

2011 MEETING SCHEDULE

In response to increasingly busy schedules as well as the need to make reductions in its operating budget, the Board—effective January 2011—will be scheduling the majority of its business meetings on Wednesdays. Board committee meetings will be held Tuesday afternoon, allowing for an earlier start to Council meetings on Wednesday. Full Board sessions will be held Wednesday afternoon rather than Thursday morning. It's our hope that this schedule revision makes it easier for stakeholders to join our deliberations by reducing their out of office time and travel expenses.

(NOTE: Board committee meetings will be held Tuesday afternoons.)
