

# MOVE OVER!

## IT'S THE LAW

Drivers must move over or slow down for all responders, including police, fire, and ambulance crews, as well as stopped tow trucks and maintenance vehicles. Additionally, a similar regulation requires motorists to move over or slow down when approaching a stationary trash or recycling truck.

Failure to move over or slow down will result in a citation that carries a fine of \$500 for first time offenders, \$1,000 for a second offense, and \$2,000 and a 90-day license suspension for a third or subsequent offense. Penalties are increased for incidents that seriously injure or kill another person.

# MOVE OVER!

# SLOW DOWN!

Pennsylvania's Move Over Law requires drivers approaching an emergency response area who are unable to safely merge into a lane farther away from the response area to "pass the emergency response area at a speed of no more than 20 miles per hour less than the posted speed limit and reasonable for safely passing."

An emergency response area is where an emergency vehicle has its lights flashing, or where road crews or emergency responders have lighted flares, posted signs, or try to warn travelers.
