The Challenge Grant is a competitive grant used to enhance high schoolers academic preparedness for postsecondary education, build student and family awareness of higher education opportunities and the admissions process, increase access to higher education for low-income students. PDE uses its current grant to support activities of its program partners – Project Grad and PHEAA – and its partner schools. The state is eligible for up to \$3.8 million in additional grant funding for 2011-12.

Mr. DelPilar was joined by an audience of students from the Lancaster School District working with Project Grad through the Challenge Grant, as well as Dwight Knowlton, Principal of

McKaskey High School in Lancaster. Two McCaskey students spoke about the difference Project Grad has made for them both academically and in improving their self confidence.

### PUBLIC COMMENT

### ACTION ITEMS

#### 0518.1 RESOLUTION REGARDING STANDARDS FOR CONSIDERATION OF FUTURE ALTERNATIVE CERTIFICATION PROGRAM REQUESTS

A motion to approve the Resolution Regarding Standards for Consideration of Future Alternative Certification Program Requests was made by Sandra Glenn and seconded by Lee Williams.

During discussion on the motion, Ms. Glenn noted that this resolution had been previously approved by the Teacher and School Leader Effectiveness Committee at its public meeting on March 16, 2011. She explained that the resolution emphasizes the importance of the standards the Board included in its November 2010 approval of an alternative certification pathway between Pittsburgh Public Schools and The New Teacher Project, and expresses the Board's resolve that future alternative certification program requests be held to the same standards. These standards include requiring an alternative certification provider to make an interim progress report to the Board; requiring PDE to review the program against the standards for postsecondary post baccalaureate programs within the first two years of operation; and retaining authority for the State Board to modify or terminate approval of the program following its review of the findings and recommendations of PDE's program assessment.

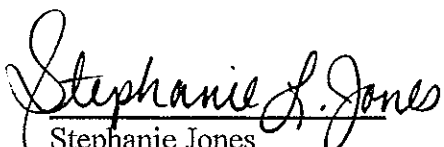

VOTE: All were in favor as indicated by unanimous voice vote.
