IN COMMON."
 - **JOINT TENANTS WITH RIGHT OF SURVIVORSHIP** refers to a vehicle titled to more than one person, where on the death of one owner, the vehicle goes to the surviving owner(s). This automatically applies for a spouse.
 - **TENANTS IN COMMON** refers to a vehicle titled to more than one person, where on the death of one owner of the vehicle, the deceased owner's interest in the vehicle will go to their heirs or estate.
- **LEASE VEHICLE** - Check block and complete Form [MV-1L](#), if the vehicle is being leased. If the vehicle is leased and registration is to be issued and Form [MV-1L](#) is not attached, the application will be rejected.

SECTION C - MILEAGE INFORMATION

List the mileage shown on the vehicle odometer. If the actual mileage differs from that shown on the vehicle odometer, or if actual mileage is in excess of its mechanical limits, check the appropriate block in Section C. Once the mileage reading is listed, this information may not be erased or otherwise altered. It is not necessary to attach a separate odometer disclosure statement; however, the mileage information contained on the attached proof of ownership must be completed.

The Federal Truth in Mileage Act requires the mileage to be disclosed at the time ownership of a vehicle is transferred. The agent will verify the odometer reading and record the reading on the proof of ownership document. Usually, the applicant is making application for a Pennsylvania Certificate of Title at the same time; therefore, the agent will record the same odometer reading on Form MV-1. However, in instances where the application for Pennsylvania Certificate of Title is made after the ownership transfer, such as out-of-state purchases where an in-transit registration plate was issued, the odometer readings may be different. When an applicant requests an agent to complete Form MV-1 after the ownership document has already been transferred and additional mileage was placed on the vehicle, the agent will record the new odometer reading on Form MV-1. This will also assist the agent in determining if the applicant qualifies for an exemption from CARB certification on Form [MV-9](#), "Compliance or Exemption for the Pennsylvania Clean Vehicle Program." In this instance, the odometer reading that will be entered on PennDOT's system will be the odometer reading found on the proof of ownership document and not the odometer reading found on Form MV-1.

SECTION D - LIEN INFORMATION

If no lien is to be recorded, check the box provided indicating no lien. **NOTE:** An individual may be listed as the lienholder on a vehicle record; however, the individual may not repossess the vehicle under the Motor Vehicle Sales and Finance Act using Form [MV-217A](#), "Application by Financial Institutions for Certificate of Title After Default by Owner." When an individual is listed as lienholder and a default occurs, the procedure listed for "Judgment and Execution" on Form [MV-217](#), "Application for Certificate of Title After Default by Owner," must be followed.

- **FIRST LIEN**
 - If there is no lien, the "If No Lien" block must be checked.
 - If the lien is to be recorded as an ELT, check yes. If not, check no.
 - If yes, List FIN number in space provided.

APPLICATION FOR CERTIFICATE OF TITLE FOR MOBILE HOME OR MANUFACTURED HOME

When transferring ownership of a mobile home or manufactured home, additional documentation must be included.

If a mobile home or manufactured home that has been anchored to the ground to facilitate connection with electricity, water and sewerage and **has been** previously titled in PA and used as a residence in PA immediately preceding its sale or transfer, is offered for sale or transfer, the transferor shall obtain a tax status certification from the Tax Claim Bureau of the county in which the home is situated, showing the county, municipal and school district real estate taxes due on the home as shown by the Tax Bureau records as of the date of the certification. This includes any delinquent taxes turned over to a third party for collection. This tax certification shall be provided to the transferee and PennDOT in conjunction with the transfer of ownership.

NOTE: If a new mobile home or manufactured home is being titled using the Manufacturer's Certificate of Origin (MCO) as the proof of ownership, **neither** the tax status certification nor Form [MV-16T](#) is required.

The tax status certification must include the following information:

- The parcel number assigned to the home.
- The amount of current or delinquent taxes owed from the parcel number.
- The date upon which a tax for the parcel number will accrue and the taxing period that the tax will cover.
- The address and telephone numbers of the tax collection authority and tax claim bureau or equivalent office.

If taxes are due for the home, the transferor shall pay the delinquent real estate taxes in full or cause the taxes to be paid in full and an updated tax status certification must be obtained and provided to the transferee and PennDOT before the transfer is completed.

If the mobile home or manufactured home is NOT anchored to the ground to facilitate connections with electricity, water and sewerage OR was not used as a residence in Pennsylvania or isn't titled in Pennsylvania, Form [MV-16T](#), "Self-Certification of Exemption from Tax Status Certificate When Transferring Ownership of a Mobile Home or Manufactured Home," must be provided in lieu of the tax status certification. Form [MV-16T](#) is to be completed by the transferors of the mobile home or manufactured home and provided to the transferee to be submitted with the completed application for a Pennsylvania Certificate of Title.
